"RULES OF CIVILITY FOR PUBLIC PARTICIPATION"

In recognition that public discourse is essential to the democratic system of government on April 16, 2002, Sanibel City Council adopted a Proclamation embracing civility in public deliberations. These rules were updated February 22, 2007.

Therefore, Sanibel City Council sanctioned these rules for public participation while conducting meetings and workshops:

1. Speakers are permitted to deliver his or her comments without interruption.

2. Speakers and debates should focus on issues, not on persons or personalities.

3. Persons are encouraged to participate in the governmental process.

4. To allow time to hear all points of view, speakers are allotted 3 minutes each time they are recognized.

5. Sidebar discussions while others are speaking are not permitted in Council Chambers. These discussions are to be removed from the chamber so as not to be disruptive to those conducting and following Council business.

6. Only the speaker recognized by the Chairperson has the floor. Speakers should raise their hand to be recognized. Speakers should identify themselves for the record. Speakers should utilize the microphone so that their comments can be recorded.

7. Anyone wishing to speak on an issue is given an opportunity to speak before speakers are recognized for an opportunity to speak a second time on an issue.

8. We seek to understand one another's points of view.

9. Anger, rudeness, ridicule, impatience and lack of respect for others are not acceptable behavior. Demonstrations in support or opposition to a speaker or idea such as clapping, cheering, booing or hissing or intimidating body language are not permitted in Council Chambers or workshop facilities.

10. We should all take initiative to make things better. Our goal is to foster an environment, which encourages a fair discussion and exchange of ideas without fear of personal attacks.

AGENDA MEMORANDUM ***City Manager***

City Council Regular Meeting Date: August 18, 2026

To: City Council

From: Dana A. Souza, City Manager

Date: July 22, 2026

SUBJECT: Second Reading of Ordinance 26-011 to specify speed limits on publicly owned roads by amending Chapter 66, Traffic, Article III, Speed Limits.

BACKGROUND: On March 3, 2026, the City Council received the Sanibel Island Roadway Speed Study and Passing Zone Analysis, prepared by Johnson Engineering with support from City staff. The study evaluated existing roadway speed limits, traffic volumes, operating speeds, crash history, and speed limit signage to determine whether changes to posted speed limits were warranted on selected City roadways in accordance with Section 316.183(2), Florida Statutes.

Following its review of the study, the City Council directed staff to prepare amendments to Chapter 66 of the Sanibel Code of Ordinances to establish roadway-specific speed limits and to return with recommendations regarding potential speed limit reductions on selected roadway segments.

At its April 21, 2026, meeting, the City Council discussed draft Ordinance 26-011, which proposed authorizing roadway speed limit changes by resolution. Following discussion, the City Council directed staff to revise the ordinance to require that all future roadway speed limit changes be adopted by ordinance.

The City Council subsequently reviewed revised drafts of Ordinance 26-011 on May 5, 2026, and June 16, 2026, providing additional direction regarding proposed speed limits for specific roadways and roadway segments. During those discussions, the City Council also:

- Determine that no public roadway shall have a speed limit greater than 35 mph.
- Determined that no speed limit reductions on Sanibel-Captiva Road would be incorporated into the ordinance.
- Determined that no speed limit reduction on Rabbit Road was warranted.
- Incorporated the Beachview Neighborhood Association's request to reduce the speed limits on Birdie View Point and Par View Drive from 30 mph to 25 mph.
- Retained existing speed limits on all other publicly owned roadways where no changes were warranted

The current draft of Ordinance 26-011 incorporates the consensus direction provided by the City Council on June 16, 2026. The ordinance establishes roadway-specific speed limits for all publicly owned roadways within the City, retains the existing 10 mph speed limit on the Buell Creek Bridge, establishes a default speed limit of 30 mph for publicly owned roadways not otherwise identified, and requires that future changes to roadway speed limits be adopted by ordinance following applicable traffic engineering studies and in accordance with state law.

Since the June 16, 2026, City Council meeting, staff identified an existing 20 mph speed limit sign on Atlanta Plaza Drive that was inadvertently omitted from the draft ordinance. The ordinance has been revised to reflect and maintain the existing 20 mph speed limit on Atlanta Plaza Drive.

The table below summarizes the City Council's direction and compares the current and proposed speed limits reflected in the Ordinance 26-011, which was approved at First Reading on July 21, 2026.

Notice is hereby given to all owners of residential property and residential dwelling units (defined as one through four residential dwelling units per parcel) located within the City of Sanibel, Florida:

The City of Sanibel has established a recurring annual special service assessment to fund the City's collection and disposal of solid waste (i.e., garbage), recyclables, and horticultural waste for residential dwelling units (defined as one through four residential dwelling units per parcel) within the City of Sanibel. This assessment was implemented in 2010 and replaced the direct billing of customers by the solid waste collection company with the collection of the assessments (solid waste bill) through the residential property owner's annual Lee County real estate tax bill. Each year the City Council will consider the adoption of an Annual Rate Resolution to fund the collection and disposal of solid waste, recyclables, and horticultural waste for the next fiscal year, as well as the placement of such assessment on the Lee County real estate tax bill for the current tax year. The purpose of the public hearing is to consider the establishment of the annual collection and disposal rate for residential units for collection and disposal of solid waste, recyclables, and horticultural waste, as well as for the purpose of the City Council's consideration and approval of the collection of such special service assessments through the uniform method of collecting such assessments as authorized by Section 197.3632, Florida Statutes. The assessments for the 2026-2027 fiscal year will be placed on the 2026 Lee County real estate tax bill. Interested parties may appear at the public hearing to be heard regarding the Annual Rate Resolution or any related matter, including the use of the uniform non-ad valorem method of collecting such non-ad valorem assessments and/or may file written objections within 20 days of the publication of this Notice or before the time or adjourned time of the public hearing. A description of each parcel to be assessed and the amount to be assessed to each parcel of property (i.e. the annual solid waste collection charge) may be ascertained at the office of the Sanibel City Clerk, 800 Dunlop Road, Sanibel, Florida.

AGENDA MEMORANDUM *Finance Department*

City Council Meeting Date: August 18, 2026

To: City Council

From: Steve C. Chaipel, Deputy City Manager/CFO

Date: August 11, 2026

SUBJECT: Consideration of Resolution 26-030, establishing the date, time, and place for a Public Hearing to consider establishing and implementing a Stormwater Assessment District

BACKGROUND: At the beginning of fiscal year 2026, the City Council began discussions on a potential stormwater management assessment program. The following is a timeline of those discussions.

- October 7, 2025: The City Council approves the 2025 Surface Water Management Master Plan
- October 21, 2025: The City Council received information on stormwater assessment programs and directs staff to continue working on the project
- December 16, 2025: City Council approves budget amendment to fund a consultant study on a potential stormwater assessment program
- January 13, 2026: City Council approves Resolution 26-004 expressing the City's intent to establish a stormwater assessment fee that, if approved, would be collected through the annual tax bill
- March 31, 2026: City Council awards contract to Stantec Consulting to provide information on a potential stormwater assessment program
- July 21, 2026: Staff and Stantec Consulting present information on a potential stormwater assessment fee program

DISCUSSION: Based on the City Council discussion and direction at the July 21, 2026, meeting, Staff prepared an analysis of the financial impacts of offsetting the General fund operating millage rate (currently 2.5000) by the current working total of the assessment collection ($1.7 million) for a sample of various property classifications on the island.

As the Council noted during the July meeting, offsetting the City total of $1.7 million is a relatively straightforward process for the City's budget. However, the direct millage rate reduction as a dollar-for-dollar offset at the individual property level will vary among all properties because the two revenue mechanisms allocate costs differently. Property taxes are primarily driven by taxable property value. The stormwater assessment is driven by the ERU methodology used to assign stormwater costs to property.

Exhibit A to this agenda item shows the results of the sampling to demonstrate on a per-property basis what the potential impact could be.

In July, the City sent physical notices to all property owners on Sanibel describing the stormwater assessment program and the amount of the potential assessment for their particular property. A copy of this letter is attached as Exhibit B.

A public information page on the City's website has also been created and can be viewed at this link.

Florida Statutes require municipalities whose governing bodies have approved a Resolution declaring the intent to establish a special assessment district, to advertise the approved Resolution (Resolution 26-030) for two consecutive weeks and to establish a Preliminary Assessment Roll that will be used to notify property owners within the special assessment area of the date when the municipality's governing body will hold a public hearing to establish and implement the assessments. Included in the agenda packet for this item, is confirmation from the News-Press parent company Gannett, attesting that public notice was published in the News Press on July 28, 2026, and August 4, 2026. Also included in the agenda packet is the Preliminary Assessment Roll for the proposed Assessment District.

Meeting of August 18, 2026

CITY OF SANIBEL
RESOLUTION 26-030

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA, TO FIX A TIME, DATE AND PLACE FOR A PUBLIC HEARING IN ACCORDANCE WITH SECTIONS 170.07 AND 170.08, FLORIDA STATUTES, TO DETERMINE THE PROPRIETY AND ADVISABILITY OF ESTABLISHING A STORMWATER ASSESSMENT DISTRICT; AND, IF DETERMINED TO BE PROPER AND ADVISABLE TO ESTABLISH SUCH DISTRICT, TO FURTHER DETERMINE THE COST OF SUCH ASSESSMENT, THE MANNER OF PAYMENT FOR SUCH EFFORTS, AND THE AMOUNT OF SUCH COSTS TO BE ANNUALLY ASSESSED AGAINST EACH PROPERTY WITHIN THE DISTRICT AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Sanibel enacted Resolution 26-004, which expressed its intent to declare a special assessment to finance public improvements as authorized by the Home Rule provision of the Florida Constitution, Chapter 170, Florida Statutes, and other provisions of General Law and the Sanibel Charter, for the purposes of implementing a Stormwater Assessment District (the "Assessment District") more accurately described in Exhibit A hereto, and to make assessments against property within the Assessment District to aid in funding of such public improvements; and

WHEREAS, the imposition of an annual recurring special assessment is an equitable and efficient method of allocating and apportioning stormwater public improvement costs among parcels of the Assessment District; and

WHEREAS, the methodology for determining the amount to be apportioned to each property with the Assessment District is as follows: the assessment is intended to fund $1,749,000 in stormwater expenditures in fiscal year 2027; the total impervious area within the Assessment District has been determined to be 37,756,400 square feet and, based on the number of properties with the Assessment District, the average impervious area per property equals 6,300 square feet; for purposes of the annual fee calculation, the average square feet of impervious area shall be an Equivalent Residential Unit ("ERU"); and

WHEREAS, a single-family home shall equal one (1) ERU; condominiums shall equal a fractional portion at 0.29 ERU; and all other properties will be assigned an ERU based on actual measured impervious area; and

WHEREAS, in the Assessment District, one (1) ERU shall equal $277.55.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA;

SECTION 1. A public hearing to consider the adoption of the City of Sanibel's Annual Rate Resolution to establish the annual special service assessment to fund stormwater public improvements against assessed property located within the Assessment District for the Fiscal Year October 1, 2026, through September 30, 2027, is hereby scheduled for 9:10 A.M. on Monday, September 14, 2026, at City of Sanibel, McKenzie Hall, 800 Dunlop Road, Sanibel, Florida. Such hearing shall also be for the purpose of the City Council's consideration and approval of the collection of such special service assessments through the uniform method of

collection via annual Lee County real estate tax bill, as more particularly described in Resolution 26-004 and as authorized by Section 197.3632, Florida Statutes.

SECTION 2. Effective date. This Resolution shall take effect immediately upon adoption.

Newly Mapped Impervious Area Data

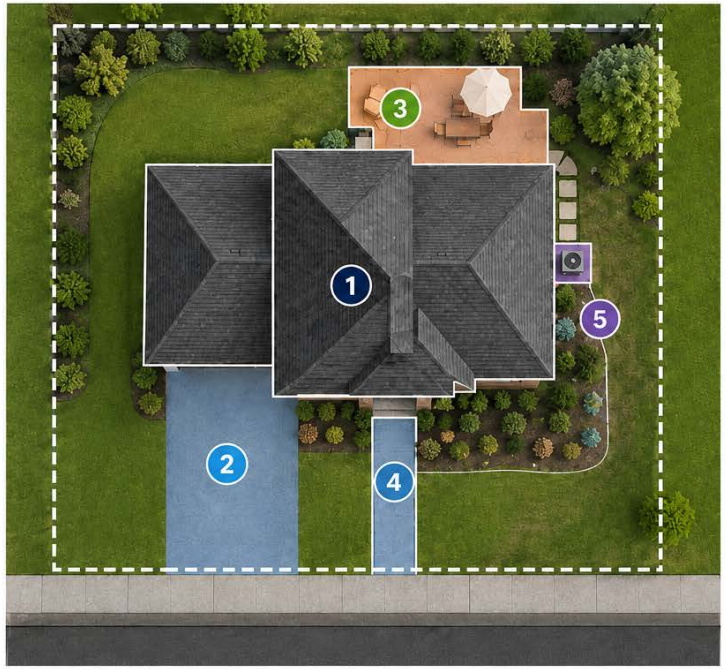

Impervious Area Data Preliminary Results

HOW IMPERVIOUS AREA IS MEASURED

EXAMPLE: SINGLE FAMILY HOME

LOT LINE (PARCEL BOUNDARY)
Impervious area is measured within the property lot line.
Sidewalk and street are outside the lot line and not included.

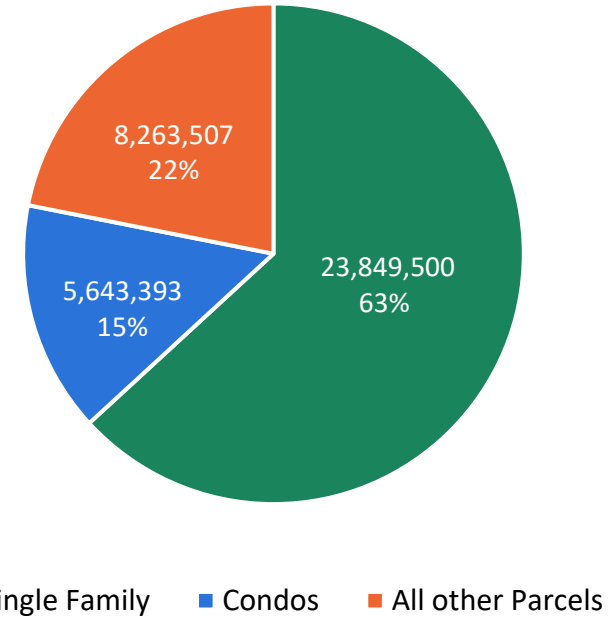

Impervious area includes surfaces that prevent water from naturally soaking into the ground.

Typical impervious surfaces on a single family lot:

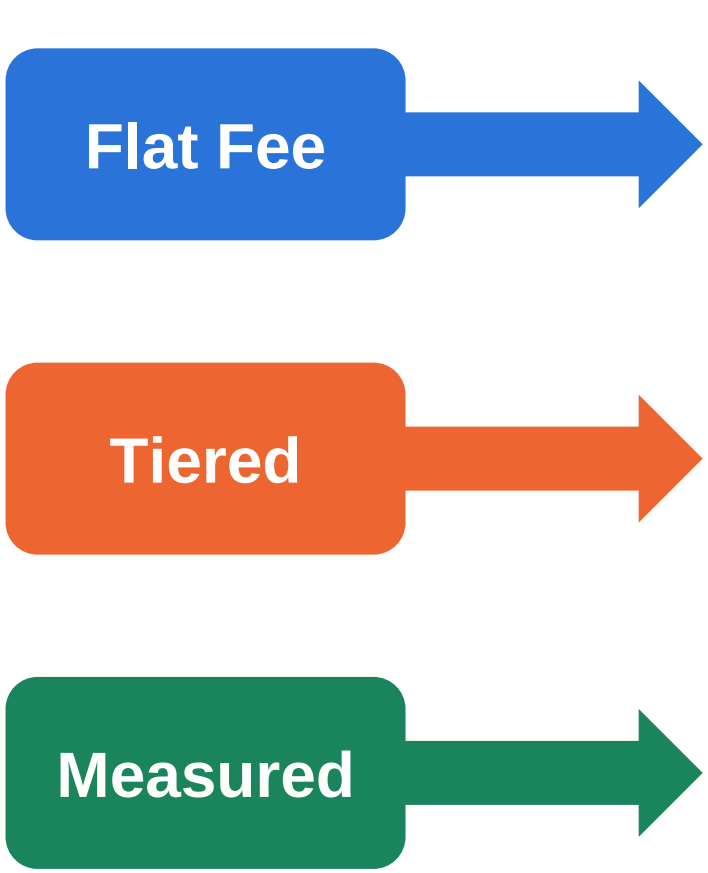

1. **ROOFS**
   All roof surfaces, including the main house and any attached structures.
2. **PAVED PARKING & DRIVEWAYS**
   Concrete or asphalt driveways and parking areas.
3. **PATIOS, DECKS & HARDSCAPES**
   Concrete patios, pavers, decks on grade, and other hardscaped areas.
4. **WALKWAYS & SIDEWALKS**
   Sidewalks, walkways, and paths made of concrete, pavers, etc.
5. **OTHER IMPERVIOUS ITEMS**
   Utility pads (AC units, generators), sheds on slab, and other similar surfaces.

TOTAL IMPERVIOUS AREA
All highlighted surfaces within the lot line are measured (in square feet) and used to calculate the stormwater fee.

Impervious Area By Type (37M SQFT)

Re: Parcel ID [Folio – Col A]
[Site Address - Col H]
Sanibel, Florida

Dear Property Owner:

The City of Sanibel (the "City") is considering establishing a dedicated funding source for the City's stormwater management related services, facilities, and improvements with special assessments against property located within the City limits. Chapter 170, Florida Statutes (2025), authorizes municipalities to establish special assessments against the specific properties benefiting from the improvements proposed.

The special assessment for each parcel of property is based on the benefits or burdens attributable to each parcel measured in "Assessment Units." The assignment of Assessment Units is based upon an equivalent residential unit (ERU). One ERU is estimated to be 6,300 sq ft of impervious area. **The estimated annual amount per ERU to be discussed by the City Council is $277.55 for the fiscal year beginning October 1, 2026.**

A summary of parcel type, unit of measure, and ERU in Table 1.

Table 1 – Proposed Fee Structure

Parcel Type	Unit of Measure	ERU
Single - family	Per unit	1.0
Condo	Per unit	0.29
All Other Parcels	Per 6,300 sq ft of impervious area	Varies

Information regarding the assessment for this specific parcel is included below.

This Parcel Type:	**[Parcel Type – Col I]**
Total Number of ERU's Attributable to This Parcel:	**[ERUS – Col J]**
Estimated Fiscal Year 2027 Stormwater Assessment for This Parcel:	**[Assessment for This Parcel – Col K]**

If adopted, the City expects to collect approximately $1,700,000 in Fiscal Year 2027 for the purposes described in this notice. The annual assessment will include each property owner's share of collection costs. Intended to continue annually, the assessment will provide a consistent funding source for current stormwater improvements and help accelerate future infrastructure projects through long-term financing arrangements. The City Council will discuss the assessment's effect on the operating millage rate and taxes levied at a public hearing.

If approved by the City Council, the stormwater assessment shown on this notice would be collected by the Lee County Tax Collector on the tax bill to be mailed in November 2026. Florida law requires that the City must inform you that failure to pay your assessment may result in foreclosure or the issuance of a tax sale certificate in the future. The City has the right to foreclose and collect delinquent assessments in any manner provided by law. Until paid, the stormwater assessment will constitute a lien against assessed property equal in rank and dignity with the liens of all state, county, district, or municipal taxes and other non-ad valorem assessments. Assessments shall become delinquent if not paid within thirty (30) days of the due date.

All affected property owners are invited to attend and have a right to appear at a public hearing. You may also file written comments with the City Clerk prior to or during the public hearing. If you decide to appeal any decision made by the City Council with respect to any matter considered at the hearing, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made.

An initial public hearing will be held on Tuesday, August 18, 2026, at 9:10 A.M., in MacKenzie Hall, 800 Dunlop Road, Sanibel, Florida to receive public comment on the proposed assessment and on the placement of the assessment on the annual Lee County real estate tax bill.

A final public hearing will be held on September 14, 2026, at 9:00AM at 800 Dunlop Road, Sanibel, Florida, 33957.

Attn: City Clerk

August 8, 2026

Sanibel City Council,

This letter is written by the Gumbo Limbo Property Owners Association (GLPOA) on behalf of its 176 property owners. All of the property owners within the Gumbo Limbo subdivision have received stormwater assessment notices dated July 28, 2026. These notices have raised concerns within our privately owned community. The purpose of this letter is to inform the City of Sanibel that GLPOA inc has concerns with the proposed assessment.

Gumbo Limbo is a privately owned community and the residents own and maintain the roadways, lakes and drainage system. The upkeep of this common infrastructure is overseen by the Association's board of directors and financed by annual dues, which is outlined in the bylaws. There is no City tax revenue available for the purpose of maintaining this privately owned infrastructure.

The Gumbo Limbo subdivision consists of approximately 107 acres of land, of which 20 acres is two lakes.The Gumbo Limbo storm water drainage system consists of drainage swales, a network of 33 catch basins and 16 drainage laterals. The swales parallel both sides of the streets thereby capturing stormwater and keeping the water off the streets. The water from the swales is directed toward the grated concrete catch basins which channels water through reinforced concrete drainage pipes to the lakes.

Gumbo Limbo retains all of its stormwater within the confines of our privately owned community. The community is bordered by federally owned tidal lands to the north and west. On the east side, it is bordered by Dixie Beach Boulevard and to the south several private property owners. Our community is of no stormwater burden to adjoining properties.

While GLPOA fully supports the purpose of the proposed stormwater assessment, our Association takes issue with costs that will not benefit our community.

Thomas Mulqueen 8/8/26
President GLPOA Inc.

Please forward my opposition to the proposed stormwater assessment to the initial public meeting on Aug 18th.

Please DO NOT take another $277.55 from my family..... just because you have the authority to do so. Use your leadership position instead to reduce the budget elsewhere if you feel this is important.

Thank you for representing me.

Dear Ms. Kelly
I am writing to voice my concern and dissent over the proposed stormwater assessment as outlined in your letter of 7/28/26.
As residents of Gumbo Limbo, we own and are responsible for our streets and storm drainage system. As a result, I am already paying for storm drainage management and this proposed assessment would create a redundancy that I feel is unfair. If the assessment goes through, I think Gumbo Limbo homeowners should be exempt. Please present my thoughts to the city council as I will be unable to attend the 8/18 meeting.
Thank you

Oisin:

How are things on island ? Have you had a chance to look at our row planting along Donax. I was there for 2 days last week when my ac was not working and I thought the plants look pretty healthy. The limestone boulder are removed from the row. Any comments ?

I am reading the proposed assessment for stormwater and I think it is long overdue. I do have some concerns. First the timing should be later so seasonal residents are fully back, like are national elections. The image of trying to pass assessments when all affected aren't there is suspect and subject to criticism.

Second, it should be stated that the funds will be used for stormwater management only. Look only to the causeway for funds not applied to the project they were intended for.

Third, there should be a maximum amount it can increase each year, like amount of inflation. Selling an assessment that dramatically increases the year after it passes has been done before and taxpayer response is very negative.

Any interest off of that account should only be spent on the original purpose.

Lastly, a sunset date, say 10 years allows for taxpayers to revote on it as conditions change yet allow for funding for 10 years.

Comments ?

Thanks

Subject: Storm Water Management Assessment

To the Sanibel Council and City Management:

I am unable to attend the meeting scheduled for August 18 for medical reasons. However, I have questions and thoughts about this potential assessment and the timing of the meetings of such importance in general.

First, why have critical meetings about these kinds of decisions been scheduled during times when most of the Sanibel population is away? The timing seems purposeful in order to generate the least resistance. Bring these matters up during “season”and I am sure your meetings would be much better attended and the feedback much more helpful in making important financial decisions.

Regarding this particular assessment - the letter we residents received does not explain the ERU calculation in a transparent way. From the looks of it, since I live in a single family home I would have to pay the same amount in assessed rate as any other single family home, regardless of size. So, my little 1500 sq ft. home will be charged at the same rate as single family homes on W. Gulf (or elsewhere) that are 5,000+ sq ft.? That doesn’t seem fair to me at all. Also, as a “new build," post Hurricane Ian, I was forced to dig swales around my entire property for the purpose of stormwater management. Does the expense of having to do that exempt me from additional hardship of taxation? I doubt it. So, how does the City and Council propose to ease the burden for homeowners who have already faced thousands of dollars in expenses for this very same purpose?

How many other assessments will be heading our way? There certainly are quite a few projects that will probably require funding that will exceed that which the current tax base can support. Pretty soon you will have priced the smaller owners out of being able to afford living on Sanibel. What a shame.

Perhaps less money should be thrown at repeated studies on a roundabout which will never work due to the lack of lane space on the Causeway. Perhaps it might have been a more prudent decision to hold off the Causeway Beautification Project until the roundabout is voted upon…if by some chance the populace decides to build it, much of the new planting will have to be uprooted to accommodate the roadway.

I hope that the City and Council will find much more transparent ways of informing the public on these critical matters. A letter sent to residences during the summer months does not have the reach it should to keep Sanibelians informed. Better the true, complete information come from

all of you rather than as gossip on social media. You have the ability to clarify the narrative. Now you just need the desire.

I look forward to any responses from the City or Council members.

Respectfully submitted,

Subject: Request for Stormwater Assessment Credit & Relief Framework – Periwinkle Park

To City Engineer Dolley, Honorable Members of the Sanibel City Council, and City Manager Souza:

I am writing on behalf of my family's business, Periwinkle Park to provide formal feedback regarding the proposed municipal Stormwater Assessment Study and to request a technical review of our site's stormwater footprint and mitigation capabilities.

As a foundational property on Sanibel, Periwinkle Park has historically engineered, constructed, and maintained its own comprehensive internal stormwater management and retention infrastructure. Our system captures and treats runoff on-site before utilizing the Sanibel River as its sole final destination. Periwinkle Park operates without using any City swales, street culverts, or municipal lift pumps. While we recognize the City's vital role in managing master water levels via the Beach Road weir to San Carlos Bay, our private system places zero demand on localized city conveyance infrastructure.

Under the proposed non-ad valorem assessment model based strictly on aggregate impervious surface area, Periwinkle Park faces a substantial annual assessment projected at **$24,424.40**. Unlike transient luxury resorts or high-yield commercial developments, Periwinkle Park operates as a below-market-rate residential housing community providing critical workforce and accessible living on the island. Operating on narrow margins, an unmitigated recurring annual assessment of this scale creates a severe financial burden that directly threatens long-term housing affordability for our island residents.

Because our property fully internalizes its stormwater conveyance and actively advances the environmental goals of the City, we respectfully request that the City establish a clear, equitable Stormwater Fee Credit and Mitigation Framework prior to finalizing the non-ad valorem assessment rolls.

Specifically, we request consideration of the following:

1. **Confirmation of Our Baseline Impervious Footprint & Post-Ian Reductions:**

As documented in the detailed boundary and site survey previously submitted to the City, our exact impervious square footage is fully mapped. Furthermore, as we continue our post-Ian recovery, we have made deliberate strides to reduce overall site overdevelopment and actively incorporate the vision of the Sanibel Plan into every phase of Periwinkle Park's ongoing redevelopment. To safeguard our hydrology and water quality, Periwinkle Park enforces strict internal policies, including:

- **Zero Net Increase in Impervious Area:** No new impervious materials or hardscape expansion will be installed or placed on Periwinkle Park property beyond the footprint of an established roofline or impervious living area/structure.
- **Footprint Caps:** Shed sizes have been reduced to a maximum footprint of $4'\times 6'$.
- **Environmental Stewardship:** Rigorous enforcement of our 3-to-1 native vegetation planting ratio, a complete year-round ban on all fertilizers, and a ban on installing sod, vegetable gardens and citrus trees to eliminate nutrient and pesticide runoff.

2. **Technical Guidelines & Timeline for On-Site Retention Credits:**

We request the early release of the technical criteria, application guidelines, and administrative timeline for securing credits based on verified on-site retention, peak attenuation, and water quality treatment capacities under South Florida Water Management District (SFWMD) standards.

3. **Special Relief Mechanisms for Below-Market Residential Housing:**

We urge the Council to consider a dedicated allowance tier or mitigation factor for low-income and below-market-rate housing communities that independently maintain their own stormwater infrastructure and prevent extra load on the City's drainage network.

We deeply appreciate your leadership and continued service to Sanibel. We welcome the opportunity to meet with Public Works engineering staff to review our site's as-built drainage capacity, retention logs, and SFWMD permit compliance.

Thank you for your time, consideration, and commitment to an equitable policy for all Sanibel properties.

Sincerely,

RE: Written Opposition to Proposed Stormwater Special Assessment – Request for Inclusion in the Public Record

Dear City Clerk,

I am a Sanibel property owner and am writing to formally express my opposition to the proposed Stormwater Special Assessment. Unfortunately, I am unable to attend the upcoming public hearings. I respectfully request that this correspondence:

1. Be distributed to the Mayor and all members of the City Council;
2. Be included in the official public record for the August 18 and September 14, 2026 public hearings; and
3. Be read during the public comment portion of the hearing, if permitted by the Council's procedures and time constraints.

I fully support responsible investment in maintaining and improving Sanibel's stormwater infrastructure. Protecting our island from flooding, preserving water quality, and maintaining resilient public infrastructure are essential responsibilities of local government. My concern is not with the importance of stormwater management, but with whether the City has demonstrated that the proposed assessment is financially necessary, appropriately structured, and equitably allocated among property owners.

According to the information provided by the City, the proposed assessment would generate approximately $1.7 million annually. A significant portion of those revenues would fund stormwater operations and personnel costs that are currently paid from the General Fund. The Mayor's letter similarly explains that the assessment is intended to replace General Fund revenues presently used for stormwater services.

Despite this proposed transfer of expenses from the General Fund to a separate assessment, the City has not committed to a corresponding reduction in the operating millage rate. Instead, the notice states only that the Council will evaluate whether an adjustment to the millage rate is appropriate.

Without a firm commitment to reduce the operating millage by an equivalent amount, this proposal represents an additional recurring financial obligation for property owners rather than simply a different method of funding existing services.

This concern is heightened because the City's proposed FY2027 budget reflects approximately $1 million in additional ad valorem revenue resulting from increased taxable property values while maintaining the existing operating millage rate. At the same time, the City continues to maintain substantial reserve balances and fund balances. While I recognize that many of these funds are legally restricted or committed for specific purposes, the City has not clearly demonstrated why existing revenue growth and available financial resources are insufficient to support the proposed stormwater program before creating a new permanent assessment.

Before approving this assessment, I respectfully believe the City should publicly provide:

- A five-year history of stormwater expenditures, separated into operations, personnel, and capital improvements.
- The amount currently funded from the General Fund for each category.
- A reconciliation showing precisely which General Fund expenditures would be transferred to the assessment.
- A commitment identifying the specific reduction in the operating millage that would accompany those transferred expenditures.
- A five-year capital improvement plan identifying each proposed stormwater project, its estimated cost, funding source, and implementation schedule.
- The anticipated use of grants, borrowing, and other financing.
- A five-year projection of future assessment levels.
- An explanation of why a lower assessment or phased implementation was not selected.

I am also concerned about the methodology used to allocate the assessment among property owners. The proposed methodology assigns every single-family residence one Equivalent Residential Unit (ERU) while condominium units are assigned 0.29 ERUs, and many commercial properties are assessed based upon measured impervious area. The City should publicly provide the engineering and financial analysis supporting these allocation factors and demonstrate that they reasonably reflect the relative stormwater benefit and burden attributable to each property type. Without that supporting analysis, property owners cannot independently determine whether the proposed distribution of costs is equitable.

In addition, the City's long-term financial plan appears to contemplate funding not only current operations but also future reserves, capital improvements, and borrowing. Before property owners commit to an ongoing annual assessment, the Council should clearly identify the projects to be financed, the anticipated borrowing requirements, repayment assumptions, and the projected effect on future assessment levels.

I recognize that stormwater infrastructure is one of the City's core responsibilities and that long-term investment is necessary. My request is simply that any new recurring assessment be supported by a transparent financial analysis demonstrating that the amount proposed is the minimum necessary, that existing revenue sources have been fully evaluated, and that property owners are provided sufficient information to make an informed judgment.

Sanibel property owners continue to face rising financial pressures, including escalating insurance premiums, increasing rebuilding and maintenance costs, and now a proposed new annual special assessment. Before imposing another permanent financial obligation, the City should clearly

demonstrate the actual funding gap, explain why existing revenues are insufficient, and show that less burdensome alternatives have been fully evaluated.

Accordingly, I respectfully request that the City Council defer action on the proposed Stormwater Special Assessment until the requested financial information has been presented to the public and the necessity, amount, and structure of the assessment have been fully justified. Should the Council ultimately determine that a dedicated stormwater assessment is warranted, I further request that any General Fund expenditures transferred to the assessment be accompanied by a corresponding reduction in the operating millage so that property owners are not asked to assume an additional recurring financial burden for services already being funded.

The residents of Sanibel expect careful stewardship of public funds, transparency in financial decision-making, and thoughtful consideration before new recurring financial obligations are imposed. I respectfully ask the Council to ensure that any assessment adopted is supported by a clearly demonstrated financial need, an equitable allocation methodology, and a thorough evaluation of all reasonable alternatives.

Thank you for your consideration. Please confirm receipt of this correspondence and that it has been included in the official public record for the August 18 and September 14, 2026 public hearings.

Respectfully,

Colin Bower

Oisin,

The announcement below has caught the attention of some Gumbo Limbo property owners. I reviewed the Santec presentation on the City's website dated July 21, 2026. It would appear from slide number 11 of the presentation that Gumbo Limbo is included in the scope of the assessment. Since Gumbo Limbo's privately owned stormwater system is excluded from the City's management, I just want to confirm whether we are included in this assessment. Please verify it.

This assessment reminds us of concerns about stormwater run-off from Jerrys. Jerrys is a largely impervious area and most of the stormwater run-off goes to the vegetation at the north end of the parcel which borders Gumbo Limbo. Our community remains intently interested in the amount of impervious area and stormwater retention from the Jerrys parcel. This issue concerns all property owners on Wilton Lane. Please keep us informed of any developments.

Sanibel Moving Forward on Potential Stormwater Assessment

July 24, 20261285

by SC Reporter Emilie Alfino

Consultant Stantec presented its Stormwater Assessment Study to the Sanibel City Council on July 21, 2026. While a fee structure is yet to be determined, it is based on impervious area. Impervious area includes surfaces that prevent water from naturally soaking into the ground.

Typical impervious surfaces on a single-family lot are roofs; paved parking and driveways; patios, decks, and hardscapes; walkways and sidewalks; utility pads; sheds on slab; and other similar surfaces. These are used to calculate the stormwater fee.

An estimate of what a fee might be is $277.55 annually for a single-family residence. This compares to $451.68 for Fort Myers Beach, $297.36 for Naples, and $156 for Cape Coral.

Council voted unanimously to move forward with a potential stormwater assessment. The entire study can be found on the city's website, mysanibel.com.

170.01 Authority for providing improvements and levying and collecting special assessments against property benefited.—

(1) Any municipality of this state may, by its governing authority:

(a) Provide for the construction, reconstruction, repair, paving, repaving, hard surfacing, rehard surfacing, widening, guttering, and draining of streets, boulevards, and alleys; for grading, regrading, leveling, laying, relaying, paving, repaving, hard surfacing, and rehard surfacing of sidewalks; for constructing or reconstructing

permanent pedestrian canopies over public sidewalks; and in connection with any of the foregoing, provide related lighting, landscaping, street furniture, signage, and other amenities as determined by the governing authority of the municipality;

(b) Order the construction, reconstruction, repair, renovation, excavation, grading, stabilization, and upgrading of greenbelts, swales, culverts, sanitary sewers, storm sewers, outfalls, canals, primary, secondary, and tertiary drains, water bodies, marshlands, and natural areas, all or part of a comprehensive stormwater management system, including the necessary appurtenances and structures thereto and including, but not limited to, dams, weirs, and pumps;

(c) Order the construction or reconstruction of water mains, water laterals, alternative water supply systems, including, but not limited to, reclaimed water, aquifer storage and recovery, and desalination systems, and other water distribution facilities, including the necessary appurtenances thereto;

(d) Pay for the relocation of utilities, including the placement underground of electrical, telephone, and cable television services, pursuant to voluntary agreement with the utility, but nothing contained in this paragraph shall affect a utility's right to locate or relocate its facilities on its own initiative at its own expense;

(e) Provide for the construction or reconstruction of parks and other public recreational facilities and improvements, including appurtenances thereto;

(f) Provide for the construction or reconstruction of seawalls;

(g) Provide for the drainage and reclamation of wet, low, or overflowed lands;

(h) Provide for offstreet parking facilities, parking garages, or similar facilities;

(i) Provide for mass transportation systems;

(j) Provide for improvements to permit the passage and navigation of watercraft; and

(k) Provide for the payment of all or any part of the costs of any such improvements by levying and collecting special assessments on the abutting, adjoining, contiguous, or other specially benefited property.

However, offstreet parking facilities, parking garages, or other similar facilities and mass transportation systems must be approved by vote of a majority of the affected property owners. Any municipality which is legally obligated for providing capital improvements for water, alternative water supplies, including, but not limited to, reclaimed water, water from aquifer storage and recovery, and desalination systems, or sewer facilities within an unincorporated area of the county may recover the costs of the capital improvements by levying and collecting special assessments for the purposes authorized in this section on the specially benefited property; however, collections of the special assessment shall not take place until the specially benefited property connects to the capital improvement.

(2) Special assessments may be levied only for the purposes enumerated in this section and shall be levied only on benefited real property at a rate of assessment based on the special benefit accruing to such property from such improvements when the improvements funded by the special assessment provide a benefit which is different in type or degree from benefits provided to the community as a whole.

(3) Any municipality, subject to the approval of a majority of the affected property owners, may levy and collect special assessments against property benefited for the purpose of stabilizing and improving:

(a) Retail business districts,

(b) Wholesale business districts, or

(c) Nationally recognized historic districts,

or any combination of such districts, through promotion, management, marketing, and other similar services in such districts of the municipality. This subsection does not authorize a municipality to use bond proceeds to fund ongoing operations of these districts.

(4) Notwithstanding any other provision of law, a municipality may not levy special assessments for the provision of fire protection services on lands classified as agricultural lands under s. 193.461 unless the land contains a residential dwelling or nonresidential farm building, with the exception of an agricultural pole barn, provided the nonresidential farm building exceeds a just value of $10,000. Such special assessments must be based

solely on the special benefit accruing to that portion of the land consisting of the residential dwelling and curtilage, and qualifying nonresidential farm buildings. As used in this subsection, the term "agricultural pole barn" means a nonresidential farm building in which 70 percent or more of the perimeter walls are permanently open and allow free ingress and egress.

170.02 Method of prorating special assessments.—Special assessments against property deemed to be benefited by local improvements, as provided for in s. 170.01, shall be assessed upon the property specially benefited by the improvement in proportion to the benefits to be derived therefrom, said special benefits to be determined and prorated according to the foot frontage of the respective properties specially benefited by said improvement, or by such other method as the governing body of the municipality may prescribe.

History.—s. 2, ch. 9298, 1923; CGL 3023.

170.03 Resolution required to declare special assessments.—When the governing authority of any municipality may determine to make any public improvement authorized by s. 170.01 and defray the whole or any part of the expense thereof by special assessments, said governing authority shall so declare by resolution stating the nature of the proposed improvement, designating the street or streets or sidewalks to be so improved, the location of said sanitary sewers, storm sewers, and drains, the location of said water mains, water laterals, and other water distribution facilities, the location of the utilities, the location of the recreational facilities, the location of the seawalls, the location of the drainage project, or the location of the retail or wholesale business districts or nationally recognized historic districts to be improved, and the part or portion of the expense thereof to be paid by special assessments, the manner in which said assessments shall be made, when said assessments are to be paid, what part, if any, shall be apportioned to be paid from the general improvement fund of the municipality; and said resolution shall also designate the lands upon which the special assessments shall be levied, and in describing said lands it shall be sufficient to describe them as "all lots and lands adjoining and contiguous or bounding and abutting upon such improvements or specially benefited thereby and further designated by the assessment plat hereinafter provided for." Such resolution shall also state the total estimated cost of the improvement. Such estimated cost may include the cost of construction or reconstruction, the cost of all labor and materials, the cost of all lands, property, rights, easements, and franchises acquired, financing charges, interest prior to and during construction and for 1 year after completion of construction, discount on the sale of special assessment bonds, cost of plans and specifications, surveys of estimates of costs and of revenues, cost of engineering and legal services, and all other expenses necessary or incident to determining the feasibility or practicability of such construction or reconstruction, administrative expense, and such other expense as may be necessary or incident to the financing herein authorized.

170.04 Plans and specifications, with estimated cost of proposed improvement required before adoption of resolution.—At the time of the adoption of the resolution provided for in s. 170.03, there shall be on file with the town or city clerk, or like officer, of the municipality adopting said resolution, an assessment plat showing the area to be assessed, with plans and specifications, and an estimate of the cost of the proposed improvement, which assessment plat, plans and specifications and estimate shall be open to the inspection of the public.

History.—s. 4, ch. 9298, 1923; CGL 3025; s. 3, ch. 59-396.

170.05 Publication of resolution.—Upon the adoption of the resolution provided for in s. 170.03, the municipality shall cause said resolution to be published one time in a newspaper of general circulation published in said municipality, and if there be no newspaper published in said municipality, the governing authority of said municipality shall cause said resolution to be published once a week for a period of 2 weeks in a newspaper of general circulation published in the county in which said municipality is located.

History.—s. 5, ch. 9298, 1923; CGL 3026.

170.06 Preliminary assessment roll.—Upon the adoption of the resolution aforesaid, the governing authority of the municipality shall cause to be made a preliminary assessment roll in accordance with the method of assessment provided for in said resolution, which assessment roll shall be completed as promptly as possible; said assessment roll shall show the lots and lands assessed and the amount of the benefit to and the assessment against each lot or parcel of land, and, if said assessment is to be paid in installments, the number of annual installments in which the assessment is divided shall also be entered and shown upon said assessment roll.

History.—s. 6, ch. 9298, 1923; CGL 3027; s. 3, ch. 67-552; s. 4, ch. 87-103.

170.07 Publication of preliminary assessment roll.—Upon the completion of said preliminary assessment roll, the governing authority of the municipality shall by resolution fix a time and place at which the owners of the property to be assessed or any other persons interested therein may appear before said governing authority and be heard as to the propriety and advisability of making such improvements, as to the cost thereof, as to the manner of payment therefor, and as to the amount thereof to be assessed against each property so improved. Thirty days' notice in writing of such time and place shall be given to such property owners. The notice shall include the amount of the assessment and shall be served by mailing a copy to each of such property owners at his or her last known address, the names and addresses of such property owners to be obtained from the records of the property appraiser or from such other sources as the city or town clerk or engineer deems reliable, proof of such mailing to be made by the affidavit of the clerk or deputy clerk of said municipality, or by the engineer, said proof to be filed with the clerk, provided, that failure to mail said notice or notices shall not invalidate any of the proceedings hereunder. Notice of the time and place of such hearing shall also be given by two publications a week apart in a newspaper of general circulation in said municipality, and if there be no newspaper published in said municipality the governing authority of said municipality shall cause said notice to be published in like manner in a newspaper of general circulation published in the county in which said municipality is located; provided that the last publication shall be at least 1 week prior to the date of the hearing. Said notice shall describe the streets or other areas to be improved and advise all persons interested that the description of each property to be assessed and the amount to be assessed to each piece or parcel of property may be ascertained at the office of the clerk of the municipality. Such service by publication shall be verified by the affidavit of the publisher and filed with the clerk of said municipality.

History.—s. 7, ch. 9298, 1923; CGL 3028; s. 4, ch. 59-396; s. 1, ch. 77-102; s. 5, ch. 87-103; s. 914, ch. 95-147; s. 1, ch. 98-52.

170.08 Final consideration of special assessments; equalizing board to hear complaints and adjust assessments; rebate of difference in cost and assessment.—At the time and place named in the notice provided for in s. 170.07, the governing authority of the municipality shall meet and hear testimony from affected property owners as to the propriety and advisability of making the improvements and funding them with special assessments on property. Following the testimony, the governing authority of the municipality shall make a final decision on whether to levy the special assessments. Thereafter, the governing authority shall meet as an equalizing board to hear and consider any and all complaints as to the special assessments and shall adjust and equalize the assessments on a basis of justice and right. When so equalized and approved by resolution or ordinance of the governing authority, a final assessment roll shall be filed with the governing authority of the municipality, and such assessments shall stand confirmed and remain legal, valid, and binding first liens upon the property against which such assessments are made until paid; however, upon completion of the improvement, the municipality shall credit to each of the assessments the difference in the assessment as originally made, approved, and confirmed and the proportionate part of the actual cost of the improvement to be paid by special assessments as finally determined upon the completion of the improvement, but in no event shall the final assessments exceed the amount of benefits originally assessed. Promptly after such confirmation, the assessments shall be recorded by the city clerk in a special book, to be known as the "Improvement Lien Book," and the record of the lien in this book shall constitute prima facie evidence of its validity. The governing authority of the municipality may by resolution grant a discount equal to all or a part of the payee's proportionate share of the cost of the project consisting of bond financing costs, such as capitalized interest, funded reserves, and bond discount included in the estimated cost of

the project, upon payment in full of any assessment during such period prior to the time such financing costs are incurred as may be specified by the governing authority.

History.—s. 8, ch. 9298, 1923; CGL 3029; s. 5, ch. 59-396; s. 1, ch. 78-330; s. 73, ch. 81-259; s. 6, ch. 87-103.

170.09 Priority of lien; interest; and method of payment.—The special assessments shall be payable at the time and in the manner stipulated in the resolution providing for the improvement; shall remain liens, coequal with the lien of all state, county, district, and municipal taxes, superior in dignity to all other liens, titles, and claims, until paid; shall bear interest, at a rate not to exceed 8 percent per year, or, if bonds are issued pursuant to this chapter, at a rate not to exceed 1 percent above the rate of interest at which the improvement bonds authorized pursuant to this chapter and used for the improvement are sold, from the date of the acceptance of the improvement; and may, by the resolution aforesaid and only for capital outlay projects, be made payable in equal installments over a period not to exceed 30 years notwithstanding any special act to the contrary, to which, if not paid when due, there shall be added a penalty at the rate of 1 percent per month, until paid. However, the assessments may be paid without interest at any time within 30 days after the improvement is completed and a resolution accepting the same has been adopted by the governing authority.

History.—s. 9, ch. 9298, 1923; CGL 3030; s. 6, ch. 59-396; s. 1, ch. 61-349; s. 4, ch. 67-552; s. 3, ch. 80-318; s. 74, ch. 81-259; s. 5, ch. 82-195; s. 2, ch. 82-198; s. 33, ch. 83-204; s. 29, ch. 99-378.

170.10 Legal proceedings instituted upon failure of property owner to pay special assessment or interest when due; foreclosure; service of process.—Each annual installment provided for in s. 170.09 shall be paid upon the dates specified in said resolution, with interest upon all deferred payments, until the entire amount of said assessment has been paid, and upon the failure of any property owner to pay any annual installment due, or any part thereof, or any annual interest upon deferred payments, the governing authority of the municipality shall cause to be brought the necessary legal proceedings by a bill in chancery to enforce payment thereof with all accrued interest and penalties, together with all legal costs incurred, including a reasonable solicitor's fee, to be assessed as part of the costs and in the event of default in the payment of any installment of an assessment, or any accrued interest on said assessment, the whole assessment, with the interest and penalties thereon, shall immediately become due and payable and subject to foreclosure. In the foreclosure of any special assessment service of process against unknown or nonresident defendants may be had by publication, as now provided by law in other chancery suits. The foreclosure proceedings shall be prosecuted to a sale and conveyance of the property involved in said proceedings as now provided by law in suits to foreclose mortgages; or, in the alternative, said proceeding may be instituted and prosecuted under chapter 173.

History.—s. 10, ch. 9298, 1923; CGL 3031; s. 7, ch. 59-396.

170.11 Bonds may be issued to an amount not exceeding the amount of liens assessed for the cost of improvements to be paid by special assessment.—After the equalization, approval and confirmation of the levying of the special assessments for improvements as provided by s. 170.08 and as soon as a contract for said improvement has been finally let, the governing authority of the municipality may by resolution or ordinance authorize the issuance of bonds, to be designated "Improvement bonds, series No. ," in an amount not in excess of the aggregate amount of said liens levied for such improvements. Said bonds shall be payable from a special and separate fund, to be known as the "Improvement fund, series No. ," which shall be used solely for the payment of the principal and interest of said "Improvement bonds, series No. " and for no other purpose. Said fund shall be deposited in a separate bank account; and all the proceeds collected by the city from the principal, interest, and penalties of said liens shall be deposited and held in said fund. Said bonds so issued shall never exceed the amount of liens assessed, and said bonds shall mature not later than 2 years after the maturity of the last installment of said liens. Said bonds shall bear certificates signed by the clerk of the municipality certifying that the amount of liens levied, the proceeds of which are pledged to the payment of said bonds, are equal to the amount of the bonds issued. The bonds may be delivered to the contractor in payment for his or her work or may be sold at public or private sale for not less than 95 percent of par and accrued interest, the proceeds to be used in paying for the cost of the work. Said bonds shall not be a general obligation of the city, but shall be payable solely out of said

assessments, installments, interest, penalties, provided that said bonds may be secured by any other revenues that may be legally available for such purpose. Any surplus remaining after payment of all bonds and interest thereon shall revert to the city and be used for any municipal purpose. Bonds issued under this section may be refunded from time to time as provided in this section.

History.—s. 11, ch. 9298, 1923; CGL 3032; s. 8, ch. 59-396; s. 5, ch. 67-552; s. 1, ch. 78-330; s. 3, ch. 92-156; s. 915, ch. 95-147.

170.14 Governing authority of municipality required to make new assessments until valid assessment is made if special assessment is omitted or held invalid.—If any special assessment made under the provisions of this chapter to defray the whole or any part of the expense of any said improvement shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the governing authority of any municipality shall be satisfied that any such assessment is so irregular or defective that the same cannot be enforced or collected, or if the governing authority of a municipality shall have omitted to make such assessment when it might have done so, the governing authority of the municipality shall take all necessary steps to cause a new assessment to be made for the whole or any part of any improvement or against any property benefited by any improvement, following as nearly as may be the provisions of this chapter and in case such second assessment shall be annulled, said governing authority of any municipality may obtain and make other assessments until a valid assessment shall be made.

History.—s. 14, ch. 9298, 1923; CGL 3035; s. 11, ch. 59-396.

