RE: Nonpoint Source Grants Fall 2025 Proposals Status

Greetings:

Thank you for submitting your grant proposal entitled "Tradewinds Subdivision Drainage Improvements" for funding consideration administered by the Nonpoint Source Management Program. We were pleased to receive 36 proposals addressing watershed restoration. In all, the proposals requested approximately \$43.1 million in funding.

It is with regret that I write to inform you that your proposal was not selected for grant funding. While we could not select every project, we do value your commitment to restoring Florida's waters.

We encourage you to continue your pursuit of water quality restoration projects and hope that you will consider applying for Federal 319(h) Grant funding and/or State Water-Quality Assistance Grant funding for your future projects. More information on that grant may be found at our website.

If you have any questions, please do not hesitate to contact Amanda Peck at (850) 245-2952 or Amanda.Peck@floridadep.gov or Franchesca Linares at (850) 245-2951/ Franchesca.Linares@floridadep.gov.

Sincerely,

Amanda Peck, Administrator
Nonpoint Source Management Program
Division of Water Restoration Assistance
