 - c. To establish and update, as needed, eligibility criteria for below market rate housing purchase applicants, in terms of maximum income and net worth, taking into account family composition and total income of all family members, such criteria to be generally developed as provided in subsection (7)b. of this section, but will also take into account the amount and type of assets owned by family members and the liquidity and availability of such assets for the purpose of securing affordable housing.

- (4) To provide, if deemed necessary and advisable in the discretion of the city council, loans or subsidies to the housing foundation.
- (5) To consider, in its legislative discretion, a relaxation of density limitations and other development regulations in individual cases where such relaxation would not contravene the purposes and principles of the Sanibel Plan and would promote the objectives of providing below market rate housing opportunities.
- (6) To review, as required, the schedules and guidelines established by the housing foundation pursuant to subsections 102-33(7)b., c., g., h., i., k. and l., and to either approve or modify such schedules and guidelines.
- (7) To appoint an entity to temporarily assume the responsibilities of a housing foundation in the event such housing foundation dissolves, terminates, or otherwise becomes defunct or inactive, until such time as another housing foundation can assume the responsibilities of the former housing foundation under the terms of this article.

(Ord. No. 85-26, § 1(IV.A.2(b)), 11-27-1985; Ord. No. 01-17, § 1, 12-18-2001)

Sec. 102-35. - Below market rate housing units.

- (a) A below market rate housing unit is any dwelling unit which is made subject to the terms and conditions set forth in this article by the voluntary action of the owner thereof. Any private owners placing units in the below market rate housing program must record restrictive covenants in the public records of the county.
- (b) The restrictive covenants for below market rate housing units shall be negotiated between the housing foundation and the owner. Final approval of such restrictive covenants shall, however, reside with the housing foundation. Such restrictive covenants shall include an initial rent payable to the owner and the term of commitment.
- (c) When a development permit for a privately owned unit or nonresidential development specifies a requirement to provide units or other assistance to the below market rate housing program, no certificate of occupancy shall be issued by the city for such nonbelow market rate housing unit, or nonresidential development, until the requirement has been satisfied.
- (d) Term of commitment for units not owned by the housing foundation. The period of time for which the restrictive covenants shall be effective shall be specified in the restrictive covenants. Such period shall be determined as follows:
 - (1) For below market rate housing units which are not required as a condition of a development permit and are not part of an increased density below market rate housing conditional use, the period shall be not less than three years.

- (2) For below market rate housing units which are required as a condition of a development permit, the period shall be ten years unless a longer period is specified in the development permit condition. All development permit conditions requiring below market rate housing units must have city council approval.
 - (3) For below market rate housing units which are part of an increased density below market rate housing conditional use, the period shall be not less than ten years nor more than 21 years. In approving the term of commitment for such units, the housing foundation shall give consideration to the initial rents payable to the owner which are established for such units, the total investment of the owner in such units, the potential profit to be derived by the owner from such units due to the city's relaxation of density limitations or other development regulations, and similar factors. The term of the below market rate housing commitment for such units should be established so that such potential profits are significantly offset by a sufficient period of reduced rental income in comparison to market rentals for similar dwelling units not under the below market rate housing limitations.
- (e) *Initial rents.* The initial rents established in the restrictive covenants for each below market rate housing dwelling unit shall be the rent payable to the owner under leases to qualified below market rate housing applicants during the first year after the certificate of occupancy for the unit is issued. Such rents must be at or below the current schedule of maximum rents for units of the same type established by the housing foundation pursuant to subsection 102-33(7)g. Any rent proposed by the owner, at or below the established schedule, may be approved by the housing foundation, provided that, for below market rate housing units which are part of an increased density below market rate housing conditional use, the term of commitment to the below market rate housing program is long enough to accomplish the stated intent of the commitment. To accomplish this intent, the higher the initial rent is established, the longer shall be the term of commitment.
- (f) *Increases.* Following the first year after issuance of the certificate of occupancy for a below market rate housing unit, the rent for such unit may be increased in accordance with the following requirements:
- (1)

Not more than once each year, the owner of a below market rate housing unit may submit to the housing foundation, with supporting documentation, a proposed increase in rent for such unit. The increase in rent shall be based upon actual increases in the owner's costs for taxes, insurance, utilities not paid by tenants, maintenance and repairs. In no event, however, shall a rent increase be approved by the housing foundation which exceeds the current rent by a percentage greater than the percentage increase in the residential rent component of the bureau of labor statistics consumer price index for all urban consumers over the period for which the current rent was in effect. Subject to such limitation, the housing foundation shall approve rent increases when sufficiently and accurately documented by the owner.

- (2) When rent increases are approved by the housing foundation for a below market rate housing unit, such increased rent shall take effect upon the execution of the next lease or lease renewal for such unit.

(Ord. No. 85-26, § 1(IV.A.3), 11-27-1985; Ord. No. 01-17, § 1, 12-18-2001)

Sec. 102-36. - Appeals.