170.15 Expenditures for improvements.—The governing authority of any municipality may pay out of its general funds or out of any special fund that may be provided for that purpose such portion of the cost of any improvement as it may deem proper.

History.—s. 15, ch. 9298, 1923; CGL 3036; s. 12, ch. 59-396.

170.16 Assessment roll sufficient evidence of assessment and other proceedings of this chapter; variance not material unless party objecting materially injured thereby.—Any informality or irregularity in the proceedings in connection with the levy of any special assessment under the provisions of this chapter shall not affect the validity of the special assessment where the assessment roll has been confirmed by the governing authority. Dear Mayor Miller and City Council Members:

Upon receipt of the Legal Notice regarding the Stormwater Assessment -I had some thoughts.

#1 in the paragraph regarding the effect that could be expected on the General Fund Revenues-it seems to me that in order to properly evaluate the proposed assessment-the staff should have prepared a detailed review-prior to sending this to the Council for action.

#2 The decision to provide funding as proposed-changes the funding from an ad valorem tax to a regressive tax akin to a sales tax.
It seems patently unfair that a 6,000 sq.ft. house would pay the same amount as a 1,000 sq.ft. bungalow. It also seems unfair that certain condominium units that could total 4,000 sq ft or more would pay a lesser amount than that 1,000 sq ft bungalow.

#3 No mention has been made if this is to be another item that is automatically raised by 10% per annum as so many City billings have been done previously.

More to the point, all of the Special Assessments that I have previously been aware of have been for a one-time item for a discrete amount. This appears to be a continuing tax item that may be adjusted in the future with minimal public input.

A comment that came from one of the City Council members suggested that having this item heard during the "dog days of summer" when most island residents are not here-is not extraordinary because" governing goes on all year. It seems to me that a "tax increase" for something that is ongoing and is already funded through the General Revenue Fund-is not critical and easily could wait until after Thsnksgiving.

I would respectfully suggest that this item be tabled and a serious review of the effect that this would have on the general revenue and mileage rate be determined.
I would also suggest that the City Council review the proposal regarding the funding schedule to see if a more equitable method could be employed.

Sincerely,

Alan S. Wortzel

Sanibel City Clerk and Mayor MikeMiller

We are the owners of parcel 10021298, located at 1020 Bird Watch way Sanibel Florida. We have been owners of this property for in excess of 20 years. We hereby register our objection to the city of Sanibel's proposed "Stormwater" assessment, for what is described as Stormwater management.

There are a number of reasons for this objection, which are identified herein. First stormwater management does not identify what it means by the use of the term. "Stormwater" other than likely to try to get around legal objections to more accurately describe the proposal as a general funding assessment/tax. However, the use of the general term "stormwater" without identification does not provide sufficient clarity to determine what "stormwater" actually means in its use.

Additionally, the assessment seeks to make the assessment based upon an ERU which has no bearing or relationship to the actual use of the property and our Individual lot; development thereon I can assure you does not match the ERU as defined. The impervious area of our particular lot is nowhere near the estimated 6300 square feet. We cannot determine the relationship of our lot to the needed funding and use of funds given the lack of information on the specific use of the funds sought.

Further, the proposal does not identify what specific needs give rise to the proposed special assessment other than identifying improvements for stormwater and future infrastructure projects. What specific improvements and infrastructure is required that demands a special assessment beyond that which is already paid by the yearly property taxes.

We oppose any such assessment.

Subject: Objection to Proposed $1.7 Million Annual Stormwater Special Assessment

Dear Mayor and Members of the Sanibel City Council:

I am writing to formally object to the proposed $1.7 million annual stormwater special assessment.

I recognize the importance of maintaining Sanibel's drainage and stormwater infrastructure. However, residents should not be asked to accept another substantial, recurring financial obligation with no end date.

Sanibel property owners already pay significant property taxes, often on very highly valued properties. At the same time, residents have personally spent enormous amounts repairing, rebuilding, and recovering from Hurricanes Ian, Debby, Helene, and Milton. Many homeowners are still dealing with increased insurance costs, deductibles, repairs, construction expenses, and other storm-related financial burdens. The City should recognize this cumulative burden before adding another annual charge.

I am particularly concerned that the proposed assessment appears to have no clearly established sunset date. An annual assessment without a defined completion date can easily become a permanent tax-like obligation. Residents deserve evidence that the proposed expenditures will actually produce measurable improvements. General statements about the importance of stormwater management are not sufficient justification for collecting $1.7 million every year. The City should provide specific engineering plans, project priorities, cost estimates, expected results, and a system for publicly measuring those results.

The City should also exhaust federal, state, FEMA, EPA, and other grant opportunities before placing another burden on local property owners. Sanibel has already received substantial outside funding for hurricane recovery and infrastructure, and every reasonable source of outside funding should be pursued before creating a new recurring assessment.

Finally, before imposing another charge, the City should consider the possibility of leveraging existing tax revenues, stormwater revenues, reserves, grants, and other available resources to fund the proposed work.

Sanibel residents have demonstrated extraordinary commitment to this community. Now is the time for fiscal restraint, transparency, and accountability—not another open-ended annual assessment.

I respectfully urge the Mayor and City Council to **reject the proposed $1.7 million annual stormwater assessment**.

Thank you for your consideration.

Respectfully,

Denise Wood

Mr. Dana Sauza
City Manager
800 Dunlop Rd.
Sanibel, FL 33957

Dear Mr. Sauza:

During the city council meeting of 7/21/26, the city council discussed a proposal to establish. A special city assessment for stormwater management under the provisions of the State of Florida statute section 170.01 through 170. 21 to replace the existing 2026 stormwater budget line item under the general fund budget, which currently amounts to $773,150.00. This revenue is currently generated from property taxes charged to residents, which limits the amount of tax increases per year under Florida law and takes into account the homestead exemption for qualified residences. The current property tax scheme uses the assessed value of the property to determine the tax assessment on the property.

During the meeting presentation, it appears that the city consultant suggested using a Special assessment to circumvent the state's limits on how much property tax rates can be increased each year for residents and does not establish a sunset (end of assessment period). The assessment values are not limited, and the assessment value method that the consultant was suggesting is arbitrary and capricious. The tax scheme presented appeared to penalize the single-family homeowner and not to take into consideration the effect that other properties, such as commercial shopping centers and business properties, contribute to the stormwater impact on our island. It places the financial burden on the single-family homeowner during a time of high inflation and economic uncertainty in the past few years.

The consultant suggested that the use of Florida State Statute 170.01 appears to be a distortion of the state's legislative intent when the statute was created, which states it was to provide municipalities with the authority to levy SPECIAL ASSESSMENTS FOR PUBLIC IMPROVEMENTS, INFRASTRUCTURE CONSTRUCTION PROJECTS, while it outlined the procedures for assessment and bonding issues. I understand that the city is developing a stormwater management plan; however, I have not seen any infrastructure plans such as stormwater piping systems, creation of reservoirs, or other physical infrastructure projects that

Thomas P. Heeney

may be designed or submitted to the public at this time to justify building a reserve fund for future projects when several FEMA, federal, and state grants are available or will be available in the future that can offset future infrastructure needs for stormwater management on the island.

I am recommending that the city council reject these proposals and continue to fund stormwater management through the normal tax revenue sources, increase user fees for parking, the use of the recreation center, fines, and other revenues that the city is currently using to provide for a strong financial position in the yearly budget process for the city.

Sincerely yours,

Hello

We are opposed to the assessment . Our property tax is for this type of infrastructure. What starts as a small $277.55 will soon be $1200. We all know this is what happens.
We should go for state and federal grants etc etc.
We appreciate all your hard work.

BACKGROUND: (EDUCATION & EXPERIENCE)

Required Information

My background blends business education with decades of hands-on experience in the building industry. I studied Business at the University of Alaska Fairbanks, which gave me a strong foundation in planning, budgeting awareness, and organizational decision-making — skills that translate well to evaluating community needs and long-term recreational planning. Professionally, I spent many years as a Territory Sales Manager for major building-product manufacturers across the Western United States and Canada. That role required a deep understanding of construction materials, project coordination, and how facilities are designed, maintained, and improved over time. It also strengthened my ability to work with diverse stakeholders and balance practical needs with long-term community goals. I also hold the Certified Green Professional (CGP) designation, reflecting my commitment to sustainable building practices and environmentally responsible design. Those principles align closely with Sanibel's values and the thoughtful stewardship required for our parks, trails, and recreational spaces.

COMMUNITY INVOLVEMENT

Required Information

I'm actively engaged in community service and local leadership here on Sanibel. I currently represent the City of Sanibel on the MPO Citizen Advisory Committee, attending monthly meetings in Cape Coral and advocating for transportation priorities that support safety, connectivity, and quality of life for our island residents. In 2025, I was elected to the HOA Board for the Sanibel Bayous Community, where I work closely with neighbors on property stewardship, community standards, and long-term planning. I also serve as President of the 1149 Periwinkle Commercial Condo Association, helping guide maintenance decisions, budgeting, and coordination among business owners. Beyond formal roles, I volunteer with SCCF through native plantings, beach cleanups, and other conservation-focused efforts. Giving back to the island's natural environment is important to me, and I enjoy being part of hands-on work that supports Sanibel's mission of preservation and responsible care.

WHY ARE YOU INTERESTED IN THIS APPOINTMENT?

Required Information

I've learned through my work on the MPO-CAC that local representation truly matters. When concerns came up about the new speed meridians on San Carlos Blvd., I suggested adding reflective yellow paint to improve nighttime visibility — a simple, inexpensive fix that made a real difference. Seeing that recommendation implemented reminded me how meaningful it is when community members stay involved and help shape practical solutions. I'm interested in serving on the Parks and Recreation Advisory Committee because I use our parks and trails several times a week, and I care deeply about the spaces that make Sanibel such a special place to live. Whether it's picking up trash along a trail or filling in turtle holes on the beach, I try to do my part to keep our island safe, clean, and enjoyable. Those small, everyday actions reflect how much I value what Sanibel offers — not just for residents, but for visitors who come here to experience the same beauty and peace we're lucky to enjoy. I'd like to bring that same hands-on mindset, along with my experience in community leadership, to support the City's efforts in maintaining and improving our parks, trails, and recreational areas. Contributing to the care and future of these shared spaces feels like a natural extension of how I already engage with the island.

Required Information

In addition to serving on PARC currently, I'm President-Elect of the SanCap Kiwanis and chair the Kiwanis Grants Committee. I'm a newly elected board member for COTI and a staunch supporter of CHR, serving when I am able to on their fund-raising committee.

WHY ARE YOU INTERESTED IN THIS APPOINTMENT?

Required Information

It has been my honor and privilege to serve on the Parks and Recreation Advisory Committee over the past three years, and I am seeking reappointment to continue seeing several vital, long-term initiatives through to fruition. During my tenure, I have worked hard to contribute strategic input, thorough research, and a collaborative approach to the committee's work. We are currently at a critical juncture with a number of important projects that I am eager to help guide to reality, including: * Updating and considering policies regarding the shared-use path, including ebikes. * Prioritizing projects for the 5-year capital planning process. * Updating The Sanibel Plan as it pertains to Recreation. * Analyzing the potential addition of a dog park. * Addressing City Council's directive to evaluate the strategic differences between an "amenity" and an "attraction" for our island. My dedication to this work is deeply personal. I bring a unique, well-rounded perspective to the committee—professionally as a full-time working professional and personally as a tourist-turned-resident and a parent of a student at The Sanibel School. Our family regularly takes advantage of Sanibel’s recreational resources: We regularly utilize the Rec Center’s after-school programs, karate, kick-boxing, functional fitness classes, summer camps, and lap swimming. I'm also an avid outdoor enthusiast who runs and bikes on the shared-use path, kayaks our peaceful waterways, and explores our beaches and trails. There is still a lot of important work to be done, and I would love the opportunity to continue leveraging both my personal passion and my three years of committee experience to serve the City of Sanibel.

AGENDA MEMORANDUM ***City Manager***

City Council Regular Meeting Date: August 18, 2026

To: City Council

From: Dana A. Souza, City Manager

Date: July 29, 2026

SUBJECT: Resolution 26-025 considering a request from Community Housing and Resources (CHR) to forgive the remaining debt of $72,713.50 for the Casa Mariposa property.

BACKGROUND: The City Council has been asked to consider a request from Community Housing Resources, Inc. (CHR) to forgive $72,713.50 in debt associated with the Casa Mariposa project. In 1999, the City loaned CHR $650,000 for the project and established a repayment schedule.

CHR's letter states that forgiveness of the remaining loan debt would allow CHR to prioritize funding for operational sustainability and resident services. CHR's request letter is included in the agenda packet.

Following Hurricane Ian in 2022, the City requested an amendment to its agreement with CHR to reduce the City's annual contribution by 20%, beginning in FY24, due to the financial impacts of the storm on the City. In response to the proposed funding reduction, CHR began requesting financial relief from the City. On September 11, 2023, the City Council approved Resolution 23-058, amending the agreement and reducing the City's FY23 contribution of $414,477 to $331,582 in FY24, a reduction of $82,895. Pursuant to Resolution 23-058, the City's annual contributions to CHR have been as follows:

Fiscal Year	FY23	FY24	FY25	FY26	FY27 (Proposed)
Amount	$414,477	$331,582	$373,020	$414,477	$424,839

In response to CHR's request for debt forgiveness, the City Council forgave the Casa Mariposa debt payments shown in the table below. If the City Council does not approve any debt relief, CHR will be obligated to make its $20,000 annual debt payment to the City in 2026.

Year	2023	2024	2025	Total
Amount	$20,000	$20,000	$20,000	$60,000

FUNDING SOURCE: To fund CHR's request, FY27 cash flows will be reduced by the amount, if any, approved by the City Council through Resolution 26-025.

RECOMMENDED ACTION: Consider Resolution 26-025.

RE: Request for $72,713.50 Loan Forgiveness – Casa Mariposa

Dear Mayor, City Council Members, and City Manager Souza,

On behalf of Community Housing & Resources (CHR), I respectfully submit this request for the City of Sanibel to forgive $72,713.50 of the bond loan associated with the Casa Mariposa property.

Casa Mariposa serves a vital role in our community by providing safe, stable, and affordable housing exclusively for older adult residents. As you know, CHR is committed to ensuring that Sanibel remains a place where our workforce and aging residents can continue to live with dignity and security. Casa Mariposa is one of the few dedicated senior housing options on the island, and it supports our mission of addressing housing needs for all income-eligible populations.

Loan forgiveness from the City would significantly ease the financial burden on CHR, allowing us to continue prioritizing operational sustainability and resident services. This request comes at a time when affordable housing providers are navigating increased costs while striving to maintain accessible rents for our most vulnerable populations. We deeply value the City's long-standing partnership and support for CHR's work. The City's commitment to housing affordability has been instrumental in preserving the character and diversity of our island community.

We hope you will consider this request as part of Sanibel's broader efforts to support housing stability and livability for all residents. We are happy to provide any additional information or documentation needed to support this request.

Thank you for your continued partnership and leadership.

Sincerely,

Nicole Mchale

EXHIBIT A TO RESOLUTION

AGREEMENT

(Amended 9/11/2023)

THIS AGREEMENT made and executed this _____ day of **September 2022**, by and between the CITY OF SANIBEL (hereinafter "City"), a Florida municipal corporation, and COMMUNITY HOUSING AND RESOURCES, INC. (hereinafter "CHR"), a not-for-profit corporation organized and existing under the laws of the State of Florida.

WITNESSETH

WHEREAS, The City has enacted its Sanibel Code establishing a procedure for facilitating the construction, rental and sale of Below Market Rate Housing (BMRH) units for low and moderate income persons/families; and

WHEREAS, said ordinance provides for the administration of a BMRH program within the City by a housing foundation; and

WHEREAS, the Sanibel Plan, as amended, Part 3.6., Section 3.6.1. Housing Goals, Objective and Polices, provides for the development of plans to achieve the City's Below Market Rate Housing Program; and

WHEREAS, Community Housing and Resources, Inc., a non-profit agency, has served successfully as the City's Housing Foundation since December 1983; and

WHEREAS, the City finds that CHR meets all of the requirements of the Sanibel Code for serving as the City's Housing Foundation; and

WHEREAS, the Sanibel Plan contains provisions for meeting a portion of the affordable housing needs in the City; and

WHEREAS, affordable housing is essential for the recruitment and retention of the Sanibel workforce due to the cost of housing for employees working on the island; and

WHEREAS, the City finds that the cost of land and development in the City and the prevailing market values of dwelling units therein renders the provision of BMRH affordable housing units for low and moderate income individuals and employee housing virtually impossible without some limited public assistance; and

WHEREAS, the City finds that it serves an essentially public purpose in order to comply with Florida's Community Planning Act and to accomplish the purposes and objectives of the Sanibel Code to make limited funds available for a limited time to the City's Housing Foundation for use in encouraging and assisting the operations and improvements of on-island BMRH units and employee housing; and

WHEREAS, the City and CHR desire to enter into an Agreement to implement such program, with CHR acting as the City's Housing Foundation and the City participating financially to the limited extent specified therein.

NOW, THEREFORE, in consideration of the mutual covenants and obligations specified herein, the parties hereto hereby agree as follows:

1. The City hereby designates and appoints CHR to continue to serve as its Housing Foundation under the terms of Chapter 102 of the Sanibel Code.

    (a) For the first fiscal year of this Agreement, commencing October 1, 2022 and ending September 30, 2023, $414,477 will be paid to CHR by the City as the administrative budget (hereinafter referred to as the "administration budget").

(b) This amount represents a 5% increase above the administrative budget payment in fiscal year 2022.

(c) Due to the monetary impacts of Hurricane Ian, the City will pay CHR the annual amounts in accordance with the following payment schedule: $331,582 for FY 2024; $373,020 for FY 2025; and $414,477 for FY 2026. ~~This amount represents a 5% increase above the administrative budget payment in fiscal year 2022.~~

(d~~e~~) Annually, beginning in FY 2027, CHR 's annual administrative budget payment by the City will be increased, for the term of this agreement, by the lesser amount of either:

In the event the CPI-U decreases in any year during the term of this agreement, the administrative budget payment will be the same as the previous year. (Example – the CPI-U in the annual period is -1.5%, the annual payment will be the same as the previous year).

ii. 5%.

(c~~d~~) Payment to CHR by the City for the administrative budget shall be made in quarterly installments, each equal to one quarter of the administrative budget for the fiscal year. Each quarterly installment shall be paid by the City to CHR within the first week of each quarter of the City's fiscal year.

(fe) The City agrees to assist CHR, during the term of this Agreement, in securing suitable office space by providing either:

iii. A City-owned facility with shared bathroom and kitchen services (refrigerator and sink) or other available space for CHR office-related operations and staff work, not less than 800 square feet. iv. The City shall pay to CHR annually, an amount equal to:

1) The fair market cost of leasing 800 square feet of commercial office space in the City.

2) The cost to provide utilities (water, sewer, and electric), telephone, and internet services for 800 square feet of commercial space. (Example – CHR leases 2,400 square feet – the City will pay 1/3 of the utility costs)

4. Within twenty (20) days after the end of each of CHR's fiscal quarters during the term of this Agreement, CHR shall submit to the City Manager a balance sheet prepared in accordance with Generally Accepted Accounting Principles. The balance sheet shall be comparative to the prior year with notes accompanying all account variances that both exceed 10% and are greater than $500. In addition, CHR shall provide an income statement in accordance with Generally Accepted Accounting Principles and a detailed aged accounts payable listing. The income statement shall compare quarterly and year-to-date income and expenses to both prior year and budget with notes accompanying account variances that both exceed 10% and are greater than

$500.

5. CHR agrees to continue to negotiate terms with developers and to maintain its own subsidized rent and mortgage payments at levels that provide sufficient income to CHR to enable it to accomplish all debt repayment schedules.

6. Both CHR and the City find it appropriate and necessary to enhance and promote the transparency of CHR meetings and operations for the benefit of CHR, the City and the public in general. In furtherance thereof, CHR shall adhere to the following requirements during the term of this agreement:

   (a) CHR shall continue to follow a standard procedure by which agendas for all meetings of the CHR Board shall be noticed and such notice shall provide the time, date, and place of such meeting, generally describing the purpose of the meeting (which may be done through a posted agenda) and a prominently displayed statement that the public may attend such meeting. As noted above, meeting agendas shall also be posted, together with the agenda back-up or supporting

materials and any other required or relevant information.

7. CHR will annually report on the status of providing additional BMRH units within the City and the progress made on attainment of the program target, as defined in the Sanibel Plan. This report will be delivered to City Council during November of each year of this agreement.

8. If, during the term of this agreement, the City updates or amends the Housing Element of the Sanibel Plan during a Comprehensive Plan review or the Evaluation and Appraisal Report (EAR) process, CHR shall, within 120 days from the date the City Council approves said update or amendment to the Housing Element of the Sanibel Plan, present to the City a plan which outlines how the BMRH updated or amended goals will be achieved.

All new landscaping must be 100% native vegetation as per City policy.

12. CHR will require as a provision of each lease, to require tenants evacuate the Island, if mandatory evacuation is declared by City Council during a state of emergency.

13. By or before May 15 annually, CHR will provide an updated and current hurricane plan to require the evacuation of all BMRH residents.

14. As the BMRH structures age, all utility connections and building maintenance is

the responsibility of CHR.

15. This Agreement may be renegotiated in response to unforeseen needs of the City's Below Market Rate Housing program.

Dear City Council,

I oppose the debt forgiveness request by CHR that is being considered at the August 18 City Council meeting. If CHR did not spend so much on the ill-conceived Riverview II project, which is still being debated, which I also oppose, they would not have any financial difficulties whatsoever. Whatever their difficulties are, they need to solve them without taxpayer contributions.

I suggest disbanding CHR and outsourcing the management of these properties to property management professionals, of which there are plenty on the Island, thereby saving the city money, and upgrading the quality of housing for the CHR residents.

Subject: Public Comment for August 18, 2026 City Council Meeting

I am writing today to oppose CHR's request for loan forgiveness which is an agenda item on the August 18, 2026 City Council meeting agenda, and ask City Council to vote against it. In addition, I note several other CHR matters that are currently under discussion, which weigh against debt forgiveness.

Unverified Housing Math: The City and CHR have compelled civic-minded residents to support the 333% density variance for Riverview II by claiming it is required to hit our historic 3% Below Market Rate Housing (BMRH) goal. However, neither entity has publicly disclosed the formula used. Post-Hurricane Ian, our total housing inventory shrank. Independent calculations indicate that Sanibel has already met or exceeded the 3% threshold. Taxpayers deserve to see the official data before being told this massive footprint is a "necessity." The calculation of the current CHR Housing percentage is as follows: 76 CHR units / (6,302 housing units from the Stantec report x 40% full-time residents) x 100 = **3%**. After Riverview I is complete in a few months, the calculation is 76 + 15 CHR units / (6,302 housing units x 40%) x 100 = **3.6%.**

The Guarantor Contradiction: At this City Council meeting, CHR is asking Sanibel taxpayers to wipe away a $72,713 loan obligation. Simultaneously, the City will have to act as a sub-recipient which makes it a financial guarantor for CHR's $9.75 million federal grant. If CHR cannot service a minor $72,713 debt, it exposes an alarming financial strain. If CHR defaults or fails to meet the May 2029 federal deadline, that $9.75 million grant converts into a local loan that Sanibel taxpayers are legally obligated to repay. At any rate, the substantial expenses incurred by CHR in pursuing Riverview II has been unnecessary because the 3% target has been met. If it had not been incurred, CHR would not need to "significantly ease the financial burden on CHR" as stated by Nicole Mchale in her May 27, 2026 request to City Manager Dana Souza and City Council. Taxpayers should not be held accountable for this expense.

Scope of the Working Group: The upcoming joint working group must not be restricted solely to Lee County's Fair Housing/disparate impact discussion. The two issues raised above should be added to the working group agenda.

City Council has approved Riverview II under the mistaken or false premise that it was necessary to meet the 3% goal, when in fact it was reached even before Riverview 1 was commenced. The project must be reassessed with that realization. Having attained the 3%, Sanibel's overarching mission of preserving nature through resisting development becomes paramount. Some might say that the 3% target for CHR units stated in the Sanibel Plan was a

base number. However, if that was the case, the Plan would have stated it. The Plan is clear, it is not ambiguous, and is to be read at face value. There are good reasons for this. Additional units increase taxes for Sanibel residents, and increase housing density, thereby working against Sanibel's paramount goal of preserving the natural environment.

The working group must conduct a full, transparent audit of CHR's current finances and disclose other City/CHR financial transactions, and also the realistic increase in the annual city contribution to CHR expenses if Riverview II were to be built. The residents of Sanibel are paying attention to this project, having expressed a lot of opposition at the time of the July 21, 2026 City Council meeting, submitting 35 emails either against the project outright, or against if it is not for Sanibel Island workers. This is a surprising number given that snowbirds are generally less informed of current events on Sanibel during the summer.

Carolyn Marino

Dear City Council,

I understand that CHR is on the agenda asking for forgiveness of $72,713 of debt for the Riverview 1 project. I strongly oppose this approval as the residents would be shouldering the burden along with the most recent assessment from the Storm Water Management as well as potential requests for the Riverview 2 project. Some residents are still recuperating from Hurricane Ian damage and I do not feel that we should forgive a debt that the CHR should have been managing. Does this mean that overruns are the residents' responsibility going forward?

Additionally, I would like to protest, again, The Riverview 2 Project. Several points are as follows:
1. Not in accordance with the Sanibel Plan. The Plan calls for a 3% goal for CHR housing, and this will happen when Riverview 1 is completed.
2. City Council and CHR look to be creating a housing "project" that is inconsistent with Sanibel's small town and sanctuary feel. It appears that the planning board's testimony at previous meetings has stated that this project does not conform to the appearance requirements. It also does not conform to the CHR housing requirements. If we have a "Sanibel Plan" why are we deviating?
3. Earlier meetings stated that the Riverview projects were for people who WORK on Sanibel. Now there is another deviation?
4. What are these buildings doing to negatively affect the residents surrounding these projects? Definitely destroying their views and potentially property values. Why are these tax paying residents not considered?

I would appreciate a response to my questions from anyone on the council.

Thank you in advance for distributing my concerns.

We bought a house on Sanibel in January and absolutely love Sanibel and all of the things that make it unique. We were not considering buying in Florida until my husband remembered that Sanibel has everything we love about Florida and nothing we dislike. This is a general comment to please keep Sanibel the way it is.

Therefore, we have the following input:

1. We actually love to arrive on the island and have people directing traffic. We do not favor a roundabout.
2. Speed limits should be slow, no passing zones are good. Keep us Sanibel.
3. We don't favor forgiveness of the debt. Doing so is spending the money of the taxpayers.
4. We are opposed to flock cameras. One of the things we love about Sanibel is the low crime and the excellent police force. While we very much value safety and security, we do not think those things should come at the expense of our privacy. Therefore, we ask that you strongly consider banning the flock cameras.

AGENDA MEMORANDUM ***City Manager***

City Council Regular Meeting Date: August 18, 2026

To: City Council

From: Dana A. Souza, City Manager

Date: August 4, 2026

SUBJECT: Advisory Referendum – Periwinkle Way/Causeway Boulevard/Lindgren Boulevard Roundabout

CURRENT STATUS:

At its July 21, 2026, meeting, the City Council received the results of the completed topographic survey and conceptual roundabout overlay for the Periwinkle Way/Causeway Boulevard/Lindgren Boulevard intersection. The survey confirmed that the conceptual roundabout can be accommodated within the existing public right-of-way without requiring acquisition of land from Pond Apple Park. Following its discussion, the City Council directed staff to proceed with preparation of an advisory referendum for the March 2, 2027, General City Election regarding whether the City should construct a roundabout at the intersection. The July 21, 2026, agenda memorandum, which provides the full background regarding the intersection study and referendum, is included in the agenda packet for this item.

The City Council is asked to review and select the preferred referendum language for the Advisory Referendum. The draft resolution calls an advisory referendum asking Sanibel voters whether the City should construct a roundabout at the intersection of Periwinkle Way, Causeway Boulevard, and Lindgren Boulevard. The referendum is advisory only and, if approved by Sanibel's electors, would not authorize construction, appropriate funds, or otherwise bind the City Council to future budgetary action.

The ballot language is limited to 75 words. Four alternatives are included in the draft resolution for City Council consideration:

Option 1 – Explains that the City Council is considering replacing the existing four-way stop-controlled intersection with a roundabout, states that the Council is seeking voter input before deciding whether to proceed, and explains that a YES vote supports constructing a roundabout while a NO vote opposes construction. The question asks whether the City should proceed with constructing a roundabout at the intersection.

Option 2 – Presents the choice more directly as whether to replace the existing four-way stop-controlled intersection with a roundabout. It explains that a YES vote supports replacing the existing intersection with a roundabout and a NO vote supports retaining the existing four-way stop-controlled intersection.

Option 3 – Incorporates the results of the completed topographic survey by advising voters that the City has studied replacing the intersection with a roundabout and that a roundabout can be constructed within the existing public right-of-way. The question then asks whether the City Council should replace the existing four-way stop-controlled intersection with a roundabout.

Option 4 – Begins by describing the existing condition of the intersection as a four-way stop and explains that the City is considering replacing it with a roundabout. It further states that a YES vote advises the City Council of support for constructing a roundabout and a NO vote advises the City Council of opposition to constructing a roundabout. The question asks whether the City should proceed with constructing a roundabout at the intersection.

The primary distinction among the four options is the way the advisory question is framed and the amount of contextual information provided to voters. Options 1 and 4 ask whether the City should proceed with construction of a roundabout, with Option 4 placing greater emphasis on the advisory nature of the vote. Option 2 presents the issue as a direct choice between replacing the existing four-way stop with a roundabout or retaining the existing intersection. Option 3 provides additional project context by noting the completed study and the determination that a roundabout can be constructed within the existing public right-of-way

The draft resolution provides that the advisory referendum will be held in conjunction with the March 2, 2027, General City Election. To place the referendum on that ballot, the approved resolution and required referendum materials must be submitted to the Lee County Supervisor of Elections no later than November 2, 2026.

FUNDING SOURCE: The cost to hold the Advisory Referendum in conjunction with the March 3, 2027, General City Election, is $400. Funding for the 2027 General City Election is available in the City Clerk's proposed budget for FY27.

RECOMMENDED ACTION:

Review the referendum language alternatives and select the preferred ballot language for inclusion in the advisory referendum. Following City Council direction, staff will finalize the resolution for consideration at the September 14, 2026, City Council meeting and, if adopted, submit the required materials to the Lee County Supervisor of Elections by the November 11, 2026, deadline.

AGENDA MEMORANDUM ***City Manager***

City Council Regular Meeting Date: July 21, 2026

To: City Council

From: Dana A. Souza, City Manager

Date: July 12, 2026

SUBJECT: Periwinkle Way/Causeway Boulevard/Lindgren Boulevard Intersection – Topographic Survey Results and Consideration of an Advisory Referendum on Construction of a Roundabout

CURRENT STATUS:
At its March 3, 2026 meeting, the City Council approved the following motion:

> *Councilmember Johnson moved, seconded by Councilmember Henshaw, to proceed with the 30 percent design study for the Periwinkle Way/Causeway Boulevard intersection in a phased approach — completing the topographic survey and conceptual overlay first, conducting a community education process, holding a voter referendum, and proceeding to the full 30 percent design only upon a favorable referendum outcome. The motion carried by unanimous vote. (From the March 3, 2026 City Council meeting minutes).*

Following approval from the Lee County Metropolitan Planning Organization (MPO), Kimley-Horn completed the authorized topographic survey and overlaid the previously developed conceptual roundabout design onto the surveyed conditions. The primary purpose of this work was to determine whether sufficient public right-of-way exists to accommodate construction of a roundabout without requiring additional right-of-way.

A key question identified by the City Council was whether any land would be required from Pond Apple Park, which is designated as Environmentally Sensitive Lands. If acquisition of any portion of Pond Apple Park had been necessary, the City Council would have required a second referendum question because Section 3.10.1 – Environmentally Sensitive Lands Conservation District, requires approval by a majority of the City's electors before any land may be removed from the Environmentally Sensitive Lands Conservation District.

The topographic survey completed by Kimley-Horn confirms that both the single-lane and double-lane conceptual roundabout designs can be accommodated within the existing public right-of-way without requiring the acquisition of land from Pond Apple Park.

Accordingly, a referendum regarding the removal of land from the Environmentally Sensitive Lands Conservation District is not necessary. The City Council may now consider whether to place an advisory referendum before Sanibel voters to determine whether the City should

proceed with construction of a roundabout at the Periwinkle Way/Causeway Boulevard/Lindgren Boulevard intersection.

Should the City Council elect to proceed with an advisory referendum, the following options are available:

- March 2027 Municipal Election – Include the advisory referendum on the ballot for the regularly scheduled municipal election. The estimated additional cost is approximately $400 beyond the normal election expenses.

- Stand-Alone Election – Conduct a special election solely for the advisory referendum. The estimated cost is approximately $25,000.

- Mail Ballot Election – Conduct the advisory referendum by mail ballot. The cost is to be determined but is expected to exceed the cost of including the question on the ballot for the regularly scheduled municipal election.

Bill Waddill of Kimley-Horn will present the results of the topographic survey and explain how the conceptual roundabout designs fit within the existing public right-of-way.

Following the presentation and discussion of the topographic survey, the City Council should determine whether to proceed with an advisory referendum regarding construction of a roundabout at the Periwinkle Way/Causeway Boulevard/Lindgren Boulevard intersection and, if so, provide direction regarding the preferred referendum option.

The topographic survey has answered the principal question identified by the City Council on March 3, 2026. Because the conceptual roundabout can be accommodated within the existing public right-of-way, the City Council may now determine whether to seek voter input through an advisory referendum regarding construction of a roundabout at the intersection.

FUNDING SOURCE: N/A

RECOMMENDED ACTION:

1. Receive the presentation from Kimley-Horn regarding the completed topographic survey and conceptual roundabout overlay.

2. Determine whether to proceed with an advisory referendum regarding construction of a roundabout at the Periwinkle Way/Causeway Boulevard/Lindgren Boulevard intersection and, if so, provide direction regarding the preferred method for conducting the referendum.

FULL BACKGROUND:
On April 2, 2024, the City Council approved a proposal and scope of services submitted by Kimley-Horn and Associates, Inc. to complete an intersection evaluation and study of Periwinkle Way, Lindgren Boulevard, and Causeway Boulevard (Periwinkle Way/Causeway Boulevard intersection). The Kimley-Horn consulting team was tasked with analyzing traffic conditions and presenting findings and recommendations to the City Council.

At the August 20, 2024, City Council meeting, the consultants provided a progress report and solicited City Council input regarding traffic congestion issues. This meeting concluded the initial public engagement phase of the project. Based on that input, the Kimley-Horn team developed two alternative intersection designs for consideration by the public, the Planning Commission, and the City Council. These alternatives were presented at two public workshops held on October 23, 2024.

On November 19, 2024, Kimley-Horn presented its findings and recommendations to the Planning Commission. Following discussion, the Planning Commission approved the following motions:

1. A motion to recommend that the Periwinkle Way/Causeway Boulevard Intersection Study proceed to the next steps, approved by a 4–2 vote.
2. A motion to recommend that the City Council engage in discussions with Lee County regarding potential improvements to the Punta Rassa intersection, approved unanimously (6–0).

At the December 3, 2024, City Council meeting, Kimley-Horn presented its analysis of potential improvements to the Periwinkle Way/Causeway Boulevard intersection. The study concluded that a roundabout represented the preferred option. Following discussion, the City Council directed staff to obtain a proposal from Kimley-Horn to proceed with design survey work, 30% design, and an updated project cost estimate based on the next level of design.

At the February 4, 2025, City Council meeting, staff presented Kimley-Horn's proposal to complete the 30 percent design. After discussion, the City Council tabled the appropriation of funding for the design work and directed Mayor Johnson to continue discussions with Lee County regarding the feasibility of providing two off-island travel lanes on the Sanibel Causeway.

On March 18, 2025, the City Council approved by consensus the submission of a grant application to the Florida Department of Transportation (FDOT) Priority Project Program under the Congestion Management category. The application requested $740,000 to complete 100 percent design of improvements at the Periwinkle Way/Causeway Boulevard intersection in Fiscal Year 2030–31. The application was submitted to FDOT through the Lee County Metropolitan Planning Organization (MPO).

At the June 3, 2025, City Council meeting, the City Council approved a proposal from Kimley-Horn to study the feasibility of providing two off-island travel lanes on the Sanibel Causeway. On December 16, 2025, the City Council received Kimley-Horn's report, which concluded that it is not feasible to create three travel lanes within the existing dimensions of the causeway.

At the October 21, 2025, City Council meeting, Councilmember Henshaw reported that he attended the October 17, 2025, MPO meeting on behalf of Mayor Miller and that the MPO approved funding for the City to study improvements at the Periwinkle Way/Causeway Boulevard intersection. Following that meeting, staff spoke with MPO Executive Director Don Scott, who advised that while the City had applied for design funding in FY 2030–31, the MPO had available transportation planning funds in the current year and voted to allocate $160,000 to advance the project to the 30 percent design level. Mr. Scott further advised that a formal grant agreement would not be required for City Council approval and that the MPO would retain a consultant from its approved consultant library. Kimley-Horn is one of the MPO's approved consultants.

At the January 13, 2026, City Council meeting, the City Council discussed the merits of accepting the MPO grant and selecting Kimley-Horn to complete 30% plans for the Periwinkle Way/Causeway Boulevard intersection. City Council's discussion included the following:

Voter Referendum for Roundabout –

City Attorney Agnew advised that a referendum is not legally required because the proposed roundabout would be considered a redesign of existing vehicular travel lanes rather than the creation of new road infrastructure. The City Attorney further advised that a referendum would be required if a signalized intersection became the preferred option, pursuant to Section 3.17 of Charter. Additionally, Attorney Agnew advised that Section 3.17(b) of the Charter authorizes the use of a mail ballot referendum to obtain a yes-or-no vote on any proposal affecting Highway 867 (Causeway Boulevard, Periwinkle Way, Palm Ridge Road, and Sanibel-Captiva Road).

The City Council confirmed its direction to allow voters to decide whether a roundabout should be constructed at the intersection of Periwinkle Way and Causeway Boulevard. The matter will be presented as a voluntary referendum.

Additional Intersection Study/Survey in Preparation for Referendum – The City Council discussed the need to complete a topographic survey and further study the Periwinkle Way/Causeway Boulevard intersection to ensure the voters of Sanibel have sufficient information for a referendum. After discussion, the City Council asked staff to provide the following options for consideration.

1. Minimum Design Necessary – Obtain a proposal from Kimley-Horn to complete the full topographic survey of the right-of-way at the Periwinkle Way/Causeway Boulevard intersection and overlay the concept roundabout designed by Kimley-Horn in December 2024. This option will be sufficient to inform the City Council how much, if any, additional right-of-way is required to construct a roundabout.

   During the development of the roundabout conceptual design, the Kimley-Horn team stated that additional right-of-way may be needed. In the event the additional right-of-way needs to be acquired from Pond Apple Park (Environmentally Sensitive Land), a separate referendum question would be needed as the Sanibel Charter, Section 3.10.1, states that voters must approve the removal of any land from the Environmentally Sensitive Lands Conservation District.

This study option will provide the minimum but sufficient information to determine if a referendum is needed to acquire additional right-of-way from Environmentally Sensitive Lands. The cost for this option is $28,752. Kimley-Horn's scope of work for this option, titled "Intersection Engineering Data Collection and Analysis / Conceptual Geometry Study," is included in the agenda packet for this item. The consultant expects work to take 60-days to complete from the date of the Notice to Proceed from the MPO. The consultant will present the final deliverable to the City Council.

2. <u>30% Conceptual Design</u> - Obtain a proposal from Kimley-Horn to complete the full topographic survey of the right-of-way at the Periwinkle Way/Causeway Boulevard intersection, reevaluate the options of a signalized intersection, and a roundabout. This option will also provide additional analysis and public engagement concerning the options of a one-lane or two-lane roundabout.

   This study option will provide sufficient information to determine if a referendum is needed to acquire additional right-of-way from Environmentally Sensitive Lands. By advancing the study to 30%, the consultant will provide preliminary grading, drainage and striping analysis, permitting analysis, and a more detailed level of cost estimating. The cost for this option is $160,115, which will be funded by the MPO. Kimley-Horn's scope of work for this option, titled "Planning and Conceptual Design of Intersection Improvements," is included in the agenda packet for this item. The consultant expects work to be completed in early August provided the Notice to Proceed from the MPO is received by April 1, 2026. A list of planning meetings, public meetings, and City Council meetings with the City Council are provided on pages 3 and 4 of the proposal.

Following the City Council's discussion, the following motion was approved:

Councilmember Johnson moved, seconded by Councilmember Henshaw, to proceed with the 30 percent design study for the Periwinkle Way/Causeway Boulevard intersection in a phased approach — completing the topographic survey and conceptual overlay first, conducting a community education process, holding a voter referendum, and proceeding

to the full 30 percent design only upon a favorable referendum outcome. The motion carried by unanimous vote. (From the March 3, 2026 City Council meeting minutes).

MPO PROCESS:
Following the City Council's decision on March 3, 2026, the MPO Board approved the proposal at their March 20, 2026 meeting, for Kimley Horn to complete the topographic survey in accordance with their proposal.

We bought a house on Sanibel in January and absolutely love Sanibel and all of the things that make it unique. We were not considering buying in Florida until my husband remembered that Sanibel has everything we love about Florida and nothing we dislike. This is a general comment to please keep Sanibel the way it is.

Therefore, we have the following input:

1. We actually love to arrive on the island and have people directing traffic. We do not favor a roundabout.
2. Speed limits should be slow, no passing zones are good. Keep us Sanibel.
3. We don't favor forgiveness of the debt. Doing so is spending the money of the taxpayers.
4. We are opposed to flock cameras. One of the things we love about Sanibel is the low crime and the excellent police force. While we very much value safety and security, we do not think those things should come at the expense of our privacy. Therefore, we ask that you strongly consider banning the flock cameras.

Subject: Rotary

The construction of a Rotary of any sort on Sanibel is a terrible idea for a lot of reasons. First, and the principal one, is that there is not a lot of land, it would be very expensive and during construction regardless of time of day would be noisy and disruptive. The other problem is when I saw them built in Albany county NY people, mainly the elderly would drive the wrong way around them leading to frustration, anger and the blasting of horns which only confused the poor people more.

The suggestion I made before and make again is that traffic lights are a lot cheaper and easier to install. You would need one where Casa Ybel intersects Periwinkle.
You should ban all right turns on Donax after 3 pm and maybe put a traffic light there. The last one would be necessary and mal-function junction. And you could add one more where the traffic, after crossing the causeway, turns right.
These lights could be manned for the first few weeks to make sure that people understand how they work and thereafter done remotely by watching traffic on a tv screen on some sort.

AGENDA MEMORANDUM
Public Works Department

City Council Regular Meeting Date: August 18,2026

To: City Council
From: Oisin Dolley, City Engineer
Date: 8/6/2026

SUBJECT: Roadway Passing Zones Discussion and Draft Resolution for consideration.

BACKGROUND: At the March 3rd City Council meeting, Johnson Engineering and City Staff presented analysis of the Roadway Speed Study which included evaluating the passing zones on Sanibel along with speed limits. City Council has proceeded with proposed changes to speed limits. On the discussion of passing zones, Council wanted to have more discussion at a future meeting including how the changes in passing zones correlate with wildlife mortality issues.

For the August 18th meeting staff has reviewed the passing zones further and is presenting the below recommended changes based on the Johnson Engineering report and further evaluations of the potential impacts of changes. The proposed changes are also shown on the attached map. As council requested, City Staff did also review the proposed passing changes with the wildlife mortality data. There are some areas especially along Rabbit Rd., Periwinkle Way, Tarpon Bay Rd., West Gulf Dr., Sanibel Captiva Road and Casa Ybel Rd. where existing passing zones do correlate with wildlife mortality incidents.

Recommended Changes From Passing to No Passing

A) West Gulf Drive
   i. *(From End to Lake Murex) LF= 1.92 miles*
B) All of Rabbit Road
   i. LF= .65 miles
C) West Gulf Drive

D) Sanibel Captiva Road

F) Periwinkle Way
   i. (From Palm Ridge Rd. to Casa Ybel Rd.) LF=1.09 Miles
G) Casa Ybel Road
   i. (From Middle Gulf Dr. to Airport Way and Sabal Sands Rd. to Sandpebble Way) LF=.72 Miles
H) Middle Gulf Drive
   i. (From Olde Middle Gulf to Nerita St.) LF=.80 Miles

I) Dixie Beach Blvd
   i. *(From Bunting to Albatross) LF= .24 Miles*
J) Donax Street
   i. *(From Middle Gulf to Junonia and from Bridge to Eagle Run Dr.) LF= .26 Miles*
K) East Gulf Drive
   i. *(From Lindegren to Almas Ct. and from 585 East Gulf Dr. to Kinzie Island) LF .93 Miles*
L) Periwinkle Way
   i. *(From Limpet Dr. to East Gulf Drive) LF=0.64 Miles*

Should the City Council approve any of the proposed changes to passing zones, Public Works staff recommend implementing the associated striping changes in conjunction with future roadway repaving projects to minimize costs.

If all proposed passing-zone changes are approved, approximately 8.89 miles of roadway would require striping modifications, representing approximately 17.78 total miles of double-yellow centerline striping.

When completed as part of a future repaving project, the striping changes would result in minimal additional cost because pavement striping is already included as part of the repaving work. If the changes are implemented prior to scheduled repaving as a separate project, the preliminary estimated cost for striping alone is at least $125,000. This estimate does not include the cost of removing or modifying existing pavement markings or making any necessary signage changes.

Public Works staff recommend coordinating any approved striping changes with future repaving projects whenever practicable to avoid unnecessary additional costs. Should the City Council wish to prioritize a change to passing zones, so it occurs ahead of any repaving schedule, staff requests that the City Council provide that direction.

Next Steps – A draft Resolution has been prepared for the City Council's consideration. City Council may:

1. Approve the draft Resolution as written or as amended.
2. Use today's meeting for discussion and direction and schedule the approval of the Resolution for the September 14, 2026, City Council meeting. This provides another month for the City Council to allow for public comment.
3. Other, as directed by the City Council.
4. No changes from the existing roadway striping plan.

FUNDING SOURCE: Future paving projects.

RECOMMENDED ACTION: Discussion and Direction. Consider approving the draft Resolution

Reiterating my opposition to certain proposed no passing zones.... unfortunately they are lumped together without the option for a line item veto.

Rabbit Rd is fine as is. Please vote No. I don't ever recall passing someone on Rabbit Road, it makes no sense to make it a no passing zone. Sight-lines are excellent. Thank you to the city for better bike signage, these seems to have gotten the regular bikers onto the SUP.

Casa Ybel... same comments essentially. Please vote no. Sight-lines are excellent in the passing areas, and they are needed occasionally.

The others on the agenda I don't have any real knowledge, but having visited here since 1973 I've never really noticed dangerous passing. Yes, some people really should be more patient, or should have left home earlier, but the passing honestly has not been a safety concern.

> 5. I don't recall ever passing a slower vehicle on this road (except for bicyclists)

6. **The real problem on Rabbit Road is the bicyclist confusion about how to get to SanCap Road**, the signage is very poor on W Gulf Drive, and many bicyclists go north on Rabbit Rd rather than using the SUP. Dangerous.
7. The SanCap / Rabbit Rd intersection (going W on SanCap from N Rabbit) isn't that bad, except for the VISIBILITY. You have to stick your nose close to SanCap to see west past the utility poles and whatnot, and this makes it hard for vehicles turning south from westbound SanCap (it would help if this intersection was actually 90 degrees, it is skewed slightly).

Thoughts on Casa Ybel & West Gulf:

1. I have passed a vehicle on Case Ybel once. They were going 20. I waited until the passing section, and safe clearance from oncoming cars. Passing on Casa Ybel is safe IMO if one follows the rules.
2. The 2 passing zones on Casa Ybel are pretty straight and have good sight lines.
3. **Do not make Casa Ybel fully No passing.** Makes no sense.
4. Same exact comments for the proposed no passing along West Gulf.
5. Passing typically occurs (at least in my car) when the slower vehicle is going substantially below the posted limit. The engineering study seems to base sight lines on when the overtaken vehicle is going the posted speed limit.

Thoughts on Periwinkle East of Lindgren:

1. Is speed really a problem here?
2. I don't see any engineering analysis evidence in the report to substantiate a lower speed limit along this stretch.

Overall, I think this is a waste of time. Your efforts would be better spent ensuring sight lines are better maintained, or provided. Taking a left out of Tutti Pazzi is very difficult because **YOU CANNOT SEE TO THE RIGHT** because of the sign. The SUP along Periwinkle is hugely important, but bicyclists are in danger of cars pulling in and out of busineses, out-of-towners aren't familiar with all the bikes and don't know to stop twice. (once for the SUP, then for the road itself).

We bought a house on Sanibel in January and absolutely love Sanibel and all of the things that make it unique. We were not considering buying in Florida until my husband remembered that Sanibel has everything we love about Florida and nothing we dislike. This is a general comment to please keep Sanibel the way it is.

Therefore, we have the following input:

1. We actually love to arrive on the island and have people directing traffic. We do not favor a roundabout.
2. Speed limits should be slow, no passing zones are good. Keep us Sanibel.
3. We don't favor forgiveness of the debt. Doing so is spending the money of the taxpayers.
4. We are opposed to flock cameras. One of the things we love about Sanibel is the low crime and the excellent police force. While we very much value safety and security, we do not think those things should come at the expense of our privacy. Therefore, we ask that you strongly consider banning the flock cameras.

AGENDA MEMORANDUM

Planning Department

City Council
Meeting Date: July 21, 2026

To: City Council

From: Paula McMichael, AICP, Planning Director

Date: July 6, 2026

SUBJECT: **Town Center Concept**

BACKGROUND:

At the regular meetings of City Council held on October 7, 2025, and March 3, 2026, there was consensus among members of the Council to further discuss town center history, districts, and the creation of a town center concept. To aid in this discussion, staff conducted research and provides the following summary of information related to the town center concept.

CIVIC CORE:

Formal discussion by City Council related to the Civic Core appears to have begun in 2013 due to the additional space and parking needs expressed by several non-profits on the Island, and efforts to engage a consultant began the same year. Woodroffe Corporation Architects was subsequently selected as consultant for development of a Civic Core Redevelopment Master Plan. The scope of work would also include an initial drainage analysis and an initial traffic review.

