Hello Ms. Smith,

I am not able to attend the council meeting on April 1, but I am opposed to the reduction of the speed limit from 30 to 20 mph. I had thought that the homeowners association was requesting a reduction from 30 to 25, and I oppose that as well.

Posted signs don't slow people down. If they aren't obeying the 30 mph posted sign, why would 20 be any better? Perhaps a speed bump or two would slow people down. Or stop signs at the corner of Troon, Dinkins Lake and Baltusrol. I believe the either would be more effective than changing the speed limit signs.

I do realize that Sanibel has had a patrol car posted at the entrance to The Sanctuary on Wulfert multiple times this season. I'm sure that was helpful in getting people to watch how they drive.

I am not able to attend the meeting on April 1<sup>st</sup>, but welcome the opportunity to make my feelings known.

As a long-time resident of Blue Crab Court, I have always felt that the 30 MPH limit was insane, even if only given the densely populated area. Add to that, the constant added confusion of contractor vehicles of all sorts (parked or speeding on through), 30 MPH is just an invitation for a tragedy --- one that nobody wants.

20 MPH is pretty much what I drive and what I would wish for.

Thank you,

Arthur Stafford