Whenever an appeal is authorized under the below market rate housing guidelines contained in this article, such appeal shall be filed, processed and decided as follows:

- (1) An appeal shall be initiated by the appellant's filing of a written notice of appeal with the housing foundation, 15 calendar days from the mailing of the decision to the appellant by the housing foundation.
- (2) The authorized appeal will be forwarded by the housing foundation to the city manager, who will respond in writing within ten business days of receipt of the appeal.
- (3) If the appellant is not in agreement with the housing foundation's and the city manager's determinations, the appellant may request placement of the issue on the schedule of the next regular city council meeting occurring more than five days after the mailing of the city manager's determination of the filing of the notice of appeal.
- (4) The city council shall consider the issue appealed, based on all information submitted by the appellant, the housing foundation, and the city manager; shall decide the issue as expeditiously as possible; and shall render its decision by resolution.
- (5) The decision of the city council shall be final and binding on the parties. If no decision is reached by the city council at the meeting for which the appeal is placed on the agenda, the original determination shall stand and be final and binding as made.

(Ord. No. 85-26, § 1(IV.B.7), 11-27-1985; Ord. No. 87-23, § 3, 7-21-1987; Ord. No. 01-17, § 1, 12-18-2001)

Sec. 102-37. - Enforcement.

The city shall have the full right and standing to enforce the provisions of this article and the housing foundation full right and standing to enforce the covenants hereunder, by applying for civil relief in a court of competent jurisdiction, either in law or equity as the case may be, for injunctive relief, declaration of rights, damages or such other relief as may be just and proper. Further, the city may intervene as a party defendant, without being subordinate and with full right to plead and test the propriety of the parties' pleadings, in any suit to contest the validity of the covenants provided for in this article.

(Ord. No. 85-26, § 1(IV.B.8), 11-27-1985)

(Ord. No. 85-26, § 1(IV.D.1), 11-27-1985; Ord. No. 87-15, § 1, 6-2-1987; Ord. No. 01-17, § 1, 12-18-2001; Ord. No. 09-013, § 2, 1-5-2010)

- (1) The city council must, by resolution, approve the mortgage and loan terms.

- (2) No such mortgage shall secure future advances greater than 200 percent of the original loan amount or include a security interest in after-acquired property.
- (3) Any such mortgage must include provisions which:
- a. Require written notice to the city of any default in the terms of the mortgage by the housing foundation and/or the CLT, within 30 days after the occurrence of such default;
 - b. Require written notice to the city of any foreclosure action, at least 90 days before such action is filed;
 - c. Provide authorization for the city to cure any default by the housing foundation and/or the CLT, and to reinstate the mortgage and note, any time prior to the entry of a final judgment of foreclosure, by paying to the mortgage holder, all sums then due and owing thereunder by the housing foundation and/or the CLT (as the case may be);
 - d. Require the housing foundation and/or the CLT (as the case may be) to deed the mortgaged property to the city, upon demand, within 30 days after the city pays to the mortgage holder any amounts necessary to cure a default by the housing foundation and/or the CLT (as the case may be) and to reinstate the mortgage and note; and
 - e. Require agreement by the mortgage holder that the mortgage and loan shall be assumable by, and shall not become due and payable upon transfer to, the city or any successor housing foundation and/or CLT appointed by the city.
- (4) Should any mortgage approved and executed in accordance with this section be foreclosed and the mortgaged property sold at a foreclosure sale, the mortgage not having been reinstated by either the city, the CLT or the housing foundation, the purchaser at the foreclosure sale and his/her successors in interest shall own the property free and clear of any commitment to the below market rate housing program.
- (5) Below market rate housing purchase units may be used as security by purchaser(s) qualified under guidelines established by the housing foundation pursuant to section 102-33, as amended from time to time, and mortgages thereon may be given by such purchaser(s) only in accordance with the following terms and conditions and any other terms and conditions as may be established by the housing foundation:
- a. The housing foundation must approve the mortgage and loan terms, which approval may be withheld by the housing foundation based on loan guidelines established by the housing foundation.
 - b. Any such mortgage must include provisions which:
 - 1.

Require written notice to the city, housing foundation and CLT of any default in the terms of the mortgage by such purchaser(s) within 30 days after the occurrence of such default;

2. Require written notice to the city, housing foundation and CLT of any foreclosure action, at least 90 days before such action is filed;
 3. - c. Any such mortgage shall be subject to the restrictive covenants pursuant to section 102-56, affecting such mortgaged property, which restrictive covenants shall among other things: (i) survive foreclosure of the mortgage; (ii) allow the holder of the mortgage to foreclose the mortgaged property subject to the restrictive covenants; and (iii) allow any purchaser at foreclosure who does not meet the income qualifications of the city's below market rate housing program to own the mortgaged property for the sole purpose of conveying the mortgaged property to income qualified purchaser(s) and not for purposes of using such mortgaged property for its own residential occupancy purposes.