In 2015, a conceptual Master Plan for the first and second phases of the Civic Core was presented to Council. The concept included a central plaza, several open and green space areas including a "Community Green," various City facilities, the Sanibel Historical Museum and Village, the Sanibel Library, and additional parking facilities – all connected by means of a network of shared-use paths. Lands contained within the Civic Core would include City-owned property surrounding City Hall and across Periwinkle Way, and a few contiguous parcels surrounding City-owned properties. Public comment expressed at various meetings appeared to include concerns relating to impacts to environmentally sensitive lands, impacts to the Periwinkle Pines neighborhood, special events in the community, traffic along Periwinkle Way, and other matters. Subsequent to several Council discussions and after receiving input from the community at several meetings, Council moved forward with placing two referenda on the ballot for the following: (1) for removal of 13.5 acres from the Environmentally Sensitive Lands Conservation District (Resolution no. 16-085), and (2) to authorize an $8,000,000 general obligation bond to

finance a portion of the improvements contained within the Civic and Cultural Core Master Plan (Resolution no. 16-086). However, after being unable to secure funding for part of the project from Lee County, Council repealed both resolutions in early 2017, and the referendum questions were ultimately not placed on the ballot.

SANIBEL PLAN

The Sanibel Plan directs the consideration of the development of a plan to create a focal point for the City for community activity, special events, and informal assembly. The language from the Plan is as follows:

Sanibel Plan Section 3.6.2 (pg. 222) –

Provisions of the Plan for Preservation and Community Design

2. *Consider development of a specific plan that will include strategies to improve and integrate City Hall and the surrounding civic, cultural and recreational uses to serve as a focal point for community activity, special events and informal assembly.*

LAND DEVELOPMENT CODE

The original Town Center district – named the Town Center Limited Commercial Retail and Service zoning district – was created in 1985 with the original adoption of the City's Land Development Code. In 1986, the Land Development Code was amended to adopt the two Town Center districts as presently distinguished in the current Land Development Code – Town Center General Commercial and Town Center Limited Commercial. The lands that are assigned the Town Center districts lie in proximity to Palm Ridge Road, Tarpon Bay Road, and Periwinkle Way and are near the governmental, civic, and cultural uses surrounding City Hall.

The two Town Center districts are intended to provide for commercial and mixed-use development in the geographical center of the City. These districts allow higher floor area ratios than the Commercial General district to facilitate the establishment of a variety of retail, office, and service uses in keeping with the Sanibel Plan along with integration of various residential uses.

RECOVERY AND RESILIENCY PARTNERSHIP PROJECT (R2P2)

In 2024, a "Town Center" was identified as a community goal that could benefit from technical assistance from the Coastal Florida Recovery and Resiliency Partnership Project. The study specifically describes this goal as the creation of "a more complete community center that carries out Sanibel's vision to allow development only if it is sensitive to its natural setting while making this area safer and better connected for pedestrians and cyclists."

Based on community input, the study recommended incorporation of the following elements in the Town Center:

- Add street trees and planted medians in some areas
- Increase shared use paths to 10 feet wide
- Increase the distance between shared use paths and vehicular travel lanes (and add plantings to those areas)
- Increase safety by reducing the crossing distance for pedestrians at key intersections
- Use some publicly-owned land for new below-market-rate housing
- Consider reducing front setbacks in some areas to increase pedestrian/bike accessibility
- Consider allowing front porches to intrude into front setbacks in some areas (see Ordinance 25-012 adopted June 3, 2025)
- Add angled or parallel on-street parking in some areas

Various renderings illustrative of potential options to achieve the elements listed above were included in the study.

FISCAL IMPACT: None.

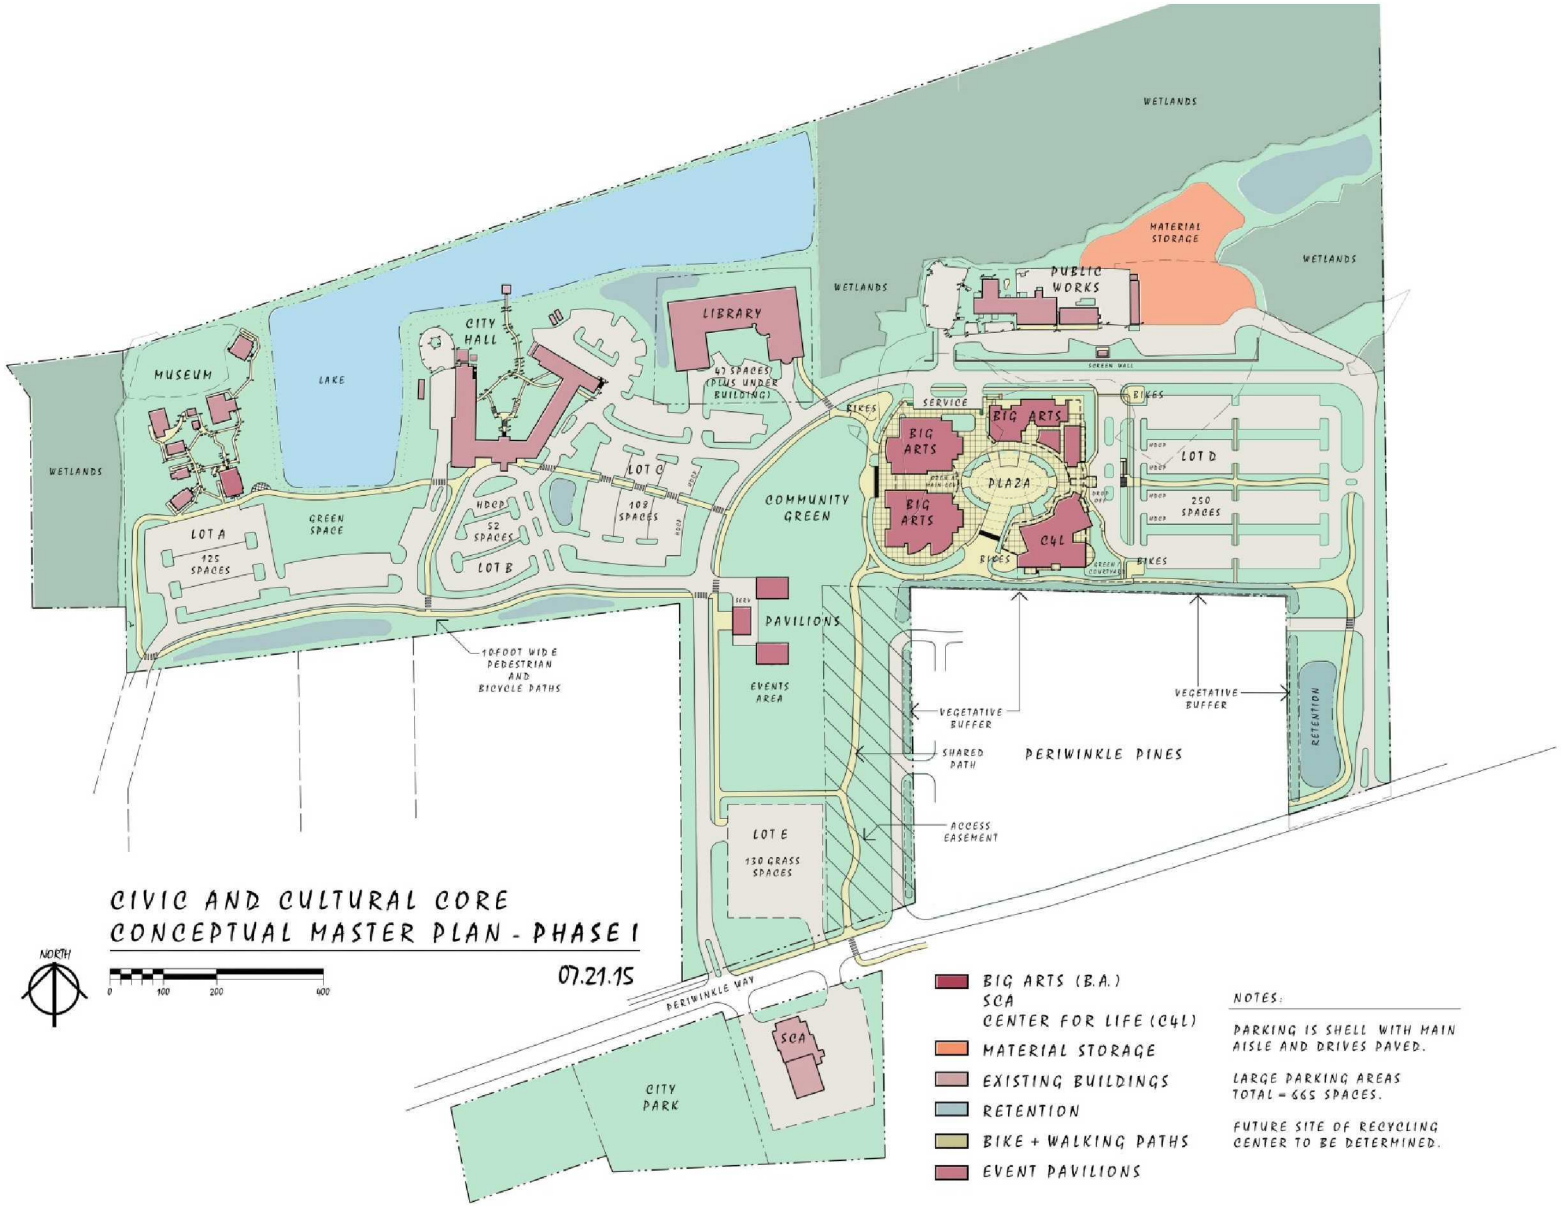

RECOMMENDED ACTION: None.

What is R2P2?

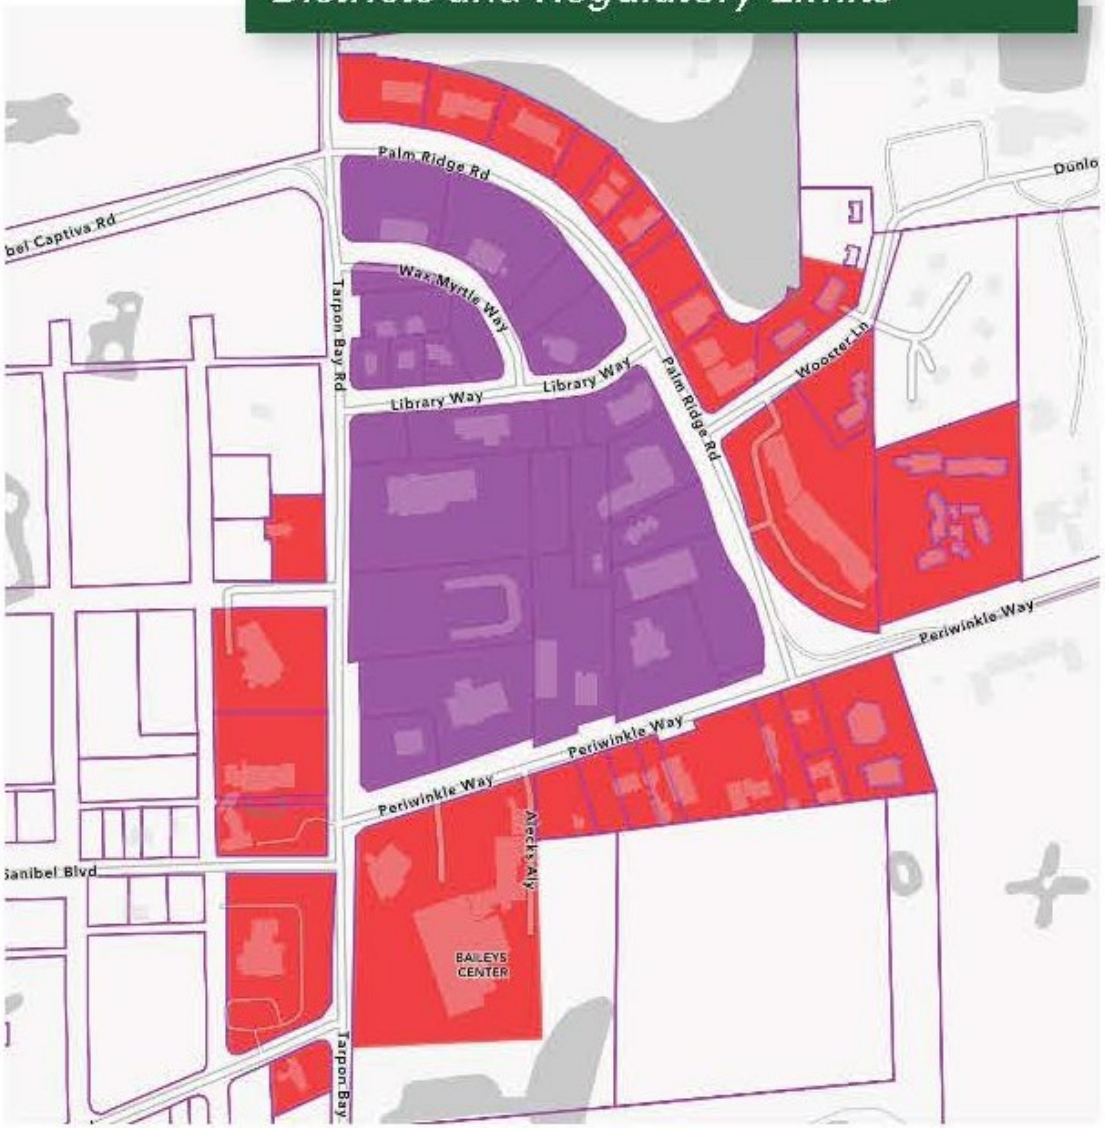

The Recovery and Resiliency Partnership Project (R2P2) program provides free technical assistance to communities impacted by a major disaster declaration.

The program's goal is to develop a set of community-driven conceptual designs that reflects a participating communities' vision for long-term recovery and are poised to leverage federal, state, and nonprofit funding resources for implementation.

Town Center

Challenge

Sanibel's Town Center is a centrally-located commercial district bounded by Periwinkle Way, Palm Ridge Road, and Tarpon Bay Road. It is a small part of the overall island but serves an important purpose, providing a place for workplace and dining destinations and commercial services for residents and visitors. The island's network of shared use paths connects the Town Center to surrounding areas; yet, frequent curb cuts and shared use path crossings, auto-oriented street design details, and lack of landscape and shade in the right-of-way create less than ideal conditions for pedestrians and cyclists. Buildings are generally 1 to 2 stories in height and often set back from the street behind parking lots and landscape buffers. Following the storm many businesses have reopened, while others continue with needed building repairs. Bailey's General Store, a longtime hub of community life, was demolished and will be rebuilt on its same site (near the intersection of Tarpon Bay Road and Periwinkle Way).

Recovery and Resilience Options: Palm Ridge Road

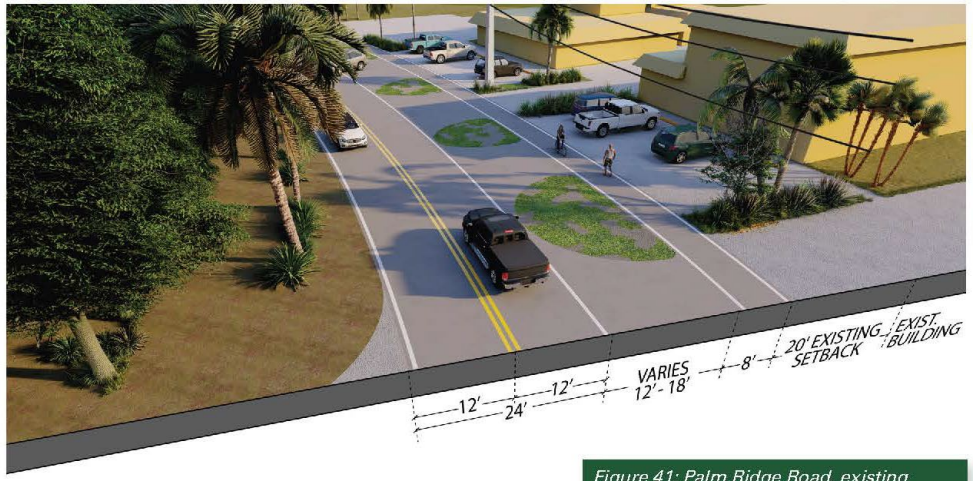

Figure 41: Palm Ridge Road, existing conditions looking northwest, north of Library Way.

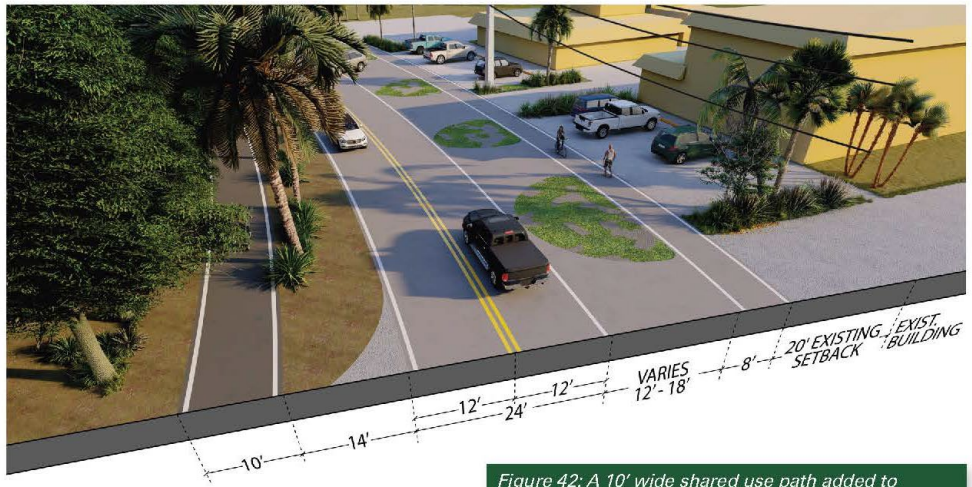

Figure 42: A 10' wide shared use path added to provide for connectivity on both sides of the street (note: this additional path is in the process of being constructed at 8 feet wide as of November 2024)

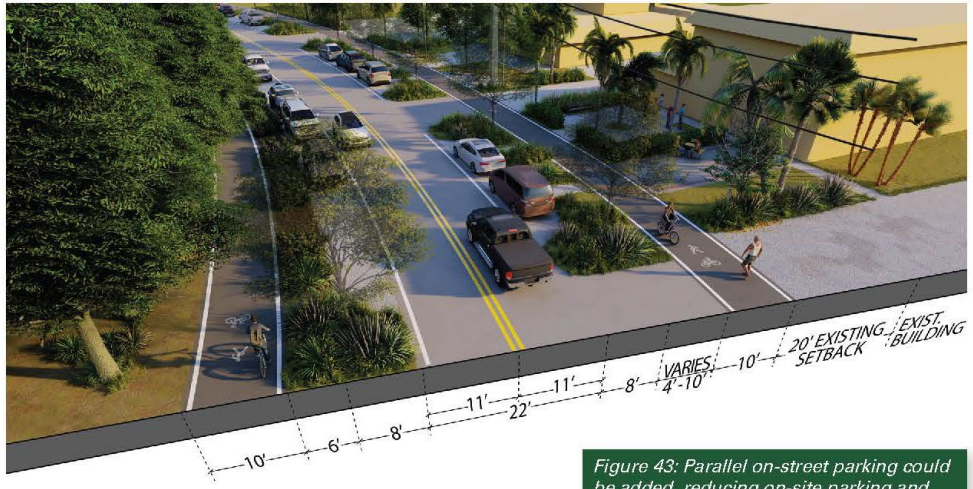

Figure 43: Parallel on-street parking could be added, reducing on-site parking and vehicular crossing of the shared use path.

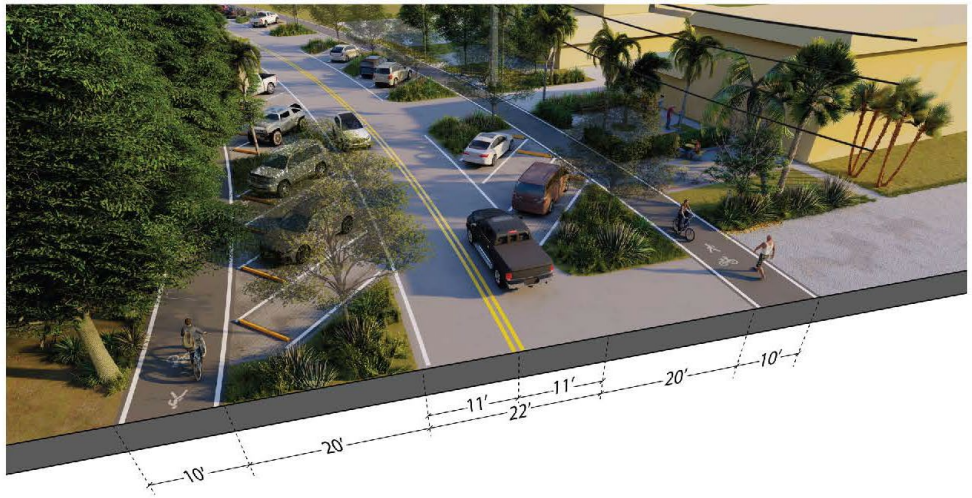

Figure 44: Add Angled On-Street Parking and Shade Trees with Landscaping. In this alternative, angled parking is added instead of parallel. This increases the amount of parking provided on-street, but does reduce some of the space for plantings. This option slightly increases the overall width of the street paving and imp[illegible]s ground cover, and the shared use paths would need to be relocated closer to the edge of the right-of-[illegible]

Recovery and Resilience Options: Intersection Design

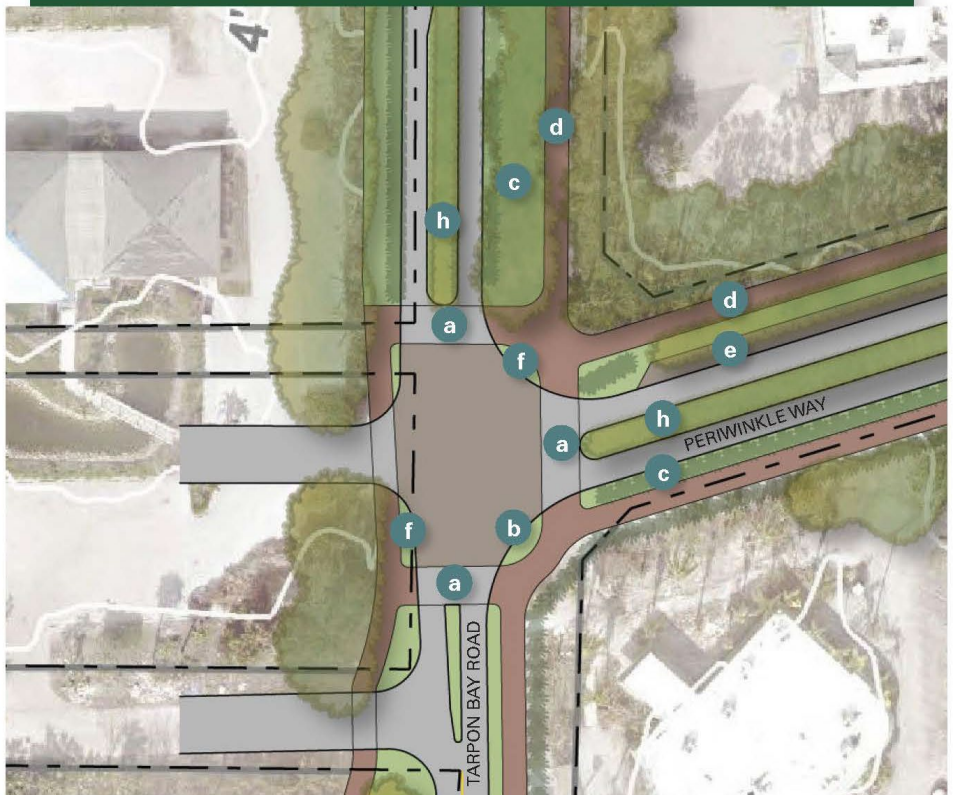

Figure 51: Option 2, protected intersection alternative with turn lanes replaced by medians, reducing unnecessary pavement and providing a refuge space for pedestrians.

Figure 52: Option 3, protected intersection alternative with turn lanes removed and the overall roadway width reduced, decreasing impervious surface and increasing planting areas.

Recovery and Resilience Options:

Library Way Infill

Figure 53: Existing conditions, City-owned vacant parcels on Library Way. The City owns four parcels in this area (outlined in yellow in the aerial photo at right), which include two vacant parcels at the intersection of Library Way and Palm Ridge Road, a parcel with the existing City office building on Library Way, and a parcel with a mid-block gravel parking lot.

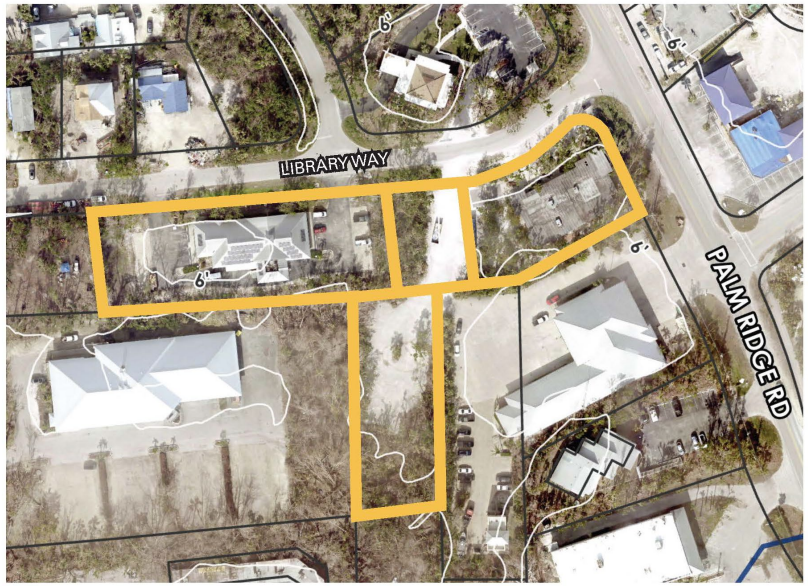

Figure 54: Option 1, development of the City-owned site with a new mixed-use building.

ESTIMATED QUANTITIES:	
Housing Units:	8 to 12
Parking Spaces:	48
Commercial Area:	10,000 sq. ft.
Avg. Unit Area:	700 to 1000 sq. ft.
Commercial FAR:	20%

Figure 54: Option 1, Mixed-use Building. This alternative shows a new mixed-use building on the site; the ground floor is a commercial use and a second story includes below-market-rate housing units. This scenario utilized an FAR bonus in the existing regulations, which was adopted to incentivize housing in mixed-use buildings in the Town Center.

This design adheres to existing 20 feet deep street setbacks for buildings, but does have porches and balconies that encroach into the setback.

Parking is provided to the side and rear; by formalizing the rear mid-block parking and extending it through the parcel, it is possible to connect to parking to the rear of the current F.I.S.H. of Sanibel-Captiva building (which faces Periwinkle Way), providing another means of pedestrian and vehicular circulation.

This plan accommodates approximately 10,000 square feet of commercial space on the ground floor, and 8 to 12 housing units on the second floor.

Potential improvements to Palm Ridge Road (a shared use path on both sides of the street, in the process of being constructed as of November 2024, and addition of on-street parking, and improved crosswalks) are also shown in the illustration.

Figure 57: Option 4, Separate Buildings (with smaller housing building types). This alternative shows development of three buildings: a small one-story commercial building oriented to Palm Ridge Road, and two residential buildings oriented to Library Way.

The commercial building is street-oriented, similar to what is shown for Option 2. The residential buildings have 4 units on the ground floor, and 2 to 4 units on upper floors. These could be designed to look like a large house rather than an apartment building, breaking down the scale of development along the road.

In this option, the parking lot is connected to parking at the adjacent City office building; parking could be a shared resource between the offices and residential uses.

Figure 57: Option 4, Separate Buildings (with smaller housing building types)

ESTIMATED QUANTITIES:	
Housing Units:	12-16
Parking Spaces:	68 (shared)
Commercial Area:	4,000 sq. ft.
Avg. Unit Area:	1,000 sq. ft.
Commercial FAR:	7.5%

AGENDA MEMORANDUM ***Recreation Department***

City Council Meeting Date: August 18, 2026

To: City Council

From: Andrea Miller, Recreation Director

Date: July 29, 2026

SUBJECT: Parks and Recreation Advisory Committee (PRAC) identification of opportunities for additional outdoor recreational amenities and development of language distinguishing "amenities" from "attractions."

BACKGROUND: On April 17, 2026, the City Council directed the City Manager to engage the Parks and Recreation Advisory Committee (PRAC) to identify opportunities for additional outdoor recreational amenities and to develop language distinguishing "amenities" from "attractions." At the June 18, 2026 PRAC meeting, the Planning Director subsequently prepared background information outlining potential recreational amenities and summarized relevant language from the Sanibel Plan, which emphasizes protecting the Island's sanctuary character by discouraging land uses that generate significant off-island visitation and traffic. The Sanibel Plan distinguishes attractions that increase off-island traffic from amenities that primarily serve the needs of the Sanibel community.

Prior to the July 16, 2026 PRAC meeting, the committee was provided a recreational amenity ranking sheet (attached to the agenda) as well as draft definitions of “amenities” and “attractions.” After reviewing the Planning Director’s analysis and considering community recreation needs, PRAC recommended the following rankings and definitions at their July 16, 2026 meeting.

Top Five Recreational Amenity Priorities:

- Community Park Improvements #1
- Community Green Space / Event Space #2
- Dog Park (tie) #3
- Skate Park Area Renovations (tie) #3
- Ballfield Tot Lot Playground #5

The Committee also recommended the following definitions:

- *An attraction is a land use that generates a significant number of its daily and overall traffic from off-island locations.*
- *An amenity is a land use that serves on-island demand for short-term residents, long-term residents, and on-island guests, and is not anticipated to substantially increase off-island traffic volumes.*

Staff concurs with the Committee's recommended definitions with one minor clarification (in red) to the definition of amenity as follows:

- *An amenity is a land use that serves on-island demand for short-term residents, long-term residents, and on-island guests, and is not anticipated to substantially increase traffic volume from off-island trips.*

FUNDING SOURCE: N/A

RECOMMENDED ACTION: Consider definition options for distinguishing "attractions" from "amenities" as well as the Committee's recreational amenity rankings to guide future evaluation of recreational facilities and projects in a manner consistent with the Sanibel Plan and the City's barrier island sanctuary vision.

Planning Department

Park and Recreation Advisory Committee Meeting Date July 16, 2026

To: Park and Recreation Advisory Committee

From: Paula N. C. McMichael, AICP, Planning Director

Date: July 1, 2026

SUBJECT: POTENTIAL OUTDOOR RECREATION FACILITIES – DEFINE AMENITY & ATTRACTION

BACKGROUND:

Date	Meeting Type	Summary
4/17/2026	City Council	Direction to PRAC to discuss potential "outdoor recreational amenities" by unanimous vote
6/18/2026	PRAC	Discussion
7/16/2026	PRAC	Discussion

At the City Council meeting on April 17, 2026, the council voted to 1 - "to direct the City Manager to engage the Parks and Recreation Advisory Committee to identify other opportunities for outdoor recreational amenities" and 2- "to develop language distinguishing amenities from attractions."

1 – The Planning Department has developed a list of potential recreational amenities (including some that are indoor) that have been recently discussed. The table (attached) lists the use and whether it is a permitted or conditional use. A conditional use requires review and approval by the Planning Commission at a public hearing.

2 – The Sanibel Plan contains the following language related to an "attraction" (underlining added for emphasis):

From the background of the Sanibel Vision Statement:

> *The specter of rampant development has diminished as the community has matured. Nevertheless, unwanted changes are occurring; visitation increases as new "attractions" are developed; beaches and refuge areas are becoming stressed by overuse; traffic congestion is turning to gridlock; and formerly "green" scenic corridors are becoming urbanized and commercialized. These and other*

conditions and trends cause residents to realize that, unless protected, their island's historic and cherished way of life is in jeopardy.

From the Vision Statement:

Attraction

The Sanibel community recognizes that its attractiveness to visitors is due to the Island's quality as sanctuary and as community. The City of Sanibel will welcome visitors who are drawn by, and are respectful of, these qualities; it will resist pressures to accommodate visitor attractions and activities that compromise these qualities.

Hierarchy of Values

This three-part statement of the community's vision of its future is a hierarchy, one in which the dominant principle is Sanibel's sanctuary quality. Sanibel shall be developed as a community only to the extent to which it retains and embraces this quality of sanctuary. Sanibel will serve as attraction only to the extent to which it retains its desired qualities as sanctuary and community.

** The Sanibel Vision Statement (Ordinance #96-06) was adopted by City Council on Sept. 3, 1996*

From the background discussion in the Transportation Element:

Another factor compounding the challenge of operating an effective mass transit system is the fact that nearly all persons arrive in Sanibel with a private auto at their disposal. Because of the resort nature of Sanibel, the City can expect to be besieged with requests to operate trolley or tram tourist attractions masquerading as mass transit. These offers need to be carefully evaluated on a case-by-case basis. Generally, these attractions are more likely to add vehicle trips to Sanibel's roads, than to reduce private auto use.

From the Goals, Objectives, and Policies of the Transportation Element:

Policy 2.11. Limit the number, size and location of private attractions that, by their nature, contribute to an overuse of limited capacity roadways. Within the context of this policy, an attraction is a land use that generates a significant number of its daily and overall automobile trips from off-Island locations.

As you can see from these excerpts, the Sanibel Plan seeks to discourage "attractions" to protect both the sanctuary nature of Sanibel and the Sanibel community and its quality of life. An overabundance of "attractions" catering to tourists comes at a cost both to natural systems and to the small town charm and the sense of community found on Sanibel. This idea also underlines the Economic Assumptions (section 1.3) of the plan:

In order for Sanibel to be economically and environmentally sustainable, means must be sought to reduce the demand on the natural infrastructure. Perhaps no other component of demand is more critical than automobile traffic. Although difficult to do, some say impossible, means need to be pursued to reduce automobile traffic. Such a reduction will go far to retain and, where needed, to restore the Sanibel ambiance, while also reducing the demand on the systems.

> *Demand, preferably internal demand, needs to be found for surplus retail space. It would be counterproductive to attempt to fill these spaces by stimulation of additional activity from off-Island. Rather, filling these spaces with activities that are presently based at off-Island locations, but already providing services on-Island, would be the better policy. Such a policy may require reconsideration of certain of the development regulations relating to permissible uses in such buildings. Supply reduction is another option available to address surplus retail space. This option could be undertaken by the public acquisition of commercially zoned sites.*

The economic assumptions of the plan provide guidance on how an "attraction" can be differentiated from an "amenity," in that an "attraction" seeks to induce traffic and visitation from off-island visitors, and an "amenity" serves existing on-island needs.

Planning staff recommend the following language for consideration of the distinction between the two:

An attraction is a land use that generates a significant number of its daily and overall automobile trips from off-Island locations and visitors. An amenity is a land use that serves on-island demand from residents and is not anticipated to substantially increase traffic volumes.

RECOMMENDED ACTION: Discussion of the list of recreational uses and whether any changes are recommended; discussion of language distinguishing "amenities" from "attractions."

AGENDA MEMORANDUM ***City Manager***

City Council Regular Meeting Date: August 18, 2026

To: City Council

From: Dana A. Souza, City Manager

Date: July 22, 2026

SUBJECT: Flock License Plate Reader Update and Discussion.

BACKGROUND:
City Councilmembers have asked staff to provide City Council with an overview of the Sanibel Police Department's (SPD) use of automated license plate recognition (ALPR) technology, the history of the City's ALPR program and agreement with Flock Safety, and the safeguards governing the system.

Sanibel has used ALPR technology since 2008 as an investigative and traffic-management tool. The City initially purchased its ALPR system from NDI. In 2015, the NDI cameras were replaced with Genetec cameras provided by Johnson Controls. In 2022, Sanibel replaced the Genetec cameras with Flock Safety's Falcon ALPR cameras, which remain in use today.

Although the vendors and camera technology have changed over time, Sanibel's fundamental use of ALPR has remained focused on public safety, criminal investigations, and traffic management. Earlier systems captured vehicle license plates and provided inbound and outbound traffic counts, while the current Falcon system provides improved image resolution and can identify additional observable vehicle characteristics.

2022 Memorandum of Understanding

On July 19, 2022, City Council approved Memorandum of Understanding No. 22-066 with Flock Group, Inc. The MOU authorized SPD to access Flock's technology platform and dashboard for investigative purposes, including the ability to view and search images captured through the Flock system. The MOU limits use of the system to authorized users and lawful purposes and provides for a five-year term.

There are two errors to correct. First, the agenda memorandum states that the agenda item was to renew an agreement with Flock. This is incorrect. The MOU with Flock was intended to replace the aging Genetec cameras with Flock. Second, the signed MOU (included in packet) was signed by me after the City Council approved the MOU. Staff incorrectly dated the City Manager's signature as June 19, instead of July 19, 2022.

The 2022 MOU also states that Flock retains ownership of recordings and data provided through the Flock service. Since that agreement was executed, Flock's standard contractual terms have changed and now provide that customer data belongs to and is retained by the customer. The

City Attorney and City Manager are reviewing these provisions and have requested an updated MOU from Flock to clarify ownership and control of Sanibel's data.

Sanibel's Current Use of Flock

Sanibel currently operates three Falcon ALPR cameras. Two are located at the Sanibel Causeway and capture license plate images of vehicles arriving on and departing the island. The third is located on Middle Gulf Drive.

The Falcon cameras capture still images of the rear of vehicles and associated information. Flock's processing system converts observable vehicle information, including license plate information, vehicle color, make, body type, and other visible characteristics, into searchable data. The system also provides traffic-volume information used by SPD to better understand traffic conditions and deploy resources.

Sanibel does not use Flock's Raven audio-detection cameras, Condor cameras, or FreeForm scene-searching technology. The City's Falcon cameras do not record audio, use facial recognition, or capture vehicle identification numbers (VINs).

SPD uses or intends to use ALPR information for legitimate public-safety purposes, including investigations involving missing or endangered persons, stolen vehicles, reckless driving and road-rage incidents, stalking or protective-order violations, thefts and burglaries, wanted persons, fraud and scams, officer-safety concerns, and traffic-related crimes.

Data Retention and Sharing

Sanibel currently retains its ALPR data for one year. The longer retention period reflects Sanibel's large seasonal population and the possibility that crimes may not be discovered until a property owner returns to the island months later.

SPD controls how its ALPR information is shared with other law enforcement agencies. Flock provides Statewide and National Lookup functions that allow authorized participating agencies to search participating ALPR networks for legitimate law-enforcement purposes. Federal agencies are excluded from those Statewide and National Lookup networks and do not have automatic or "back-door" access to Sanibel's data.

Flock has informed City staff that the company does not sell Sanibel's (or any agency's) ALPR data or operate as a data broker.

Access, Oversight, and Safeguards

Access to Sanibel's ALPR system is limited to authorized sworn SPD officers, dispatchers, and qualified City IT personnel who have completed required Florida Department of Law Enforcement training and certification. Each authorized user accesses the system through an individual account.

Flock records user activity and searches, including the user, date and time, scope of the search, search criteria, offense type, case number when available, vehicle filters, time period searched, and type of search performed. These records create an audit trail that allows the City to review the purpose and scope of system activity.

City IT personnel audit ALPR access and activity records weekly and monthly. Irregularities are elevated to SPD command staff and the IT Director for review. Misuse may result in loss of access and disciplinary action.

Flock also announced additional privacy and accountability safeguards in August 2026, including automated misuse auditing, account lockouts for abnormal activity, case-code requirements for searches, additional controls over permissible search purposes, strengthened account security, and a recommended/default seven-day retention period. Staff will evaluate these changes as they become available and determine how they complement Sanibel's existing safeguards.

Responding to Resident Concerns

The FAQ included in the agenda packet was prepared in response to resident concerns presented to staff through City Councilmembers. Mayor Miller provided the document "Automated License Plate Readers on Sanibel Island". The referenced document is included in the agenda packet.

Public Information and Next Steps

Recent community questions regarding ALPR technology have focused on privacy, data access, information sharing, retention, and the capabilities of the broader Flock platform. In response, staff prepared a FAQ explaining the specific technology Sanibel uses, how SPD uses it, and the safeguards governing access to the system.

Staff and the City Attorney are also reviewing the existing 2022 MOU against Flock's current contractual terms. An updated agreement will be brought to City Council for consideration to ensure that the agreement accurately reflects Sanibel's current practices, data ownership and control, and appropriate privacy and accountability safeguards.

The City Council should discuss the issues at hand and provide direction to staff. I, along with the City Attorney, Police Chief, Deputy Police Chief, and IT Director will be prepared to answer questions.

CITY OF SANIBEL

AUTOMATED LICENSE PLATE READER (ALPR)

Frequently Asked Questions

In response to concerns and questions raised by Sanibel residents regarding SPD's use of Flock ALPR technology, the City has developed this FAQ to provide clear and accurate information about the technology and how it is used in Sanibel.

Sanibel uses automated license plate recognition technology as an investigative and traffic-management tool. This FAQ explains what the Sanibel specific technology does, how it may be used, the distinction between ALPR and Sanibel's school-zone speed cameras, and the Florida legal framework governing ALPR records and access.

1. **What is automated license plate reader (ALPR) technology?**

   ALPR technology uses cameras to capture vehicle license plates and other characteristics that can be gleaned from rear-end-only pictures of a vehicle, such as body type, make, model, and color. This information is converted into searchable data to assist the Sanibel Police Department (SPD) with investigations involving stolen vehicles, missing or endangered persons, wanted persons, suspect vehicles, and other legitimate public-safety matters

2. **Why does the Sanibel Police Department use ALPR technology?**

   Sanibel has used Automated License Plate Recognition (ALPR) technology since 2008 as an investigative and traffic-management tool. ALPRs support public safety needs and provide traffic analytics on vehicle volumes and classifications, helping the Sanibel Police Department deploy resources more effectively in an effort to mitigate on-island congestion.

3. **How long has Sanibel used ALPR technology, and which ALPR technology company does Sanibel contract with?**

   Sanibel has used ALPR technology since 2008. The City initially purchased its ALPR system from NDI. In 2015, the NDI cameras were replaced with Genetec cameras provided by Johnson Controls. In 2022, Sanibel replaced the Genetec cameras with Flock Safety's Falcon ALPR cameras.

4. **What is the difference between the NDI, Genetic and Flock ALPR technology?**

   Essentially, the technology is the same. All systems captured images of vehicle license plates. Flock; however, offers improved image resolution and has the ability to capture vehicle identifiers such as vehicle color, make, body type, missing or temporary plates, and vehicle types such as motorcycles, trailers, bicycles, and golf carts. All camera systems used between 2008 and 2026 provided inbound and outbound traffic counts.

5. **How many Falcon ALPR cameras does Sanibel have?**

   Sanibel has three Falcon ALPR cameras. Two are located at the Causeway and capture license plate images of vehicles arriving on and departing the island. The third is located on Middle Gulf Drive.

6. **How are camera locations selected?**

   Camera placement is based on SPD's operational needs. Because Sanibel is a barrier island with a single point of vehicular access at the Sanibel Causeway, two cameras at this location support public-safety operations and the collection of daily traffic counts. The Middle Gulf Drive location was also selected based on operational needs and to assist with public safety investigations.

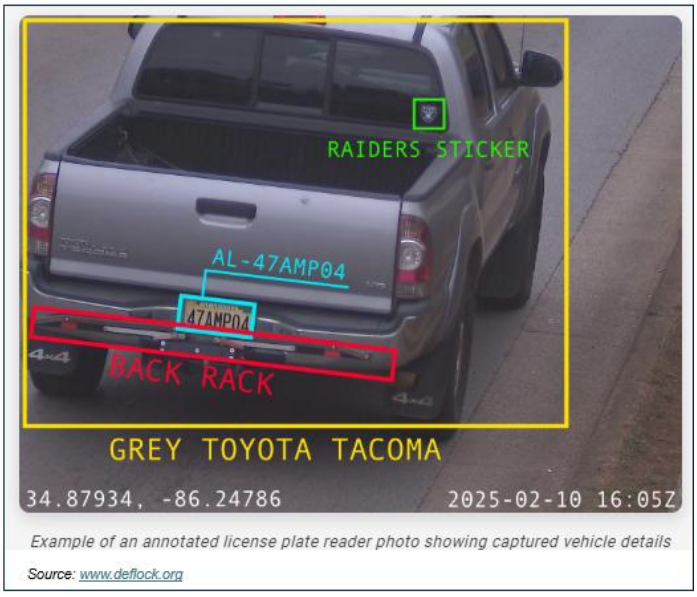

7. **Are the cameras used for school-zone speed enforcement at The Sanibel School Flock cameras?**
   No. The cameras used for speed enforcement in The Sanibel School zone are provided by Altumint and operate only during designated school-zone enforcement periods. They are separate from Sanibel's Flock ALPR system and are not connected to or integrated with the Flock system.

8. **Other than the Falcon ALPR technology, does Sanibel use any other Flock products, cameras, or tools?**

   No. Sanibel only uses the technology available through its Falcon ALPR cameras. In addition to capturing a vehicle's license plate number, body type, make/model, color, and traffic counts, the technology can capture or provide:

- Plate state and type, including standard or temporary plates
- Vehicles with missing or no plates
- Visible vehicle identifiers, such as roof racks, window stickers, toolboxes, trailers, bike racks, decals, and other distinguishing features that could be key in a criminal investigation (see image from the deflock.org website below). The system cannot search or track specifically for letters, phrases or any specific characteristics of window stickers or decals.

- Date, time, and camera location associated with a vehicle capture
- Hot-list and real-time alerts
- Camera/network sharing with other jurisdictions

9. Can you be more specific about what other Flock products Sanibel does not use?

Yes, Sanibel does not use any of the following Flock products that citizens are concerned with:

- Sanibel has not deployed Raven cameras and does not have audio surveillance capabilities. Sanibel is not interested in obtaining such technology.
- Sanibel has not deployed Condor cameras and does not have people tracking capabilities. Sanibel is not interested in obtaining such technology.
- Sanibel has not deployed the FreeForm tool and does not have people tracking or scene searching capabilities. Sanibel is not interested in obtaining such technology.

10. Does Sanibel use ALPR technology for general surveillance?

No. Sanibel does not use ALPR technology for general surveillance. General surveillance refers to the routine or continuous monitoring of persons, vehicles, or lawful activity without a specific public-safety or authorized purpose. Sanibel uses ALPR data for legitimate public-safety matters and traffic analysis, not to continuously monitor individuals or their activities.

11. Do the Falcon ALPR cameras record audio?

No. The Falcon ALPR cameras do not record audio. They capture vehicle images and associated information as previously described in this document and collect vehicle-count data.

12. Do the Falcon ALPR cameras use facial recognition?

No. The Falcon ALPR cameras do not have facial recognition capabilities. They capture vehicle images and associated information as previously described in this document and collect vehicle-count data.

13. Can Falcon ALPR cameras capture or retrieve a vehicle's VIN?

No. Falcon ALPR cameras do not capture, read, or retrieve vehicle identification numbers (VINs).

14. How long is the ALPR data retained?

Sanibel contracts with Flock, as it has with previous ALPR vendors, to retain ALPR data for one year. Flock's standard retention period is 30 days; however, Sanibel maintains a longer retention period due to the large number of seasonal residents. For example, a seasonal resident may return to Sanibel and discover that a burglary occurred while they were away. Retaining ALPR data for one year can provide valuable investigative information in these and similar cases.

15. Who owns and controls Sanibel's ALPR data?

The City's 2022 Memorandum of Understanding (MOU) with Flock states that Flock owns the data. However, Flock's current standard Terms and Conditions state that all rights, title, and interest in customer data belong to and are retained by the customer. Flock also states that customers control access, sharing, retention, and deletion of their data. The City Attorney and City Manager are reviewing these provisions and have requested an updated MOU from Flock to clarify Sanibel's data ownership and control. The updated MOU will be presented to the City Council for approval.

16. Can Sanibel's ALPR data be shared with other law enforcement agencies?

Yes, SPD can control how its ALPR data is shared with other law enforcement agencies. Flock also provides Statewide and National Lookup features that, when enabled, allow authorized participating law enforcement agencies to search ALPR data across participating camera networks for legitimate law-enforcement purposes. Searches require a documented offense type and are maintained in an audit trail. Federal agencies are not permitted to participate in Flock's Statewide or National Lookup networks. Participating in the Statewide and National Lookup allows Sanibel to search data from outside jurisdictions that participate in the Lookup to investigate Sanibel crimes.

17. Do federal law enforcement agencies have access to Sanibel's ALPR data?

Federal agencies are excluded from the nationwide and statewide Lookup Network and do not have automatic or "back-door" access to Sanibel's ALPR data. According to Flock, federal access is disabled by default and may occur only through an authorized one-to-one sharing relationship when permitted by the local agency and applicable law, or when disclosure is required through valid legal process.

18. Does Flock sell or otherwise monetize Sanibel's ALPR data by providing it to law enforcement agencies or other organizations?

No. Flock is not a data broker and does not sell Sanibel's or any agency's ALPR data.

19. Is Sanibel's ALPR information a public record"

Generally, all public records related to the City's contracts and employment of ALPR's are exempt from public records requests, pursuant to the security and surveillance techniques exemption detailed in Section 119.071(2)(d), Florida Statutes. Additionally, Florida law protects certain ALPR images and data from public disclosure when they contain or provide personal identifying information. The law does allow limited disclosure in specific circumstances, such as for legitimate criminal justice purposes or, in some cases, to the individual associated with a registered license plate.

Despite public records exemptions existing to protect much of the information from disclosure, in response to concerns and questions raised by Sanibel residents regarding SPD's use of Flock ALPR technology, the City has developed this FAQ to provide clear and accurate information about the technology and how it is used in Sanibel.

20. Who within the City of Sanibel has access to Sanibel's ALPR data?

Access to Sanibel's ALPR system is limited to sworn Sanibel Police officers, Dispatchers and authorized City IT staff all of whom have completed recurring required Florida Department of Law Enforcement training and passed certification testing. Access is provided only as necessary for official duties through individual user accounts. Authorized users receive training on lawful use, privacy, system operation.

21. What safeguards do SPD have in place to help prevent misuse of the ALPR system?

SPD limits ALPR access to authorized sworn officers, dispatchers and qualified City IT personnel who have completed required training and certification. Users have individual accounts, and system activity and searches are logged. Access and activity records are audited weekly and monthly by IT personnel, with any irregularities elevated to the SPD command staff (internal) and the IT Director (external) for review.

The system may only be used for authorized official purposes, and misuse may result in loss of access and disciplinary action. Florida's confidentiality requirements for ALPR information provide an additional legal safeguard.

22. How is Sanibel's Falcon ALPR program funded and how much has been spent?

The ALPR system expenses are funded in the IT Department budget. The FY26 expense to date related to the Flock ALPR system is $3,900. From FY23, the expense was $2,850. In FY24, the expense was $3,561. In FY25, the expense was $3,900.

