Ms. Margaret Wuerstle
Southwest Florida Regional Planning Council
1926 Victoria Avenue
Fort Myers, FL 33901

Dear Ms. Wuerstle:

The City of Sanibel is pleased to support the Southwest Florida Regional Planning Council's application for the Florida Humanities Council grant. Thousands of visitors come to Sanibel each year for vacations or business. Alerting visitors as well as residents to the presence of Sanibel's art works will help them learn about the area and the history that inspired these works.

The City of Sanibel will assist with this important project by providing information on City art works to be included in the guide and assisting as possible in providing background information on the sites. A City staff member will also participate in reviewing the draft Art Field Guide and online map to ensure the accuracy of information on Sanibel art works. Last, the City will assist in the distribution of the Field Guides by making them available at the City offices.

Should you have any questions about our support for this project, please feel free to contact me at

Sincerely,
