PO # TBD

Date

4/21/2025

Client: City of Sanibel

President:

Project Manger: Holly Milbrandt

Bret Sapp

Phone: 239-472-3700 Email: holly.milbrandt@mysanibel.com

Address: 800 Dunlop Road
Sanibel, FI 33957**Project Name: Dinkins Bayou Maintenance Dredging**

Description of work: Dinkins Bayou filled in from storm damage. Owner is pulling an emergency permit to restore it back to previous conditions. Permit #

Dredging Services: Mechanically and hydraulically dredge approximately 13,140 cy of maintenance dredging sediment. Unload barge at Henderson Road boat ramp. Load directly into water tight sealed dumptrucks and hauled to city's Wulfert Wastewater Treatment Plant(WWTP) for final dewatering.

Engineering/Permitting Services: Owner is pulling emergency permits.

Hauling Services: Bayside Dredging will haul the material to WWTP. Silt fence will be installed prior to any dumping. City of Sanibel will own and manage the sediment once its dumped.

Additional comments/notes: If additional material is requested to be removed, costs are identified below.

***Note* Contract to follow upon agreement on scope of work and permits if necessary**