23. Has Flock recently strengthened its privacy and misuse safeguards?

Yes. In August 2026, Flock announced additional safeguards intended to strengthen privacy, security, accountability, and local control of ALPR systems. These include reducing its recommended/default data-retention period from 30 days to seven days, requiring automated auditing for potential misuse, implementing account lockouts for abnormal activity, requiring case codes for searches, providing agencies greater control over permissible search purposes, and strengthening account security. Sanibel will evaluate these changes as they become available to determine how they complement the safeguards already used by SPD.

24. Who can I contact with additional questions?

Chief William Dalton, Sanibel Police Department, 800 Dunlop Road, Sanibel, Florida 33957. Non-emergency police services: 239-472-3111. General Police Department email: police@mysanibel.com. Emergencies: 911.

City Manager Dana A. Souza, 800 Dunlop Road, Sanibel, Florida 33957, 239-472-3700.

25. What information, other than the vehicle image itself, is available through Sanibel's Falcon ALPR system?

The Falcon ALPR cameras capture images of the rear of a vehicle only.

Searches within the Flock system may use criteria such as vehicle color, missing plates, and common vehicle body types, including bicycles, trailers, motorcycles, and golf carts. This search capability is a function of Flock's AI-based processing systems, not of the camera itself. The presence of visible identifiers, such as bumper stickers, toolboxes, luggage racks, and window stickers, may also be used as search criteria. For example, if authorized personnel searched "Vehicles with bumper stickers", the system would generate a list of vehicles with bumper stickers.

However, an important distinction is that neither the camera nor SPD's access provides any capability to search for the specific characteristics, letters, or phrases of window or bumper stickers. For example, if authorized personnel searched vehicles with a "Sanibel bumper sticker", the system would be unable to generate a list of vehicles based on the word Sanibel (or any other word or character).

26. Does Flock's ALPR system generate information about a vehicle that could not otherwise be identified by a person carefully reviewing a similar image or video from a non-ALPR camera?

No. The system does not detect or infer anything about a vehicle that is not visible in the image itself. The system does not identify the driver, occupants, or registered owner from the image, and it does not derive any attribute of the vehicle that is not observable to the human eye.

27. Does it primarily automate the identification and organization of that information?

Yes, Flock automates the identification and organization of observable vehicle information from the still images captured by its Falcon cameras, allowing investigators to search large amounts of data much more quickly and identify potentially relevant investigative leads. In cases involving an immediate threat or an urgent need to locate a person or vehicle, those time savings can be critical to public safety.

28. What does Flock consider a "search" for purposes of its new case-code requirement? Does the requirement apply only when searching shared

Statewide or National Lookup data, or does it also apply when SPD searches data captured by Sanibel's own Falcon cameras?

A license plate search within the Flock system currently requires the user to select an Offense Type from a standardized drop-down menu. This requirement applies whether SPD searches data from Sanibel's own cameras or uses Statewide or National Lookup.

Two additional fields are currently available but are not required by Flock:

- Case Number – identifies the associated case when one exists. In some circumstances, a case number may not yet have been assigned when an ALPR search is necessary.
- Reason – allows the user to provide additional information explaining the purpose of the search.

Sanibel can configure either or both of these fields to be mandatory.

On August 13, 2026, Flock announced an additional safeguard that will require a case code for all law-enforcement searches by the end of 2026. Flock has stated that an emergency exception will be available when necessary, but use of that exception will be flagged for administrator review.

Importantly, a Falcon camera capturing a vehicle image is not itself a user-initiated search. The search requirements apply when an authorized user queries ALPR data within the Flock system. Flock records each query with the user and timestamp for subsequent review and auditing

29. **Is it correct that the data associated with a Falcon ALPR capture is limited to the date, time and location of the capture, license plate information, and observable vehicle characteristics?**?

    That is partially correct. The Falcon camera captures a still image of the vehicle along with the date, time, and location of the capture. Flock's processing systems then analyze the image to identify and convert the license plate information and observable vehicle characteristics into searchable data. A search of that data must be initiated by an authorized user; the system does not independently initiate investigative searches.

30. **What vehicle information does the Falcon ALPR system generate from a captured image?**

When performing a search in the Flock software, the information output includes the plate state, tag number, a photo of the vehicle rear, the location of the camera, and a details button.

Selecting the details button provides additional information from Flock's system, such as vehicle body type (truck, SUV, etc.), make, color, and identifiers (roof rack, etc.), as well as the number of times the plate has been identified within the search range. This screen also includes an option to expand the search area, such as statewide or nationwide.

31. What is the step that converts the license plate characters into an owner's name and address? Is this a search? What is the source of data used for this information?

The step that converts license plate characters into owner information is a separate, external search performed by an authorized officer, dispatcher, or IT staff member using state law enforcement data systems. These searches are logged, audited, and reviewed by both City and state personnel.

32. What are the general types of situations in which SPD uses or searches the Flock ALPR system?

The following are typical law-enforcement situations in which Flock is used:

- **Missing and Endangered Persons:** Assisting with investigations involving Silver Alerts, AMBER Alerts, juvenile runaways, suicidal individuals, and other missing or endangered persons.
- **Stolen Vehicles:** Locating stolen vehicles entering Sanibel and identifying vehicles stolen on the island and subsequently driven off island.
- **Reckless Driving and Road-Rage Incidents:** Investigating reported reckless driving, road rage, and other dangerous driving behavior.
- **Stalking and Protective-Order Violations:** Assisting investigators in developing information related to reported stalking and violations of protective orders.
- **Thefts and Burglaries:** Identifying potential suspect vehicles and developing investigative leads in crimes involving residences, construction sites, beach parking lots, vehicles, and other locations. Because many suspects may travel to and from Sanibel, ALPR information can be particularly useful in these investigations.
- **Wanted Persons and Arrest Warrants:** Assisting with locating wanted persons and individuals with outstanding arrest warrants.
- **Fraud and Scam Investigations:** Developing investigative leads in fraud and scam cases affecting Sanibel residents.

- **Officer Safety:** Alerting officers to vehicles associated with wanted, dangerous, or potentially armed individuals and providing relevant information before officers make contact.
- **Traffic-Related Crimes:** Assisting with investigations involving hit-and-run crashes, impaired driving, stolen license plates, and other traffic-related offenses.

33. Can currently available or emerging AI technology allow a civilian to identify license plates and vehicle characteristics from standard video in a manner similar to Flock's technology?

Yes. The ability to use software to identify license plate information from video captured by standard, non-ALPR cameras has existed for many years and has become increasingly accessible. This capability does not necessarily require modern artificial intelligence; traditional computer-vision and optical character recognition technologies can identify plate characters when the license plate is sufficiently clear and legible in the video.

34. What information is logged when an SPD user performs a search in the Flock system?

For each SPD search, the Flock system logs the user, date and time of the search, scope of the search (Sanibel cameras, Statewide Lookup, or National Lookup), license plate or other search criteria, required offense type, case number (when available), vehicle filters (such as type or color), time period searched, and type of search performed.

These search logs provide an audit trail that allows Sanibel to review who conducted a search, when it was conducted, and the purpose and scope of the search.

Automated License Plate Readers (ALPR) on Sanibel Island

An Analysis of Flock Safety, Axon Enterprise, Legal Liabilities, and Public Opinion

Executive Summary

The deployment of Automated License Plate Readers (ALPR) across the United States has fundamentally altered modern policing and traffic management. On Sanibel Island, the local police department has adopted Flock Safety's ALPR technology, primarily to navigate traffic congestion and aid in post-hurricane recovery efforts. However, the proliferation of this technology, led by Flock Safety and its chief competitor Axon Enterprise, has ignited a nationwide debate. This report provides a comprehensive, fact-based analysis of the technology, weighing its operational benefits against substantial legal liabilities, privacy concerns, and shifting public opinion.

1. Technology Overview

1.1 Flock Safety

Flock Safety, founded in 2017 and headquartered in Atlanta, Georgia, operates a network of ALPR cameras that captures an estimated 20 billion vehicle scans per month across the United States [1]. As of 2025, the company operates in over 6,000 communities across 49 states, employs approximately 1,500 people, and is valued at $7.5 billion [1]. The company's flagship products, the Falcon and Sparrow cameras, are solar-powered, cellular-connected devices designed to capture images of vehicles traveling at speeds up to 100 mph at distances of up to 75 feet [1].

Flock's system relies on "vehicle fingerprint technology," an artificial intelligence algorithm that identifies not only the license plate but also the vehicle's make, model, color, and distinguishing features such as bumper stickers, dents, or roof racks [2]. The data is stored in a centralized, cloud-based network, allowing law enforcement agencies to search for vehicles across jurisdictions [3]. By default, Flock retains data for 30 days, though local agencies can adjust this timeframe [2].

On Sanibel Island, the police department utilizes Flock Safety's Traffic Analytics platform. Following the destruction of the island's legacy LPR system during Hurricane Ian in 2022, Sanibel adopted Flock cameras to monitor daily vehicle counts, hourly traffic volumes, and vehicle classifications. This data is used to proactively deploy traffic aids at the island's four-way stops, mitigating congestion caused by seasonal tourism and heavy construction vehicles [4].

1.2 Axon Enterprise (Competitor)

Axon Enterprise, widely known for its Tasers and body-worn cameras, is a major competitor in the ALPR market. While Flock focuses primarily on fixed surveillance cameras, Axon integrates ALPR technology into a broader "public safety ecosystem." Axon's Fleet 3 system incorporates ALPR into police dashcams, while its newer products, Axon Outpost and Axon Lightpost, are fixed cameras that combine license plate reading with live video streaming [5].

Axon's systems feed into "Fusus," a real-time operations platform that aggregates data from body cameras, drones, CCTV, and ALPRs into a single interface [5]. This integration provides law enforcement with a highly comprehensive surveillance apparatus. While some municipalities have switched from Flock to Axon due to controversies surrounding Flock, privacy advocates note that Axon's interconnected ecosystem consolidates multiple streams of surveillance data into a single platform, which may pose a greater risk to digital privacy [6]. Additionally, Axon's own AI Ethics Board has acknowledged that ALPRs are "severely under-regulated" and that their unregulated use poses "serious concerns," including the potential to exacerbate enforcement of low-level offenses and disproportionately affect low-income communities and communities of color [16].

2. Audio Surveillance Capabilities

Beyond license plate recognition, Flock Safety has expanded into audio surveillance through its Raven product line, launched in 2021. The Raven is an audio gunfire locator, similar in function to the ShotSpotter system used in many major cities [1]. The device records audio in five-second increments and uses artificial intelligence to analyze the sound clips for audible gunfire. When a gunshot is detected, the device estimates its location and alerts police [1]. Like the ALPR cameras, Raven devices can be mounted on manufacturer-supplied poles and powered by solar panels.

Flock claims the Raven system has detected at least 1,200 gunshots, with false positive and false negative rates below 1% [1]. However, in October 2025, Flock announced that Raven devices would begin listening for "human distress," with advertisements depicting police being alerted when the device detects screaming [1]. This expansion from gunshot detection to ambient audio monitoring of human vocalizations represents a significant broadening of the system's surveillance scope.

The implications of audio monitoring are distinct from visual surveillance. While Flock's ALPR cameras capture images on public roadways, audio detection systems that listen for "human distress" could potentially record conversations, arguments, or other sounds in residential areas. The legal framework governing such ambient audio capture remains underdeveloped in most jurisdictions, including Florida.

3. People Tracking and Identification Capabilities

3.1 Condor Pan-Tilt-Zoom Cameras

Flock Safety markets its ALPR cameras as systems that "focus on vehicles, not people" [2]. However, the company's product line extends beyond license plate readers. Flock's Condor cameras are pan-tilt-zoom (PTZ) devices that track moving objects in a scene, including people [1]. According to Flock's own marketing materials, the Condor cameras can automatically zoom in on cars, people, faces, phone screens, and other nearby objects [1]. The cameras can also be controlled manually by operators [1].

As of mid-2026, Flock operates approximately 120,000 cameras nationwide, a figure that includes both ALPR units and PTZ cameras [8]. The Condor line represents a qualitative shift from license plate reading to broader visual surveillance, as these cameras are capable of capturing detailed images of individuals rather than only vehicles.

3.2 FreeForm Natural Language Search

Flock provides a tool called "FreeForm" that allows law enforcement officers to search for anything visible in a scene using natural language queries [1]. Public records requests have revealed that police officers have used FreeForm to search for individuals based on characteristics including race, gender, clothing, height, tattoos, and perceived political affiliation [1].

This capability transforms the system from a vehicle identification tool into a people-tracking system. An officer can, for example, search for "white male wearing red hat" or "person with arm tattoo" across the entire Flock network. The searches are logged, but audits have shown that officers frequently enter vague justifications such as "investigation" or even nonsensical entries like "hehehe" when required to provide a reason for a search [15].

3.3 Nova Person Lookup Tool

In May 2025, reporting revealed that Flock was developing a product called "Nova," described internally as a "public safety data platform." Nova was designed to supplement ALPR data with

information from data breaches, public records, and commercially available data in order to track specific individuals without a warrant [1]. As of May 2025, Nova was already in use by law enforcement in an early access program. The Electronic Frontier Foundation described Flock Nova as a "dystopian panopticon" [1]. Following media reporting by 404 Media, the company decided not to include information from data breaches in Nova, though the product continues to draw from public records and commercial data [1].

4. How AI Capabilities Amplify Privacy Concerns

Artificial intelligence is the foundational technology that enables ALPR networks to function at scale. Without AI, a license plate camera would simply produce an image. With AI, that image becomes a searchable data point in a network of billions of records. Several specific AI capabilities raise privacy questions that extend well beyond traditional camera surveillance.

4.1 Pattern-of-Life Analysis

AI algorithms can aggregate individual vehicle sightings across time and geography to construct detailed "patterns of life." By analyzing where a vehicle appears repeatedly, the system can infer where a person lives, works, worships, seeks medical care, attends political events, or visits socially [9]. Flock's system does produce what the company has acknowledged is a "heat map" showing where "point-in-time images have been captured of a vehicle" for up to an entire month [15]. This capability was the subject of a notable incident in Oshkosh, Wisconsin, where Flock's chief information security officer told the city council the system did not create such maps, only for the city to discover the following day that it did [15].

4.2 Vehicle Identification Without a License Plate

Flock's AI can identify vehicles even when the license plate is obscured, missing, or unreadable. The system uses machine learning to match vehicles based on visual characteristics alone, including make, model, color, damage, and aftermarket modifications [8]. This means that removing or covering a license plate does not prevent the system from tracking a vehicle across the network.

4.3 Cross-Jurisdictional Network Effects

The AI-powered network allows any participating law enforcement agency to query data collected by any other participating agency. Approximately 75% of Flock's law enforcement customers opt into the company's national lookup service [6]. This means that a search initiated by a single officer in one jurisdiction can return results from cameras in thousands of other communities across the country. The scale of this network, processing billions of data points monthly, creates a surveillance apparatus that no single agency could build on its own.

4.4 Real-Time Alerting and Predictive Capabilities

AI enables real-time alerts when a vehicle on a "hotlist" passes any camera in the network. This allows law enforcement to respond within minutes to sightings of vehicles associated with crimes, missing persons, or warrants. However, the same real-time capability has been used by individual officers to track the movements of romantic partners, colleagues, and other individuals for personal reasons [8]. The system's speed and accessibility make misuse difficult to prevent through policy alone.

4.5 Axon Vision and Activity Recognition

Axon's AI platform, called "Axon Vision," can recognize observable activity in real time, including physical altercations, unauthorized access, medical emergencies, and hazardous conditions [6]. When combined with Axon's body cameras, drones, and ground robots, this creates a system capable of identifying and responding to human behavior, not merely recording it. The integration of AI-powered activity recognition with ALPR data means that a single platform can simultaneously track vehicles, identify individuals, and interpret their actions.

5. Inter-Agency Data Sharing in Southwest Florida

The mechanics of how ALPR data is shared between jurisdictions is a central point of contention in the privacy debate. Flock Safety's system architecture inherently encourages maximum data sharing, creating a web of interconnected surveillance networks across Southwest Florida and beyond.

5.1 The Lee County ALPR Network

In Lee County, the surveillance network is highly integrated. The Cape Coral Police Department, Sanibel Police Department, and the Lee County Sheriff's Office all utilize Flock Safety cameras or access data generated by them [22]. While the Lee County Sheriff's Office maintains that it does not own or operate the cameras directly, it actively accesses the data collected by municipal police departments and private entities (such as homeowner associations and businesses) for investigative purposes [7].

According to a recent investigation by WINK News, agencies using Flock can choose to share their data on a 1:1 basis with nearby agencies, within a specific geographic radius, or opt into statewide or national lookup networks [23]. This means that data captured by a camera on Sanibel Island is not isolated to the Sanibel Police Department; it is routinely accessed by deputies from the Lee County Sheriff's Office and potentially by officers in Cape Coral, Fort Myers, and neighboring Charlotte County [23].

5.2 Mechanics of Flock Network Sharing

Flock's data sharing model operates on a reciprocal basis. If a police department chooses to share its data with the entire nationwide network, that department is granted the ability to search the entire nationwide network [24]. This "you show me yours, I'll show you mine" incentive structure encourages local departments to upload their residents' location data into a national database.

To enable this, system administrators simply select an "Enable National Lookup" option within the Flock interface [24]. Once enabled, officers from thousands of out-of-state agencies can track the movements of vehicles in Southwest Florida.

5.3 Inter-Agency Privacy Implications

The integration of Sanibel's ALPR data into regional and national networks creates significant privacy implications:

- **"Side Door" Access by Federal Agencies:** Even if a local agency like Sanibel Police chooses not to share data directly with federal immigration authorities, the interconnected nature of the network creates vulnerabilities. Research by the ACLU and the University of Washington Center for Human Rights has documented numerous instances of "side door" searches, where local police officers conduct searches on behalf of Immigration and Customs Enforcement (ICE) or Customs and Border Protection (CBP) [24] [25].

- **"Back Door" Vulnerabilities:** Audits of Flock networks in Washington State revealed that U.S. Border Patrol agents were able to conduct thousands of searches on local ALPR networks that had *not* explicitly authorized sharing with federal agencies [25]. Flock attributed this to a "pilot program" and poor communication, but privacy advocates argue it demonstrates that technical safeguards can be easily bypassed [25].

- **Evasion of State Privacy Laws:** When local data is uploaded to a national network, it becomes accessible to law enforcement in states with vastly different legal frameworks. For example, ALPR data collected in states where abortion or gender-affirming care is legal has been accessed by law enforcement in states where those activities are criminalized, effectively circumventing local privacy protections [24].

- **Audit Deficiencies:** Flock relies on officers entering a "reason" for their search to prevent misuse. However, network audits frequently show officers entering vague terms like "investigation," "suspicious," or even nonsensical strings of characters, rendering the audit logs virtually useless for oversight purposes [24].

6. Operational Pros and Cons

Category	Advantages	Disadvantages
Crime Investigation	ALPRs generate actionable leads for stolen vehicles, missing persons, and violent crimes. Flock states it supported approximately 1 million law enforcement investigations in 2025 and helped locate more than 10,000 missing persons [8].	Studies have shown error rates up to 10% in plate reading [1]. One California police department reported that 71% of stolen or felony vehicle alerts from Flock were incorrect [1].
Traffic Management	On Sanibel Island, ALPR data provides real-time analytics on vehicle volume and classification, enabling proactive traffic control without the need for traffic lights [4].	The constant surveillance of all passing vehicles, regardless of criminal suspicion, creates a dragnet effect that captures data on the entire population [9].
Data Sharing	Cloud-based networks allow local police to instantly share "hotlists" and coordinate with neighboring jurisdictions, enabling faster response to cross-border crimes [3].	Unrestricted data sharing has led to local data being accessed by federal immigration authorities and out-of-state agencies, often without the knowledge or consent of local officials [3] [10].
Deterrence	Some law enforcement agencies report a deterrent effect on crime in areas where cameras are deployed [1].	Independent verification of deterrence claims has been limited. A Forbes investigation questioned Flock's claim of an 80% reduction in burglaries in San Marino, California, finding that burglaries actually slightly increased during the cited period [1].

Category	Advantages	Disadvantages
Cost	Flock cameras are leased rather than purchased, reducing upfront capital expenditure for municipalities. Solar power and cellular connectivity eliminate the need for wired infrastructure [1].	Ongoing subscription costs create long-term financial commitments. Syracuse, New York, signed a five-year, $422,636 contract with Axon after leaving Flock [17].

6. Legal Liabilities

6.1 Fourth Amendment Challenges

The continuous, indiscriminate recording of vehicle movements raises questions about whether ALPR networks constitute a "search" under the Fourth Amendment. By tracking a vehicle over time, ALPR networks can reveal intimate details about a person's life, including their medical providers, religious affiliations, and political activities [9].

In June 2024, a Circuit Court judge in Norfolk, Virginia, ruled that the collection of location data from the city's 172 Flock cameras constituted a search under the Fourth Amendment. The court determined that such data cannot be used as evidence in a criminal case if collected without a warrant, likening the ALPR network to placing a GPS tracking device on every vehicle [1]. In February 2026, a federal judge ruled that Norfolk's cameras did not violate people's rights "yet," but noted that the constitutional question remains open as the technology evolves [18].

In April 2026, the ACLU filed an amicus brief in a Fourth Circuit case arguing that the use of ALPR systems gave the government unprecedented powers of surveillance [19]. The Institute for Justice has also filed federal lawsuits challenging ALPR use in San Jose, California, on Fourth Amendment grounds [20].

6.2 Wrongful Arrests and False Positives

Flock Safety's technology has been implicated in multiple wrongful detentions. In one high-profile incident in 2026, an automotive journalist test-driving a manufacturer-owned Range Rover was swarmed by police and detained after a Flock camera misread his dealer license plate, matching it to an incomplete entry for a stolen vehicle in California [8]. A police department in Roseville, California, reported that 71% of the 1,427 stolen or felony vehicle alerts generated by their Flock system in 2023 and 2024 were incorrectly identified plates [1]. These

false positives expose municipalities to potential liability for civil rights violations and false imprisonment claims.

6.3 Police Misuse

There have been at least two dozen cases in which officers resigned or were arrested for allegedly abusing Flock's system to stalk romantic interests, according to a tally from the Institute for Justice [8]. In Milwaukee, one officer used Flock to track a romantic partner 124 times and that partner's ex 55 times [8]. In July 2026, five Albany, Georgia, police officers were arrested and fired for misusing Flock, and two officers in Greer, South Carolina, were fired for similar conduct [8]. These incidents expose municipalities to liability for the actions of their officers and raise questions about whether adequate safeguards exist.

6.4 California Class Action Lawsuit

Flock Safety faces a class-action lawsuit in California filed by Gibbs Law Group. The lawsuit alleges that Flock violated state privacy laws by enabling local police departments to share ALPR data with out-of-state law enforcement and federal agencies, including ICE and CBP [10]. The suit claims that federal agencies accessed data from the San Francisco Police Department's cameras more than 1.6 million times, and that Los Altos's readers shared information to out-of-state agencies more than a million times [10]. Under California law, individuals harmed by unauthorized access to ALPR information can sue for a minimum of $2,500 per violation, plus punitive damages [10].

6.5 Cybersecurity Vulnerabilities

In 2025, a series of cybersecurity vulnerabilities were identified in Flock cameras, including hardcoded credentials, cleartext storage of code, and an enabled debug interface [1]. Flock stated these vulnerabilities would require physical access to the device to exploit. Later in 2025, a separate flaw was found that allowed anyone to access live camera feeds and other data from the Flock Condor line through publicly exposed live streams and administrator control panels [1]. Flock stated the issue involved a limited number of devices caused by a misconfiguration.

6.6 Florida Legal Framework

In Florida, the use of ALPRs is governed by Statutes §§ 316.0777 and 316.0778. The law permits the use of ALPRs for collecting active criminal intelligence but strictly prohibits their use for issuing traffic citations [11]. Data captured by these systems is deemed confidential and exempt from public records requests under Florida law, intended to protect the personal identifying information of drivers [11]. The Florida Department of Law Enforcement (FDLE) issued revised ALPR guidelines in November 2024 [21].

However, this statutory confidentiality has fueled local transparency concerns. The Sanibel Police Department denied an open records request regarding their use of Flock Safety cameras,

citing state exemptions [12]. This lack of transparency prevents residents from knowing exactly how their data is being used, how long it is retained, and with whom it is shared.

6.7 Data Retention: Sanibel vs. Lee County vs. State Law

Data retention is one of the most consequential policy decisions governing ALPR use. The longer data is retained, the more detailed a picture of a person's movements and habits can be constructed. Multiple overlapping frameworks govern how long ALPR data may be stored in Southwest Florida, and no publicly available evidence indicates that Sanibel has adopted a local ordinance or city council resolution establishing retention limits beyond the state defaults.

Florida State Framework:

Florida Statute § 316.0778 directs the Department of State, in consultation with the Florida Department of Law Enforcement (FDLE), to establish a maximum retention schedule for ALPR data [11]. The FDLE's Criminal and Juvenile Justice Information Systems (CJJIS) Council issued revised guidelines in November 2024 that establish a tiered retention structure [26]:

Retention Tier	Duration	Applicable Use
Tactical access	30 days	Day-to-day operational use by officers
Investigative/Intelligence retention	Up to 3 anniversary years	Data linked to ongoing or continuing criminal investigations
Active investigation hold	Beyond 3 years	Only if data is the subject of an active criminal matter

The FDLE guidelines state that "data captured, stored, generated, or otherwise produced shall be accessible in the ALPR system for 30 days for tactical use," while data gathered "without specific suspicion may be retained for no longer than 3 anniversary years" [26]. This means that under Florida's state framework, ALPR data on innocent motorists who are not the subject of any investigation can legally be stored for up to three years.

Flock Safety's Default Policy:

Flock Safety's standard retention period is 30 calendar days from the date of capture, after which data is permanently deleted from the cloud [27]. However, Flock's evidence policy explicitly states that if a customer wishes to impose a longer retention period, Flock will offer extended retention for up to one year, provided the agency first obtains approval from an

elected official or governing body [27]. This means that any agency in Lee County could extend retention beyond 30 days with a simple vote or executive approval.

Sanibel's Position:

No publicly available local ordinance, city council resolution, or police department policy specific to Sanibel Island establishes data retention limits that differ from the state default or Flock's standard 30-day period. The Sanibel Police Department's refusal to fulfill an open records request regarding its Flock cameras [12] makes it impossible for residents to independently verify what retention period is in effect, whether data has been extended beyond 30 days for investigative purposes, or whether the department has opted into the full three-year state maximum.

Lee County Sheriff's Office:

The Lee County Sheriff's Office has stated that it does not own or maintain Flock cameras but accesses data collected by other agencies and private entities [22]. The Sheriff's Office has not publicly disclosed a specific data retention policy for the ALPR data it accesses. Because the Sheriff's Office accesses data from multiple sources (municipal police departments, private communities, and businesses), the retention period for any given data point depends on the policies of the entity that owns the camera, creating a patchwork of retention standards across the county.

Cape Coral and Charlotte County:

Neither the Cape Coral Police Department nor the Charlotte County Sheriff's Office has published a standalone ALPR data retention ordinance. Charlotte County Sheriff Bill Prummell stated that "usage of [ALPR systems] is extremely limited and tracked internally" but did not specify retention periods [23]. Cape Coral Police did not respond to media inquiries about their data retention practices [22].

Comparative Context:

The absence of local ordinances in Lee County stands in contrast to jurisdictions that have adopted stricter limits. Flagstaff, Arizona, reduced its retention period to 14 days before ultimately canceling its Flock contract [3]. New Hampshire state law requires non-hit data to be deleted within three minutes [9]. The proposed Massachusetts legislation (H.3755) would require deletion within 14 days unless data is tied to a specific, ongoing criminal investigation [24].

The practical consequence for Sanibel residents is that, absent a local ordinance, the default state framework permits data to be retained for up to three years, and there is no publicly

available mechanism for residents to verify what retention period their police department has selected or whether data has been placed on investigative hold.

7. Public Opinion and Political Response

7.1 Bipartisan Opposition

Opposition to Flock and Axon cameras is a rare issue that bridges the political divide. Progressive advocates oppose the technology due to its potential for abuse by law enforcement, racial profiling, and its use in tracking individuals seeking reproductive healthcare or facing immigration enforcement [3] [13]. Conservative and libertarian groups oppose the cameras as an example of government overreach and a violation of constitutional liberties [13] [14].

CNN reported in July 2026 that "in a politically divided country, opposition to Flock cameras is the rare issue that binds people across the ideological spectrum" [13]. The article quoted individuals from across the political spectrum:

> "It's a violation of people's privacy," said Caleb Williams, a 24-year-old in rural South Carolina who identified as a political independent.
>
> "Rational people know it comes down to violating personal liberties," said Adrien Kaiser, a self-described constitutional conservative who lives northwest of Houston.
>
> "I firmly believe the government can do things to make life better for people, but a surveillance state is the first step towards a police state," said Jon Dendy, a progressive in Massachusetts.

7.2 Federal Legislative Efforts

At the federal level, Republican Representatives Tim Burchett (TN) and Thomas Massie (KY) have introduced legislation to prohibit federal agencies from purchasing, operating, or accessing automated surveillance technologies, including license plate readers [14]. The legislation would also prevent state and local governments from using federal funding to purchase similar systems [14]. Republican Representative Scott Perry (PA) worked with Democratic Representative Jesus "Chuy" Garcia on a bipartisan amendment that would have restricted ALPR use to toll collection purposes only [14].

7.3 Community Actions

As of early 2026, at least 30 localities had either deactivated their Flock cameras or canceled their contracts since the beginning of 2025, with much of the activity occurring in the preceding

three months [3]. These include Flagstaff, Arizona; Cambridge, Massachusetts; Eugene, Oregon; Santa Cruz, California; Fort Collins, Colorado; Madison, Wisconsin; Knoxville, Tennessee; Syracuse, New York; and Walla Walla, Washington [3] [13].

In Lee County, Florida, where Sanibel is located, residents have raised privacy concerns about Flock cameras. Gulf Coast News reported in February 2026 that residents described the cameras as "an invasion of privacy" and expressed concern about the collection of personal information [7]. The Lee County Sheriff's Office confirmed it has access to Flock cameras "solely for public safety purposes" but does not own or maintain the cameras [22].

7.4 Flock Safety's Response

Flock Safety maintains that its technology is an essential crime-fighting tool and that new law enforcement partnerships significantly outpace cancellations [3]. The company has introduced audit tools, keyword filters, and dropdown menus requiring officers to select an "offense type" before conducting searches [3]. CEO Garrett Langley has stated: "We can have safety and privacy. Let's do both. Let's give communities the controls and safeguards to select safety and privacy" [8].

However, the ACLU has documented instances in which Flock representatives made inaccurate statements to city councils regarding the system's capabilities, including a case in Oshkosh, Wisconsin, where the city council rescinded its Flock contract one day after approval upon discovering that the company's chief information security officer had provided false information about the system's tracking features [15].

8. Conclusion

The ALPR technology deployed on Sanibel Island offers measurable benefits for traffic management and criminal investigation. At the same time, the technology carries documented risks, including false positives that have led to wrongful detentions, police misuse for personal surveillance, unauthorized data sharing with federal agencies, and expanding AI capabilities that enable the tracking of individuals rather than only vehicles. The audio surveillance features of Flock's Raven system and the people-tracking capabilities of the Condor cameras and FreeForm search tool extend the system's reach well beyond license plate reading.

Public opinion has shifted significantly against ALPR technology in 2025 and 2026, with opposition emerging from both progressive and conservative constituencies. Multiple municipalities have canceled contracts, federal legislation has been introduced to restrict the technology, and courts continue to evaluate whether warrantless ALPR data collection violates the Fourth Amendment. Any community considering the continued use of this technology would

benefit from establishing clear, publicly debated policies governing data retention, data sharing, permissible use cases, and independent auditing.

We bought a house on Sanibel in January and absolutely love Sanibel and all of the things that make it unique. We were not considering buying in Florida until my husband remembered that Sanibel has everything we love about Florida and nothing we dislike. This is a general comment to please keep Sanibel the way it is.

Therefore, we have the following input:

1. We actually love to arrive on the island and have people directing traffic. We do not favor a roundabout.
2. Speed limits should be slow, no passing zones are good. Keep us Sanibel.
3. We don't favor forgiveness of the debt. Doing so is spending the money of the taxpayers.
4. We are opposed to flock cameras. One of the things we love about Sanibel is the low crime and the excellent police force. While we very much value safety and security, we do not think those things should come at the expense of our privacy. Therefore, we ask that you strongly consider banning the flock cameras.

5. PLANNING COMMISSION REPORT (Commissioner Sergeant)

Planning Commissioner Kate Sergeant reported on two recent Planning Commission meetings and one Capital Improvement Subcommittee meeting. At the June 9th meeting, three applications for the Sanibel Register of Historical Landmarks were considered. The Sanibel Lighthouse and the Sanibel Cemetery on Algiers were approved unanimously. The Wulfert Cemetery application was not approved pending additional information, as its precise location near the Sanctuary Golf Course could not be adequately identified. At the June 23rd meeting, two variances for boat lifts were passed unanimously. The Capital Improvements Subcommittee reviewed and approved the proposed Capital Improvements Plan as consistent with the Sanibel Plan, with a recommendation to study flooding on Bailey Road and similar streets. Commissioner Sergeant noted the five-year capital plan totals $67.6 million, with more than 80 percent being funded through Hurricane Ian-related grants.

6. PUBLIC COMMENTS FOR NON-AGENDA ITEMS

There were no public comments from the audience.

7. PRESENTATION(S)

a. Recognition of Dakota Phillips, Tradesworker (Facilities), Public Works Department, as Employee of the 3rd Quarter, Fiscal Year 2026.

Human Resources Director Crystal Mansell presented the Employee of the Quarter award for the third quarter of Fiscal Year 2026 to Dakota Phillips, Tradesworker in the Facilities Division. Director Mansell noted the program has been in place since 2000 and recognizes employees for exceptional customer service, heroic actions, or significant achievements. Two additional nominees were recognized: Kathleen Towne, Senior Permit Technician, and Holly Vetter, Lead Permit Coordinator, both from the Building Department. Mayor Miller highlighted Mr. Phillips's distinguished family of public servants and noted his key role in recent city projects, including the remodeling of the employee lunchroom. Councilmember Smith offered personal remarks about having watched Mr. Phillips grow up in the community.

b. Proclamation Recognizing July as Parks & Recreation Month

Mayor Miller read into record a proclamation recognizing July as Parks and Recreation Month in the City of Sanibel, highlighting the role of parks and recreation in promoting health and wellness, environmental stewardship, economic prosperity, and community resilience. Recreation Director Andrea Miller accepted the proclamation on behalf of the department and expressed gratitude for the continued support of the City Council, city staff, volunteers, and community partners.

8. 9:05 AM - SECOND READING AND PUBLIC HEARING

a. Accessory Structures

SECOND READING - ORDINANCE 26-007 OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA, AMENDING THE CODE OF ORDINANCES, SUBPART B LAND DEVELOPMENT CODE, CHAPTER 126, ZONING, ARTICLE XIV, SUPPLEMENTARY DISTRICT REGULATIONS, DIVISION 2, ACCESSORY STRUCTURES, SUBDIVISION I, IN GENERAL, SECTION 126-852, REQUIREMENTS, AND SECTION 126-853, FRONT YARDS, TO ALLOW ACCESSORY STRUCTURES IN FRONT YARDS EXCEPT ACCESSORY STORAGE STRUCTURES SUBJECT TO FRONT SETBACK REQUIREMENTS WITH LIMITED EXCEPTIONS; AND DIVISION 3, BUILDING AND AREA REQUIREMENTS, SUBDIVISION I, IN GENERAL, SECTION 126-933, MULTIPLE-FRONTAGE LOTS, FOR THE PURPOSE OF UPDATING THE LAND DEVELOPMENT CODE REGULATIONS; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICT; PROVIDING FOR SEVERANCE; AND PROVIDING AN EFFECTIVE DATE

City Attorney John Agnew read into record the title of Ordinance 26-007. Planning Director Paula McMichael presented a brief summary, noting the amendment was a staff-initiated effort to provide better clarity and consistency in evaluating accessory structures within front yards, including on multiple-frontage lots. The changes

consolidate front yard setback regulations into a single code section, remove redundant provisions, add a cross-reference for fences, and introduce regulations pertaining to little free libraries located in front yards. The Planning Commission recommended code amendments were unanimously approved following several months of review which began in December 2025. No public comments were received.

Councilmember Smith moved, seconded by Councilmember Johnson, to adopt Ordinance 26-007. The motion carried by unanimous vote.

9. DISCUSSIONS OF DRAFT LEGISLATION

a. DISCUSSION ONLY - DRAFT ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA, AMENDING ORDINANCES 26-004 AND 26-005, SECTION 2, MORE FULLY DESCRIBED HEREIN; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICT; PROVIDING FOR SEVERANCE; AND PROVIDING AN EFFECTIVE DATE (Supplement 2)

Mayor Miller introduced the discussion item. City Attorney Agnew provided background on both items, explaining that both stem from the Riverview II affordable housing project approved on March 31, 2026, under Ordinances 26-004 and 26-005. Those ordinances included a condition imposing residency and workforce requirements on tenants. Lee County, which is largely funding the project through the CDBG-DR program, expressed reservations about that condition and about the city's Section 102-102 regulations governing its housing program more broadly. The city subsequently retained outside fair housing counsel, the firm Klein Hornig of Boston, to conduct a comprehensive review of all relevant code provisions and policies for compliance with the Fair Housing Act (FHA). Klein Hornig's recommendations included removing the specific condition from the approving ordinances and deferring to a revised Section 102-102. City Attorney Agnew noted that any amendment to Ordinances 26-004 and 26-005 would require a supermajority vote of four out of five council members, while amendments to Section 102-102, after going through the Planning Commission, would require only a simple majority.

Councilmember Johnson, serving as the CHR liaison, moved that the Council hear public comment, engage in council discussion, and then table a final decision in order to convene a joint workshop with the Planning Commission to allow more thorough deliberation with subject matter experts present. He emphasized the importance of the issue as foundational to the community and expressed his desire to hear from both the public and fellow council members before any action. Councilmember Smith seconded the motion and indicated she would potentially call a special council-only meeting in advance of the joint workshop to prepare more thoroughly. Councilmember DeBruce expressed her readiness to have a substantive discussion during the current meeting rather than scheduling a separate special meeting beforehand. Council reached consensus that the current meeting afforded sufficient

time for discussion, with any formal decision deferred to after the workshop.

Councilmember Johnson moved, seconded by Councilmember DeBruce, to table both agenda items 9(a) and 9(b) and to schedule a joint workshop with the Planning Commission. The motion carried.

Public Comments:

- Denise Rodenburg - A Sanibel homeowner and business owner opposed the Riverview II project. She argued that the project was primarily driven by the goal of meeting a three-percent housing benchmark. Denise expressed concern that using federal funds would necessitate accepting applicants from throughout Lee County, a change she feels the community hasn't agreed to. She also mentioned that some residents might be reluctant to oppose the project due to fear of social repercussions.
- Nancy Orr - A Sanibel resident, expressed apprehension regarding the CHR affordable housing project. She emphasized her understanding that CHR's charter obliged residents of its housing to be employed on Sanibel, and she voiced her support for maintaining this stipulation. Ms. Orr stated her belief in representing the majority opinion on the island, arguing against the necessity for opening CHR housing to other Lee County residents. She asserted that it should remain exclusively for those with a vested interest in the island.
- Ellen Israel - A Sanibel resident for approximately 1.5 years, supported affordable housing initiatives. She highlighted workforce shortages in local businesses and described the housing shortage as a crisis, emphasizing the need for workforce housing.
- Steve Rodenburg - The co-owner of Kona Kai, also opposed the project, citing data about around 58 local businesses that had yet to reopen following Hurricane Ian. Mr. Rodenburg questioned the current feasibility and timing of the project and raised issues regarding grant provisions that might convert into a loan obligation for the city under certain conditions, such as vacancies or financial shortfalls.
- Bridgit Budd - A 25-year resident and landlord, provided an anecdotal observation about the current occupants of CHR housing. In her experience, the majority are not first responders or teachers but rather consist of service workers and others. Ms. Budd expressed skepticism about whether the housing units could be filled efficiently.

Following public comment, Councilmember DeBruce offered detailed remarks. She stated that she had prepared a written memorandum responding to the Klein Hornig analysis, which she requested be distributed to all council members. She argued that while the Fair Housing Act and related federal law apply broadly, current CHR policies and the Land Development Code do not discriminate on their face. She stated that the primary legal concern would be disparate impact liability, but noted that the current federal administration and the present composition of the Supreme Court have moved away from enforcing disparate impact claims in the absence of intentional

discrimination. She cited case law from jurisdictions such as Aspen, Colorado and Monroe County, Florida, where workforce housing programs requiring employment in a specific location have been upheld. She expressed confidence that a legally defensible workforce housing program is achievable and stated she would not agree to removing her condition from Ordinances 26-004 and 26-005 until Section 102-102 was revised to robustly protect the workforce housing mission. She also stressed the importance of engaging Lee County commissioners, noting they may not be fully apprised of the city's current analysis and the direction of the legal review.

Vice Mayor Henshaw agreed on the need for a joint workshop and raised the question of timing relative to the CDBG-DR grant process, noting the project had been slated for the Lee County Board of County Commissioners' August agenda but was now expected to be delayed to September. City Manager Dana Souza confirmed that a realistic completion of the process, including Planning Commission review of any 102-102 amendments and first reading at a council meeting, could potentially be achieved by October, with some steps potentially completed as early as September if a special meeting were scheduled alongside budget hearings.

Councilmember Smith indicated she would be submitting written questions to be answered by city staff and outside counsel in advance of the workshop. She also raised the issue of ground leases on city-owned land where CHR buildings are located, suggesting that landowner rights may provide an additional avenue to protect the workforce housing mission. She further noted the financial complexity of the project, including the distinction between which entity would serve as the CDBG-DR subrecipient, and called for the relevant information to be made available to all council members and the public well in advance of any meeting.

Mayor Miller stated he would support the motion to proceed with a workshop but indicated his key question throughout the process would be whether imposing more stringent residency or workforce requirements than those recommended by Klein Hornig would increase the risk of a clawback by HUD, given that the terms of the loan agreement and any subrecipient guarantees had not yet been reviewed.

Councilmember Johnson offered closing remarks reaffirming his strong belief in the importance of workforce housing to the island's future, particularly as development in Lee County continues to grow and attract workers away from island-based employers. He expressed support for moving the process forward carefully, with transparency and full community engagement.

City Manager Souza confirmed that the City Clerk would poll council members and Planning Commission members for availability to schedule the joint workshop, with consideration of venues with sufficient space for a working session format and public attendance. The possibility of holding the workshop at BIG ARTS was noted as a

preferred option. Coordination with outside counsel to ensure their availability was also identified as necessary.

b. Discussion of Proposed Amendments to Chapter 102, Article II - Below Market Rate Housing (Supplement 2)

As discussed with the previous item, this item was tabled.

10. FIRST READING OF AN ORDINANCE AND SCHEDULING OF PUBLIC HEARING

a. Speed Zones

FIRST READING - ORDINANCE 26-011 OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA; TO SPECIFY SPEED LIMITS ON PUBLICLY OWNED ROADWAYS WITHIN THE CITY; AMENDING THE CODE OF ORDINANCES, CHAPTER 66, TRAFFIC, ARTICLE III, SPEED LIMITS, DIVISION 1, GENERALLY, SECTION 66-121, THIRTY-FIVE MILE PER HOUR SPEED LIMIT, DELETING SECTION 66-122, BRIDGE AT BUELL CREEK; SPEED LIMIT AND RENUMBERING SUBSEQUENT SECTIONS; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICT; PROVIDING FOR SEVERANCE; AND PROVIDING AN EFFECTIVE DATE

Attorney Agnew read into record the title of Ordinance 26-011.

Second reading and public hearing scheduled for 9:05 a.m., Tuesday, August 18, 2026.

b. Amending Ordinance 26-004 & 26-005

ORDINANCE 26-013 OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA, AMENDING ORDINANCES 26-004 AND 26-005, SECTION 2, MORE FULLY DESCRIBED HEREIN; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICT; PROVIDING FOR SEVERANCE; AND PROVIDING AN EFFECTIVE DATE (Supplement 2)

Due to items 9(a) and 9(b) being tabled, this item was also tabled. No discussion was held.

11. COUNCIL COMMENTS

Vice Mayor Henshaw provided an update on the Roots in Resilience program, noting that landscaping work along Causeway Boulevard was underway and nearing visible completion. He also announced that fundraising efforts would soon begin for the "pocket park" at the corner of Casibel and Periwinkle Way, with the goal of installing a shade tree, pavers, and a bike rack to create a small public amenity. He proposed that the Council authorize a proclamation recognizing Lee County Commissioner Kevin Ruane for his staunch support of Sanibel on matters including the CHR project, fire and police services, the fishing pier, and FEMA appeals. Council reached

consensus to proceed with preparing that proclamation.

Councilmember Smith thanked the community for supporting the Love Sanibel Back Wild Mile initiative during the week and encouraged support for all participating nonprofits. She noted that a reception welcoming the new Sanibel School principal would be held at St. Michael's on Friday and encouraged community attendance. She provided an update on her presidency of the Florida League of Cities, which concludes August 15, noting the breadth of advocacy work undertaken during the year, including travel to the Florida Panhandle, the National League of Cities in Kentucky, and Washington, D.C. She noted that her trip to D.C. focused on FEMA reimbursement issues and that FEMA Regional Director Asch committed to visiting Sanibel to review projects in question. She acknowledged the work of the offices of Senator Scott, Senator Moody, and Congressman Donalds in supporting the city's FEMA efforts.

Councilmember Johnson commended Recreation Director Andrea Miller and her team, particularly event coordinator Denise, for organizing a highly successful Fourth of July celebration at the Recreation Center that drew over 1,100 attendees. He also praised the recent employee appreciation event organized by city staff. He echoed Vice Mayor Henshaw's positive comments on the Roots in Resilience landscaping work and closed by reaffirming his belief in the importance of CHR and workforce housing for the community's long-term vitality.

Councilmember DeBruce expressed appreciation to citizens who came forward to speak during the meeting and acknowledged that it can be difficult to voice opinions publicly. She noted the Shell Museum's free admission evening as part of Love Sanibel Back and thanked Councilmember Smith for her service as Florida League of Cities president.

Mayor Miller recognized Recreation Director Miller for the department's year-to-date revenue being at a ten-year high, double that of the pre-Ian fiscal year 2022, with total memberships also at a decade high. He mentioned the Field of Heroes display at the Recreation Center, which will culminate in a September 11th ceremony. Mayor Miller expressed disappointment at Governor DeSantis's veto of Senate Bill 382, which would have established new safety rules for electric bike riders, and stated that even without the new law, existing Florida statutes require cyclists to give audible warning when overtaking pedestrians. He noted that rumors of a new bike rental business on the island prompted him to ask City Attorney Agnew to provide a public memorandum on what authority the city and planning commission have to limit the number of businesses of a specific type, consistent with equal protection and other legal constraints.

Councilmember Smith moved, seconded by Councilmember Johnson, to move item 13a before item 12. The motion carried.

a. Update on the 2026 Sea Turtle Nesting Season, Coyote Depredation Mitigation Strategies, and Efforts to Improve Understanding of the Sanibel Coyote Population

Natural Resources Director Holly Milbrandt introduced the item, providing context from the February 3rd council meeting at which the Sanibel Captiva Conservation Foundation (SCCF) had requested authorization for a targeted lethal removal program for coyotes on Sanibel's western beaches during the 2026 sea turtle nesting season. Council did not approve that program at that time, instead directing staff to hold a workshop and gather more information. Director Milbrandt explained that given the time constraints before the nesting season began, the lethal removal program was taken off the table for 2026, and staff focused on non-lethal strategies and compiling a comprehensive technical response to questions raised by council and the public.

Director Milbrandt reported that staff engaged with several outside organizations and experts, including Humane World for Animals (formerly the Humane Society), who had limited applicable expertise; Dr. McCarron of the Sea Turtle Conservancy and the Florida Predation Management Working Group; and researchers from IFAS/University of Florida and the USDA Wildlife Services. Staff also released a formal Request for Proposals for a coyote population, spatial ecology, and genetics research study through the city's Demand Star procurement platform. The study is framed to run approximately one year, with proposals due in mid-August, evaluation occurring through September, and a potential start date of October 2026. The study is intended to answer foundational questions about how many coyotes are on the island, how they use habitats, and their movement patterns. Director Milbrandt also noted that the city's coyote reporting website, sanibel-coyote.com, was nearly ready to launch publicly.

SCCF Sea Turtle Biologist Jack Brzoza presented mid-season nesting data as of July 6, 2026. The overall Sanibel depredation rate stood at approximately 15 percent as of July 6, rising to 17.4 percent by July 20-above the 10 percent management threshold established in the Loggerhead Recovery Plan and incorporated into FWC's Marine Turtle Conservation Handbook. Depredation rates are highest on the western portion of the island between Bowman's Beach and Blind Pass. Historical data show that depredation rates typically increase from mid-season through the end of the nesting period, making a final rate above 10 percent virtually certain for 2026. Brzoza also reported a significant new development: coyote depredation of shorebird nests, with an approximately 72 percent depredation rate on Sanibel shorebird nests-a substantially elevated and newly confirmed threat.

SCCF Coastal Wildlife Director Kelly Sloan presented on two mitigation strategies being piloted in the 2026 season. First, a decoy nest study deployed alongside real turtle nests on the western end of the island showed that coyotes are clearly detecting and interacting with decoys, but it is too early to determine whether they confer any

conservation benefit by diverting predatory attention from real nests. Second, new larger-gauge screens (4' x 5') were deployed but showed counterintuitively higher depredation rates (23 percent) compared to the standard smaller screens (8 percent). Based on preliminary results, SCCF decided to transition back to mixing in the standard smaller screens rather than continuing exclusive use of the larger ones. Sloan also reported that an independent biological statistician confirmed SCCF's long-term finding that nest predation has increased significantly over time, and that storm washouts have not shown a long-term increasing trend-refuting a question raised at the prior meeting.

SCCF CEO James Evans presented a budget request, noting that SCCF spends approximately $329,000 annually on the Sanibel sea turtle and shorebird monitoring program and requested that the city consider contributing 20-25 percent of program costs, or approximately $65,000-$82,000 annually. Evans indicated this funding would help sustain and grow the program, including additional seasonal staff capacity. Director Milbrandt provided a historical overview of the city's prior financial contributions to SCCF's sea turtle program, including cost-share arrangements for education materials and the use of city vehicles.

