## WHY ARE YOU INTERESTED IN THIS APPOINTMENT?

### Required Information

---

I believe one of the foundations of a good community is its common areas for all to enjoy and we have a big job ahead of us. I also believe in field space for our youth. It is very important for our island youth development to have fields and sports. I also feel very strongly we must protect our environment and our islands eco system. It is a fine balance and in developing these common areas and we must take into account the islands natural state. I feel my years of experience in coaching and dealing with parks and recs will help in this recovery.