Council discussion reflected strong support for funding both the coyote population research study and a contribution to SCCF's sea turtle monitoring program. Councilmembers Smith and DeBruce expressed enthusiastic support for conservation funding. Councilmember Smith pledged to seek budget line items to support SCCF and encouraged both city funding and public private partnership contributions. Vice Mayor Henshaw noted concern about the total expenditure in the context of anticipated property tax revenue pressures but acknowledged the obligation to address depredation. Mayor Miller noted that the population study and the depredation mitigation strategy are on separate tracks and asked about timeline, receiving confirmation that study results would be expected by approximately October 2027. Council also discussed the prospect of a post-season workshop or return to council in November or December to plan mitigation strategies for the 2027 nesting season, before study results are available.

Councilmember Smith moved, seconded by Councilmember DeBruce, to include in the Fiscal Year 2027 budget both the cost of the coyote population research study and a contribution of approximately $75,000 to SCCF for the sea turtle depredation minimization program. The motion carried.

The meeting recessed at 12:19 p.m. and reconvened at 12:53 p.m.

12. DISCUSSION OF FY2027 BUDGET

b. Potential Stormwater Assessment

Deputy City Manager Chaipel introduced a presentation by Kyle Stephens of Stantec

on a preliminary stormwater assessment study. Stantec was engaged to analyze the costs of providing stormwater services and to develop a potential fee structure to fund those services through a dedicated special assessment on the annual Lee County tax bill rather than through the general fund.

Mr. Stephens presented findings based on an analysis of current stormwater-related expenditures, totaling approximately $1.65 million annually when accounting for personnel, operations and maintenance, cash-funded capital, and a contribution to reserves. When adjusted to include the tax collector's administrative costs and a statutory early payment discount, the total revenue requirement is approximately $1.75 million. Using aerial photography and deep learning algorithms to measure impervious area city-wide-totaling approximately 37 million square feet-Stantec developed a fee structure with three customer categories: a flat fee for single-family homes of $277.55 per year; a per-unit fee of $80.51 for condominiums (based on an average impervious area of approximately 1,800 square feet per unit, or 0.29 Equivalent Residential Units); and a measured fee for all other parcels calculated based on their individual impervious area divided by 6,300 square feet (the average single-family home footprint). Stephens noted the proposed fee is in the middle range when compared to other barrier island communities in Florida that have similar programs. He presented a financial projection showing the need for modest fee increases in future years as capital projects come online, with more significant increases potentially required around 2030-2031 if substantial master plan projects are debt-financed. Stephens also outlined the statutory timeline for proceeding, including a required notice to all affected property owners by July 29, a first public hearing on August 18, a final public hearing on September 13, and inclusion on the November tax bill.

Council discussion centered on several themes. Councilmember DeBruce confirmed her understanding that this would function as a new dedicated revenue source-not a net new financial burden-and asked about the impact on the operating budget. Chaipel clarified that the expenses are already in the budget; the assessment would provide an alternative dedicated funding stream, with the treatment of the millage rate remaining a separate policy decision made during the budget process. Mayor Miller noted key benefits of the assessment structure, including enhanced borrowing capacity for future stormwater capital projects. Councilmember Smith observed that based on her research, the City of Sanibel and Lee County are among the only remaining jurisdictions in the area without a stormwater assessment, and she expressed support for moving forward. Vice Mayor Henshaw and Councilmember Johnson expressed the view that the fee should function as a revenue replacement rather than an additive burden. City Attorney Agnew and City Manager Souza clarified that while this is the council's stated intent, the formal offset against the millage rate is a separate policy decision to be addressed during budget hearings and cannot be binding beyond the current year. Council directed staff to ensure that all public communications about the

assessment clearly convey that it is intended to fund existing services and is not intended to impose an additional net financial burden on residents.

Councilmember Smith moved, seconded by Councilmember Johnson, to proceed with the stormwater assessment process and return to the August 18 meeting with a formal resolution. The motion carried.

Vice Mayor Henshaw moved, seconded by Councilmember Smith, to direct staff to communicate to the public that the stormwater assessment is intended as a revenue replacement, not an additional burden, and to have the messaging reviewed by the Mayor and City Attorney prior to distribution. The motion carried.

a. City of Sanibel Fiscal Year 2027 Draft Budget

Deputy City Manager/CFO Steve Chaipel presented an overview of the Fiscal Year 2027 draft budget. The total draft budget stands at approximately $187 million, heavily influenced by Hurricane Ian recovery grant funding from the State of Florida. The draft operating budget is approximately $44 million, prepared at a millage rate of 2.5 mills, the same as in Fiscal Year 2026. Taxable property values increased 8.2 percent from the prior year, bringing the total to approximately $6 billion, though still approximately 4.7 percent below pre-Ian levels. The general fund ending balance was noted as a working figure of approximately $870,000, which Mr. Chaipel acknowledged as low relative to prior years, though he expressed confidence that further work before the August workshop would improve that figure. The capital budget stands at approximately $61 million, with approximately $24 million representing projects carried forward from FY2026 due to grant approval delays or project deferrals. The five-year Capital Improvement Plan continues to be primarily grant-driven. Mr. Chaipel noted that the FY27 budget, when adjusted for inflation relative to prior years, is approximately five percent below those earlier budgets in real terms. A budget workshop is scheduled for August 18, 2026, at 5:30 PM, followed by required public budget hearings on September 14 and September 28, with final adoption of the budget required by September 30.

Councilmember Smith raised the potential financial implications of a November ballot measure on homestead exemptions and requested that CFO Chaipel model scenarios reflecting both passage and failure of that measure for presentation at the August workshop. She also encouraged the city to begin reviewing long-standing interlocal agreements, including those with the School District and Lee County related to shared facilities.

c. Proposed Operating Millage Rate

RESOLUTION 26-023 OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA, ADVISING THE LEE COUNTY PROPERTY APPRAISER OF THE PROPOSED OPERATING MILLAGE RATE, THE ROLLED-BACK RATE, THE PROPOSED AGGREGATE MILLAGE RATE, THE MILLAGE LEVY FOR THE RECREATION CENTER VOTED DEBT SERVICE, AND THE DATE, TIME, AND

PLACE AT WHICH A PUBLIC HEARING WILL BE HELD TO CONSIDER THE TENTATIVE OPERATING MILLAGE RATE FOR TAX (CALENDAR) YEAR 2026 AND TENTATIVE BUDGET FOR THE CITY OF SANIBEL FISCAL YEAR 2027; AUTHORIZING AND DIRECTING THE CITY MANAGER TO PROVIDE CERTIFICATION OF SAME; AND PROVIDING AN EFFECTIVE DATE.

City Attorney Agnew read the title of Resolution 26-023. CFO Chaipel presented the proposed preliminary operating millage rate of 2.5 mills for Fiscal Year 2027, consistent with the current year. The rollback rate was calculated at 2.3384 mills. Chaipel noted a change in state law this year requiring a supermajority vote of four out of five council members to adopt any millage rate above the rollback rate, meaning the proposed 2.5 mill rate would require a supermajority. The aggregate millage rate, including the recreation center voted debt service, would be 2.6 mills. Council members expressed general support for the 2.5 mill ceiling while acknowledging the desire to reduce it if budget conditions allow. Mayor Miller noted that while there were arguments for a slight reduction-given property value growth exceeding inflation and the potential stormwater assessment shifting some expenditures-the low general fund ending balance and the number of unfunded items left limited room for reduction at this stage. City Manager Souza committed to making expenditure adjustments before the August workshop.

Vice Mayor Henshaw moved, seconded by Councilmember Smith, to approve Resolution 26-023, setting the proposed operating millage rate at 2.5000 mills, the aggregate millage rate at 2.6000 mills, and the total proposed budget at $187,087,616.00. The motion carried.

b. Periwinkle Way/Causeway Boulevard/Lindgren Boulevard Intersection - Topographic Survey Results and Consideration of an Advisory Referendum on Construction of a Roundabout

City Manager Souza provided background, noting that at the March 3rd meeting, Council directed staff to complete a topographic survey of the Periwinkle Way/Causeway Boulevard/Lindgren Boulevard intersection and overlay it on the existing conceptual roundabout design before proceeding to a community referendum. Bill Waddill of Kimley Horn presented the survey findings, confirming that both the single-lane and two-lane roundabout configurations fit entirely within existing city right-of-way, with no encroachment into Pond Apple Park. This eliminates the need for a charter-required referendum on removal of environmentally sensitive land. Minor encroachments into the Tulip Lane right-of-way and an existing sidewalk at the southwest corner would be addressed through standard construction easements. City Manager Souza confirmed that a voluntary advisory referendum-consistent with Council's earlier direction-was the appropriate next step, and presented three options: inclusion on the March 2027 municipal election ballot (approximately $400 in additional cost for translation), a standalone election ($25,000), or a mail ballot election (cost to be confirmed but likely between the two options). Council expressed consensus to proceed with the March 2027 election as the most cost-effective option

and one that would attract meaningful voter participation.

Council discussion highlighted the importance of providing residents with clear, balanced educational materials summarizing the pros and cons of the roundabout proposal-including safety benefits for traffic control staff, air quality and efficiency improvements from reduced idling, throughput performance across all seasons, and aesthetic considerations-prior to the election. City Manager Souza confirmed that funds remain within the existing MPO grant contract with Kimley Horn to prepare supplemental graphics and educational materials. The City Attorney confirmed that the city may provide factual, neutral information but may not advocate for a particular outcome. Councilmember Smith disclosed that she had been lobbied in Washington, D.C. by an elected official to support the roundabout and expressed discomfort with that approach.

Councilmember Johnson moved, seconded by Councilmember Smith, to direct the City Manager and City Attorney to prepare a resolution with ballot language for Council consideration at the August 18 meeting, to place an advisory referendum question regarding the roundabout on the March 2027 municipal election ballot. The motion carried.

c. Presentation by Altumint Regarding the School Zone Speed Detection System Erroneous Speed Reporting and Corrective Actions

Police Chief William Dalton introduced the item, explaining that in the second half of 2025, the department began receiving complaints from motorists-primarily those traveling westbound through the school zone-who were confident they had not been speeding. After multiple on-site verifications that failed to replicate errors, a motorist provided GPS data showing a discrepancy. The department ceased issuing citations and engaged the vendor, Altumint, to investigate.

Jason Norton of Altumint presented findings, explaining that when the westbound camera was relocated farther from the roadway for safety reasons in November 2025, it was inadvertently positioned behind a tree. The radar tracking data-visualized as a series of detection dots-was interrupted by the tree, making it impossible to reliably confirm whether speed measurements were accurate. Mr. Norton emphasized that Altumint's review process requires a human reviewer on both the vendor and police department sides before any citation is issued, and that all available citations were reviewed. However, because the tree interference could result in either over- or under-reporting of speeds, the accuracy of individual citations during the affected period cannot be confirmed to a courtroom standard.

Altumint's remediation actions included installation of a gantry arm to move the camera around the tree. Subsequent testing-using five different radar speed measurement devices and observed by police department personnel-confirmed that both the westbound and eastbound camera systems are now performing accurately. Going forward, monthly testing will be conducted with police department verification. Altumint also developed a new "Roadrunner" vehicle tracking tool to automatically

review radar detection patterns daily across all camera systems.

With respect to the approximately 1,701 citations issued during the affected period (November 2025 onward), Altumint committed to proactively refunding all paid citations and dismissing all unpaid citations. For any citations that escalated to Uniform Traffic Citations (UTCs) and may have resulted in license suspensions or additional fees, Altumint committed to working with the Police Department and Clerk of Courts to make affected motorists whole. City Manager Souza clarified that only citations issued to westbound motorists are affected; citations issued to eastbound motorists were verified as accurately issued and will stand. Contact information for Altumint's customer service will be made available on the city website.

Council members expressed appreciation for Altumint's accountability and transparency in identifying and rectifying the error, while emphasizing that continued monitoring and monthly verification are essential to maintaining public trust in the system.

a. Solid Waste Initial Assessment

RESOLUTION 26-020 OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA, RELATING TO THE COLLECTION AND DISPOSAL OF SOLID WASTE, RECYCLABLES, AND HORTICULTURAL WASTE, IN THE CITY OF SANIBEL CONSTITUTING THE CITY'S 2026-2027 FISCAL YEAR INITIAL ASSESSMENT RESOLUTION RELATING TO THE ANNUAL SPECIAL SERVICE ASSESSMENT TO FUND THE COLLECTION AND DISPOSAL OF SOLID WASTE, RECYCLABLES, AND HORTICULTURAL WASTE AGAINST ASSESSED PROPERTY LOCATED WITHIN THE CITY OF SANIBEL FOR THE FISCAL YEAR OCTOBER 1, 2026 THROUGH SEPTEMBER 30, 2027; CONFIRMING AND AUTHORIZING MATTERS RELATING TO SUCH ASSESSMENT; SCHEDULING A PUBLIC HEARING TO CONSIDER THE ADOPTION OF THE ANNUAL RATE RESOLUTION AND TO CONFIRM COLLECTION OF SUCH SPECIAL SERVICE ASSESSMENTS THROUGH THE UNIFORM METHOD OF COLLECTION (i.e., ANNUAL LEE COUNTY TAX BILL); PROVIDING DIRECTION FOR THE PREPARATION OF THE ASSESSMENT ROLL AND NOTICES REQUIRED BY LAW; AND PROVIDING AN EFFECTIVE DATE

City Attorney Agnew read the title of Resolution 26-020. CFO Chaipel explained that the resolution initiates the required statutory process for the annual solid waste special assessment. The franchise hauler, Waste Management (WM), requested a 3.84 percent cost increase in accordance with CPI provisions in the franchise agreement; however, through internal efficiencies, the city is proposing a lower overall rate increase of approximately 2.44 percent for standard curbside residential collection, raising the annual rate from $525.66 to $538.51. No rate increase was requested on the commercial side. A public hearing on the final assessment rate is

scheduled for August 18, 2026.

Vice Mayor Henshaw moved, seconded by Councilmember Johnson, to adopt Resolution 26-020. The motion carried.

b. Solid Waste Rates

RESOLUTION 26-021 OF THE CITY COUNCIL OF THE CITY OF SANIBEL, FLORIDA, APPROVING A SOLID WASTE RATE STRUCTURE FOR FISCAL YEAR 2026-2027; ESTABLISHING SOLID WASTE, RECYCLABLES, AND HORTICULTURE WASTE RATES FOR RESIDENTIAL, COMMERCIAL, AND MULTI-FAMILY PROPERTIES; APPROVING A SOLID WASTE FRANCHISE FEE; APPROVING A SOLID WASTE DISPOSAL SURCHARGE; AND PROVIDING AN EFFECTIVE DATE.

City Attorney Agnew read the title of Resolution 26-021, approving the solid waste rate structure for Fiscal Year 2026-2027.

Councilmember Johnson moved, seconded by Councilmember Smith, to adopt Resolution 26-021. The motion carried.

c. Request from Sundial Beach Resort and Spa to consider accommodation to Chapter 30, Article III, Sec 30-63 (13) and Sec. 30-64, for a New Years Eve event to be held at 1451 Middle Gulf Dr.

City Manager Souza presented a request from Sundial Beach Resort and Spa to hold a New Year's Eve event on the pool deck for approximately 150 guests, extending beyond the standard 10:00 PM noise ordinance limit. Consistent with the approach taken for the same event in the prior year, staff recommended approving the event until 12:30 AM to allow guests to complete a midnight celebration before music concludes. Councilmember Johnson confirmed that the prior year's event had proceeded without significant issues.

Councilmember Smith moved, seconded by Councilmember Johnson, to approve the Sundial Beach Resort and Spa's New Year's Eve event accommodation until 12:30 AM. The motion carried.

17. GENERAL COUNCIL DISCUSSION

a. Future Agenda Items Matrix

Councilmember DeBruce raised the recurring issue of boats approaching too close to

swimmers on the beach, noting prior discussion about establishing swim zones. City Manager Souza confirmed the topic remains within the city's strategic objectives and committed to bringing options back for council review before the next high season. Councilmember DeBruce also asked City Attorney Agnew to follow up on the question of how the March 2027 election will handle the two council seats up for election-one full term and one partial term-given that the city charter does not specifically address this scenario. City Attorney Agnew confirmed he would seek written guidance from the Supervisor of Elections and report back.

Councilmember Smith raised a water quality concern discovered during her trip to Washington, D.C. She reported that language inserted into the House version of the WRDA bill by Congressman Mast would eliminate harmful flows to the St. Lucie River while only reducing harmful flows to the Caloosahatchee River estuary-a distinction that could effectively divert more discharge toward Sanibel. She confirmed this language had been verified as actual bill language and stated that she, Congressman Donalds's office, and the Everglades Foundation are actively working to ensure the Senate version retains "reducing" language for both estuaries and to prevent the House's "eliminating/reducing" disparity from being folded into a final bill. Councilmember DeBruce noted that many environmental partners in Florida are now aware of this issue.

Mayor Miller requested a follow-up on whether a letter to General Kelly requesting an extension of Major Bell's service assignment had been sent, and asked that it be transmitted if not yet done.

Vice Mayor Henshaw requested a briefing or Zoom meeting with Planning Director McMichael and the transportation planning consultants on the integration of the transportation master plan with the comprehensive Sanibel Plan update. City Manager Souza confirmed the transportation plan is expected to be completed by end of year, with planning commission and council review to follow.

18. CITY MANAGER'S REPORT

City Manager Souza commended the team of city employees who organized the recent employee appreciation event, noting a record number of attendees. He thanked Council for navigating a challenging agenda and noted the productive outcomes of the day's discussions. He reported that Natural Resources staff member Rachel Rainbolt, who had been expected to present on the coyote website, welcomed a new baby on July 13th, and that both mother and child are doing well. He provided additional context on the Washington, D.C. FEMA meeting, reiterating that while overall results were disappointing, the commitment from FEMA Regional Administrator Asch to visit Sanibel in person to review projects was a meaningful outcome.

19. CITY ATTORNEY'S REPORT

City Attorney Agnew provided supplemental clarification on several matters arising from the day's discussion of below market rate housing. He confirmed that city-owned land on which CHR housing is located will not receive different treatment under any revised program framework, as all housing units are administered under the same program. He clarified that the city's existing housing program in Section 102-102 has historically operated as a preference-based system, not a workforce mandate-and that the explicit workforce mandate had been an internal CHR policy, not a codified city requirement, until Councilmember DeBruce's condition was added to Ordinances 26-004 and 26-005 in March 2026. He emphasized that everything governing the program should be housed in the city's code and under council's control. He confirmed that Klein Hornig was given broad direction to review all aspects of the program and to help the city codify a legally defensible policy. He reiterated the importance of focusing on Option 3 of the three proposed revisions to Section 102-102 as the most suitable starting point, noting that Options 1 and 2 are minor variations of each other and that Option 3 is substantively different and closer to what council appears to want. He also addressed the distinction between disparate impact liability as a federal enforcement matter versus as a private right of action, noting that even if the federal government declines to enforce, private plaintiffs retain a legal avenue-and the city must remain attentive to that risk. Council confirmed its preference to focus preparation and the upcoming workshop on Option 3 of the 102-102 amendments.

Dear Mr. Evans,

As approved by the Sanibel City Council, a partnership is established between the Recreation Center and Sanibel Captiva Conservation Foundation (SCCF), with the provisions of the partnership listed below. From your recent correspondence with Recreation Director, Andrea Miller, it is felt that this partnership will benefit both the Sanibel Recreation Center participants and the SCCF employees and family members. As proposed, the provisions listed are as follows:

- SCCF, through the Sanibel Sea School, will provide summer snorkeling and marine ecosystem education, taught by SCCF staff to approximately fifty-five City of Sanibel youth summer camp participants (grades K-8), once a week for a period of up to 10 weeks. The retail value of these donated services is $900/week, $9,000 for a ten-week period. SCCF instructors must submit to and pass a background check and/or provide proof of approved background check.

- The staff of SCCF will receive a reduced rate for their lifeguard certification course instructed by the City of Sanibel staff at the Recreation Center, to approximately 12 SCCF participants. SCCF will pay the hourly rate of the City employee(s) instructing the course, which is estimated at $600. Typical value of this course is $280 per student.

- In consideration of the services and contributions set forth above, the employees of SCCF will have membership privileges at the Sanibel Recreation Center for a period not to exceed one year from each employee's application approval date. This membership is for individual employees only. The retail value of the donated membership is approximately $7,920 (for 36 employees at $220 each). If the employee chooses to upgrade to a family membership, the additional cost between the individual rate and the family rate in effect at the time will be paid by the employee.

The renewal agreement will be effective on the terms and conditions set forth above from August 18, 2026, for a period of two years (although employee membership will extend one year from application approval date, as noted above). The City appreciates the efforts of SCCF to provide wellness benefits to its employees through the Sanibel Recreation Center.

The Agreement will be reviewed and may be amended by the City Manager and the Chief Executive Officer of Sanibel Captiva Conservation Foundation as needed prior to any new term or agreement. Either party may terminate this Agreement at any time, with or without cause, upon 30 days' prior written notice to the other party to this Agreement.

PROJECT NO. 401747

EXHIBIT "A"
BEACH AND SHORELINE
PROJECT PLAN

Project Type: ☐ Maintenance ☑ Capital

This Project Plan will be used in the formalization process for reimbursement and deliverables for approved Beach and Shoreline Projects. It is intended as a summary of the information provided in the Funding Request.

PROJECT DESCRIPTION

The City of Sanibel regularly carries out a detailed survey of its entire Gulf shoreline and the eastern third of its Bay shoreline. The City alternates between Summer and Winter to track seasonal fluctuations of the shoreline conditions. This request is for the Summer of 2027. The program provides survey data used to assess the physical status of Sanibel's shoreline and locate any changes or trends in beach erosion. This program and the resulting survey data is critical for beach maintenance and assessment of the current physical profile of the City's shorelines. The project includes the collection of dune, beach and shore area profile data. The survey data is collected along 124 FDEP profile monuments. Upon completion of the survey, each monument profile is plotted to clearly illustrate the current state of the beach and shoreline.

PROJECT TASKS: List key tasks to be performed with this funding

To promote tourism by maintaining and protecting our beach shorelines. Baseline information is essential in order to make informed decisions regarding erosion, beach maintenance and shoreline protection. Beach users benefit by having beaches where coastal processes and erosion rates are well understood and which are part of an active beach management plan. Regularly collecting accurate physical survey information is critical for post-storm maintenance and has proven beneficial in the past following Hurricanes; Charley, Wilma, Irma and Ian; once the FY23 Summer Beach and Shoreline monitoring survey is completed. Collecting survey data to monitor beach erosion and provide guidance on areas of the beach that may need to be re-nourised.

AGENDA MEMORANDUM *Finance Department*

City Council Meeting Date: August 18, 2026

To: City Council

From: Steve C. Chaipel, Deputy City Manager/CFO

Date: August 11, 2026

SUBJECT: Sanibel Police Building Construction (CDBG-DR Grant #DR10680)

BACKGROUND: On January 13, 2026, City Council approved the CDBG-DR subrecipient grant agreement #DR10680 with Lee County, which provides funding for the construction of a new Sanibel Police Station.

Lee County has since advised the City of certain administrative updates that need to be incorporated after conducting an environmental review of the site and project per U.S. Department of Housing and Urban Development (HUD) guidelines. The County determined that information from the review needed to be included in the grant agreement.

Additionally, the County has agreed to add the management of the Federal Davis-Bacon Act requirements into the agreement rather than later drafting an amendment or a separate contract (based on a request by City staff). The Davis–Bacon Act of 1931 is a federal law that establishes the requirement for paying the local prevailing wages on public works projects for laborers and mechanics. It is applicable to contractors and subcontractors performing on federally funded or assisted contracts more than $2,000 for the construction, alteration, or repair of any public buildings or public works projects.

The total financial obligation of the agreement and project has not changed.

RECOMMENDED ACTION: Approve the revised agreement for CDBG-DR grant #DR1068 and authorize the City Manager to execute the agreement.

SUBRECIPIENT AGREEMENT BETWEEN

THE LEE COUNTY BOARD OF COUNTY COMMISSIONERS

AND

CITY OF SANIBEL

This **AGREEMENT** between Lee County, a political subdivision and charter county of the State of Florida, hereinafter referred to as "**COUNTY**," and City of Sanibel, a local government/municipality registered under the laws of Florida Statute, Chapters 165 and 166, hereinafter referred to as **"SUBRECIPIENT"** will become effective upon the date ("Effective Date") signed by the Board of County Commissioners (BOCC).

SECTION I: RECITALS

WHEREAS, pursuant to Public Law (P.L.) 117-328, the "Department of Housing and Urban Development Appropriations Act, 2023" (hereinafter referred to as the "Appropriation Act"), and the "Allocations for Community Development Block Grant Disaster Recovery and Implementation of the CDBG–DR Consolidated Waivers and Alternative Requirements Notice," 88 Federal Register (FR) 32046 (May 18, 2023); (hereinafter referred to as the "Federal Register Guidance"), the U.S. Department of Housing and Urban Development (hereinafter referred to as "HUD") has awarded $1,107,881,000 (a $963,375,000 allocation for unmet disaster recovery needs with an additional $144,506,000 mitigation set aside) of Community Development Block Grant – Disaster Recovery (CDBG-DR) funds to the **COUNTY** for activities authorized under Title I of the Housing and Community Development Act of 1974 (42 United States Code (U.S.C.) 5301 *et seq.*) and described in the *Lee County Action Plan for CDBG-DR Funds* (hereinafter referred to as the "Action Plan") for the Consolidated Appropriation Act (P.L. 117-328). The **COUNTY** is also hereinafter referred to from time to time as "Grantee."

WHEREAS, the **COUNTY** believes it is in the public interest to serve as a pass-through entity by awarding and/or providing CDBG-DR funding for certain activities to **SUBRECIPIENTS** for the benefit of Lee County residents. CDBG-DR funding made available for use by the **SUBRECIPIENT** under this Agreement constitutes a subaward of the Grantee's Federal award, for which the use of the subaward funds must conform to the **COUNTY'S** intent as stated in the applicable Notice of Funding Availability (NOFA) Application, and attachments, and/or exhibits, and all other terms and conditions as specified.

WHEREAS, the **COUNTY** has legal authority to disburse funds as a subaward under the Federal award and to enter into this Agreement with the **SUBRECIPIENT,** who by signing this Agreement, represents and warrants to the **COUNTY** that it will comply with all the requirements of the subaward described herein.

WHEREAS, the Action Plan has been developed to give the maximum feasible priority to activities that will benefit low- and moderate-income families and the aggregate use of CDBG-DR funds shall principally benefit low- and moderate-income families in a manner that ensures that at least 70 percent (or another percentage permitted by HUD in a waiver) of the grant amount is expended for activities that benefit such persons.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, therefore the **COUNTY** and the **SUBRECIPIENT** agree as follows:

SECTION II: SCOPE OF WORK AND ACTIVITIES

The **COUNTY** provides the **SUBRECIPIENT** the award under this Agreement to perform project activities under the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program. Any proposal, application, or exhibit associated with this CDBG-DR funding award are binding and incorporated herein as a part of this **AGREEMENT**.

The **SUBRECIPIENT** shall submit to the **COUNTY** the required information and documentation to complete *Exhibits A (Scope of Work and Activities – Program/Project Activity Overview) & B (Scope of Work and Activities – Project Activity Scope of Work Description)*. If there is a disagreement between the **COUNTY** and **SUBRECIPIENT**, with respect to the formatting and content requirements of the Exhibit, the **COUNTY'S** has sole and absolute discretion; the **COUNTY'S** decisions shall prevail.

The **SUBRECIPIENT** must provide a statement of work, in accordance with 24 CFR 570.503 detailing the work to be performed, a schedule for completing the work, and a budget. The statement of work as prescribed by the **COUNTY** under *Exhibits A and B* must provide sufficient data and detail to provide a sound basis for the COUNTY to monitor performance.

The **SUBRECIPIENT** agrees to abide by all applicable state and Federal laws, rules and regulations, including but not necessarily limited to, the Federal laws and regulations set forth at 24 CFR 570, 2 CFR 200, the Federal Register Guidance, and the **COUNTY'S** Action Plan. This includes core CDBG-DR tenets and requirements as stated below:

SUBSECTION II.A. – MID REQUIREMENT: The **SUBRECIPIENT** must conduct all activities and expend all CDBG-DR award funds granted by the **COUNTY** in the "most impacted and distressed" (MID) areas resulting from the qualifying major disaster in 2022, which is in response to Hurricane Ian (Federal Emergency Management Agency (FEMA) Disaster No. 4673 – DR). As noted in the Federal Register Guidance (88 FR 32046), the HUD-identified MID area for this disaster allocation is all of Lee County.

SUBSECTION II.B. – ELIGIBLE ACTIVITIES: CDBG–DR funds are provided for necessary expenses for activities authorized under Title I of the Housing and Community Development Act of 1974 (HCDA), as amended (42 United States Code (U.S.C.) 5301 et seq.), related to disaster relief, long-term recovery, restoration of infrastructure and housing, economic revitalization, and mitigation of related risk. The **SUBRECIPIENT** must utilize CDBG-DR funds, as prescribed under 24 CFR 570 Subpart C – Eligible Activities, and for alternative requirements and waivers as prescribed within the Federal Register Guidance. Furthermore, the **SUBRECIPIENT** shall conduct its project to align with the approved eligible activity(ies) found under the most-recent approved Action Plan for the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program.

SUBSECTION II.C. – NATIONAL OBJECTIVE: The **SUBRECIPIENT** must meet the criteria for one of the CDBG-DR program's national objectives. For this scope of work, the **SUBRECIPIENT** must adhere to the following national objective type, as defined at 24 CFR 570.208 and alternative requirements under the Federal Register Guidance, and as reflected as an approved national objective type for this CDBG-DR program within the Action Plan:

☒ Activities designed to meet community development needs having a particular urgency ("Urgent Needs"); or

SUBSECTION II.D. – CDBG-DR MITIGATION SET-ASIDE AND STORM "TIE-BACK": The **COUNTY** is responsible for informing the **SUBRECIPIENT** of whether CDBG-DR funding is awarded for an activity(ies) to address an unmet recovery need, a mitigation and resilience measure, or both. Depending on the recovery or mitigation designation by the **COUNTY**, the **SUBRECIPIENT** is responsible for documenting proof of the designation. For recovery activities, the **SUBRECIPIENT** must demonstrate that their activities "tie-back" to the specific disaster and address a specific unmet recovery need for which the CDBG-DR funds were appropriated. For mitigation set-aside activities, the **SUBRECIPIENT** must document how its activity(ies) (1) meet the definition of mitigation activities; (2) address the current and future risks as identified in the **COUNTY'S** mitigation needs assessment in the MID areas under its Action Plan; (3) is a CDBG-DR eligible activity under title I of the HCDA (or otherwise eligible pursuant to a waiver or alternative requirement); and (4) still meets a national objective. In some cases, the **COUNTY** may require the **SUBRECIPIENT** to provide evidence of the activity meeting both the CDBG-DR "tie-back" and mitigation measures justification. The **COUNTY** will spell out specific requirements for

the **SUBRECIPIENT**, its project, and the project's eligible activity under *Exhibit A – Scope of Work and Activities – Program/Project Activity Overview* and *Exhibit B – Scope of Work and Activities – Project Activity Scope of Work Description*.

SECTION III: TERM OF AGREEMENT

This Agreement shall begin on *9/16/2025* ("*the Effective Date*") and end on *6/30/2029*, unless suspended or terminated as specified in SECTION XI. SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION.

The **COUNTY** and the **SUBRECIPIENT** agree that this Agreement shall be electronically signed, and that any electronic signatures appearing on this Agreement shall have the same force and effect as a written signature for the purposes of validity, enforceability, and admissibility. The **COUNTY** and **SUBRECIPIENT** shall maintain this Agreement, including any amendments, in its files.

The **COUNTY** shall not grant any extension of the Agreement unless the **SUBRECIPIENT** provides written justification that is satisfactory to the **COUNTY,** in its sole discretion, and the **COUNTY'S** authorized organizational representative approves such extension in accordance with SECTION IV. AGREEMENT MODIFICATIONS AND AMENDMENTS of this Agreement.

SECTION IV: AGREEMENT MODIFICATIONS AND AMENDMENTS

SUBRECIPIENT must submit a written request, via the County's approved method for submitting such request, for an Agreement amendment which details the nature of and justification for the requested change and the desired effective date of the change(s). The **COUNTY** reserves the right to approve or deny all Agreement amendments on the basis that such approval or denial is in the **COUNTY'S** best interest. An approved amendment shall be documented on the Agreement amendment form and signed by both parties.

The Assistant County Manager over the **COUNTY'S** Office of Strategic Resources and Government Affairs (SRGA), the BoCC, or their designee may approve amendments to the Agreement, in accordance with the **COUNTY'S** *Hurricane Ian CDBG-DR Subrecipient Manual* and *Internal Grant Management Manual*. As noted within the Manual, the **COUNTY** reserves the right to review the request from the **SUBRECIPIENT** and determine whether an amendment is required or whether County Manager or BOCC approval is needed.

The **COUNTY** also affirms that it may unilaterally modify or amend any Manuals referenced throughout this Agreement without prior notification or agreement by the **SUBRECIPIENT.** Additionally, the **COUNTY** affirms that while it will seek agreement with the **SUBRECIPIENT** on proposed amendments to any Exhibits which are referenced throughout this Agreement, the **COUNTY** may unilaterally modify or amend any such Exhibits **COUNTY**, in its sole discretion, deems necessary to comply with federal policies or regulations.

As noted in the **COUNTY'S** Action Plan, substantial amendments to the Action Plan are defined as (1) a change in program benefit or eligibility criteria; (2) the addition or deletion of an activity(ies); (3) the allocation or reallocation of funds which exceeds or is expected to exceed 5 percent of the current total approved budget; (4) a material change occurs which impacts information and analysis on which the Action Plan was based on to fund certain priority activities (e.g., impact on anticipated beneficiaries, project or activity scope, significant demographic changes, or new significant contributing factors on unmet needs in the jurisdiction); and/or upon HUD's written notification specifying a material change that requires the revision. The **SUBRECIPIENT** understands that requests for Agreement amendments of the nature described herein, and which involve new or alteration of existing activities that will significantly change the scope, location, or objectives of the approved activity or beneficiaries must first receive HUD approval before consideration by the **COUNTY** to amend the Agreement.

SECTION V: COMPENSATION AND ALLOWABLE PAYMENTS

SUBSECTION V.A. – AGREEMENT PAYMENT: The **SUBRECIPIENT** agrees to accept as full compensation the total amount not to exceed $15,040,689.40. The **COUNTY'S** standard method of payment to the **SUBRECIPIENT** is on a reimbursement basis. Payments under this method will be authorized only for work completed and/or services delivered during the term of the Agreement as stated in SECTION III: TERM OF AGREEMENT and prior to the payment request date. The **COUNTY** reserves the right to consider a written request from the **SUBRECIPIENT** for projects that require advanced payments in accordance with 2 CFR 200.305 and 24 CFR 570.502.

The **SUBRECIPIENT** will provide supporting documentation of eligible expenses as stated within this SUBSECTION and the applicable exhibits, forms, and attachments contained with this Agreement. Payment is subject to the provisions of SUBSECTION V.B. DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS) and SECTION XI. SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION. Funding is contingent upon the availability of CDBG-DR funds and the obligation of said CDBG-DR funds through the **COUNTY'S** annual fiscal year (FY) budget appropriation process.

The **COUNTY** has agreed to reimburse the **SUBRECIPIENT** for approved budget line items listed for the project and its activities under the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program. The **SUBRECIPIENT** shall expend the allocation as follows:

	Most Impacted and Distressed (MID)
Activity Funds (Direct Project Costs)	$14,999,909.40
Activity Delivery Funds	$40,780.00
TOTAL	$15,040,689.40

Furthermore, "not to exceed" line items and activity budgets under this Agreement shall be identified within the approved budget under the *Project Budget and Expense (Sources and Uses) Worksheet*.

After the **COUNTY** has approved funding and the Office of Strategic Resources and Government Affairs (SRGA) has issued an Agreement related to the funded project, the **SUBRECIPIENT** should sign and return the Agreement within 30 days for execution. In addition, the **SUBRECIPIENT** should begin to draw down funds as agreed upon within the project milestones set out under the *Project Schedule and Milestones* reporting deliverable unless additional time is authorized by the **COUNTY**. Failure to return the signed Agreement or begin spending funds within the agreed upon time frame may result in reduction or forfeiture of funds.

By execution of this Agreement, the **SUBRECIPIENT** attests that necessary written administrative procedures, processes, and fiscal controls are in place for the operation of its CDBG-DR program for which the **SUBRECIPIENT** received funds from the **COUNTY**. These written administrative procedures, processes, and fiscal controls must, at a minimum, comply with applicable state and Federal law, rules, and regulations, Federal Register Guidance, and the terms of this Agreement. The **SUBRECIPIENT** agrees to remedy any deficiencies in its written administrative procedures, processes, and fiscal controls identified by the **COUNTY** or duly authorized CDBG-DR authorities.

The **SUBRECIPIENT** shall request all funds in the manner prescribed by the **COUNTY**, utilizing the Payment Request Form(s) as outlined under SUBSECTION VI.A. REPORTING AND AGREEMENT DELIVERABLES. Except as set forth herein, or unless otherwise authorized in writing by the **COUNTY**, costs incurred for eligible activities or allowable costs prior to the Effective Date of this Agreement are ineligible for funding with CDBG-DR funds.

If funds are not available to fully execute the project associated with this Agreement because of actions

by the United States Congress, the Federal Office of Management and Budget, the **COUNTY** or the provision of SECTION XIII. ASSURANCE, CERTIFICATIONS, AND COMPLIANCE, all obligations on the part of the **COUNTY** to make any further payment of funds will terminate and the **SUBRECIPIENT** shall submit its administrative closeout report within thirty (30) calendar days from the receipt of notice from the **COUNTY**.

SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS): The **SUBRECIPIENT** shall expend CDBG-DR funds only for allowable costs and eligible activities which are incurred during the Agreement period, in accordance with federal cost principles at 2 CFR 200 Subpart E and 24 CFR 570 Subpart C, respectively. The **SUBRECIPIENT** shall ensure that its contractors, subcontractors, and consultants only expend funding under this Agreement for allowable costs resulting from the obligations incurred during the Agreement period as specified under SECTION III. TERM OF AGREEMENT.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds paid in excess of the amount to which the **SUBRECIPIENT** or its contractors, subcontractors, or consultants are entitled under the terms and conditions of this Agreement.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds received for an activity if the activity does not meet an approved National Objective in accordance with 24 CFR 570.208 and the terms of this Agreement.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds not spent in accordance with the conditions of this Agreement or applicable law. For the scenarios detailed above, such reimbursement shall be sent to the **COUNTY**, by the **SUBRECIPIENT**, within thirty (30) calendar days from the **SUBRECIPIENT'S** receipt of notification of such noncompliance.

The **COUNTY** may also defer payment to and/or require repayment from the **SUBRECIPIENT** for noncompliance with Agreement deliverables, program performance requirements, or sufficient documentation to meet regulatory and statutory requirements, including cross-cutting requirements**.** Funds expended for activities that do not meet a HUD national objective will be required to be repaid by the SUBRECIPIENT to the COUNTY. If, as a result of monitoring or audit, the **COUNTY** determines that submitted costs are not documented, a payment may be deferred. If costs are found to be unallowable and payment has been made, no future payments will be made until the full amount of overpayment is remitted to the **COUNTY** or a repayment agreement is established by the **COUNTY**. If the monitoring or audit occurs after the term of this Agreement, the **SUBRECIPIENT** will be required to remit funds to the **COUNTY** in accordance with the repayment conditions below.

The **SUBRECIPIENT** agrees to return to the **COUNTY** any overpayments due to disallowed cost, pursuant to the terms of this Agreement and/or Federal requirements. Such funds shall be considered **COUNTY** funds and must be refunded to the **COUNTY** within thirty (30) days of receiving notice from the **COUNTY** in writing regarding the overpayment. Should repayment not be made in a timely manner, the **COUNTY** will charge interest of one (1) percent per month compounded on the outstanding balance after forty (40) calendar days after the date of notification or discovery. The **SUBRECIPIENT** will be required to reimburse the **COUNTY** for disallowed costs or fines resulting from acts of noncompliance.

The **COUNTY'S** determination that an expenditure is eligible does not relieve the **SUBRECIPIENT** of its duty to repay the **COUNTY** in full for any expenditures that are later determined by the **COUNTY** or the Federal Government, in each of its sole discretion, to be an ineligible expenditure or a Duplication of Benefits.

If requested by the **COUNTY**, all refunds, return of improper payments, or repayments due to the **COUNTY** under this Agreement are to be made payable to Lee County and mailed directly to the **COUNTY,** pursuant to SECTION XIX. NOTICES and this Agreement.

The **SUBRECIPIENT** has responsibility for identifying and recovering grant funds that were expended in error, disallowed, or unused. The **COUNTY'S** provision of training, technical assistance, quality assurance and quality control reviews are in no way intended to alleviate the **SUBRECIPIENT** of the responsibility to administer activities in accordance with all federal, state, and local requirements, including the requirements outlined within this Agreement. The **SUBRECIPIENT** acknowledges full responsibility to return funds to the **COUNTY** in the event that HUD or other auditing agency determines that activities or costs are disallowed.

SECTION XI: SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION

In accordance with the Federal Register Guidance, 2 CFR 200.208, 2 CFR 200.339, Appendix II to 2 CFR 200, 24 CFR 570.503, and other rights which may be available under law, the following Subsections identify suspension and termination of the Agreement, with and without cause, the potential events of default by the **SUBRECIPIENT**, and potential remedies by the **COUNTY** for noncompliance by the **SUBRECIPIENT** of any and all requirements of this Agreement, including any exhibits, attachments, and terms and conditions herein:

SUBSECTION XI.A. – SUSPENSION: The **COUNTY** reserves the right to suspend, withhold, withdraw, or recapture funding for failure to comply with the requirements of this Agreement. If the **SUBRECIPIENT** fails to submit required documents by the due date, the **COUNTY** can suspend the Agreement and withhold payments until all requirements are satisfied.

In the event the **SUBRECIPIENT** ceases operation for any reason or files for protection from creditors under bankruptcy law, any remaining unpaid portion of this Agreement, less funds for expenditures already incurred, shall be retained by the **COUNTY** and the **COUNTY** shall have no further funding obligation to the **SUBRECIPIENT** with regard to those unpaid funds.

SUBSECTION XI.B. – EVENTS OF DEFAULT: If any of the following events occur ("Events of Default"), the **COUNTY** may, in its sole and absolute discretion, elect to terminate any obligation to make any further payment of funds, exercise any of the remedies set forth in SUBSECTION XI.C. REMEDIES or pursue any remedy at law or in equity, without limitation:

1. Any warranty or representation made by the **SUBRECIPIENT**, in this Agreement with the **COUNTY**, is or becomes false or misleading in any respect, or if the **SUBRECIPIENT** fails to keep or perform any of the obligations, terms, or covenants in this Agreement with the **COUNTY**, and/or has not cured them in a timely fashion and/or is unable or unwilling to meets its obligations under this Agreement and/or as required by statute, rule, or regulation;
2. Any material adverse change occurred in the financial condition of the **SUBRECIPIENT** at any time during the term of this Agreement and the **SUBRECIPIENT** fails to cure this adverse change within

thirty (30) calendar days from the date written notice is sent by the **COUNTY**;

3. The **SUBRECIPIENT** fails to submit any required reports or submits any required report with incorrect, incomplete or insufficient information or fails to submit additional information as requested by the **COUNTY**;
4. The **SUBRECIPIENT** fails to perform or timely complete any of its obligations under this Agreement, including participation in the **COUNTY'S** measures for technical assistance and training;
5. Both the **SUBRECIPIENT** and the **COUNTY** agree that in the event the **COUNTY** elects to make payments or partial payments after any Events of Default, it does so without waving the right to exercise remedies allowable herein or at law and without becoming liable to make any further payment; or,
6. Neither the **SUBRECIPIENT** nor the **COUNTY** (Parties) shall be liable to the other for any delay or failure to perform under this Agreement if such delay or failure is neither the fault nor the negligence of the **SUBRECIPIENT,** the **COUNTY**, or either Parties' employees or agents and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar causes wholly beyond both Parties' control or for any of the foregoing that affects subcontractors or suppliers if no alternate source of supply is available. However, in the event of delay from the foregoing causes, the **SUBRECIPIENT** shall take all reasonable measures to mitigate any and all resulting delays or disruptions in the **SUBRECIPIENT'S** performance obligation under this Agreement. If the delay is excusable under this Subsection, the delay will not result in any additional charges or cost under the Agreement to either Parties. In the case of any delay the **SUBRECIPIENT** believes is excusable under this Subsection, the **SUBRECIPIENT** shall notify the **COUNTY** in writing of the delay or potential delay and describe the cause of the delay either (1) with ten (10) calendar days after the cause that creates or will create the delay first arose, if the **SUBRECIPIENT** could reasonably foresee that a delay could occur as a result or (2) within five (5) calendar days after the date the **SUBRECIPIENT** first had reason to believe that a delay could result, if the delay is not reasonably foreseeable. The foregoing shall constitute the **SUBRECIPIENT'S** sole remedy or excuse with respect to delay. Providing notice in accordance with this Subsection is a condition precedent to such remedy. The **COUNTY**, at its sole discretion, will determine if the delay is excusable under this Subsection and will notify the **SUBRECIPIENT** of its decision in writing. No claim for damages, other than an extension of time, shall be asserted against the **COUNTY**. The **SUBRECIPIENT** shall not be entitled to an increase in the Agreement price or payment of any kind from the **COUNTY** for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist, the **SUBRECIPIENT** shall perform at no increased cost, unless the **COUNTY** determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to the **COUNTY**, in which case, the **COUNTY** may do any or all of the following: (1) accept allocated activity(ies) performance or deliveries from the **SUBRECIPIENT**, provided that the **SUBRECIPIENT** grants preferential treatment to the **COUNTY** with respect to products or services subjected to allocation; (2) purchase from other sources (without recourse to and by the **SUBRECIPIENT** for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity or (3) terminate the Agreement in whole or in part.

SUBSECTION XI.C. – REMEDIES: If an Event of Default occurs, the **COUNTY** may, in its sole discretion and without limiting any other right or remedy available, provide thirty (30) calendar days written notice to the **SUBRECIPIENT,** and if the **SUBRECIPIENT** fails to cure within those thirty (30) calendar days, the **COUNTY** may choose to exercise one or more of the following remedies, either concurrently or consecutively:

1. Terminate this Agreement upon written notice by the **COUNTY,** sent in conformity with SECTION XIX. NOTICES;
2. Begin any appropriate legal or equitable action to enforce performance of this Agreement;
3. Withhold or suspend payment of all or any part of a request for payment; Demand the **SUBRECIPIENT** return to the **COUNTY** any funds used for any failed/incomplete activities, ineligible

activities or unallowable costs under this Agreement or any applicable law, rule or regulation governing the use of the funds; and

4. Exercise any corrective or remedial actions, including but not limited to:
    a. Request additional information from the **SUBRECIPIENT** to determine the reasons for or the extent of noncompliance or lack of performance;
    b. Issue a written warning to advise that more serious measures may be taken if the situation is not corrected; and/or
    c. Advise the **SUBRECIPIENT** to suspend, discontinue, or refrain from incurring costs for any activities in question.
5. Exercise any other rights or remedies which may be otherwise available under law.

Pursuit of any of the above remedies does not preclude the **COUNTY** from pursuing any other remedies in this Agreement or provided at law or in equity. Failure to exercise any right or remedy in this Agreement or failure by the **COUNTY** to require strict performance does not affect, extend, or waive any other right or remedy available or affect the later exercise of the same right or remedy by the **COUNTY** for any other default by the **SUBRECIPIENT**.

SUBSECTION XI.D. – TERMINATION BY COUNTY: Excluding those scenarios and exceptions as noted within SUBSECTION XI.A. SUSPENSION, SUBSECTION XI.B. EVENTS OF DEFAULT, and SUBSECTION XI.C. REMEDIES, the **COUNTY** may, at any time and for other reasons not mentioned above ("for convenience"), cancel this Agreement by giving twenty–four (24) hours written notice to the **SUBRECIPIENT** by Certified Mail, Process Server or Hand Delivery following a determination by the County Manager or designee, at its sole discretion, that such cancellation is in the best interest of the people of the **COUNTY**. From the date of cancellation, neither party shall have any further obligation unless specified in the termination notice.

If the financing for this project is contingent upon funding sources other than Lee County as identified in the *application* for this Agreement, and such funds become unavailable, the obligations of each party hereunder may be terminated upon no less than twenty-four (24) hours written notice.

SUBSECTION XI.E. – TERMINATION BY SUBRECIPIENT: Excluding those scenarios and exceptions as noted within SUBSECTION XI.A. SUSPENSION, SUBSECTION XI.B. EVENTS OF DEFAULT, and SUBSECTION XI.C. REMEDIES, the **SUBRECIPIENT** may, at any time and for other reasons not mentioned above ("for convenience"), cancel this Agreement by giving seventy-two (72) hours prior written notice to the **COUNTY** by Certified Mail or Process Server of such and specifying the effective date.

The **COUNTY'S** obligation to make any payments under any provision of this Agreement shall cease on the effective date of termination.

In the event that this Agreement is terminated, the **SUBRECIPIENT** shall not incur new obligations under the terminated portion of the Agreement after the date the **SUBRECIPIENT** has received the notification of termination. The **SUBRECIPIENT** shall cancel as many outstanding obligations as possible. The **COUNTY** shall disallow all costs incurred after the **SUBRECIPIENT'S** receipt of the termination notice. The **COUNTY** may, to the extent authorized by law, withhold payments to the **SUBRECIPIENT** for the purpose of set-off until the exact amount of damages due to the **COUNTY** from the **SUBRECIPIENT** is determined.

In accordance with 24 CFR 570.503, upon expiration or termination of this Agreement, the **SUBRECIPIENT** shall transfer to the **COUNTY** any CDBG-DR funds on hand at the time of expiration or termination and any accounts receivable attributable to the use of CDBG-DR funds.

SECTION XII: USE AND REVERSION OF ASSETS, REAL PROPERTY

The **SUBRECIPIENT** must ensure that any equipment or fixed assets purchased in whole or in part with

CDBG-DR funds be adequately safeguarded and assure such assets are used solely for authorized purposes. The purchase, use, management and disposition of equipment and other capital assets must comply with 2 CFR 200.313, 2 CFR 200.439, the applicable Federal Register Guidance, and 24 CFR 570. See SECTION XI: SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION regarding the revision of any CDBG-DR funds or assets upon termination or expiration of this agreement. Per 24 CFR 570.502(a)(8), in all cases when equipment purchased with CDBG funds is sold, the net proceeds are considered program income, and shall be returned to the **COUNTY** within 30 days of receipt of the proceeds.

Any real property under the **SUBRECIPIENT'S** control that was acquired or improved in whole or in part with CDBG-DR funds (including CDBG-DR funds provided to the **SUBRECIPIENT** in the form of a loan) in excess of $25,000 must (1) be used to meet a national objective until five years after expiration or termination of this Agreement (24 CFR 570.505), unless otherwise agreed upon by the Parties, or except as otherwise set forth herein or (2) if not used to meet a national objective, the **SUBRECIPIENT** shall pay to the **COUNTY** an amount equal to the current market value of the property less any portion of the value attributable to expenditures of non-CDBG-DR funds for the acquisition or improvement of the property for five years after expiration or termination of this Agreement.

The rights and remedies under this Section are in addition to any other rights or remedies provided by law or under this Agreement.

SECTION XIII: ASSURANCE, CERTIFICATIONS, AND COMPLIANCE

The **SUBRECIPIENT** agrees that compliance with these assurances and certifications constitutes a condition of continued receipt of or benefit from CDBG-DR funds provided through this Agreement, and that it is binding upon the **SUBRECIPIENT**, its successors, transferees, and assignees for the period during which services are provided and activities are performed. Additional requirements of the assurances, certifications, and compliance measures below can be further detailed or outlined in the Agreement's exhibits, forms, and attachments.

SUBSECTION XIII.A. – IMMIGRATION LAWS AND CITIZENSHIP STATUS: The **COUNTY** will not intentionally award Agreements to any **SUBRECIPIENT** who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act (INA).

The **COUNTY** shall consider the employment by the **SUBRECIPIENT** of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of the Agreement by the **COUNTY**.

Additionally, the **SUBRECIPIENT** must follow requirements to verify citizenship of CDBG-DR fund recipients in certain circumstances. In accordance with 49 CFR 24.408, the **SUBRECIPIENT** cannot provide relocation assistance to a person who has not provided certification of U.S. citizenship or who has been determined to be not lawfully present in the United States, unless such person can demonstrate to the **SUBRECIPIENT** that the denial of relocation assistance will result in an exceptional and extremely unusual hardship to such person's spouse, parent, or child who is a citizen of the United States, or is an alien lawfully admitted for permanent residence in the United States. The **COUNTY** may require the **SUBRECIPIENT** to follow other verification requirements as prescribed within the Federal Register Guidance, regulations, or within the Action Plan.

Furthermore, the **SUBRECIPIENT** shall ensure that CDBG-DR funds, which are passed through Lee County, are restricted to people legally able to reside in the United States.

SUBSECTION XIII.B. - E-VERIFY REQUIREMENTS: The **SUBRECIPIENT** must verify employment eligibility of all new employees hired during the Agreement term through the U.S. Department of

Homeland Security's E-Verify system.

Section 448.095, F.S., requires the following:

1. Every public employer, contractor, and subcontractor shall register with and use the E- Verify system to verify the work authorization of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system.
2. A private employer shall, after making an offer of employment which has been accepted by a person, verify such person's employment eligibility. A private employer is not required to verify the employment eligibility of a continuing employee hired before January 1, 2021. However, if a person is a contract employee retained by a private employer, the private employer must verify the employee's employment eligibility upon the renewal or extension of his or her contract.

E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States. There is no charge to the employer to use E-Verify. The Department of Homeland Security's E-Verify system can be found at: *https://www.e-verify.gov/*.

If the **SUBRECIPIENT,** or its contractors, consultants, or subrecipients, does not use E-Verify, they shall enroll in the E-Verify system prior to hiring any new employee or retaining any contract employee after the Effective Date of this Agreement.

SUBSECTION XIII.C. – NATIONAL OBJECTIVE: All activities funded with CDBG-DR funds must meet the criteria for one of the CDBG program's National Objectives. The **SUBRECIPIENT** certifies that the activities carried out under this Agreement shall meet the stated national objective as outlined under SUBSECTION II.C. NATIONAL OBJECTIVE. Furthermore, the **SUBRECIPIENT** certifies and acknowledges that it understands documentation and records requirements for the stated national objective type(s), as defined at 24 CFR 570.208, 24 CFR 570.506, and any and all alternative requirements under the Federal Register Guidance in relation to relevant national objective type(s) as stated in the above Subsection.

SUBSECTION XIII.D. – USE OF FUNDS AND ORDER OF ASSISTANCE: CDBG–DR Appropriations Acts generally include a statutory order of assistance for Federal agencies which require Grantees to verify whether funds made available by FEMA or the U.S. Army Corps of Engineers (USACE) are available for an activity, or the costs are reimbursable by FEMA or the USACE, *before* awarding CDBG-DR assistance for the cost of carrying out the same activity.

The **SUBRECIPIENT** shall not use CDBG–DR funds for activities reimbursable by or for which funds are made available by FEMA or the U.S. Army Corps of Engineers (USACE). The **SUBRECIPENT** must verify and inform the **COUNTY** if FEMA and USACE funds are available prior to award or expenditure of CDBG-DR funds to an eligible activity within the Scope of Work contained under *Exhibit B – Scope of Work and Activities – Project Activity Scope of Work Description*. *Exhibit H – Certification of CDBG-DR Compliance Provisions* further outlines Duplication of Benefits certifications which the **SUBRECIPIENT** must adhere to. Failure to do so can result in a return of funds as further outlined within this Agreement under SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS) and SUBSECTION XIII.E. DUPLICATION OF BENEFITS.

SUBSECTION XIII.E. – DUPLICATION OF BENEFITS: The **SUBRECIPIENT** certifies that it shall not carry out any of the activities under this Agreement in a manner that results in a prohibited duplication of benefits as defined by Section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (42 U.S.C. 5155 et seq.) and described within Appropriations Acts and Federal Register Guidance. The **SUBRECIPIENT** must comply with HUD's requirements for Duplication of Benefits (DOB), as described in the Federal Register Guidance (Section IV.A.1. – Grant Administration; Duplication of Benefits (DOB)) and HUD guidance (including HUD training materials), including specific Order of

Assistance requirements as noted under SUBSECTION XIII.D. USE OF FUNDS AND ORDER OF ASSISTANCE. The **SUBRECIPIENT** shall carry out the activities under this Agreement in compliance with the **COUNTY's** procedures to prevent DOB. The **SUBRECIPIENT** shall also sign a Subrogation Agreement (see *Exhibit K – CDBG-DR Program Subrogation Agreement*).

In accordance with the Federal Register Guidance at 88 FR 32053 – Section IV.A.1.(d)(v) Applicable Rules, Statutes, Waivers, and Alternative Requirements: Reassess Unmet Need When Necessary, the **SUBRECIPIENT** certifies that they will notify the **COUNTY** immediately of any funding source changes and/or additions from other sources that are different from that shown in the **SUBRECIPIENT'S** *application*. This notification must include a statement explaining how this change in funding affects the provisions of the project and activity requirements as well as the use of and continued need for CDBG-DR funds through the **COUNTY**.

The **SUBRECIPIENT** shall either (1) maintain all funds provided under this Agreement in a separate bank account or (2) ensure that the **SUBRECIPIENT'S** accounting system shall have sufficient internal controls to separately track expenditure of all funds under this Agreement, in accordance with 2 CFR 200.302. In cases where the project and its activities are funded by more than one funding source (other funds besides CDBG-DR funds) where potential duplicative assistance could exist, the **SUBRECIPIENT** shall not commingle CDBG-DR funds provided under this Agreement with any other funds, projects or programs, when those funds are determined to be for the same purpose and same use, in accordance with the Federal Register Guidance. 88 FR 32050, Section IV.A.1.(a) – Overview of Grant Process, The Stafford Act – and Section 312 of the Stafford Act makes recipients of Federal disaster assistance liable for repayment of the amount of Federal disaster assistance that duplicates benefits available for the same purpose from another source (42 U.S.C. 5155(c)). The **COUNTY** may, in its sole discretion, disallow costs made with commingled funds that were designated as being available for the same purpose and use as the CDBG-DR funds and require reimbursement for such costs as described herein (SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS)).

SUBSECTION XIII.F. – CIVIL RIGHTS REQUIREMENTS: The **SUBRECIPIENT** further assures that all contractors, subcontractors, or others with whom it arranges to provide services or benefits to participants or employees in connection with any of its programs, projects, and activities are not discriminating against those participants or employees in violation of statutes, regulations, guidelines and standards. By acceptance of this CDBG-DR funding, the **SUBRECIPIENT** assures and certifies the following:

1. That they will comply with all applicable Federal, state and local anti-discrimination laws pertaining to nondiscrimination in programs receiving Federal financial assistance, including but not limited to:
   a. Title VI of the Civil Rights Act of 1964, as amended, and its implementing regulations – including that recipients/grantees of Federal financial assistance are required to take reasonable steps to ensure meaningful access to persons who are Limited English Proficiency (LEP), as per Executive Order 13166 and the Federal Register Guidance, to items such as, but not limited to, project outreach, project, or activity materials including communique in the form of digital (website) media and paper materials.
   b. Section 109 - Title I of the Housing & Community Development Act of 1974
   c. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794)
   d. Age Discrimination Act of 1975 (42 U.S.C. 610 et. seq.)
   e. Fair Housing Act
2. That they will comply with the Americans with Disabilities Act of 1990 ("ADA") (P.L. 101-336, as codified at U.S.C. 42.126 (sections 12101-12213) and as amended, and 28 CFR 35); the Florida Civil Rights Act, as amended, Chapter 76, F.S.; Title VII of the Civil Rights Act of 1964, as amended; and laws which gives civil rights protections to individuals with disabilities, guaranteeing equal opportunity for individuals with disabilities in employment, public accommodations, transportation, state and local government services, and telecommunications. A Single-Point-of-Contact shall be required if the agency employs 15 or more employees. The Single-Point-of-Contact will ensure effective communication with deaf or hard-of-hearing customers or companions in accordance with Section

504 and the ADA and coordinate activities and reports with the **SUBRECIPIENT'S** Single-Point-of-Contact.

3. That if clients are to be transported under this Agreement, **SUBRECIPIENT** will comply with the provisions of Chapter 427, Florida Statutes, which requires the coordination of transportation for the disadvantaged.
4. That if personnel in programs under this Agreement work directly with children/youths and vulnerable or disabled adults, the **SUBRECIPIENT** will comply with applicable provisions under Florida Statutes 943.0542; 943.04351; 393.0655; 402, regarding employment screening.
5. That activities under this Agreement shall provide for access to equal participation of religious or faith-based organizations, where applicable, in accordance with 24 CFR 570.200 and Executive Order 13279.

Additional requirement information can be accessed at the following websites:

- Office of Fair Housing and Equal Opportunity (FHEO) Fair Housing Rights and Obligations
- FHEO main website
- Guidelines for promoting Fair Housing for individuals with Limited English Proficiency (LEP)

These requirements are designed to prevent discrimination in the delivery of benefits and services because of race, color, religion (creed), sex, national origin, age, familial status or disability. Affirmative marketing plans and use of universal design features for construction and rehabilitative projects should be incorporated when possible.

All advertising of residential real estate for sale, rent, or financing should contain an equal housing opportunity logotype, statement, or slogan as a means of educating the home seeking public that the property is available to all persons regardless of race, color, religion, sex, handicap, familial status, or national origin. The choice of logotype, statement, or slogan will depend on the type of media used (visual or auditory) and, in space advertising, on the size of the advertisement. Different styles/types/sizes of logos and information regarding brochures can be found on the Fair Housing and Equal Opportunities HUD website.

SUBSECTION XIII.G. – DETECTION AND PREVENTION OF FRAUD, WASTE, AND ABUSE: In accordance with the Federal Register Guidance, the **SUBRECIPIENT** certifies that they will administer their programs under procedures, supervision, safeguards, and such other methods as may be necessary to prevent fraud, waste, and abuse, and that it will target its services and activities to those who need them the most. Additionally, the **SUBRECIPIENT** certifies that their written standards of conduct and their conflict-of-interest policy will supplement their anti-fraud, waste, and abuse (AFWA) initiatives, and that the **SUBRECIPIENT** may be required to take part in fraud, waste, and abuse (FWA) training and will work with the **COUNTY** to develop a FWA complaint and reporting process, including reporting such complaints to the **COUNTY**.

SUBSECTION XIII.H. – INELIGIBLE ACTIVITIES: The **SUBRECIPIENT** assures that it will not conduct or expend CDBG-DR funds on any activities which are deemed ineligible by the Federal Register Guidance (88 FR 32077, Section III.G.), federal regulations (most notably at 24 CFR 570.207), the Action Plan, and all other applicable laws.

SUBSECTION XIII.I. – PROGRAM INCOME: The **SUBRECIPIENT** shall report to the **COUNTY** all program income (as defined at 24 CFR 570.500 or in the Federal Register Guidance governing the CDBG-DR funds) generated by activities carried out with CDBG-DR funds made available under this Agreement as part of the **SUBRECIPIENT'S** periodic reporting outlined under SECTION VI. REPORTS AND EXHIBITS and SECTION VII. AUDITS, MONITORING, AND RECORDS.

The **SUBRECIPIENT** must return to the **COUNTY**, prior to closeout, any program income generated by the project and its activities. The **COUNTY** certifies that it shall use program income in accordance with

the applicable requirements of 2 CFR 200.307 and alternative requirements and waivers as prescribed under the Federal Register Guidance at 88 FR 32074, Appendix B: CDBG-DR Consolidated Notice - Section III.E. Program Income (in place of requirements at 24 CFR 570.500 and 24 CFR 570.504), and the terms of this Agreement. The **SUBRECIPIENT** shall return program income to the **COUNTY** if a program income balance exists, or program income is generated after closeout. In all cases, any program income received that is not used to continue the disaster recovery activity will not be subject to the waivers and alternative requirements of the Federal Register Guidance or the **COUNTY'S** CDBG Entitlement program, if program income is transferred to that program.

SUBSECTION XIII.J. – CITIZEN PARTICIPATON AND PUBLIC WEBSITE REQUIREMENTS: The **COUNTY**, as a Grantee, certified to HUD that it has a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.115 or 91.105 (except as provided for in waivers and alternative requirements under the Federal Register Guidance). Additionally, the **COUNTY**, as a Grantee, certified to HUD that it will maintain a comprehensive CDBG-DR public website that permits individuals and entities awaiting assistance and the general public to see how all grant funds ae used and administered. The Action Plan also details how the **COUNTY** will adhere to both requirements.

The **SUBRECIPIENT** certifies that it will adhere to requirements by the **COUNTY** to provide documentation and information which informs both the citizen participation and public website requirements. Further details on information needed to meet these requirements are spelled out in the exhibits, attachments, and forms as part of this Agreement.

SUBSECTION XIII.K. – PERSONALLY IDENTIFIABLE INFORMATION (PII): As previously referenced under SUBSECTION VII.D. RECORDKEEPING REQUIREMENTS and in accordance with 2 CFR 200.1 and 2 CFR 200.338, Personally Identifiable Information (PII) means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual. The definition of PII is not anchored to any single category of information or technology. Rather, it requires a case-by-case assessment of the specific risk that an individual can be identified. Protected PII means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to, social security number, passport number, credit card numbers, clearances, bank numbers, biometrics, date and place of birth, mother's maiden name, criminal, medical and financial records, and educational transcripts. This does not include PII that is required by law to be disclosed.

PII must always be safeguarded, even in instances of public records requests. No Federal awarding agency may place restrictions on the non-Federal entity that limits public access to the records of the non-Federal entity pertinent to a Federal award, *except for protected PII or when the Federal awarding agency can demonstrate that such records will be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) or controlled unclassified information pursuant to Executive Order 13556 if the records had belonged to the Federal awarding agency*.

The **SUBRECIPIENT** certifies that they understand the PII definitions as noted above, and in accordance with their internal controls under 2 CFR 200.303, the SUBRECIPIENT must implement reasonable measures to safeguard Personally Identifiable Information (PII) and other sensitive data. These measures should form part of the SUBRECIPIENT's internal control framework to ensure compliance with federal regulations. The SUBRECIPIENT is responsible for maintaining appropriate safeguards to prevent unauthorized access, use, or disclosure of such information, consistent with cybersecurity best practices and the applicable federal, state, and local laws governing data protection.

Public Facility Description

Project Information

This application seeks $15 million to construct a new and more resilient Sanibel Police Station. This new Police Station will replace a 2-story structure that is a wing of the over 40-year-old existing City Hall building.

Hurricane Ian destroyed the lower level of the Sanibel Police Station and rendered the remaining portions of the Police Station and City Hall uninhabitable between September 28, 2022, and March 30, 2023. Because of the damage, City Hall and the Police Station complex could not serve as the on-island Unified Command Center that is necessary and so critical when coordinating the emergency response efforts to a catastrophic event by multiple responding jurisdictions. While FEMA provided a temporary Unified Command Center by erecting a tent to serve as the Hurricane Ian Unified Command Center, there were multiple challenges due to weather, noise, and heat. An adequate on-island facility is urgently needed to manage emergency and disaster response efforts efficiently, effectively, and safely.

In the post-storm period, Sanibel's damaged (and therefore smaller/not fully-operable) Police Station, has proven to be inadequate to support the day-to-day police services needed by the residents, businesses, and visitors of Sanibel. The current building no longer provides adequate facilities to house police officers and civilian staff members who work in patrol, parking enforcement, traffic enforcement, detective services, emergency dispatch area, and command positions. Permanent space for a squad room, training, and armory facilities cannot be placed in the flood damaged first level of the current police station, which was destroyed by the storm surge from Hurricane Ian.

The City has funded the design (100% construction drawings) of a new Police Station that will meet current FEMA and Florida Building Codes. It also meets all the requirements of Sanibel's Land Development Code. The Sanibel City Council approved the final design on May 7, 2024, and the construction drawings will be complete within 30-days, making the project shovel-ready.

A resilient police station is required to serve multiple community needs. The Police Station must provide safe and ADA compliant public access for daily interactions with residents, business owners and visitors, functional space for daily police operations, and be able to transform quickly into a Unified Command Center when faced with community emergencies and threats. Sanibel must have a facility that can accommodate space for multiple agencies during emergency operations, such as the Sanibel Fire & Rescue District, the Captiva Fire & Rescue District, Lee County Sheriff, FEMA, Florida DEM, US Fish and Wildlife Services, the Island Water Association, and LCEC, particularly when faced with large-scale catastrophic events such as Hurricane Ian.

The building code has changed significantly in the 40 years since City Hall and the police

station were built, and the new facility will be constructed to meet required base flood elevation and to withstand high winds and potential flooding. It will meet all first responder needs, including communication, fitness and training areas, squad rooms, lockers, kitchen, armory, secure evidence rooms, and shower/restroom facilities.

The Primary Objectives of the County Commission approved Lee County CDBG-DR Action Plan are to “Restore critical public facilities and infrastructure,” “Mitigate future disaster impacts through infrastructure investments,” and “Plan for Future Resilience.” The construction of this modern and resilient 22,600 square foot Police Station and Emergency Operations Center will safeguard the dedicated first responders who serve the Sanibel Community, strengthen the island's ability to effectively respond to future natural and manmade disasters and emergencies, and meet the Primary Objectives of the Lee County CDBG-DR Action Plan.

CDBG-DR Eligibility Justification:

The Lee County CDBG-DR Action Plan (Action Plan - pg. 62 of Amendment 4) identifies Sanibel as one of four areas in Lee County that received the brunt of Hurricane Ian’s impact, suffering over $50 million in real property damage. This real property loss includes damage and losses sustained to public facilities and infrastructure.

Additionally, Sanibel is one of only two Lee County jurisdictions (communities) that lost taxable property values following the storm. Sanibel’s Fiscal Year 2023-2024 property values were reduced by 34% by the Lee County Property Appraiser as a direct result of Hurricane Ian’s wind, storm surge, and flooding impacts.

The Urgent Need for financial assistance in Lee County is clearly within the coastal communities of Sanibel, Fort Myers Beach, and the river front area of North Fort Myers. One of the most urgent needs Sanibel has, in order to serve Sanibel’s residents with Police services, is to construct a new Police Station.

Lee County staff has informed Sanibel that HUD indicated the Police Station may not be eligible for CDBG-DR funding because it “serves general purposes of government” (email uploaded in Section 4 of application). Sanibel disagrees with this position. First, the HUD Guide to National Objectives & Eligible Activities for Entitlement Communities (pg. 2-12) states that “police stations” are not included in statute definition of “buildings for the general conduct of government.” While the offices for Command Staff (Chief, Deputy Chief, Captain, Administrative Assistant, Emergency Management Technician)—offices typically considered for the general conduct of government—are designed to be located in the new Police Station, the office areas for these staff members will only occupy approximately 1,500 square feet—merely 6% of the 22,600 square foot building. So, the predominant use (i.e., 94%) of the proposed building is inarguably to support public safety purposes and as-needed emergency management functions, not general government. This “predominant use” standard is the appropriate litmus test (See uploaded - Section 4 of application - CDBG Memorandum dated December 8, 1987, stating, “In determining whether a building is a ‘building for the general conduct of government,’ look at the predominant use of the building.”). Further, Sanibel is a small community with one Police station. As detailed above, the new Police Station will have minimal space for Command Staff offices 3) and the predominant daily use of the building is for police operations and as needed emergency management functions that directly serve the public. The HUD Guide to National Objectives & Eligible Activities for Entitlement Communities (pg. 2-12) states:

Generally speaking, buildings which house administrative functions of the government are considered to be “buildings for the general conduct of government.” Thus, CDBG

assistance to a building in which the chief of police and the fire captain of a city have their offices would generally be ineligible. For small communities where one building provides both the administrative functions and services directly to the public, a determination should be sought from HUD as to whether the building may be assisted under this category.

If the small section of the Police Station assigned for Command Staff (administrative offices) is deemed ineligible for CDBG-DR funding, then the City will use secured State funding ($1 million) and City funds to pay for the ineligible portion of the building. CDBG-DR funding will be used to construct the operational and public facing elements of the building. The HUD Guide to National Objectives & Eligible Activities for Entitlement Communities (pg. 2-13) states:

“If a public facility contains both eligible and ineligible uses, §570.200(b)(1) of the regulations should be consulted for special qualifying criteria for the eligible portion of the facility.”

24 C.F.R. §570.200(b)(1) (2024), provides: “(b) Special policies governing facilities. The following special policies apply to: (1) Facilities containing both eligible and ineligible uses. A public facility otherwise eligible for assistance under the CDBG program may be provided with CDBG funds even if it is part of a multiple use building containing ineligible uses, if: (i) The facility which is otherwise eligible and proposed for assistance will occupy a designated and discrete area within the larger facility; and (ii) The recipient can determine the costs attributable to the facility proposed for assistance as separate and distinct from the overall costs of the multiple-use building and/or facility. Allowable costs are limited to those attributable to the eligible portion of the building or facility.”

Based on the City’s review of applicable HUD regulations, and based upon the predominant (94%) use of Sanibel’s sole proposed Police Station being dedicated for eligible uses as opposed to dedicated to general government purposes, the City of Sanibel requests that Lee County seek a formal determination from HUD as to the full or partial funding eligibility for the Sanibel Police Station project – prior to ranking and submitting applications for review by the Lee County CDBG-DR Planning and Infrastructure Advisory Committee.

Should HUD determine that the building is not fully eligible under the guidelines, the City of Sanibel requests that Lee County seek a waiver for the Police Station project, as there is an urgent need to complete the proposed project, the project clearly meets the stated objectives of the Lee County CDBG-DR Action Plan, and the Police Station will be constructed in one of the three areas of Lee County that have been identified in the Action Plan as being the most severely impacted by Hurricane Ian.

24 C.F.R. §5.110 (2024), provides:

Upon determination of good cause, the Secretary may, subject to statutory limitations, waive any provision of this title and delegate this authority in accordance with section 106 of the Department of Housing and Urban Development Reform Act of 1989 (42 U.S.C. 3535(q)

The Sanibel Police Station project is a project of good cause and is shovel ready.

National Objective

- National Objective: Urgent Need

Provide a description how the proposed project will meet the selected National Objective

The Sanibel Police Station at City Hall was significantly damaged by Hurricane Ian. The urgent need for CDBG-DR funding for this project was created by Hurricane Ian, which occurred within 18-months of this application. Due to the damage inflicted on the current police station, and the financial constraints the City is operating under, there is a critical and urgent need for CDBG-DR funding to construct a new police station to deliver police services that protect the health and welfare of the community.

The current station is inadequate to meet the short and long-term operational needs and to provide critical policing services and emergency response by the City of Sanibel for the island communities.

Police facilities at City Hall were previously designated for improvement prior to Hurricane Ian, resulting in the city's procurement of professional services for design of a new detached police station in FY21-22. Maintaining adequate staffing levels for the Police Department has been challenging in part due to outdated and obsolete facilities. Without facilities upgrade, if unaddressed, these staffing shortfalls may have a detrimental health and safety impact on Sanibel residents, as well as the many tourists that visit Sanibel and Captiva Islands.

Following Hurricane Ian, the need for a Unified Command Center and elevated emergency equipment platform became clear priorities in the final design of the new station. Furthermore, relocation of police facilities from City Hall provides an opportunity to utilize their existing space for other departments (IT and Natural Resources), whose former offices were destroyed due to their location at grade below Base-Flood Elevation.

The proposed police station will be constructed +2 feet above the base flood elevation and will meet all current Florida Building Code, FEMA Flood Regulations, and Sanibel Land Development Code requirements. During a critical incident or a declared State of Emergency, the police station will serve as a Unified Command Center to protect the health and welfare, of Sanibel residents and those who reside in the neighboring island of Captiva. Following Hurricane Ian, local, county, state, and federal officials, such as the Sanibel Police Department, Lee County Sheriff's Office, Sanibel Fire Department, Lee County EMS, Lee County Emergency Management, Florida Department of Emergency Management, FEMA, LCEC, and responding contractors, were forced to use an inadequate tent as the Unified Command Center.

The City of Sanibel's location in a special flood hazard area, and the proposed Police Station in an AE +9-foot flood zone, significantly increases project costs for new construction. Additionally, Sanibel Building Department staff finds construction costs are generally 20% higher on Sanibel relative to "mainland" areas of Lee County, when all other variables are equal. These inherent cost factors present substantial funding challenges, especially in the context of a city budget that has been greatly affected by

storm related expenditures.

The Lee County CDBG-DR Action Plan (Action Plan - pg. 62 of Amendment 4) identifies Sanibel as one of four areas in Lee County that received the brunt of Hurricane Ian's impact, suffering over $50 million in real property damage. This real property loss includes damage and losses sustained to public facilities and infrastructure.

Additionally, Sanibel is one of only two Lee County jurisdictions (communities) that lost taxable property values following the storm. Sanibel's Fiscal Year 2023-2024 property values were reduced by 34% by the Lee County Property Appraiser as a direct result of Hurricane Ian's wind, storm surge, and flooding impacts. This financial constraint creates an urgent need to obtain Federal and State financial assistance rebuild the Sanibel community.

The Urgent Need for financial assistance in Lee County is clearly within the coastal communities of Sanibel, Fort Myers Beach, and the river front area of North Fort Myers. One of the most urgent needs Sanibel has, in order to serve Sanibel's residents with critical police services, is to construct a new Police Station.

Thia project meets the requirements for the urgent need National Objective, described in 88 FR 32046. Specifically, this completed project will immediately alleviate existing conditions that pose a serious and immediate threat to the health and welfare of the community.

Capacity to perform financial management and oversight

The City of Sanibel utilizes Tyler Technologies' Munis, an enterprise resource program (ERP / management software) for public agencies. The system includes multiple modules, such as financial management, human capital management, and contracts. The municipal accounting software is specifically designed for government entities to enhance overall administration and provide accountability. The system provides detailed reports enabling elected officials (City Council), auditors and other users to monitor the City's financial activities and assets.

The Finance Department consists of eight professionals under the leadership of the Deputy City Manager/CFO and Deputy Finance Director. The capacity of the department was expanded in April of 2024 with the hiring of a Senior Accountant, providing greater accountability to department operations.

Capacity to perform grant management functions as demonstrated through prior experience managing grants with in-house staff or with a grant management consultant

The Tyler ERP system also includes a grant management module. The module is directly connected to the larger finance system thereby enabling greater oversight of revenue and expenses for both general operations and specific grant projects. Each module enables City staff to efficiently administer all grant funded projects.

In April 2024, the City filled two new positions: a Grants Manager and a Procurement Manager. Both new staff positions are full-time and are filled by professionals with extensive experience. These positions work in cooperation with and are supported by six additional professionals in the Finance Department.

Internal auditing capability

The Deputy City Manager/CFO and Deputy Finance Director are responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse. The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Accordingly, the Deputy City Manager/CFO and/or Deputy Finance Director have established a process for periodic independent review by an external auditor to assure compliance with policies and procedures. The internal controls relevant to grant funded projects address the following points:

1. Control of collusion. Collusion is a situation where two or more employees are working in conjunction to defraud their employer. All transactions require multiple employees

involved.
2. Separation of transaction authority from accounting and record keeping. By separating the person who authorized or performs the transaction from the people who record or otherwise account for the transaction, a separation of duties is achieved. Employees who authorize transactions do not enter them into system and vice versa.
3. Clear delegation of authority to subordinate staff members. Subordinate staff members must have a clear understanding of their authority and responsibilities to avoid improper actions. Clear delegation of authority also preserves the internal control structure that is contingent on the various staff positions and their respective responsibilities. All employees involved in the process have a clear understanding.
4. Written confirmation is required for all transactions. Due to the potential for error and improprieties arising from telephone transactions, all transactions should be supported by written communications and approved by two authorized signers. Written communications may be via letter, fax and/or email and must be from an authorized person. No telephone transactions are permitted. All transactions are documented on a cash transfer form and approved by the City Manager and the Deputy City Manager/CFO or Deputy Finance Director.
5. Development of a wire transfer agreement with the lead bank or third-party custodian. This agreement should outline the various controls, security provisions, and delineate responsibilities of each party making and receiving wire transfers.

Administrative staffing

The project's completion will require a team of City staff, primarily from the Police, Public Works Finance and Administration departments, with responsibilities divided among several staff members.

The Police and Public Works staff serve as the primary project management team. They provide technical review and coordination of project design, bid specifications, construction management, attend progress meetings, on-site inspections and pre-construction meetings. The Finance Department is responsible for the municipality’s financial operations, including general accounting, procurement, accounts payables and receivables and grants management. The department’s experienced staff ensures the City’s capacity to provide financial oversight of all grant funded projects. The relevant Finance staff includes: Jocelyn Upchurch, CDFO, CBTO - Deputy Finance Director Elizabeth Santos - Senior Accountant Cheryl Lynn - Accounts Payable Mark Harmon - Grants Manager Brett Schira - Procurement Manager

The City’s Administration Department provides oversight and support of all City operations, including grant funded projects. The relevant Administration staff include: Dana Souza - City Manager Steven C. Chaipel, CPA, CPFA - Deputy City Manager/CFO John Agnew, JD – City Attorney Crystal Mansell, SHRM-CP, CLRP, PHRP - Human Resources Director Eric Jackson, Public Information Officer

Monitoring and control of timely expenditure of funds

Regardless of an individual's function with a grant funded project, all active participants have a responsibility to the grantor agency, the City of Sanibel and the citizens of Sanibel to protect the community from fraud, waste or abuse of public property and funds.

The City's internal financial controls include appropriate separation of duties between acquiring products and services, review and approval of payment, making payments, and recording all transactions. Multiple individuals are required to process each financial step from purchasing to payment. Additionally, the Sanibel City Council reviews monthly detailed financials reports, which adds another layer of oversight.

To ensure timeliness of grant projects, the Grant Manager is responsible for ensuring project staff awareness of grant related schedules, such as required reports to grantors, periodic payments to contractors, invoicing grantors for reimbursement and overall project deadlines. The Project Manager is responsible for keeping contractors and subcontractors on schedule in order to fulfill grant calendar requirements.

All prohibitions regarding 'choice limiting actions will apply, rendering the award void and applicant ineligible for award. Activities with multiple environmental issues which cannot be addressed timely and cost-effectively will cause the award of CDBG-DR Funds to be canceled

The City of Sanibel acknowledges that taking any choice limiting actions, understood as any activity that may have an adverse impact on the environment or limit the choice of reasonable alternatives, directly or indirectly related to the project, without proper environmental clearance, will void the grant award. The City also understands that CDBG-DR Funds could be cancelled if multiple environmental issues are not addressed in a timely and cost-effective manner. Therefore, the City will not begin any project activities until a full environmental review is completed, and any environmental impact mitigation measures are reviewed and approved.

Explain the applicant/subrecipient's plan to provide OR ensure the subgrantee provides opportunities and training to low and very low-income persons to the greatest extent feasible. These efforts should be, especially focused on recipients of government assistance for housing and to businesses that provide economic opportunities to low and very low-income persons. The applicant/subrecipient should explain how they will comply with Section 3 requirements set forth in 24 CFR Part 75

The City shall ensure fulfillment with HUD Section 3 requirements, "regardless of whether the project is fully or partially assisted under HUD programs that provide housing and community development financial assistance" (Title 24, Subtitle A, 75.3.a.2.iii).

Describe how the subrecipient will take affirmative steps to ensure good faith effort outreach to small, minority, women and veteran-owned business to be included in all solicitation opportunities (procurement of services and goods) and documenting efforts and procurement opportunities

The City of Sanibel has administratively updated the City's Purchasing Policy (#11-03). It is the intention of the City to formally amend the purchasing policy by ordinance to comply with state and federal requirements prior to September 30, 2024. The policy shall state:

Minority, Small Business, Women's Business and Labor Surplus Area Firms Promotion The City's purchasing policy encourages the evaluation and engagement with minority and small business companies, Women's business entities, LSA and veteran-owned businesses.

Timelines of critical tasks to be accomplished for each proposed activity, including a description of the steps you will take to complete the funded activities and describe any dependencies or actions that need to happen before you can start on the activities

The design for the proposed Police Station is complete and the City Council approved the design on May 7, 2024.

Should HUD regulations require the City to competitively bid the project, the timeline is as follows:

From the date HUD provides the City with a Notice to Proceed:

- Project Bidding - 60-90 days. - Contractor Selection and contract execution - 60 days. - Site preparation and construction - 16 months. - Project closeout - 60 days.

Total estimated time to complete - 23 months.

Monthly spending plans and proposed draw down schedules

If allowed by HUD regulations, the City will request an advance payment for projects once a contract has been approved by Lee County and the Sanibel City Council. As with State funded recovery projects, the City will seek 30% to 50% of the contract expense to be paid in advance and expedite cash flow for CDBG-DR funded projects. If advance payments are not allowed by HUD, the City will seek monthly drawdowns once the selected contractor has been issued a Notice to Proceed by the City and begins invoicing.

For this project, with a budget of $ 13.6 million, the City would request approximately 4 to 6.5 million in advance. Each month the City would request a reimbursement based on contractor invoicing to ensure positive cash flow with multiple major recovery projects occurring concurrently.

If advance payments are not allowed by HUD, the City will seek monthly drawdowns once the selected contractor has been issued a Notice to Proceed by the City and begins invoicing.

Proposed reporting for outcomes achieved

- Compliance with required HUD reporting. - Report at completion of task. - Quarterly reports for construction project.

Subrecipients plan to ensure the project is timely, draws are completed on time, and reports are complete and accurate

Select project team members will meet regularly in order to monitor project progress and guarantee fulfillment of all grant agreement requirements. When necessary periodic meetings may also include additional City staff, as well as project contractors and subcontractors. Part of the purpose is to ensure the project is timely, draws are completed on time and reports are accurate and complete.

Describe the process carried out to determine cost estimations prior to applying

First, the City selected ADG Architecture, through a competitive RFQ process, to develop concept plans and construction documents for the proposed Police Station.

The cost estimate for GMP as it was prepared to present to the Sanibel City Council on May 7, 2024.

Describe additional steps you will take, if approved, to manage costs, change orders, and ensure the project is completed on time and within budget

Sanibel Police Chief William Dalton will serve as the City's project manager. He will work directly with the selected contractor to manage construction. Chief Dalton is a Certified Residential Contractor in Florida and has a broad knowledge of the construction of structures.

Additionally, weekly construction meetings will occur between City staff, the general contractor, primary sub-contractors, and the architect. This team will work to ensure the project is on schedule.

The use of a GMP, if approved by HUD, will assist in managing cost control.

Describe the actions that will be taken to implement the project after construction completion. Describe how the finished project will be maintained and updated

The new Police Department building will be staffed with current police department employees once construction is complete. This will implement a more resilient facility for the City of Sanibel and Captiva in emergency response.

The City has a good history of maintaining assets. The completed building will have maintenance & operations plan and lifecycle expectancy plan to allow for budgeting annual expenses. The plan cannot be completed until a general contractor is under agreement for construction as the general contractor will be required to develop the referenced plans. The uploaded documents show the proposed building elevation and provide a statement on how /when the maintenance plan will be developed.

Describe how the project is innovative, based on national best practices, and designed in accordance with an existing evidence-based program

The project is innovative in that it is designed to meet the ballistic and hardening requirements for modern Police Stations. The design meets FEMA Flood Requirements, the Florida Building Code, and local land development codes. It is designed to be resilient to both natural and manmade threats. The building is also designed with photovoltaics for energy efficiency and to provide power to the building during power outages. It is also designed to be equipped with a diesel generator to provide redundancy for backup power needs.

Subrecipients plan to oversee cost effectiveness and internal controls of the subgrantee

N/A

A description of how the subgrantee will coordinate with other planning, community development, and/or recovery or resilience projects and initiatives that are underway

Not applicable, as there is no subgrantee associated with this application.

Describe how the subgrantee will coordinate with other partners carrying out related activities and/or projects

Not applicable, as there is no subgrantee associated with this application. However, this proposed Police Station will be constructed on a City on parcel, which consists of City Hall, the Sanibel Library, the Big Arts Performing Arts Center, and the Sanibel Historic Museum and Village. The project site abuts property owned by the Sanibel Community Association which is used primarily for overflow parking for events occurring at the Community House. The City will coordinate construction activities with all organizations to mitigate conflicts during construction.

A description of the area of the need that will be addressed

The proposed construction of a Police Station will meet the critical need of building a resilient Police Station that meets the short- and long-term needs of the community and fulfills the urgent need of providing adequate public safety operational facilities to serve the public.

A description of the intended impact the plan will have on the community and area of high need

The proposed Police Station will improve the overall safety and well-being of Sanibel Island residents by improving the department's ability to provide critical police services to the community on a daily basis and during critical incidents and states of emergency. The project's focus on meeting or exceeding all applicable codes, will protect both personnel and equipment, ensuring that police services can be delivered without interruption.

A description of the intended beneficiaries of the project, including any HUD-defined vulnerable populations and communities who are the intended beneficiaries of the project

The intended beneficiaries of the project are the residents of Sanibel Island, with a particular focus on HUD-defined vulnerable populations and communities. These include low- and moderate-income households, elderly individuals, persons with disabilities, and other at-risk groups who are disproportionately affected by natural disasters.

The applicable census tracts and block groups that are projected to benefit from the project. Census data can be found here: Low- and Moderate-Income Area Data

  - Abused children
  - Elderly persons (62 and older)
  - Battered spouses
  - Homeless persons
  - Severely disabled adults (as defined by the Census)
  - Illiterate adults
  - Persons living with AIDS
  - Migrant farm workers
- ☑ Vulnerable populations, as defined by HUD in the Consolidated Notice:
  - Groups or communities whose circumstances present barriers to obtaining or understanding information or accessing resources, based on such factors as the following:
    - Geography
    - Markets
    - Prevalent housing stock and tenure
    - History
    - Prejudice
- ☑ Underserved communities, as defined by HUD in the Consolidated Notice:
  - Populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life

A description of the method used to identify the intended beneficiaries of the project if it were implemented

Beneficiaries of the initiative encompass all Sanibel residents, visitors, and businesses, including members from these groups. Sanibel has a predominantly older population, with 63.6% being over 65 years old. The island's unique geography can pose challenges for vulnerable populations during emergency situations, such as evacuation and response, especially with essential services like hospitals requiring transportation to the Fort Myers area. Additionally, Sanibel has a significant retiree population, with only 33.2% of residents in the labor force, leading to financial vulnerabilities that are not fully captured in LMI data. The LMI data also accounts for Captiva residents.

A description of the community outreach and engagement that has happened to date, including a description of the stakeholders and approaches to outreach and engagement

The City of Sanibel began engaging the public regarding a "Police Department Modernization Project" on two City Council agendas in 2020, which sought to complete hardening improvements to improve building conditions and storm resiliency. The scope of work shifted in 2021 with four agenda discussions prior to a Public Workshop on October 17, 2021, which included presentation of a feasibility analysis, financing options, and an environmental assessment map completed by various city departments. The workshop was successful in its format, engaging a large collection of Sanibel residents in evaluating project alternatives. Ultimately, the City of Sanibel authorized a contract for ADG architecture to develop building and site design plans for an independent police station.

In 2022, the project was discussed at two City Council meetings, as well as a Town Workshop held on February 15, 2022, which discussed a wide range of strategic goals, including city infrastructure and public safety.

On May 7, 2024, ADG Architecture presented its 90% design drawings and site plan to City Council. The presentation was followed by City Council and public discussion.

A description and justification of the proposed costs

ADG Architecture was selected as the City's architect through a competitive RFQ process. Once under contract, ADG developed concept plans and construction documents for the proposed Police Station. These plans are complete.

The cost estimate for GMP as it was prepared to present to the Sanibel City Council on May 7, 2024. This project is shovel ready.

A description of whether the project will be implemented with applicant staff, vendor support and/or other

Project implementation and management will be managed through a combination of City and contracted vendors. As stated, Police Chief Dalton will serve as the project manager and will interface directly with the general contractor. ADG Architecture will provide construction administration services and show drawing review. The City's Director of Building (an architect and Building Official) will manage inspections.

A description of the timeframe, dependencies, and methods for obligating grant funds, and how the applicant plans to ensure funds are spent timely. A description of how the applicant will address and control for dependencies, if applicable

This project is shovel ready and straight forward. As described in Section 7 of this application, the timeline to complete the project is 23 months. Material lead time dependencies will be managed by the general contractor and the value engineering process worked to mitigate long lead times for materials and mechanical equipment. Weekly project meetings with key team members will address and manage any issues that are unlikely to arise.

Describe how the proposed project integrates mitigation measures and strategies to reduce natural hazard risks, including climate-related risks. Mitigation measures include but are not limited to, reducing risks to people and property; public service interruption for members who are most vulnerable to natural and climate-related risks; and/or community lifelines

Establishing an elevated Police Station serves as a proactive measure to mitigate the risk of flooding caused by storm surges. Considering the increasing frequency of hurricanes and subsequent storm surges due to climate change, such measures are crucial. The Police Station will also function as a Unified Command Center during hurricanes, providing essential support to residents in times of crisis.

The station will be equipped with advanced technology and communication systems to ensure quick and efficient response during and after emergency events. By serving as a Unified Command Center during a major storm event, the new Police Station will coordinate rescue and recovery operations. This proactive approach not only enhances public safety but also reinforces the community's resilience in the face of natural disasters.

Identify the risks or hazards being reduced and the impacts that those hazards have on people and property

The risks and hazards of flooding from storm surge and damage from hurricane level winds will be greatly mitigated. This will allow all first responders to more effectively provide life safety services to members of the community after a storm. With improved infrastructure and enhanced disaster preparedness measures in place, the station will be better equipped to withstand the impact of severe weather events. By minimizing the risks associated with flooding and wind damage, vital emergency services can operate more effectively in the aftermath of a storm, ensuring the safety and well-being of all residents.

Describe the value of the proposed project to the community. Describe the anticipated short-term impacts during normal circumstances, as well as how the project will enhance resilience in the long term and during extreme events. Description should include qualitative or quantitative data

A new, stronger Police Station will serve as a Unified Command Center, enabling first responders to effectively provide life-saving assistance to the community after a storm. Moreover, it will provide advanced physical and classroom training amenities for officers in the near future, enhancing their performance in routine police duties. This resilient establishment will greatly improve its function as a Unified Command Center. Previously, during Hurricane Ian response efforts, our Incident Management Teams gathered in a tent in a nearby parking lot. The new Police Station signifies a significant enhancement in resources for our frontline responders.

EXHIBIT H (SIGNATURE REQUIRED)

CERTIFICATIONS
CDBG-DR COMPLIANCE PROVISIONS
Housing and Infrastructure

This Exhibit to the Community Development Block Grant Disaster Recovery ("CDBG-DR") Program Subrecipient Agreement contains supplementary compliance conditions for use with procured contracts and subrecipient agreements that are funded in whole or in part by the U.S. Department of Housing and Urban Development ("HUD") under Title I of the Housing and Community Development Act of 1974 (Pub. L. 93-383) as amended.

This Exhibit shall be included as part of the terms of the Agreement for all procured contracts and subrecipient agreements funded fully or in part by the CDBG-DR Program by Lee County and the selected contractor or subrecipient.

By signing this Exhibit, the Subrecipient certifies they understand that all the below compliance provisions will apply to all projects that are awarded CDBG-DR funds.

1. NATIONAL OBJECTIVES

In accordance with 24 CFR 570.208, Section 104(b)(3) of the Housing and Community Development Act of 1974, all CDBG-DR funded activities must meet a National Objective. Under Section 101(c) of the authorizing Act (42 U.S.C. 5301), all CDBG-DR Activities must satisfy one of the named National Objectives.

1. Benefit to Low-to-Moderate Income Persons (LMI)
2. Urgent Need (UN)
3. Elimination of Slum and Blight (SB)

Upon completion of approved activity(ies) funded under this Agreement and prior to the funding expiration date of this Agreement, whichever comes first, the Subrecipient must document that the approved activity(ies) met the approved National Objective, as necessary.

For Subrecipients with a National Objective requirement, the County shall review the actual National Objective achievements of the activity. If the Subrecipient does not or cannot satisfactorily document the National Objective achievement of an approved activity(ies), the activity(ies) may be deemed ineligible, and repayment of funds may be required of the Subrecipient.

2. DUPLICATION OF BENEFITS

A Duplication of Benefits (DOB) occurs when a person, household, business, or other entity receives disaster assistance from multiple sources for a cumulative amount that exceeds the total need for a particular recovery purpose. The amount of the duplication is the amount of assistance provided in excess of the total need for the same purpose. It is the County's responsibility to ensure that CDBG-DR programs provide assistance only to the extent that the disaster recovery need has not been fully met by funds that have already been paid, or will be paid, from another source.

The Subrecipient or Contractor must report all funds obtained for the same activity from any source from the date of the disaster until the activity is completed.

The Subrecipient or Contractor agrees to repay to the County, immediately upon demand, any assistance later received for the same purpose as the CDBG-DR funds and that exceeds the total need for the particular recovery purpose.

a. CDBG-DR Funds as Match (Infrastructure): When applicable and approved by the County, Subrecipients may use grant funds to satisfy a match requirement, share, or contribution for nay other Federal program when used to carry out an eligible CDBG-DR activity. This includes programs or activities administered by the Federal Emergency Management Agency (FEMA) or U.S. Army Corps of Engineers (USACE). By law, only $250,000 or less of CDBG-DR funds may be used for the non-Federal cost-share of any project funded by USACE. Furthermore, Appropriations acts prohibit the use of CDBG-DR funds for any activity reimbursable by, or which funds are also made available by, FEMA or USACE.

For all match activities, Subrecipients must document that CDBG-DR funds have been used for the actual costs incurred for the assisted project and for costs that are eligible, meet a national objective, and meet other applicable CDBG requirements.

3. EQUAL EMPLOYMENT OPPORTUNITY

The obligations undertaken by the Subrecipient or Contractor include, but are not limited to, the obligation to comply with all Federal laws and regulations described in Subpart K of 24 CFR Part 570 and specifically with each of the following, among other things, as the same may be amended from time to time:

a. Title VI of the Civil Rights Act of 1964: This act provides that no person shall be excluded from participation, denied program benefits, or subject to discrimination based on race, color, and/or national origin under any program or activity receiving Federal financial assistance.

b. Title VII of the Civil Rights Act of 1968 (The Fair Housing Act): This act prohibits discrimination in housing on the basis of race, color, religion, sex and/or national origin. This law also requires actions which affirmatively promote fair housing.

c. Restoration Act of 1987: This act restores the broad scope of coverage and clarifies the application of the Civil Rights Act of 1964. It also specifies that an institution which receives Federal financial assistance is prohibited from discriminating on the basis of race, color, national origin, religion, sex, disability or age in a program or activity which does not directly benefit from such assistance.

d. Section 109 of Title 1 of the Housing and Community Development Act of 1974 [42 U.S.C. 5309]: This Section of Title 1 provides that no person shall be excluded from participation (including employment), denied program benefits, or subject to discrimination on the basis of race, color, national origin, or sex under any program or activity funded in whole or in part under Title 1 of the Act.

e. The Fair Housing Amendment Act of 1988: This act amended the original Fair Housing Act to provide for the protection of families with children and people with disabilities, strengthen punishment for acts of housing discrimination, expand the Justice Department jurisdiction to bring suit on behalf of victims in federal district courts, and create an exemption to the provisions barring discrimination on the basis of familial status for those housing developments that qualify as housing for persons age 55 or older.

f. The Age Discrimination Act of 1975: This act provides that no person shall be excluded from participation, denied program benefits, or subject to discrimination on the basis of age under any program or activity receiving federal funding assistance. Effective January 1987, the age cap of 70 was deleted from the laws. Federal law preempts any State law currently in effect on the same topic.

g. Section 504 of the Rehabilitation Act of 1973: It is unlawful to discriminate based on disability in Federally assisted programs. This Section provides that no otherwise qualified individual shall, solely by reason of his or her disability, be excluded from participation (including employment), denied program benefits, or subjected to discrimination under any program or activity receiving federal funding assistance.

h. The Americans with Disabilities Act of 1990 (ADA): This act modifies and expands the Rehabilitation Act of 1973 to prohibit discrimination against "a qualified individual with a disability" in employment and public accommodations. The ADA requires that an individual with a physical or mental impairment who is otherwise qualified to perform the essential functions of a job, with or without reasonable accommodation, be afforded equal employment opportunity in all

phases of employment.

i. **Executive Order 11063:** This executive order provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in housing and related facilities provided with Federal assistance and lending practices with respect to residential property when such practices are connected with loans insured or guaranteed by the Federal government.

j. **Executive Order 12259:** This executive order provides that the administration of all Federal programs and activities relating to housing and urban development be carried out in a manner to further housing opportunities throughout the United States.

k. **The Equal Employment Opportunity Act:** This act empowers the Equal Employment Opportunity Commission (EEOC) to bring civil action in Federal court against private sector employers after the EEOC has investigated the charge, found "probable cause" of discrimination, and failed to obtain a conciliation agreement acceptable to the EEOC. It also brings Federal, state, and local governments under the Civil Rights Act of 1964.

l. **The Uniform Guidelines on Employee Selection Procedures adopted by the Equal Employment Opportunity Commission in 1978:** This manual applies to employee selection procedures in the areas of hiring, retention, promotion, transfer, demotion, dismissal, and referral. It is designed to assist employers, labor organizations, employment agencies, licensing, and certification boards in complying with the requirements of Federal laws prohibiting discriminatory employment.

m. **The Vietnam Era Veterans' Readjustment Act of 1974 (revised Jobs for Veterans Act of 2002):** This act was passed to ensure equal employment opportunity for qualified disabled veterans and veterans of the Vietnam War. Affirmative action is required in the hiring and promotion of veterans.

n. **Executive Order 11246:** This executive order applies to all Federally assisted construction contracts and subcontracts. It provides that no person shall be discriminated against on the basis of race

4. CERTIFICATION OF NONSEGREGATED FACILITIES

(applicable to contracts and subcontracts over $10,000)

EXHIBIT K

CDBG-DR PROGRAM SUBROGATION AGREEMENT

This Subrogation and Assignment Agreement ("Agreement") is made and entered into by and between City of Sanibel (hereinafter referred to as "Subrecipient") and Lee County (hereinafter referred to as “County”).

In consideration of the Subrecipient's receipt of funds or the commitment by the County to evaluate the Subrecipient's application for the receipt of funds (collectively, the "Subrecipient Award") under the Community Development Block Grant – Disaster Recovery Program (the "CDBG-DR Program") administered by the County, the Subrecipient hereby assigns to the County all of the Subrecipient's future rights to reimbursement and all payments received from any grant, subsidized loan, lawsuit, or insurance policies of any type or coverage, or under any reimbursement or relief program related to or administered by the Federal Emergency Management Agency ("FEMA”) or the Small Business Administration ("SBA") (singularly, a "Disaster Program" and collectively, the "Disaster Programs"), that was the basis of the calculation of the Subrecipient Award paid or to be paid to the Subrecipient under the CDBG-DR Program and that are determined at the sole discretion of the County to be a duplication of benefit ("DOB”), as provided in this Agreement.

The proceeds or payments referred to in the preceding paragraph, whether they are from insurance, FEMA, or the SBA, or any other source, and whether or not such amounts are a DOB, shall be referred to herein as "Proceeds," and any Proceeds that are a DOB shall be referred to herein as "DOB Proceeds."

The Subrecipient agrees to notify the County within five (5) business days of any additional or new payments, loans, grants, or awards by HUD, FEMA, SBA, the State of Florida, or any other entity not specifically disclosed in this Agreement. Further, the Subrecipient understands and acknowledges the County’s right and responsibility to enforce this requirement by recapturing all or a portion of the CDBG-DR Subrecipient Award if the Proceeds received are determined to be DOB Proceeds within this CDBG-DR Program activity. The Subrecipient will be required to pay back the received CDBG-DR Subrecipient Award, which was found to be DOB Proceeds, within 30 days of receipt of the identified duplicative payment. The amount of DOB determined to be paid to the County shall not exceed the Subrecipient Award amount received by the Subrecipient from the CDBG-DR Program.

The Subrecipient agrees to assist and cooperate with the County to pursue any of the claims the Subrecipient has against insurers for reimbursement of DOB Proceeds under any such policies. The Subrecipient's assistance and cooperation shall include, but not be limited to, allowing suit to be brought under the Subrecipient's name(s) and providing any additional documentation with respect to such consent, giving depositions, providing documents, producing records and other evidence, testifying at trial, and any other form of assistance and cooperation reasonably requested by the County. The Subrecipient further agrees to assist and cooperate in the attainment and collection of any DOB Proceeds that the Subrecipient would be entitled to under any applicable Disaster Program.
If requested by the County, the Subrecipient agrees to execute such further and additional documents and instruments as may be requested to further and better assign to the County, to

the extent of the Subrecipient Award paid to the Subrecipient under the CDBG-DR Program, the policies, any amounts received under the CDBG-DR Program that are DOB Proceeds, and/or any right thereunder, and to take, or cause to be taken, all actions and to do, or cause to be done, all things requested by the County to consummate and make effective for the purposes of this Agreement.

The Subrecipient explicitly allows the County to request of any company with which the Subrecipient held insurance policies, FEMA, SBA, or any other entity from which the Subrecipient has applied for or is receiving Proceeds, any non-public or confidential information determined to be reasonably necessary by the County to monitor and enforce its interest in the rights assigned to it under this Agreement and give the Subrecipient's consent to such company(ies) to release all information to the County.

If the Subrecipient (or any lender to which DOB Proceeds are payable to such lender, to the extent permitted by superior loan documents) hereafter receives any DOB Proceeds, the Subrecipient agrees to promptly pay such amounts to the County, if Subrecipient received a Subrecipient Award under the CDBG-DR Program in an amount greater than the amount the Subrecipient would have received if such DOB Proceeds had been considered in the calculation of the Subrecipient's award.

In the event that the Subrecipient receives or is scheduled to receive any subsequent Proceeds, the Subrecipient shall notify the County in the manner above of such subsequent Proceeds. The County will determine the amount, if any, of the subsequent Proceeds that are DOB Proceeds ("Subsequent DOB Proceeds"). Subsequent Proceeds in excess of the determined Subsequent DOB Proceeds shall not be requested from the Subrecipient to provide to the County. Subsequent DOB Proceeds shall be remitted to the County as follows:

1. If the Subrecipient has received full payment of the Subrecipient Award, any Subsequent DOB Proceeds shall be remitted to the County.
2. If the Subrecipient has received no payment of the Subrecipient Award, any determined Subsequent DOB Proceeds shall be used by the County to reduce payments and the agreed-upon amount of the Subrecipient Award to the Subrecipient, and all Subsequent DOB Proceeds shall be retained by the Subrecipient for use on the CDBG-DR Program activity.
3. If the Subrecipient has received a portion of the Subrecipient Award, any Subsequent DOB Proceeds shall be used, retained, and/or disbursed in the following order: **(A)** Subsequent DOB Proceeds shall first be used to reduce the remaining payments or agreed-upon amount of the Subrecipient Award, and Subsequent DOB Proceeds in such amount shall be retained by the Subrecipient for use on the CDBG-DR Program activity; and **(B)** any remaining Subsequent DOB Proceeds shall be remitted to the County.
4. If the County makes the determination that the Subrecipient does not qualify to participate in the CDBG-DR Program or the Subrecipient determines not to participate in the CDBG-DR Program, the Subsequent DOB Proceeds shall be returned to the Subrecipient, less any portion of the Subrecipient Award amount paid to the Subrecipient and which needs to be remitted to the County, and this Agreement shall terminate.

Once the County has recovered an amount equal to the Subrecipient Award paid to the Subrecipient, the County will reassign to the Subrecipient any right assigned to the County pursuant to this Agreement.

The Subrecipient represents that all statements and representations made by the Subrecipient regarding Proceeds received by the Subrecipient shall be true and correct as of the date of the signing of this Agreement.

Warning: *Any person who intentionally or knowingly makes a false claim or statement to HUD may be subject to civil or criminal penalties under 18 U.S.C. 287, 1001 and 31 C.S.C. 3729.*

The person executing this Agreement on behalf of the Subrecipient hereby represents that he/she has received, read, and understands this notice of penalties for making a false claim or statement regarding Proceeds received by the Subrecipient.

In any proceeding to enforce this Agreement, the County shall be entitled to recover all costs of enforcement, including actual attorney's fees.

SUBRECIPIENT AGREEMENT BETWEEN

THE LEE COUNTY BOARD OF COUNTY COMMISSIONERS

AND

CITY OF SANIBEL

This **AGREEMENT** between Lee County, a political subdivision and charter county of the State of Florida, hereinafter referred to as "**COUNTY**," and City of Sanibel, a local government/municipality registered under the laws of Florida Statute, Chapters 165 and 166, hereinafter referred to as **"SUBRECIPIENT"** will become effective upon the date ("Effective Date") signed by the Board of County Commissioners (BOCC).

SECTION I: RECITALS

WHEREAS, pursuant to Public Law (P.L.) 117-328, the "Department of Housing and Urban Development Appropriations Act, 2023" (hereinafter referred to as the "Appropriation Act"), and the "Allocations for Community Development Block Grant Disaster Recovery and Implementation of the CDBG–DR Consolidated Waivers and Alternative Requirements Notice," 88 Federal Register (FR) 32046 (May 18, 2023); (hereinafter referred to as the "Federal Register Guidance"), the U.S. Department of Housing and Urban Development (hereinafter referred to as "HUD") has awarded $1,107,881,000 (a $963,375,000 allocation for unmet disaster recovery needs with an additional $144,506,000 mitigation set aside) of Community Development Block Grant – Disaster Recovery (CDBG-DR) funds to the **COUNTY** for activities authorized under Title I of the Housing and Community Development Act of 1974 (42 United States Code (U.S.C.) 5301 *et seq.*) and described in the *Lee County Action Plan for CDBG-DR Funds* (hereinafter referred to as the "Action Plan") for the Consolidated Appropriation Act (P.L. 117-328). The **COUNTY** is also hereinafter referred to from time to time as "Grantee."

WHEREAS, the **COUNTY** believes it is in the public interest to serve as a pass-through entity by awarding and/or providing CDBG-DR funding for certain activities to **SUBRECIPIENTS** for the benefit of Lee County residents. CDBG-DR funding made available for use by the **SUBRECIPIENT** under this Agreement constitutes a subaward of the Grantee's Federal award, for which the use of the subaward funds must conform to the **COUNTY'S** intent as stated in the applicable Notice of Funding Availability (NOFA) Application, and attachments, and/or exhibits, and all other terms and conditions as specified.

WHEREAS, the **COUNTY** has legal authority to disburse funds as a subaward under the Federal award and to enter into this Agreement with the **SUBRECIPIENT,** who by signing this Agreement, represents and warrants to the **COUNTY** that it will comply with all the requirements of the subaward described herein.

WHEREAS, the Action Plan has been developed to give the maximum feasible priority to activities that will benefit low- and moderate-income families and the aggregate use of CDBG-DR funds shall principally benefit low- and moderate-income families in a manner that ensures that at least 70 percent (or another percentage permitted by HUD in a waiver) of the grant amount is expended for activities that benefit such persons.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, therefore the **COUNTY** and the **SUBRECIPIENT** agree as follows:

SECTION II: SCOPE OF WORK AND ACTIVITIES

The **COUNTY** provides the **SUBRECIPIENT** the award under this Agreement to perform project activities under the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program. Any proposal, application, or exhibit associated with this CDBG-DR funding award are binding and incorporated herein as a part of this **AGREEMENT**.

The **SUBRECIPIENT** shall submit to the **COUNTY** the required information and documentation to complete *Exhibits A (Scope of Work and Activities – Program/Project Activity Overview) & B (Scope of Work and Activities – Project Activity Scope of Work Description)*. If there is a disagreement between the **COUNTY** and **SUBRECIPIENT**, with respect to the formatting and content requirements of the Exhibit, the **COUNTY'S** has sole and absolute discretion; the **COUNTY'S** decisions shall prevail.

The **SUBRECIPIENT** must provide a statement of work, in accordance with 24 CFR 570.503 detailing the work to be performed, a schedule for completing the work, and a budget. The statement of work as prescribed by the **COUNTY** under *Exhibits A and B* must provide sufficient data and detail to provide a sound basis for the COUNTY to monitor performance.

The **SUBRECIPIENT** agrees to abide by all applicable state and Federal laws, rules and regulations, including but not necessarily limited to, the Federal laws and regulations set forth at 24 CFR 570, 2 CFR 200, the Federal Register Guidance, and the **COUNTY'S** Action Plan. This includes core CDBG-DR tenets and requirements as stated below:

SUBSECTION II.A. – MID REQUIREMENT: The **SUBRECIPIENT** must conduct all activities and expend all CDBG-DR award funds granted by the **COUNTY** in the "most impacted and distressed" (MID) areas resulting from the qualifying major disaster in 2022, which is in response to Hurricane Ian (Federal Emergency Management Agency (FEMA) Disaster No. 4673 – DR). As noted in the Federal Register Guidance (88 FR 32046), the HUD-identified MID area for this disaster allocation is all of Lee County.

SUBSECTION II.B. – ELIGIBLE ACTIVITIES: CDBG–DR funds are provided for necessary expenses for activities authorized under Title I of the Housing and Community Development Act of 1974 (HCDA), as amended (42 United States Code (U.S.C.) 5301 et seq.), related to disaster relief, long-term recovery, restoration of infrastructure and housing, economic revitalization, and mitigation of related risk. The **SUBRECIPIENT** must utilize CDBG-DR funds, as prescribed under 24 CFR 570 Subpart C – Eligible Activities, and for alternative requirements and waivers as prescribed within the Federal Register Guidance. Furthermore, the **SUBRECIPIENT** shall conduct its project to align with the approved eligible activity(ies) found under the most-recent approved Action Plan for the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program.

SUBSECTION II.C. – NATIONAL OBJECTIVE: The **SUBRECIPIENT** must meet the criteria for one of the CDBG-DR program's national objectives. For this scope of work, the **SUBRECIPIENT** must adhere to the following national objective type, as defined at 24 CFR 570.208 and alternative requirements under the Federal Register Guidance, and as reflected as an approved national objective type for this CDBG-DR program within the Action Plan:

☒ Activities designed to meet community development needs having a particular urgency ("Urgent Needs"); or

SUBSECTION II.D. – CDBG-DR MITIGATION SET-ASIDE AND STORM "TIE-BACK": The **COUNTY** is responsible for informing the **SUBRECIPIENT** of whether CDBG-DR funding is awarded for an activity(ies) to address an unmet recovery need, a mitigation and resilience measure, or both. Depending on the recovery or mitigation designation by the **COUNTY**, the **SUBRECIPIENT** is responsible for documenting proof of the designation. For recovery activities, the **SUBRECIPIENT** must demonstrate that their activities "tie-back" to the specific disaster and address a specific unmet recovery need for which the CDBG-DR funds were appropriated. For mitigation set-aside activities, the **SUBRECIPIENT** must document how its activity(ies) (1) meet the definition of mitigation activities; (2) address the current and future risks as identified in the **COUNTY'S** mitigation needs assessment in the MID areas under its Action Plan; (3) is a CDBG-DR eligible activity under title I of the HCDA (or otherwise eligible pursuant to a waiver or alternative requirement); and (4) still meets a national objective. In some cases, the **COUNTY** may require the **SUBRECIPIENT** to provide evidence of the activity meeting both the CDBG-DR "tie-back" and mitigation measures justification. The **COUNTY** will spell out specific requirements for

the **SUBRECIPIENT**, its project, and the project's eligible activity under *Exhibit A – Scope of Work and Activities – Program/Project Activity Overview* and *Exhibit B – Scope of Work and Activities – Project Activity Scope of Work Description*.

SECTION III: TERM OF AGREEMENT

This Agreement shall begin on *9/16/2025* ("*the Effective Date*") and end on 6/30/2029, unless suspended or terminated as specified in SECTION XI. SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION.

The **COUNTY** and the **SUBRECIPIENT** agree that this Agreement shall be electronically signed, and that any electronic signatures appearing on this Agreement shall have the same force and effect as a written signature for the purposes of validity, enforceability, and admissibility. The **COUNTY** and **SUBRECIPIENT** shall maintain this Agreement, including any amendments, in its files.

The **COUNTY** shall not grant any extension of the Agreement unless the **SUBRECIPIENT** provides written justification that is satisfactory to the **COUNTY,** in its sole discretion, and the **COUNTY'S** authorized organizational representative approves such extension in accordance with SECTION IV. AGREEMENT MODIFICATIONS AND AMENDMENTS of this Agreement.

SECTION IV: AGREEMENT MODIFICATIONS AND AMENDMENTS

SUBRECIPIENT must submit a written request, via the County's approved method for submitting such request, for an Agreement amendment which details the nature of and justification for the requested change and the desired effective date of the change(s). The **COUNTY** reserves the right to approve or deny all Agreement amendments on the basis that such approval or denial is in the **COUNTY'S** best interest. An approved amendment shall be documented on the Agreement amendment form and signed by both parties.

The Assistant County Manager over the **COUNTY'S** Office of Strategic Resources and Government Affairs (SRGA), the BoCC, or their designee may approve amendments to the Agreement, in accordance with the **COUNTY'S** *Hurricane Ian CDBG-DR Subrecipient Manual* and *Internal Grant Management Manual*. As noted within the Manual, the **COUNTY** reserves the right to review the request from the **SUBRECIPIENT** and determine whether an amendment is required or whether County Manager or BOCC approval is needed.

The **COUNTY** also affirms that it may unilaterally modify or amend any Manuals referenced throughout this Agreement without prior notification or agreement by the **SUBRECIPIENT.** Additionally, the **COUNTY** affirms that while it will seek agreement with the **SUBRECIPIENT** on proposed amendments to any Exhibits which are referenced throughout this Agreement, the **COUNTY** may unilaterally modify or amend any such Exhibits **COUNTY**, in its sole discretion, deems necessary to comply with federal policies or regulations.

As noted in the **COUNTY'S** Action Plan, substantial amendments to the Action Plan are defined as (1) a change in program benefit or eligibility criteria; (2) the addition or deletion of an activity(ies); (3) the allocation or reallocation of funds which exceeds or is expected to exceed 5 percent of the current total approved budget; (4) a material change occurs which impacts information and analysis on which the Action Plan was based on to fund certain priority activities (e.g., impact on anticipated beneficiaries, project or activity scope, significant demographic changes, or new significant contributing factors on unmet needs in the jurisdiction); and/or upon HUD's written notification specifying a material change that requires the revision. The **SUBRECIPIENT** understands that requests for Agreement amendments of the nature described herein, and which involve new or alteration of existing activities that will significantly change the scope, location, or objectives of the approved activity or beneficiaries must first receive HUD approval before consideration by the **COUNTY** to amend the Agreement.

SECTION V: COMPENSATION AND ALLOWABLE PAYMENTS

SUBSECTION V.A. – AGREEMENT PAYMENT: The **SUBRECIPIENT** agrees to accept as full compensation the total amount not to exceed $15,040,689.00. The **COUNTY'S** standard method of payment to the **SUBRECIPIENT** is on a reimbursement basis. Payments under this method will be authorized only for work completed and/or services delivered during the term of the Agreement as stated in SECTION III: TERM OF AGREEMENT and prior to the payment request date. The **COUNTY** reserves the right to consider a written request from the **SUBRECIPIENT** for projects that require advanced payments in accordance with 2 CFR 200.305 and 24 CFR 570.502.

The **SUBRECIPIENT** will provide supporting documentation of eligible expenses as stated within this SUBSECTION and the applicable exhibits, forms, and attachments contained with this Agreement. Payment is subject to the provisions of SUBSECTION V.B. DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS) and SECTION XI. SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION. Funding is contingent upon the availability of CDBG-DR funds and the obligation of said CDBG-DR funds through the **COUNTY'S** annual fiscal year (FY) budget appropriation process.

The **COUNTY** has agreed to reimburse the **SUBRECIPIENT** for approved budget line items listed for the project and its activities under the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program. The **SUBRECIPIENT** shall expend the allocation as follows:

	Most Impacted and Distressed (MID)
Activity Funds (Direct Project Costs)	$14,999,909.00
Activity Delivery Funds	$40,780.00
TOTAL	$15,040,689.00

Furthermore, "not to exceed" line items and activity budgets under this Agreement shall be identified within the approved budget under the *Project Budget and Expense (Sources and Uses) Worksheet*.

After the **COUNTY** has approved funding and the Office of Strategic Resources and Government Affairs (SRGA) has issued an Agreement related to the funded project, the **SUBRECIPIENT** should sign and return the Agreement within 30 days for execution. In addition, the **SUBRECIPIENT** should begin to draw down funds as agreed upon within the project milestones set out under the *Project Schedule and Milestones* reporting deliverable unless additional time is authorized by the **COUNTY**. Failure to return the signed Agreement or begin spending funds within the agreed upon time frame may result in reduction or forfeiture of funds.

By execution of this Agreement, the **SUBRECIPIENT** attests that necessary written administrative procedures, processes, and fiscal controls are in place for the operation of its CDBG-DR program for which the **SUBRECIPIENT** received funds from the **COUNTY**. These written administrative procedures, processes, and fiscal controls must, at a minimum, comply with applicable state and Federal law, rules, and regulations, Federal Register Guidance, and the terms of this Agreement. The **SUBRECIPIENT** agrees to remedy any deficiencies in its written administrative procedures, processes, and fiscal controls identified by the **COUNTY** or duly authorized CDBG-DR authorities.

The **SUBRECIPIENT** shall request all funds in the manner prescribed by the **COUNTY**, utilizing the Payment Request Form(s) as outlined under SUBSECTION VI.A. REPORTING AND AGREEMENT DELIVERABLES. Except as set forth herein, or unless otherwise authorized in writing by the **COUNTY**, costs incurred for eligible activities or allowable costs prior to the Effective Date of this Agreement are ineligible for funding with CDBG-DR funds.

If funds are not available to fully execute the project associated with this Agreement because of actions

by the United States Congress, the Federal Office of Management and Budget, the **COUNTY** or the provision of SECTION XIII. ASSURANCE, CERTIFICATIONS, AND COMPLIANCE, all obligations on the part of the **COUNTY** to make any further payment of funds will terminate and the **SUBRECIPIENT** shall submit its administrative closeout report within thirty (30) calendar days from the receipt of notice from the **COUNTY**.

SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS): The **SUBRECIPIENT** shall expend CDBG-DR funds only for allowable costs and eligible activities which are incurred during the Agreement period, in accordance with federal cost principles at 2 CFR 200 Subpart E and 24 CFR 570 Subpart C, respectively. The **SUBRECIPIENT** shall ensure that its contractors, subcontractors, and consultants only expend funding under this Agreement for allowable costs resulting from the obligations incurred during the Agreement period as specified under SECTION III. TERM OF AGREEMENT.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds paid in excess of the amount to which the **SUBRECIPIENT** or its contractors, subcontractors, or consultants are entitled under the terms and conditions of this Agreement.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds received for an activity if the activity does not meet an approved National Objective in accordance with 24 CFR 570.208 and the terms of this Agreement.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds not spent in accordance with the conditions of this Agreement or applicable law. For the scenarios detailed above, such reimbursement shall be sent to the **COUNTY**, by the **SUBRECIPIENT**, within thirty (30) calendar days from the **SUBRECIPIENT'S** receipt of notification of such noncompliance.

The **COUNTY** may also defer payment to and/or require repayment from the **SUBRECIPIENT** for noncompliance with Agreement deliverables, program performance requirements, or sufficient documentation to meet regulatory and statutory requirements, including cross-cutting requirements**.** Funds expended for activities that do not meet a HUD national objective will be required to be repaid by the SUBRECIPIENT to the COUNTY. If, as a result of monitoring or audit, the **COUNTY** determines that submitted costs are not documented, a payment may be deferred. If costs are found to be unallowable and payment has been made, no future payments will be made until the full amount of overpayment is remitted to the **COUNTY** or a repayment agreement is established by the **COUNTY**. If the monitoring or audit occurs after the term of this Agreement, the **SUBRECIPIENT** will be required to remit funds to the **COUNTY** in accordance with the repayment conditions below.

The **SUBRECIPIENT** agrees to return to the **COUNTY** any overpayments due to disallowed cost, pursuant to the terms of this Agreement and/or Federal requirements. Such funds shall be considered **COUNTY** funds and must be refunded to the **COUNTY** within thirty (30) days of receiving notice from the **COUNTY** in writing regarding the overpayment. Should repayment not be made in a timely manner, the **COUNTY** will charge interest of one (1) percent per month compounded on the outstanding balance after forty (40) calendar days after the date of notification or discovery. The **SUBRECIPIENT** will be required to reimburse the **COUNTY** for disallowed costs or fines resulting from acts of noncompliance.

The **COUNTY'S** determination that an expenditure is eligible does not relieve the **SUBRECIPIENT** of its duty to repay the **COUNTY** in full for any expenditures that are later determined by the **COUNTY** or the Federal Government, in each of its sole discretion, to be an ineligible expenditure or a Duplication of Benefits.

If requested by the **COUNTY**, all refunds, return of improper payments, or repayments due to the **COUNTY** under this Agreement are to be made payable to Lee County and mailed directly to the **COUNTY,** pursuant to SECTION XIX. NOTICES and this Agreement.

The **SUBRECIPIENT** has responsibility for identifying and recovering grant funds that were expended in error, disallowed, or unused. The **COUNTY'S** provision of training, technical assistance, quality assurance and quality control reviews are in no way intended to alleviate the **SUBRECIPIENT** of the responsibility to administer activities in accordance with all federal, state, and local requirements, including the requirements outlined within this Agreement. The **SUBRECIPIENT** acknowledges full responsibility to return funds to the **COUNTY** in the event that HUD or other auditing agency determines that activities or costs are disallowed.

The **SUBRECIPIENT** will report all suspected or verified fraud to the **COUNTY,** regardless of whether the suspected or verified fraud is associated with disallowed cost or other perceived harm to the **SUBRECIPIENT** or the **COUNTY**.

Mandatory Disclosure of Violations: In accordance with the revised 2 CFR 200.113 and the requirements set forth in FAR 73 FR 67064, the SUBRECIPIENT must promptly disclose, in writing, to the COUNTY, the federal awarding agency, and the Office of Inspector General, any credible evidence of a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations, including violations under the False Claims Act. This obligation extends to the SUBRECIPIENT and any subgrantees or contractors associated with the federal award. Failure to disclose such violations may result in remedies for non-compliance, including suspension or termination of the award, as outlined in 2 CFR 200.338 and 2 CFR 200.339.

SECTION VI: REPORTS AND EXHIBITS

SUBSECTION VI.A – REPORTING AND AGREEMENT DELIVERABLES: The **SUBRECIPIENT** shall provide the **COUNTY** with all reports and information set forth in the **COUNTY'S** approved system, including quarterly performance reports and documentation outlined in all applicable exhibits to enable the Grantee to submit the required reporting to HUD within the Disaster Recovery Grant Reporting (DRGR) system.

7. The requirements of Appendix II to 2 CFR 200 - Contract Provision for Non-Federal Entity Contract Under Federal Awards - (refer to *Exhibit H – Certification of CDBG-DR Compliance Provisions*)

The **SUBRECIPIENT** must comply with CDBG regulations regarding debarred or suspended entities (24 CFR 570.609 and 2 CFR 200.214), pursuant to which CDBG funds must not be provided to excluded or disqualified persons and provisions addressing bid, payment, performance bonds, if applicable, and liquidated damages.

The **SUBRECIPIENT** shall maintain oversight of all activities performed under this Agreement and shall ensure that its contractors perform according to the terms and conditions of the procured contracts or agreements and the terms and conditions of this Agreement.

SECTION IX: CONFLICTS OF INTEREST

The **SUBRECIPIENT** agrees that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of activities required under this Agreement. The **SUBRECIPIENT** further agrees that no person having any such interest shall be employed or engaged for said performance. The **SUBRECIPIENT** agrees that no employee, officer, agent of the **SUBRECIPIENT** or its subrecipients shall participate in the selection, award, or administration of a contract or construction bid if a conflict-of-interest, either real or implied, would be involved. The **SUBRECIPIENT** or its subrecipient employees, officers and agents should refrain from accepting gratuities, favors or anything of monetary value from contractors or potential contractors based on the understanding that the receipt of such an item of value would influence any action or judgment of the **SUBRECIPIENT**.

The **SUBRECIPIENT** is subject to the requirements at 24 CFR 570.611 and 2 CFR 200.318, as applicable, which includes developing or maintaining written standards of conduct and a conflict-of-interest policy that complies with the process for promptly identifying and addressing such conflicts.

Any potential conflict of interest shall be reported using the **COUNTY'S** disclosure form.

SECTION X: RISK MANAGEMENT

SUBSECTION X.A. – INDEMNIFICATION AND LIABILITY: To the fullest extent permitted by applicable law, **SUBRECIPIENT** shall protect, defend, indemnify, save and hold the **COUNTY**, the Board of County Commissioners, its agents, officials, and employees harmless from and against any and all claims, demands, fines, loss or destruction of property, liabilities, damages, for claims based on the negligence, misconduct, or omissions of the **SUBRECIPIENT** resulting from the **SUBRECIPIENT'S** work as further described in this Agreement and its attachments, which may arise in favor of any person or persons resulting from the **SUBRECIPIENT'S** performance or nonperformance of its obligations under this Agreement except any damages arising out of personal injury or property claims from third parties caused solely by the negligence, omission(s) or willful misconduct of the **COUNTY**, its officials, commissioners, employees or agents, subject to the limitations as set out in Florida general law, Section 768.28, Florida Statutes, as amended from time to time. Further, the **SUBRECIPIENT** hereby agrees to indemnify the **COUNTY** for all reasonable expenses and attorney's fees incurred by or imposed upon the **COUNTY** in connection therewith for any loss, damage, injury, liability, or other casualty. The **SUBRECIPIENT** additionally agrees that the **COUNTY** may employ an attorney of the **COUNTY'S** own selection to appear and defend any such action, on behalf of the **COUNTY**, at the expense of the **SUBRECIPIENT**. The **SUBRECIPIENT** further agrees to pay all reasonable expenses and attorney's fees incurred by the **COUNTY** in establishing the right to indemnity.

The **SUBRECIPIENT** further agrees that it is responsible for any and all claims arising from the hiring of individuals relating to activities provided under the Agreement. All individuals hired are employees of the **SUBRECIPIENT** and not of the **COUNTY.**

The **SUBRECIPIENT** further agrees to assume sole responsibility, training and oversight of the parties it deals with or employs to carry out the terms of this Agreement to the extent set forth in Section 768.28, F.S. The **SUBRECIPIENT** shall hold the **COUNTY** harmless against all claims of whatever nature arises from the work and services performed by third parties under this Agreement. If the **SUBRECIPIENT** is a state agency or subdivision, as defined in Section 768.28, F.S., then the **SUBRECIPIENT** agrees to be fully responsible for its negligent or tortious acts of omissions, which result in claims or suits against the **COUNTY**. The **SUBRECIPIENT** agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, F.S. Nothing herein shall be construed as consent by the state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any agreement, contract or subcontract.

Nothing herein is intended to serve as a waiver of sovereign immunity by the **COUNTY** or the **SUBRECIPIENT**.

The provisions of this SUBSECTION X.A. INDEMIFICATION AND LIABILITY shall survive the termination of this Agreement.

SUBSECTION X.B. – INSURANCE REQUIREMENTS

SECTION XI: SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION

In accordance with the Federal Register Guidance, 2 CFR 200.208, 2 CFR 200.339, Appendix II to 2 CFR 200, 24 CFR 570.503, and other rights which may be available under law, the following Subsections identify suspension and termination of the Agreement, with and without cause, the potential events of default by the **SUBRECIPIENT**, and potential remedies by the **COUNTY** for noncompliance by the **SUBRECIPIENT** of any and all requirements of this Agreement, including any exhibits, attachments, and terms and conditions herein:

SUBSECTION XI.A. – SUSPENSION: The **COUNTY** reserves the right to suspend, withhold, withdraw, or recapture funding for failure to comply with the requirements of this Agreement. If the **SUBRECIPIENT** fails to submit required documents by the due date, the **COUNTY** can suspend the Agreement and withhold payments until all requirements are satisfied.

In the event the **SUBRECIPIENT** ceases operation for any reason or files for protection from creditors under bankruptcy law, any remaining unpaid portion of this Agreement, less funds for expenditures already incurred, shall be retained by the **COUNTY** and the **COUNTY** shall have no further funding obligation to the **SUBRECIPIENT** with regard to those unpaid funds.

SUBSECTION XI.B. – EVENTS OF DEFAULT: If any of the following events occur ("Events of Default"), the **COUNTY** may, in its sole and absolute discretion, elect to terminate any obligation to make any further payment of funds, exercise any of the remedies set forth in SUBSECTION XI.C. REMEDIES or pursue any remedy at law or in equity, without limitation:

1. Any warranty or representation made by the **SUBRECIPIENT**, in this Agreement with the **COUNTY**, is or becomes false or misleading in any respect, or if the **SUBRECIPIENT** fails to keep or perform any of the obligations, terms, or covenants in this Agreement with the **COUNTY**, and/or has not cured them in a timely fashion and/or is unable or unwilling to meets its obligations under this Agreement and/or as required by statute, rule, or regulation;
2. Any material adverse change occurred in the financial condition of the **SUBRECIPIENT** at any time during the term of this Agreement and the **SUBRECIPIENT** fails to cure this adverse change within

thirty (30) calendar days from the date written notice is sent by the **COUNTY**;

3. The **SUBRECIPIENT** fails to submit any required reports or submits any required report with incorrect, incomplete or insufficient information or fails to submit additional information as requested by the **COUNTY**;
4. The **SUBRECIPIENT** fails to perform or timely complete any of its obligations under this Agreement, including participation in the **COUNTY'S** measures for technical assistance and training;
5. Both the **SUBRECIPIENT** and the **COUNTY** agree that in the event the **COUNTY** elects to make payments or partial payments after any Events of Default, it does so without waving the right to exercise remedies allowable herein or at law and without becoming liable to make any further payment; or,
6. Neither the **SUBRECIPIENT** nor the **COUNTY** (Parties) shall be liable to the other for any delay or failure to perform under this Agreement if such delay or failure is neither the fault nor the negligence of the **SUBRECIPIENT,** the **COUNTY**, or either Parties' employees or agents and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar causes wholly beyond both Parties' control or for any of the foregoing that affects subcontractors or suppliers if no alternate source of supply is available. However, in the event of delay from the foregoing causes, the **SUBRECIPIENT** shall take all reasonable measures to mitigate any and all resulting delays or disruptions in the **SUBRECIPIENT'S** performance obligation under this Agreement. If the delay is excusable under this Subsection, the delay will not result in any additional charges or cost under the Agreement to either Parties. In the case of any delay the **SUBRECIPIENT** believes is excusable under this Subsection, the **SUBRECIPIENT** shall notify the **COUNTY** in writing of the delay or potential delay and describe the cause of the delay either (1) with ten (10) calendar days after the cause that creates or will create the delay first arose, if the **SUBRECIPIENT** could reasonably foresee that a delay could occur as a result or (2) within five (5) calendar days after the date the **SUBRECIPIENT** first had reason to believe that a delay could result, if the delay is not reasonably foreseeable. The foregoing shall constitute the **SUBRECIPIENT'S** sole remedy or excuse with respect to delay. Providing notice in accordance with this Subsection is a condition precedent to such remedy. The **COUNTY**, at its sole discretion, will determine if the delay is excusable under this Subsection and will notify the **SUBRECIPIENT** of its decision in writing. No claim for damages, other than an extension of time, shall be asserted against the **COUNTY**. The **SUBRECIPIENT** shall not be entitled to an increase in the Agreement price or payment of any kind from the **COUNTY** for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist, the **SUBRECIPIENT** shall perform at no increased cost, unless the **COUNTY** determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to the **COUNTY**, in which case, the **COUNTY** may do any or all of the following: (1) accept allocated activity(ies) performance or deliveries from the **SUBRECIPIENT**, provided that the **SUBRECIPIENT** grants preferential treatment to the **COUNTY** with respect to products or services subjected to allocation; (2) purchase from other sources (without recourse to and by the **SUBRECIPIENT** for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity or (3) terminate the Agreement in whole or in part.

SUBSECTION XI.C. – REMEDIES: If an Event of Default occurs, the **COUNTY** may, in its sole discretion and without limiting any other right or remedy available, provide thirty (30) calendar days written notice to the **SUBRECIPIENT,** and if the **SUBRECIPIENT** fails to cure within those thirty (30) calendar days, the **COUNTY** may choose to exercise one or more of the following remedies, either concurrently or consecutively:

1. Terminate this Agreement upon written notice by the **COUNTY,** sent in conformity with SECTION XIX. NOTICES;
2. Begin any appropriate legal or equitable action to enforce performance of this Agreement;
3. Withhold or suspend payment of all or any part of a request for payment; Demand the **SUBRECIPIENT** return to the **COUNTY** any funds used for any failed/incomplete activities, ineligible

activities or unallowable costs under this Agreement or any applicable law, rule or regulation governing the use of the funds; and

4. Exercise any corrective or remedial actions, including but not limited to:
    a. Request additional information from the **SUBRECIPIENT** to determine the reasons for or the extent of noncompliance or lack of performance;
    b. Issue a written warning to advise that more serious measures may be taken if the situation is not corrected; and/or
    c. Advise the **SUBRECIPIENT** to suspend, discontinue, or refrain from incurring costs for any activities in question.
5. Exercise any other rights or remedies which may be otherwise available under law.

Pursuit of any of the above remedies does not preclude the **COUNTY** from pursuing any other remedies in this Agreement or provided at law or in equity. Failure to exercise any right or remedy in this Agreement or failure by the **COUNTY** to require strict performance does not affect, extend, or waive any other right or remedy available or affect the later exercise of the same right or remedy by the **COUNTY** for any other default by the **SUBRECIPIENT**.

SUBSECTION XI.D. – TERMINATION BY COUNTY: Excluding those scenarios and exceptions as noted within SUBSECTION XI.A. SUSPENSION, SUBSECTION XI.B. EVENTS OF DEFAULT, and SUBSECTION XI.C. REMEDIES, the **COUNTY** may, at any time and for other reasons not mentioned above ("for convenience"), cancel this Agreement by giving twenty–four (24) hours written notice to the **SUBRECIPIENT** by Certified Mail, Process Server or Hand Delivery following a determination by the County Manager or designee, at its sole discretion, that such cancellation is in the best interest of the people of the **COUNTY**. From the date of cancellation, neither party shall have any further obligation unless specified in the termination notice.

If the financing for this project is contingent upon funding sources other than Lee County as identified in the *application* for this Agreement, and such funds become unavailable, the obligations of each party hereunder may be terminated upon no less than twenty-four (24) hours written notice.

SUBSECTION XI.E. – TERMINATION BY SUBRECIPIENT: Excluding those scenarios and exceptions as noted within SUBSECTION XI.A. SUSPENSION, SUBSECTION XI.B. EVENTS OF DEFAULT, and SUBSECTION XI.C. REMEDIES, the **SUBRECIPIENT** may, at any time and for other reasons not mentioned above ("for convenience"), cancel this Agreement by giving seventy-two (72) hours prior written notice to the **COUNTY** by Certified Mail or Process Server of such and specifying the effective date.

The **COUNTY'S** obligation to make any payments under any provision of this Agreement shall cease on the effective date of termination.

In the event that this Agreement is terminated, the **SUBRECIPIENT** shall not incur new obligations under the terminated portion of the Agreement after the date the **SUBRECIPIENT** has received the notification of termination. The **SUBRECIPIENT** shall cancel as many outstanding obligations as possible. The **COUNTY** shall disallow all costs incurred after the **SUBRECIPIENT'S** receipt of the termination notice. The **COUNTY** may, to the extent authorized by law, withhold payments to the **SUBRECIPIENT** for the purpose of set-off until the exact amount of damages due to the **COUNTY** from the **SUBRECIPIENT** is determined.

In accordance with 24 CFR 570.503, upon expiration or termination of this Agreement, the **SUBRECIPIENT** shall transfer to the **COUNTY** any CDBG-DR funds on hand at the time of expiration or termination and any accounts receivable attributable to the use of CDBG-DR funds.

SECTION XII: USE AND REVERSION OF ASSETS, REAL PROPERTY

The **SUBRECIPIENT** must ensure that any equipment or fixed assets purchased in whole or in part with

CDBG-DR funds be adequately safeguarded and assure such assets are used solely for authorized purposes. The purchase, use, management and disposition of equipment and other capital assets must comply with 2 CFR 200.313, 2 CFR 200.439, the applicable Federal Register Guidance, and 24 CFR 570. See SECTION XI: SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION regarding the revision of any CDBG-DR funds or assets upon termination or expiration of this agreement. Per 24 CFR 570.502(a)(8), in all cases when equipment purchased with CDBG funds is sold, the net proceeds are considered program income, and shall be returned to the **COUNTY** within 30 days of receipt of the proceeds.

Any real property under the **SUBRECIPIENT'S** control that was acquired or improved in whole or in part with CDBG-DR funds (including CDBG-DR funds provided to the **SUBRECIPIENT** in the form of a loan) in excess of $25,000 must (1) be used to meet a national objective until five years after expiration or termination of this Agreement (24 CFR 570.505), unless otherwise agreed upon by the Parties, or except as otherwise set forth herein or (2) if not used to meet a national objective, the **SUBRECIPIENT** shall pay to the **COUNTY** an amount equal to the current market value of the property less any portion of the value attributable to expenditures of non-CDBG-DR funds for the acquisition or improvement of the property for five years after expiration or termination of this Agreement.

The rights and remedies under this Section are in addition to any other rights or remedies provided by law or under this Agreement.

SECTION XIII: ASSURANCE, CERTIFICATIONS, AND COMPLIANCE

The **SUBRECIPIENT** agrees that compliance with these assurances and certifications constitutes a condition of continued receipt of or benefit from CDBG-DR funds provided through this Agreement, and that it is binding upon the **SUBRECIPIENT**, its successors, transferees, and assignees for the period during which services are provided and activities are performed. Additional requirements of the assurances, certifications, and compliance measures below can be further detailed or outlined in the Agreement's exhibits, forms, and attachments.

SUBSECTION XIII.A. – IMMIGRATION LAWS AND CITIZENSHIP STATUS: The **COUNTY** will not intentionally award Agreements to any **SUBRECIPIENT** who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act (INA).

The **COUNTY** shall consider the employment by the **SUBRECIPIENT** of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of the Agreement by the **COUNTY**.

Additionally, the **SUBRECIPIENT** must follow requirements to verify citizenship of CDBG-DR fund recipients in certain circumstances. In accordance with 49 CFR 24.408, the **SUBRECIPIENT** cannot provide relocation assistance to a person who has not provided certification of U.S. citizenship or who has been determined to be not lawfully present in the United States, unless such person can demonstrate to the **SUBRECIPIENT** that the denial of relocation assistance will result in an exceptional and extremely unusual hardship to such person's spouse, parent, or child who is a citizen of the United States, or is an alien lawfully admitted for permanent residence in the United States. The **COUNTY** may require the **SUBRECIPIENT** to follow other verification requirements as prescribed within the Federal Register Guidance, regulations, or within the Action Plan.

Furthermore, the **SUBRECIPIENT** shall ensure that CDBG-DR funds, which are passed through Lee County, are restricted to people legally able to reside in the United States.

SUBSECTION XIII.B. - E-VERIFY REQUIREMENTS: The **SUBRECIPIENT** must verify employment eligibility of all new employees hired during the Agreement term through the U.S. Department of

Homeland Security's E-Verify system.

Section 448.095, F.S., requires the following:

1. Every public employer, contractor, and subcontractor shall register with and use the E- Verify system to verify the work authorization of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system.
2. A private employer shall, after making an offer of employment which has been accepted by a person, verify such person's employment eligibility. A private employer is not required to verify the employment eligibility of a continuing employee hired before January 1, 2021. However, if a person is a contract employee retained by a private employer, the private employer must verify the employee's employment eligibility upon the renewal or extension of his or her contract.

E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States. There is no charge to the employer to use E-Verify. The Department of Homeland Security's E-Verify system can be found at: *https://www.e-verify.gov/*.

If the **SUBRECIPIENT,** or its contractors, consultants, or subrecipients, does not use E-Verify, they shall enroll in the E-Verify system prior to hiring any new employee or retaining any contract employee after the Effective Date of this Agreement.

SUBSECTION XIII.C. – NATIONAL OBJECTIVE: All activities funded with CDBG-DR funds must meet the criteria for one of the CDBG program's National Objectives. The **SUBRECIPIENT** certifies that the activities carried out under this Agreement shall meet the stated national objective as outlined under SUBSECTION II.C. NATIONAL OBJECTIVE. Furthermore, the **SUBRECIPIENT** certifies and acknowledges that it understands documentation and records requirements for the stated national objective type(s), as defined at 24 CFR 570.208, 24 CFR 570.506, and any and all alternative requirements under the Federal Register Guidance in relation to relevant national objective type(s) as stated in the above Subsection.

SUBSECTION XIII.D. – USE OF FUNDS AND ORDER OF ASSISTANCE: CDBG–DR Appropriations Acts generally include a statutory order of assistance for Federal agencies which require Grantees to verify whether funds made available by FEMA or the U.S. Army Corps of Engineers (USACE) are available for an activity, or the costs are reimbursable by FEMA or the USACE, *before* awarding CDBG-DR assistance for the cost of carrying out the same activity.

The **SUBRECIPIENT** shall not use CDBG–DR funds for activities reimbursable by or for which funds are made available by FEMA or the U.S. Army Corps of Engineers (USACE). The **SUBRECIPENT** must verify and inform the **COUNTY** if FEMA and USACE funds are available prior to award or expenditure of CDBG-DR funds to an eligible activity within the Scope of Work contained under *Exhibit B – Scope of Work and Activities – Project Activity Scope of Work Description*. *Exhibit H – Certification of CDBG-DR Compliance Provisions* further outlines Duplication of Benefits certifications which the **SUBRECIPIENT** must adhere to. Failure to do so can result in a return of funds as further outlined within this Agreement under SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS) and SUBSECTION XIII.E. DUPLICATION OF BENEFITS.

SUBSECTION XIII.E. – DUPLICATION OF BENEFITS: The **SUBRECIPIENT** certifies that it shall not carry out any of the activities under this Agreement in a manner that results in a prohibited duplication of benefits as defined by Section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (42 U.S.C. 5155 et seq.) and described within Appropriations Acts and Federal Register Guidance. The **SUBRECIPIENT** must comply with HUD's requirements for Duplication of Benefits (DOB), as described in the Federal Register Guidance (Section IV.A.1. – Grant Administration; Duplication of Benefits (DOB)) and HUD guidance (including HUD training materials), including specific Order of

Assistance requirements as noted under SUBSECTION XIII.D. USE OF FUNDS AND ORDER OF ASSISTANCE. The **SUBRECIPIENT** shall carry out the activities under this Agreement in compliance with the **COUNTY's** procedures to prevent DOB. The **SUBRECIPIENT** shall also sign a Subrogation Agreement (see *Exhibit K – CDBG-DR Program Subrogation Agreement*).

In accordance with the Federal Register Guidance at 88 FR 32053 – Section IV.A.1.(d)(v) Applicable Rules, Statutes, Waivers, and Alternative Requirements: Reassess Unmet Need When Necessary, the **SUBRECIPIENT** certifies that they will notify the **COUNTY** immediately of any funding source changes and/or additions from other sources that are different from that shown in the **SUBRECIPIENT'S** *application*. This notification must include a statement explaining how this change in funding affects the provisions of the project and activity requirements as well as the use of and continued need for CDBG-DR funds through the **COUNTY**.

The **SUBRECIPIENT** shall either (1) maintain all funds provided under this Agreement in a separate bank account or (2) ensure that the **SUBRECIPIENT'S** accounting system shall have sufficient internal controls to separately track expenditure of all funds under this Agreement, in accordance with 2 CFR 200.302. In cases where the project and its activities are funded by more than one funding source (other funds besides CDBG-DR funds) where potential duplicative assistance could exist, the **SUBRECIPIENT** shall not commingle CDBG-DR funds provided under this Agreement with any other funds, projects or programs, when those funds are determined to be for the same purpose and same use, in accordance with the Federal Register Guidance. 88 FR 32050, Section IV.A.1.(a) – Overview of Grant Process, The Stafford Act – and Section 312 of the Stafford Act makes recipients of Federal disaster assistance liable for repayment of the amount of Federal disaster assistance that duplicates benefits available for the same purpose from another source (42 U.S.C. 5155(c)). The **COUNTY** may, in its sole discretion, disallow costs made with commingled funds that were designated as being available for the same purpose and use as the CDBG-DR funds and require reimbursement for such costs as described herein (SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS)).

SUBSECTION XIII.F. – CIVIL RIGHTS REQUIREMENTS: The **SUBRECIPIENT** further assures that all contractors, subcontractors, or others with whom it arranges to provide services or benefits to participants or employees in connection with any of its programs, projects, and activities are not discriminating against those participants or employees in violation of statutes, regulations, guidelines and standards. By acceptance of this CDBG-DR funding, the **SUBRECIPIENT** assures and certifies the following:

1. That they will comply with all applicable Federal, state and local anti-discrimination laws pertaining to nondiscrimination in programs receiving Federal financial assistance, including but not limited to:
   a. Title VI of the Civil Rights Act of 1964, as amended, and its implementing regulations – including that recipients/grantees of Federal financial assistance are required to take reasonable steps to ensure meaningful access to persons who are Limited English Proficiency (LEP), as per Executive Order 13166 and the Federal Register Guidance, to items such as, but not limited to, project outreach, project, or activity materials including communique in the form of digital (website) media and paper materials.
   b. Section 109 - Title I of the Housing & Community Development Act of 1974
   c. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794)
   d. Age Discrimination Act of 1975 (42 U.S.C. 610 et. seq.)
   e. Fair Housing Act
2. That they will comply with the Americans with Disabilities Act of 1990 ("ADA") (P.L. 101-336, as codified at U.S.C. 42.126 (sections 12101-12213) and as amended, and 28 CFR 35); the Florida Civil Rights Act, as amended, Chapter 76, F.S.; Title VII of the Civil Rights Act of 1964, as amended; and laws which gives civil rights protections to individuals with disabilities, guaranteeing equal opportunity for individuals with disabilities in employment, public accommodations, transportation, state and local government services, and telecommunications. A Single-Point-of-Contact shall be required if the agency employs 15 or more employees. The Single-Point-of-Contact will ensure effective communication with deaf or hard-of-hearing customers or companions in accordance with Section

504 and the ADA and coordinate activities and reports with the **SUBRECIPIENT'S** Single-Point-of-Contact.

SUBSECTION XIII.K. – PERSONALLY IDENTIFIABLE INFORMATION (PII): As previously referenced under SUBSECTION VII.D. RECORDKEEPING REQUIREMENTS and in accordance with 2 CFR 200.1 and 2 CFR 200.338, Personally Identifiable Information (PII) means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual. The definition of PII is not anchored to any single category of information or technology. Rather, it requires a case-by-case assessment of the specific risk that an individual can be identified. Protected PII means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to, social security number, passport number, credit card numbers, clearances, bank numbers, biometrics, date and place of birth, mother's maiden name, criminal, medical and financial records, and educational transcripts. This does not include PII that is required by law to be disclosed.

PII must always be safeguarded, even in instances of public records requests. No Federal awarding agency may place restrictions on the non-Federal entity that limits public access to the records of the non-Federal entity pertinent to a Federal award, *except for protected PII or when the Federal awarding agency can demonstrate that such records will be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) or controlled unclassified information pursuant to Executive Order 13556 if the records had belonged to the Federal awarding agency*.

The **SUBRECIPIENT** certifies that they understand the PII definitions as noted above, and in accordance with their internal controls under 2 CFR 200.303, the SUBRECIPIENT must implement reasonable measures to safeguard Personally Identifiable Information (PII) and other sensitive data. These measures should form part of the SUBRECIPIENT's internal control framework to ensure compliance with federal regulations. The SUBRECIPIENT is responsible for maintaining appropriate safeguards to prevent unauthorized access, use, or disclosure of such information, consistent with cybersecurity best practices and the applicable federal, state, and local laws governing data protection.
Additionally, the **COUNTY**, pursuant to the Federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a "covered entity," as the law defines that term. Any "personal health information" (PHI) as defined by the law that the **COUNTY** receives pursuant to this Agreement in connection with this project and its activities, as applicable, is subject to the disclosure and security requirements of HIPAA. Transfer of information to the **COUNTY** sufficiently "de-identified" to no longer be considered PHI is encouraged as being in the best interest of client PHI confidentiality to the extent that public services are

unaffected. Methods to accomplish the highest levels of public service coupled with PHI confidentiality will be an ongoing task of the affected staffs of the **COUNTY** and the **SUBRECIPIENT**.

SUBSECTION XIII.L. – NECESSARY AND REASONABLE REQUIREMENTS: The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for the Federal Awards in 2 CFR 200 Subpart E (Federal Cost Principles) apply to all CDBG-DR Grantees and their Subrecipients. The **SUBRECIPIENT** certifies that all costs incurred under this Agreement are necessary and reasonable for the performance of its project and/or activities. The Cost Principles are made applicable to local governments through 24 CFR 570.502. The **SUBRECIPIENT** must consider factors described at 2 CFR 200.404(a-e) when determining which types and amounts of cost items incurred under this Agreement are necessary and reasonable.

SUBSECTION XIII.M. – COPYRIGHT, PATENT AND TRADEMARK: In accordance with 2 CFR 200.1 and 2 CFR 200.135, trademarks, copyrights, patents and patent applications and property, are identified as intangible property, or property having no physical existence. The **SUBRECIPIENT** may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under this CDBG-DR award. HUD, through the **COUNTY** as its pass-through entity, reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so. The **SUBRECIPIENT** is subject to applicable regulations governing patents and inventions, including governmentwide regulations issued by the Department of Commerce at 37 CFR 401 ("Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Awards, Contracts and Cooperative Agreements").

Any and all patent rights accruing under, or in connection with, the performance of this Agreement are hereby reserved to the **COUNTY**. Any and all copyrights accruing under, or in connection with, the performance of this Agreement are hereby transferred by the **SUBRECIPIENT** to the **COUNTY**.

1. If the **SUBRECIPIENT** has a pre-existing patent or copyright, the **SUBRECIPIENT** shall retain all rights and entitlement to that pre-existing patent or copyright unless this Agreement expressly provides otherwise.
2. If any discovery or invention is developed in the course of or as a result of work or services performed under this Agreement or in any way connected with it, the **SUBRECIPIENT** shall refer the discovery or invention to the **COUNTY** for a determination whether the **COUNTY** will seek patent protection in its name. Any patent rights accruing under or in connection with the performance of this Agreement are reserved to the **COUNTY**. If any books, manuals, films, or other copyrightable material are produced, the **SUBRECIPIENT** shall notify the **COUNTY**. Any copyrights accruing under or in connection with the performance under this Agreement are transferred by the **SUBRECIPIENT** to **COUNTY**. Within thirty (30) calendar days of execution of this Agreement, the **SUBRECIPIENT** shall disclose all intellectual properties relating to the performance of this Agreement which give rise to a patent or copyright. The **SUBRECIPIENT** shall retain all rights and entitlements to any pre-existing intellectual property which is so disclosed. SUBSECTION XIII.N. – FEDERAL TERMS AND CONDITIONS: For Federal CDBG-DR funded programs, the **SUBRECIPIENT** has or will develop and maintain the capacity to carry out disaster recovery activities in a timely manner and will ensure compliance with applicable Uniform Administrative Requirements as described in 2 CFR 200, Community Development Block Grants (CDBG) regulations at 24 CFR 570, the Federal Register Guidance, the Action Plan, and all other established, applicable HUD regulations, acts, and statutes, as now in effect and as may be amended from time to time. Pursuant to 2 CFR 200.414, the SUBRECIPIENT is entitled to apply the 15% de minimis indirect cost rate without requiring further approval from the COUNTY. Alternatively, if the SUBRECIPIENT has a federally negotiated indirect cost rate, they may elect to use that rate, which shall be accepted by the COUNTY without additional negotiation or approval. The terms of this Agreement shall reflect the applicable indirect cost rate as established under this Exhibit. The Subrecipient's indirect cost is based on the following indirect cost rate allocation plan in accordance with 2 CFR 200.414:

☒ *Not applicable to this Agreement and will not be requested from the Subrecipient.*

See the plan or proposal above for further details and requirements of when the Subrecipient is set to receive indirect costs. The County also identifies financial data and information in Exhibit C for the Subrecipient's use in the submission of Payment Request Forms, Single Audits, and other reports which require the County's accounting of CDBG-DR funding through its financial system.

EXHIBIT E

Public Facility Description

Project Information

This application seeks $15 million to construct a new and more resilient Sanibel Police Station. This new Police Station will replace a 2-story structure that is a wing of the over 40-year-old existing City Hall building.

Hurricane Ian destroyed the lower level of the Sanibel Police Station and rendered the remaining portions of the Police Station and City Hall uninhabitable between September 28, 2022, and March 30, 2023. Because of the damage, City Hall and the Police Station complex could not serve as the on-island Unified Command Center that is necessary and so critical when coordinating the emergency response efforts to a catastrophic event by multiple responding jurisdictions. While FEMA provided a temporary Unified Command Center by erecting a tent to serve as the Hurricane Ian Unified Command Center, there were multiple challenges due to weather, noise, and heat. An adequate on-island facility is urgently needed to manage emergency and disaster response efforts efficiently, effectively, and safely.

In the post-storm period, Sanibel's damaged (and therefore smaller/not fully-operable) Police Station, has proven to be inadequate to support the day-to-day police services needed by the residents, businesses, and visitors of Sanibel. The current building no longer provides adequate facilities to house police officers and civilian staff members who work in patrol, parking enforcement, traffic enforcement, detective services, emergency dispatch area, and command positions. Permanent space for a squad room, training, and armory facilities cannot be placed in the flood damaged first level of the current police station, which was destroyed by the storm surge from Hurricane Ian.

The City has funded the design (100% construction drawings) of a new Police Station that will meet current FEMA and Florida Building Codes. It also meets all the requirements of Sanibel's Land Development Code. The Sanibel City Council approved the final design on May 7, 2024, and the construction drawings will be complete within 30-days, making the project shovel-ready.

A resilient police station is required to serve multiple community needs. The Police Station must provide safe and ADA compliant public access for daily interactions with residents, business owners and visitors, functional space for daily police operations, and be able to transform quickly into a Unified Command Center when faced with community emergencies and threats. Sanibel must have a facility that can accommodate space for multiple agencies during emergency operations, such as the Sanibel Fire & Rescue District, the Captiva Fire & Rescue District, Lee County Sheriff, FEMA, Florida DEM, US Fish and Wildlife Services, the Island Water Association, and LCEC, particularly when faced with large-scale catastrophic events such as Hurricane Ian.

The building code has changed significantly in the 40 years since City Hall and the police

station were built, and the new facility will be constructed to meet required base flood elevation and to withstand high winds and potential flooding. It will meet all first responder needs, including communication, fitness and training areas, squad rooms, lockers, kitchen, armory, secure evidence rooms, and shower/restroom facilities.

The Primary Objectives of the County Commission approved Lee County CDBG-DR Action Plan are to “Restore critical public facilities and infrastructure,” “Mitigate future disaster impacts through infrastructure investments,” and “Plan for Future Resilience.” The construction of this modern and resilient 22,600 square foot Police Station and Emergency Operations Center will safeguard the dedicated first responders who serve the Sanibel Community, strengthen the island's ability to effectively respond to future natural and manmade disasters and emergencies, and meet the Primary Objectives of the Lee County CDBG-DR Action Plan.

CDBG-DR Eligibility Justification:

The Lee County CDBG-DR Action Plan (Action Plan - pg. 62 of Amendment 4) identifies Sanibel as one of four areas in Lee County that received the brunt of Hurricane Ian’s impact, suffering over $50 million in real property damage. This real property loss includes damage and losses sustained to public facilities and infrastructure.

Additionally, Sanibel is one of only two Lee County jurisdictions (communities) that lost taxable property values following the storm. Sanibel’s Fiscal Year 2023-2024 property values were reduced by 34% by the Lee County Property Appraiser as a direct result of Hurricane Ian’s wind, storm surge, and flooding impacts.

The Urgent Need for financial assistance in Lee County is clearly within the coastal communities of Sanibel, Fort Myers Beach, and the river front area of North Fort Myers. One of the most urgent needs Sanibel has, in order to serve Sanibel’s residents with Police services, is to construct a new Police Station.

Lee County staff has informed Sanibel that HUD indicated the Police Station may not be eligible for CDBG-DR funding because it “serves general purposes of government” (email uploaded in Section 4 of application). Sanibel disagrees with this position. First, the HUD Guide to National Objectives & Eligible Activities for Entitlement Communities (pg. 2-12) states that “police stations” are not included in statute definition of “buildings for the general conduct of government.” While the offices for Command Staff (Chief, Deputy Chief, Captain, Administrative Assistant, Emergency Management Technician)—offices typically considered for the general conduct of government—are designed to be located in the new Police Station, the office areas for these staff members will only occupy approximately 1,500 square feet—merely 6% of the 22,600 square foot building. So, the predominant use (i.e., 94%) of the proposed building is inarguably to support public safety purposes and as-needed emergency management functions, not general government. This “predominant use” standard is the appropriate litmus test (See uploaded - Section 4 of application - CDBG Memorandum dated December 8, 1987, stating, “In determining whether a building is a ‘building for the general conduct of government,’ look at the predominant use of the building.”). Further, Sanibel is a small community with one Police station. As detailed above, the new Police Station will have minimal space for Command Staff offices 3) and the predominant daily use of the building is for police operations and as needed emergency management functions that directly serve the public. The HUD Guide to National Objectives & Eligible Activities for Entitlement Communities (pg. 2-12) states:

Generally speaking, buildings which house administrative functions of the government are considered to be “buildings for the general conduct of government.” Thus, CDBG

assistance to a building in which the chief of police and the fire captain of a city have their offices would generally be ineligible. For small communities where one building provides both the administrative functions and services directly to the public, a determination should be sought from HUD as to whether the building may be assisted under this category.

If the small section of the Police Station assigned for Command Staff (administrative offices) is deemed ineligible for CDBG-DR funding, then the City will use secured State funding ($1 million) and City funds to pay for the ineligible portion of the building. CDBG-DR funding will be used to construct the operational and public facing elements of the building. The HUD Guide to National Objectives & Eligible Activities for Entitlement Communities (pg. 2-13) states:

“If a public facility contains both eligible and ineligible uses, §570.200(b)(1) of the regulations should be consulted for special qualifying criteria for the eligible portion of the facility.”

24 C.F.R. §570.200(b)(1) (2024), provides: “(b) Special policies governing facilities. The following special policies apply to: (1) Facilities containing both eligible and ineligible uses. A public facility otherwise eligible for assistance under the CDBG program may be provided with CDBG funds even if it is part of a multiple use building containing ineligible uses, if: (i) The facility which is otherwise eligible and proposed for assistance will occupy a designated and discrete area within the larger facility; and (ii) The recipient can determine the costs attributable to the facility proposed for assistance as separate and distinct from the overall costs of the multiple-use building and/or facility. Allowable costs are limited to those attributable to the eligible portion of the building or facility.”

Based on the City’s review of applicable HUD regulations, and based upon the predominant (94%) use of Sanibel’s sole proposed Police Station being dedicated for eligible uses as opposed to dedicated to general government purposes, the City of Sanibel requests that Lee County seek a formal determination from HUD as to the full or partial funding eligibility for the Sanibel Police Station project – prior to ranking and submitting applications for review by the Lee County CDBG-DR Planning and Infrastructure Advisory Committee.

Should HUD determine that the building is not fully eligible under the guidelines, the City of Sanibel requests that Lee County seek a waiver for the Police Station project, as there is an urgent need to complete the proposed project, the project clearly meets the stated objectives of the Lee County CDBG-DR Action Plan, and the Police Station will be constructed in one of the three areas of Lee County that have been identified in the Action Plan as being the most severely impacted by Hurricane Ian.

24 C.F.R. §5.110 (2024), provides:

Upon determination of good cause, the Secretary may, subject to statutory limitations, waive any provision of this title and delegate this authority in accordance with section 106 of the Department of Housing and Urban Development Reform Act of 1989 (42 U.S.C. 3535(q)

The Sanibel Police Station project is a project of good cause and is shovel ready.

National Objective

- National Objective: Urgent Need

Provide a description how the proposed project will meet the selected National Objective

The Sanibel Police Station at City Hall was significantly damaged by Hurricane Ian. The urgent need for CDBG-DR funding for this project was created by Hurricane Ian, which occurred within 18-months of this application. Due to the damage inflicted on the current police station, and the financial constraints the City is operating under, there is a critical and urgent need for CDBG-DR funding to construct a new police station to deliver police services that protect the health and welfare of the community.

The current station is inadequate to meet the short and long-term operational needs and to provide critical policing services and emergency response by the City of Sanibel for the island communities.

Police facilities at City Hall were previously designated for improvement prior to Hurricane Ian, resulting in the city's procurement of professional services for design of a new detached police station in FY21-22. Maintaining adequate staffing levels for the Police Department has been challenging in part due to outdated and obsolete facilities. Without facilities upgrade, if unaddressed, these staffing shortfalls may have a detrimental health and safety impact on Sanibel residents, as well as the many tourists that visit Sanibel and Captiva Islands.

Following Hurricane Ian, the need for a Unified Command Center and elevated emergency equipment platform became clear priorities in the final design of the new station. Furthermore, relocation of police facilities from City Hall provides an opportunity to utilize their existing space for other departments (IT and Natural Resources), whose former offices were destroyed due to their location at grade below Base-Flood Elevation.

The proposed police station will be constructed +2 feet above the base flood elevation and will meet all current Florida Building Code, FEMA Flood Regulations, and Sanibel Land Development Code requirements. During a critical incident or a declared State of Emergency, the police station will serve as a Unified Command Center to protect the health and welfare, of Sanibel residents and those who reside in the neighboring island of Captiva. Following Hurricane Ian, local, county, state, and federal officials, such as the Sanibel Police Department, Lee County Sheriff's Office, Sanibel Fire Department, Lee County EMS, Lee County Emergency Management, Florida Department of Emergency Management, FEMA, LCEC, and responding contractors, were forced to use an inadequate tent as the Unified Command Center.

The City of Sanibel's location in a special flood hazard area, and the proposed Police Station in an AE +9-foot flood zone, significantly increases project costs for new construction. Additionally, Sanibel Building Department staff finds construction costs are generally 20% higher on Sanibel relative to "mainland" areas of Lee County, when all other variables are equal. These inherent cost factors present substantial funding challenges, especially in the context of a city budget that has been greatly affected by

storm related expenditures.

The Lee County CDBG-DR Action Plan (Action Plan - pg. 62 of Amendment 4) identifies Sanibel as one of four areas in Lee County that received the brunt of Hurricane Ian's impact, suffering over $50 million in real property damage. This real property loss includes damage and losses sustained to public facilities and infrastructure.

Additionally, Sanibel is one of only two Lee County jurisdictions (communities) that lost taxable property values following the storm. Sanibel's Fiscal Year 2023-2024 property values were reduced by 34% by the Lee County Property Appraiser as a direct result of Hurricane Ian's wind, storm surge, and flooding impacts. This financial constraint creates an urgent need to obtain Federal and State financial assistance rebuild the Sanibel community.

The Urgent Need for financial assistance in Lee County is clearly within the coastal communities of Sanibel, Fort Myers Beach, and the river front area of North Fort Myers. One of the most urgent needs Sanibel has, in order to serve Sanibel's residents with critical police services, is to construct a new Police Station.

Thia project meets the requirements for the urgent need National Objective, described in 88 FR 32046. Specifically, this completed project will immediately alleviate existing conditions that pose a serious and immediate threat to the health and welfare of the community.

Capacity to perform financial management and oversight

The City of Sanibel utilizes Tyler Technologies' Munis, an enterprise resource program (ERP / management software) for public agencies. The system includes multiple modules, such as financial management, human capital management, and contracts. The municipal accounting software is specifically designed for government entities to enhance overall administration and provide accountability. The system provides detailed reports enabling elected officials (City Council), auditors and other users to monitor the City's financial activities and assets.

The Finance Department consists of eight professionals under the leadership of the Deputy City Manager/CFO and Deputy Finance Director. The capacity of the department was expanded in April of 2024 with the hiring of a Senior Accountant, providing greater accountability to department operations.

Capacity to perform grant management functions as demonstrated through prior experience managing grants with in-house staff or with a grant management consultant

The Tyler ERP system also includes a grant management module. The module is directly connected to the larger finance system thereby enabling greater oversight of revenue and expenses for both general operations and specific grant projects. Each module enables City staff to efficiently administer all grant funded projects.

In April 2024, the City filled two new positions: a Grants Manager and a Procurement Manager. Both new staff positions are full-time and are filled by professionals with extensive experience. These positions work in cooperation with and are supported by six additional professionals in the Finance Department.

Internal auditing capability

The Deputy City Manager/CFO and Deputy Finance Director are responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse. The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Accordingly, the Deputy City Manager/CFO and/or Deputy Finance Director have established a process for periodic independent review by an external auditor to assure compliance with policies and procedures. The internal controls relevant to grant funded projects address the following points:

1. Control of collusion. Collusion is a situation where two or more employees are working in conjunction to defraud their employer. All transactions require multiple employees

involved.
2. Separation of transaction authority from accounting and record keeping. By separating the person who authorized or performs the transaction from the people who record or otherwise account for the transaction, a separation of duties is achieved. Employees who authorize transactions do not enter them into system and vice versa.
3. Clear delegation of authority to subordinate staff members. Subordinate staff members must have a clear understanding of their authority and responsibilities to avoid improper actions. Clear delegation of authority also preserves the internal control structure that is contingent on the various staff positions and their respective responsibilities. All employees involved in the process have a clear understanding.
4. Written confirmation is required for all transactions. Due to the potential for error and improprieties arising from telephone transactions, all transactions should be supported by written communications and approved by two authorized signers. Written communications may be via letter, fax and/or email and must be from an authorized person. No telephone transactions are permitted. All transactions are documented on a cash transfer form and approved by the City Manager and the Deputy City Manager/CFO or Deputy Finance Director.
5. Development of a wire transfer agreement with the lead bank or third-party custodian. This agreement should outline the various controls, security provisions, and delineate responsibilities of each party making and receiving wire transfers.

Administrative staffing

The project's completion will require a team of City staff, primarily from the Police, Public Works Finance and Administration departments, with responsibilities divided among several staff members.

The Police and Public Works staff serve as the primary project management team. They provide technical review and coordination of project design, bid specifications, construction management, attend progress meetings, on-site inspections and pre-construction meetings. Duties can be supplemented by consulting engineering firm when needed. Select department staff includes: William Dalton - Police Chief Anthony Thompson, DBA - Deputy Police Chief Fred Mittl, PE - Public Works Director Scott Krawczuk, EI - Deputy Director Oisin Dolley, PE - City Engineer Jason Goodrich, EI - Utilities Supervisor Josh Holler - Streets & Parks Superintendent

The Finance Department is responsible for the municipality’s financial operations, including general accounting, procurement, accounts payables and receivables and grants management. The department’s experienced staff ensures the City’s capacity to provide financial oversight of all grant funded projects. The relevant Finance staff includes: Jocelyn Upchurch, CDFO, CBTO - Deputy Finance Director Elizabeth Santos - Senior Accountant Cheryl Lynn - Accounts Payable Mark Harmon - Grants Manager Brett Schira - Procurement Manager

The City’s Administration Department provides oversight and support of all City operations, including grant funded projects. The relevant Administration staff include: Dana Souza - City Manager Steven C. Chaipel, CPA, CPFA - Deputy City Manager/CFO John Agnew, JD – City Attorney Crystal Mansell, SHRM-CP, CLRP, PHRP - Human Resources Director Eric Jackson, Public Information Officer

Monitoring and control of timely expenditure of funds

Regardless of an individual's function with a grant funded project, all active participants have a responsibility to the grantor agency, the City of Sanibel and the citizens of Sanibel to protect the community from fraud, waste or abuse of public property and funds.

The City's internal financial controls include appropriate separation of duties between acquiring products and services, review and approval of payment, making payments, and recording all transactions. Multiple individuals are required to process each financial step from purchasing to payment. Additionally, the Sanibel City Council reviews monthly detailed financials reports, which adds another layer of oversight.

To ensure timeliness of grant projects, the Grant Manager is responsible for ensuring project staff awareness of grant related schedules, such as required reports to grantors, periodic payments to contractors, invoicing grantors for reimbursement and overall project deadlines. The Project Manager is responsible for keeping contractors and subcontractors on schedule in order to fulfill grant calendar requirements.

Describe how the subrecipient will implement Construction, Davis Bacon, and Related Acts and understand project costs must be based on paying laborers and mechanics federal prevailing wages, as published by DOL. The then-current wage rates must be attached to the construction contract and accepted by the general contractor prior to contract execution

The City of Sanibel has administratively updated its protocols in order to adhere to Code of Federal Regulations Part 200, Appendix II. In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable. (A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. (B) All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement. (C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." (D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). All prohibitions regarding 'choice limiting actions will apply, rendering the award void and applicant ineligible for award. Activities with multiple environmental issues which cannot be addressed timely and cost-effectively will cause the award of CDBG-DR Funds to be canceled

The City of Sanibel acknowledges that taking any choice limiting actions, understood as any activity that may have an adverse impact on the environment or limit the choice of reasonable alternatives, directly or indirectly related to the project, without proper environmental clearance, will void the grant award. The City also understands that CDBG-DR Funds could be cancelled if multiple environmental issues are not addressed in a timely and cost-effective manner. Therefore, the City will not begin any project activities until a full environmental review is completed, and any environmental impact mitigation measures are reviewed and approved.

Timelines of critical tasks to be accomplished for each proposed activity, including a description of the steps you will take to complete the funded activities and describe any dependencies or actions that need to happen before you can start on the activities

The design for the proposed Police Station is complete and the City Council approved the design on May 7, 2024.

Should HUD regulations require the City to competitively bid the project, the timeline is as follows:

From the date HUD provides the City with a Notice to Proceed:

- Project Bidding - 60-90 days. - Contractor Selection and contract execution - 60 days. - Site preparation and construction - 16 months. - Project closeout - 60 days.

Total estimated time to complete - 23 months.

Monthly spending plans and proposed draw down schedules

If allowed by HUD regulations, the City will request an advance payment for projects once a contract has been approved by Lee County and the Sanibel City Council. As with State funded recovery projects, the City will seek 30% to 50% of the contract expense to be paid in advance and expedite cash flow for CDBG-DR funded projects. If advance payments are not allowed by HUD, the City will seek monthly drawdowns once the selected contractor has been issued a Notice to Proceed by the City and begins invoicing.

For this project, with a budget of $ 13.6 million, the City would request approximately 4 to 6.5 million in advance. Each month the City would request a reimbursement based on contractor invoicing to ensure positive cash flow with multiple major recovery projects occurring concurrently.

If advance payments are not allowed by HUD, the City will seek monthly drawdowns once the selected contractor has been issued a Notice to Proceed by the City and begins invoicing.

Proposed reporting for outcomes achieved

- Compliance with required HUD reporting. - Report at completion of task. - Quarterly reports for construction project.

Subrecipients plan to ensure the project is timely, draws are completed on time, and reports are complete and accurate

Select project team members will meet regularly in order to monitor project progress and guarantee fulfillment of all grant agreement requirements. When necessary periodic meetings may also include additional City staff, as well as project contractors and subcontractors. Part of the purpose is to ensure the project is timely, draws are completed on time and reports are accurate and complete.

Describe the process carried out to determine cost estimations prior to applying

First, the City selected ADG Architecture, through a competitive RFQ process, to develop concept plans and construction documents for the proposed Police Station.

The cost estimate for GMP as it was prepared to present to the Sanibel City Council on May 7, 2024.

Describe additional steps you will take, if approved, to manage costs, change orders, and ensure the project is completed on time and within budget

Sanibel Police Chief William Dalton will serve as the City's project manager. He will work directly with the selected contractor to manage construction. Chief Dalton is a Certified Residential Contractor in Florida and has a broad knowledge of the construction of structures.

Additionally, weekly construction meetings will occur between City staff, the general contractor, primary sub-contractors, and the architect. This team will work to ensure the project is on schedule.

The use of a GMP, if approved by HUD, will assist in managing cost control.

Describe the actions that will be taken to implement the project after construction completion. Describe how the finished project will be maintained and updated

The new Police Department building will be staffed with current police department employees once construction is complete. This will implement a more resilient facility for the City of Sanibel and Captiva in emergency response.

The City has a good history of maintaining assets. The completed building will have maintenance & operations plan and lifecycle expectancy plan to allow for budgeting annual expenses. The plan cannot be completed until a general contractor is under agreement for construction as the general contractor will be required to develop the referenced plans. The uploaded documents show the proposed building elevation and provide a statement on how /when the maintenance plan will be developed.

Describe how the project is innovative, based on national best practices, and designed in accordance with an existing evidence-based program

The project is innovative in that it is designed to meet the ballistic and hardening requirements for modern Police Stations. The design meets FEMA Flood Requirements, the Florida Building Code, and local land development codes. It is designed to be resilient to both natural and manmade threats. The building is also designed with photovoltaics for energy efficiency and to provide power to the building during power outages. It is also designed to be equipped with a diesel generator to provide redundancy for backup power needs.

Subrecipients plan to oversee cost effectiveness and internal controls of the subgrantee

N/A

A description of how the subgrantee will coordinate with other planning, community development, and/or recovery or resilience projects and initiatives that are underway

Not applicable, as there is no subgrantee associated with this application.

Describe how the subgrantee will coordinate with other partners carrying out related activities and/or projects

Not applicable, as there is no subgrantee associated with this application. However, this proposed Police Station will be constructed on a City on parcel, which consists of City Hall, the Sanibel Library, the Big Arts Performing Arts Center, and the Sanibel Historic Museum and Village. The project site abuts property owned by the Sanibel Community Association which is used primarily for overflow parking for events occurring at the Community House. The City will coordinate construction activities with all organizations to mitigate conflicts during construction.

A description of the area of the need that will be addressed

The proposed construction of a Police Station will meet the critical need of building a resilient Police Station that meets the short- and long-term needs of the community and fulfills the urgent need of providing adequate public safety operational facilities to serve the public.

A description of the intended impact the plan will have on the community and area of high need

The proposed Police Station will improve the overall safety and well-being of Sanibel Island residents by improving the department's ability to provide critical police services to the community on a daily basis and during critical incidents and states of emergency. The project's focus on meeting or exceeding all applicable codes, will protect both personnel and equipment, ensuring that police services can be delivered without interruption.

A description of the intended beneficiaries of the project, including any HUD-defined vulnerable populations and communities who are the intended beneficiaries of the project

The intended beneficiaries of the project are the residents of Sanibel Island, with a particular focus on HUD-defined vulnerable populations and communities. These include low- and moderate-income households, elderly individuals, persons with disabilities, and other at-risk groups who are disproportionately affected by natural disasters.

The applicable census tracts and block groups that are projected to benefit from the project. Census data can be found here: Low- and Moderate-Income Area Data

☑ Populations presumed by HUD to be LMI persons:

- Abused children
- Elderly persons (62 and older)
- Battered spouses
- Homeless persons
- Severely disabled adults (as defined by the Census)
- Illiterate adults
- Persons living with AIDS
- Migrant farm workers

☑ Vulnerable populations, as defined by HUD in the Consolidated Notice:

- Groups or communities whose circumstances present barriers to obtaining or understanding information or accessing resources, based on such factors as the following:
  - Geography
  - Markets
  - Prevalent housing stock and tenure
  - History
  - Prejudice

☑ Underserved communities, as defined by HUD in the Consolidated Notice:

- Populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life

A description of the method used to identify the intended beneficiaries of the project if it were implemented

Beneficiaries of the initiative encompass all Sanibel residents, visitors, and businesses, including members from these groups. Sanibel has a predominantly older population, with 63.6% being over 65 years old. The island's unique geography can pose challenges for vulnerable populations during emergency situations, such as evacuation and response, especially with essential services like hospitals requiring transportation to the Fort Myers area. Additionally, Sanibel has a significant retiree population, with only 33.2% of residents in the labor force, leading to financial vulnerabilities that are not fully captured in LMI data. The LMI data also accounts for Captiva residents.

A description of the community outreach and engagement that has happened to date, including a description of the stakeholders and approaches to outreach and engagement

The City of Sanibel began engaging the public regarding a "Police Department Modernization Project" on two City Council agendas in 2020, which sought to complete hardening improvements to improve building conditions and storm resiliency. The scope of work shifted in 2021 with four agenda discussions prior to a Public Workshop on October 17, 2021, which included presentation of a feasibility analysis, financing options, and an environmental assessment map completed by various city departments. The workshop was successful in its format, engaging a large collection of Sanibel residents in evaluating project alternatives. Ultimately, the City of Sanibel authorized a contract for ADG architecture to develop building and site design plans for an independent police station.

In 2022, the project was discussed at two City Council meetings, as well as a Town Workshop held on February 15, 2022, which discussed a wide range of strategic goals, including city infrastructure and public safety.

On May 7, 2024, ADG Architecture presented its 90% design drawings and site plan to City Council. The presentation was followed by City Council and public discussion.

A description and justification of the proposed costs

ADG Architecture was selected as the City's architect through a competitive RFQ process. Once under contract, ADG developed concept plans and construction documents for the proposed Police Station. These plans are complete.

The cost estimate for GMP as it was prepared to present to the Sanibel City Council on May 7, 2024. This project is shovel ready.

A description of whether the project will be implemented with applicant staff, vendor support and/or other

Project implementation and management will be managed through a combination of City and contracted vendors. As stated, Police Chief Dalton will serve as the project manager and will interface directly with the general contractor. ADG Architecture will provide construction administration services and show drawing review. The City's Director of Building (an architect and Building Official) will manage inspections.

A description of the timeframe, dependencies, and methods for obligating grant funds, and how the applicant plans to ensure funds are spent timely. A description of how the applicant will address and control for dependencies, if applicable

This project is shovel ready and straight forward. As described in Section 7 of this application, the timeline to complete the project is 23 months. Material lead time dependencies will be managed by the general contractor and the value engineering process worked to mitigate long lead times for materials and mechanical equipment. Weekly project meetings with key team members will address and manage any issues that are unlikely to arise.

Describe how the proposed project integrates mitigation measures and strategies to reduce natural hazard risks, including climate-related risks. Mitigation measures include but are not limited to, reducing risks to people and property; public service interruption for members who are most vulnerable to natural and climate-related risks; and/or community lifelines

Establishing an elevated Police Station serves as a proactive measure to mitigate the risk of flooding caused by storm surges. Considering the increasing frequency of hurricanes and subsequent storm surges due to climate change, such measures are crucial. The Police Station will also function as a Unified Command Center during hurricanes, providing essential support to residents in times of crisis.

The station will be equipped with advanced technology and communication systems to ensure quick and efficient response during and after emergency events. By serving as a Unified Command Center during a major storm event, the new Police Station will coordinate rescue and recovery operations. This proactive approach not only enhances public safety but also reinforces the community's resilience in the face of natural disasters.

Identify the risks or hazards being reduced and the impacts that those hazards have on people and property

The risks and hazards of flooding from storm surge and damage from hurricane level winds will be greatly mitigated. This will allow all first responders to more effectively provide life safety services to members of the community after a storm. With improved infrastructure and enhanced disaster preparedness measures in place, the station will be better equipped to withstand the impact of severe weather events. By minimizing the risks associated with flooding and wind damage, vital emergency services can operate more effectively in the aftermath of a storm, ensuring the safety and well-being of all residents.

Describe the value of the proposed project to the community. Describe the anticipated short-term impacts during normal circumstances, as well as how the project will enhance resilience in the long term and during extreme events. Description should include qualitative or quantitative data

A new, stronger Police Station will serve as a Unified Command Center, enabling first responders to effectively provide life-saving assistance to the community after a storm. Moreover, it will provide advanced physical and classroom training amenities for officers in the near future, enhancing their performance in routine police duties. This resilient establishment will greatly improve its function as a Unified Command Center. Previously, during Hurricane Ian response efforts, our Incident Management Teams gathered in a tent in a nearby parking lot. The new Police Station signifies a significant enhancement in resources for our frontline responders.

Upon completion of approved activity(ies) funded under this Agreement and prior to the funding expiration date of this Agreement, whichever comes first, the Subrecipient must document that the approved activity(ies) met the approved National Objective, as necessary.

For Subrecipients with a National Objective requirement, the County shall review the actual National Objective achievements of the activity. If the Subrecipient does not or cannot satisfactorily document the National Objective achievement of an approved activity(ies), the activity(ies) may be deemed ineligible, and repayment of funds may be required of the Subrecipient.

2. DUPLICATION OF BENEFITS

A Duplication of Benefits (DOB) occurs when a person, household, business, or other entity receives disaster assistance from multiple sources for a cumulative amount that exceeds the total need for a particular recovery purpose. The amount of the duplication is the amount of assistance provided in excess of the total need for the same purpose. It is the County's responsibility to ensure that CDBG-DR programs provide assistance only to the extent that the disaster recovery need has not been fully met by funds that have already been paid, or will be paid, from another source.

The Subrecipient or Contractor must report all funds obtained for the same activity from any source from the date of the disaster until the activity is completed.

The Subrecipient or Contractor agrees to repay to the County, immediately upon demand, any assistance later received for the same purpose as the CDBG-DR funds and that exceeds the total need for the particular recovery purpose.

a. CDBG-DR Funds as Match (Infrastructure): When applicable and approved by the County, Subrecipients may use grant funds to satisfy a match requirement, share, or contribution for nay other Federal program when used to carry out an eligible CDBG-DR activity. This includes programs or activities administered by the Federal Emergency Management Agency (FEMA) or U.S. Army Corps of Engineers (USACE). By law, only $250,000 or less of CDBG-DR funds may be used for the non-Federal cost-share of any project funded by USACE. Furthermore, Appropriations acts prohibit the use of CDBG-DR funds for any activity reimbursable by, or which funds are also made available by, FEMA or USACE.

For all match activities, Subrecipients must document that CDBG-DR funds have been used for the actual costs incurred for the assisted project and for costs that are eligible, meet a national objective, and meet other applicable CDBG requirements.

3. EQUAL EMPLOYMENT OPPORTUNITY

The obligations undertaken by the Subrecipient or Contractor include, but are not limited to, the obligation to comply with all Federal laws and regulations described in Subpart K of 24 CFR Part 570 and specifically with each of the following, among other things, as the same may be amended from time to time:

a. Title VI of the Civil Rights Act of 1964: This act provides that no person shall be excluded from participation, denied program benefits, or subject to discrimination based on race, color, and/or national origin under any program or activity receiving Federal financial assistance.

b. Title VII of the Civil Rights Act of 1968 (The Fair Housing Act): This act prohibits discrimination in housing on the basis of race, color, religion, sex and/or national origin. This law also requires actions which affirmatively promote fair housing.

c. Restoration Act of 1987: This act restores the broad scope of coverage and clarifies the application of the Civil Rights Act of 1964. It also specifies that an institution which receives Federal financial assistance is prohibited from discriminating on the basis of race, color, national origin, religion, sex, disability or age in a program or activity which does not directly benefit from such assistance.

d. Section 109 of Title 1 of the Housing and Community Development Act of 1974 [42 U.S.C. 5309]: This Section of Title 1 provides that no person shall be excluded from participation (including employment), denied program benefits, or subject to discrimination on the basis of race, color, national origin, or sex under any program or activity funded in whole or in part under Title 1 of the Act.

e. The Fair Housing Amendment Act of 1988: This act amended the original Fair Housing Act to provide for the protection of families with children and people with disabilities, strengthen punishment for acts of housing discrimination, expand the Justice Department jurisdiction to bring suit on behalf of victims in federal district courts, and create an exemption to the provisions barring discrimination on the basis of familial status for those housing developments that qualify as housing for persons age 55 or older.

f. The Age Discrimination Act of 1975: This act provides that no person shall be excluded from participation, denied program benefits, or subject to discrimination on the basis of age under any program or activity receiving federal funding assistance. Effective January 1987, the age cap of 70 was deleted from the laws. Federal law preempts any State law currently in effect on the same topic.

g. Section 504 of the Rehabilitation Act of 1973: It is unlawful to discriminate based on disability in Federally assisted programs. This Section provides that no otherwise qualified individual shall, solely by reason of his or her disability, be excluded from participation (including employment), denied program benefits, or subjected to discrimination under any program or activity receiving federal funding assistance.

h. The Americans with Disabilities Act of 1990 (ADA): This act modifies and expands the Rehabilitation Act of 1973 to prohibit discrimination against "a qualified individual with a disability" in employment and public accommodations. The ADA requires that an individual with a physical or mental impairment who is otherwise qualified to perform the essential functions of a job, with or without reasonable accommodation, be afforded equal employment opportunity in all

phases of employment.

i. **Executive Order 11063:** This executive order provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in housing and related facilities provided with Federal assistance and lending practices with respect to residential property when such practices are connected with loans insured or guaranteed by the Federal government.

j. **Executive Order 12259:** This executive order provides that the administration of all Federal programs and activities relating to housing and urban development be carried out in a manner to further housing opportunities throughout the United States.

k. **The Equal Employment Opportunity Act:** This act empowers the Equal Employment Opportunity Commission (EEOC) to bring civil action in Federal court against private sector employers after the EEOC has investigated the charge, found "probable cause" of discrimination, and failed to obtain a conciliation agreement acceptable to the EEOC. It also brings Federal, state, and local governments under the Civil Rights Act of 1964.

l. **The Uniform Guidelines on Employee Selection Procedures adopted by the Equal Employment Opportunity Commission in 1978:** This manual applies to employee selection procedures in the areas of hiring, retention, promotion, transfer, demotion, dismissal, and referral. It is designed to assist employers, labor organizations, employment agencies, licensing, and certification boards in complying with the requirements of Federal laws prohibiting discriminatory employment.

m. **The Vietnam Era Veterans' Readjustment Act of 1974 (revised Jobs for Veterans Act of 2002):** This act was passed to ensure equal employment opportunity for qualified disabled veterans and veterans of the Vietnam War. Affirmative action is required in the hiring and promotion of veterans.

n. **Executive Order 11246:** This executive order applies to all Federally assisted construction contracts and subcontracts. It provides that no person shall be discriminated against on the basis of race

4. CERTIFICATION OF NONSEGREGATED FACILITIES

(applicable to contracts and subcontracts over $10,000)

The Subrecipient or Contractor and its subcontractor(s) certifies that the entity does not maintain or permit employees to perform their services at any location where segregated facilities are maintained. The Subrecipient or Contractor certifies further that it shall not maintain or provide for employees any segregated facilities at any of

its establishments and will not permit employees to perform their services at any location under its control where segregated facilities are maintained. The Subrecipient or Contractor and its subcontractor(s) agrees that a breach of this certification is a violation of the equal opportunity clause of this contract.

As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are, in fact, segregated on the basis of race, color, religion, or national origin because of habit, local custom, or any other reason.

The Subrecipient or Contractor further agrees that (except where it has obtained for specific time periods) it will obtain identical certification from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the equal opportunity clause; that it will retain such certifications in project files; and will provide notice to such proposed subcontractors (except where proposed subcontractors have submitted identical certifications for specific time periods).

5. ENVIRONMENTAL PROTECTION AND ACTS

a. National Environmental Protection Act (NEPA): All Federally funded activities are subject to the National Environmental Policy Act of 1969 (NEPA) and its regulations under 40 CFR 1500 – 1508. Additionally, 24 CFR 58.22 prohibits committing or spending HUD or non-HUD funds on any activity that could have an adverse environmental impact or limit the choice of reasonable alternatives prior to completion of an environment review once a project has Federal funding, in full or in part. This prohibition on "choice-limiting actions" prohibits physical activity, including acquisition, rehabilitation, and construction, as well as contracting for or committing to any of these actions, prior to completion of the environmental review. Awarded activities must have completed an environmental review to demonstrate compliance with NEPA, as well as 24 CFR 58.

b. Clean Air and Water Acts: *(applicable to contracts and subcontracts exceeding $100,000)* The Subrecipient or Contractor and all subcontractors shall comply with the requirements of the Clean Air Act, as amended, 42 USC 1857 et seq., the Federal Water Pollution Control Act, as amended, 33 USC 1251 et seq., and the regulations of the Environmental Protection Agency with respect thereto, at 40 CFR Part 15, as amended.

c. Flood Disaster Protection: The Subrecipient or Contractor shall comply with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001). The Subrecipient shall assure that for activities located in an area identified by the

Federal Emergency Management Agency (FEMA) as having special flood hazards, that flood insurance under the National Flood Insurance Program is obtained and maintained as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).

d. Energy Efficiency: The Subrecipient or Contractor shall comply with mandatory standards and policies relating to energy efficiency under the Energy Policy and Conservation Act (Public Law 94-163).

e. Procurement of Recovered Materials: Per 2 CFR 200.323, if a subrecipient is a state agency or an agency of a political subdivision of a state, it and its contractors, must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

6. CONSTRUCTION STANDARDS

While the following Construction Standards requirements are called out below, the Subrecipient also certifies and acknowledges that it has read and complies with all requirements as noted within the *CDBG-DR Construction Standards Procedure* for Housing Programs and applicable program guidelines.

a. Green and Resilient Building Standards in Housing: All new construction or rehabilitation of residential structures must meet an industry-recognized standard that has achieved certification under (i) Enterprise Green Communities; (ii) LEED (New Construction, Homes, Midrise, Existing Buildings Operations and Maintenance, or Neighborhood Development); (iii) ICC–700 National Green Building Standard Green+ Resilience; (iv) Living Building Challenge; or (v) any other equivalent comprehensive green building program acceptable to HUD. b. Rehabilitation of Nonsubstantially Damaged Residential Buildings (Housing): Per Federal Register Notice 88 FR 32046, for rehabilitation other than the rehabilitation of substantially damaged residential buildings described in 6.a. above, the Subrecipient must follow the guidelines specified in the HUD CPD Green Building Retrofit Checklist.

Subrecipients must apply these guidelines to the extent applicable for the rehabilitation work undertaken, for example, the use of mold resistant products when replacing surfaces such as drywall. Products and appliances replaced as part of the rehabilitation work must be ENERGY STAR-labeled, WaterSense-labeled, or Federal Energy Management Program (FEMP)-designated products or appliances.

c. Broadband Infrastructure in Housing: Per Federal Register Notice 88 FR 32046, any substantial rehabilitation, as defined by 24 CFR 5.100, reconstruction, or new construction of a building with more than four units must include installation of broadband infrastructure.

d. Elevation Standards (Housing and Infrastructure):

i. ***Housing*:** All new construction or rehabilitation of residential structures and located in the one percent annual chance (or 100-year) floodplain must be elevated at least two feet above the base flood elevation.

ii. ***Mixed-use and Non Residential:*** Non-residential structures and infrastructure must be elevated or floodproofed, in accordance with FEMA floodproofing standards at 44 CFR 60.3(c)(3)(ii) or successor standard, up to at least two feet above base flood elevation.

iii. ***Critical Actions:*** Structures and services defined at 24 CFR 55.2(b)(3) and within the 500-year (or 0.2 percent annual chance) floodplain must be elevated or floodproofed (in accordance with FEMA floodproofing standards at 44 CFR 60.3(c)(2-3) or successor standard) to the higher of the 500-year floodplain elevation or three feet above the 100-year floodplain elevation.

e. Planning and Design (Infrastructure): All newly constructed infrastructure that is assisted with CDBG-DR funds must be designed and constructed to withstand extreme weather events and the impacts of climate change. To satisfy this requirement, the Subrecipient is required to provide resilience performance metrics as identified by the County.

f. Flood Control Structures (Infrastructure and Non-Residential Structures): Subrecipients that use CDBG-DR funds to assist flood control structures (i.e., dams and levees) are prohibited from using CDBG-DR funds to enlarge a dam or levee beyond the original footprint of the structure that existed before the disaster event, without obtaining approval from the County, HUD, and any Federal agencies that HUD determines are necessary based on their involvement or

potential involvement with the levee or dam. Additional requirements and approval steps are outlined under Federal Register Notice guidance at 88 FR 32046.

7. AFFORDABILITY PERIOD REQUIREMENTS (HOUSING)

While the following minimum affordability period requirements are called out below, the Subrecipient also certifies and acknowledges that it has read and complies with all requirements as noted within the applicable program guidelines regarding affordability period requirements.

a. New Construction and Rehabilitation of Affordable Rental Housing: To meet the LMI housing national objective, a Subrecipient who implements rental housing activities that will result in the new construction or rehabilitation of five or more units, assisted with CDBG-DR funds, must rent to LMI households at affordable rents as described within the *Lee County Action Plan for CDBG-DR Funds.* Furthermore, the minimum timeframes, enforceability, and other related requirements acceptable for compliance can be found under the HOME Investment Partnerships Program (HOME) requirements at 24 CFR 92.252(e), including the table listing the affordability periods at the of 24 CFR 92.252(e). The County has adopted these requirements and spells out affordability restriction enforcement and minimum affordability periods within the respective program guidelines, which Subrecipients are required to follow, where applicable.

b. New Construction of Homes Built for LMI Households: For Subrecipients who implement activities where there is a construction of new single-family units (four units or less) for homeownership that will meet the LMI housing national objective criteria, the County has set affordability restrictions, which follow minimum affordability period and enforcements mechanisms of the HOME requirements set at 24 CFR 92.254(a)(4). Subrecipients whose activities are applicable to these requirements must follow the County's respective program guidelines regarding affordability restrictions, resale or recapture requirements, affordability period requirements, and all other requirements prescribed under the applicable guidelines regarding affordability.

8. CONTRACTING WITH SMALL AND MINORITY FIRMS, WOMEN'S BUSINESS ENTERPRISES, VETERAN OWNED BUSINESSES, AND LABOR SURPLUS AREA FIRMS

The Subrecipient or Contractor will take necessary affirmative steps to assure that minority firms, women's business enterprises, veteran owned businesses, and labor surplus area firms are used in subcontracting when possible. Steps include:

a. Placing qualified small and minority businesses, veteran owned businesses, and women's business enterprises on solicitation lists:

b. Assuring that small and minority businesses, and women's and veteran's business enterprises are solicited whenever they are potential sources:

The Subrecipient or Contractor will comply with the provisions of the Hatch Act (5 U.S.C. 1501 et seq.), which limits the political activity of employees.

10. LOBBYING PROHIBITION AND BYRD ANTI-LOBBYING AMENDMENT

The Subrecipient is prohibited from using contracted funds for the following purposes: (1) political activities; (2) lobbying; (3) political patronage; (4) nepotism activities; and (5) inherently religious activities such as worship, religious instruction, or proselytization. The Subrecipient will also comply with Chapter 216.347, Florida Statutes, which prohibits the expenditure of Agreement funds for the purpose of lobbying the legislature, state or county agencies.

Additionally and in accordance with 24 CFR 87, the Subrecipient certifies that it will not use CDBG-DR funds received from the County to directly or indirectly influence legislation or any other official action by the Florida legislature, any state agency, or other local government and county (BOCC) business, including through the use of Federal appropriated funds being paid to any person for influencing or attempting to influence an office or employee of any agency, a member of Congress, an office or employee of Congress or an employee of a member of Congress in connection with this Federal contract, grant, loan or cooperative agreement. If the County and/or the Subrecipient suspects such action of occurring, the County reserves the right to request that the Subrecipient disclose and certify such activities in accordance with reporting requirements noted within the Agreement.

The Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) requires that Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of

Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier, up to the non-Federal award.

The Contractor certifies, to the best of his or her knowledge and belief that:

1) No Federally appropriated funds have been paid or will be paid by, or on behalf of, the contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

Further, the Subrecipient or Contractor shall cause to be incorporated in all subcontracts the

language set forth in this paragraph prohibiting conflict of interest.

No member of, or delegate to, Congress, or any Resident Commissioner, shall be admitted to any share or part of any contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to any contract if made with a corporation for its general benefit.

13. DOMESTIC PREFERENCES FOR PROCUREMENTS

The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: (1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. (2) “Manufactured products” means items and construction materials composed in whole, or in part, of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; or aggregates such as concrete; glass, including optical fiber; and lumber.

d. For the purposes of this requirement "construction work" includes, but is not limited to, rehabilitation, alteration, demolition, installation or repair done under contract and paid for, in whole or in part, through this agreement or contract. All construction work shall be done through the use of a written contract with a properly licensed building contractor incorporating these requirements (the "construction contract").

e. Subrecipient or Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

15. SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The work to be performed under this contract may be subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3), and implementing regulation at 24 CFR, Part 75. Section 3 Clause

The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

The parties to this contract agree to comply with HUD's regulations in 24 CFR. Part 75, which implements Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or

other impediment that would prevent them from complying with the Part 75 regulations.

The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 75 and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 75. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 75.

The contractor acknowledges that subrecipients, contractors, and subcontractors are required to meet the employment, training, and contraction requirements of 24 CFR 75.19, regardless of whether Section 3 language is included in recipient or subrecipient agreements, program regulatory agreements, or contracts.

The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 75 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 75.

Noncompliance with HUD's regulations in 24 CFR Part 75 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

The contractor agrees to submit, and shall require its subcontractors to submit to them, annual reports detailing the total number of labor hours worked on the Section 3 Project, the total number of labor hours worked by Section 3 Workers,

In such Notices, HUD waived or provided alternative requirements for the purpose of promoting the availability of decent, safe, and sanitary housing with respect to the use of CDBG–DR funds allocated under the Consolidated Notice.

Subrecipients are required to adopt the County's Residential Anti-Displacement and Relocation Assistance Plan or establish separate optional relocation policies prior to undertaking any activity assisted with CDBG-DR funding which involves relocation. The written policy must be available to the public, describe the relocation assistance that the Subrecipient has elected to provide, and provide for equal relocation assistance within each class of displaced persons according to 24 CFR 570.606(d).

CDBG-DR PROGRAM SUBROGATION AGREEMENT

This Subrogation and Assignment Agreement ("Agreement") is made and entered into by and between City of Sanibel (hereinafter referred to as "Subrecipient") and Lee County (hereinafter referred to as “County”).

In consideration of the Subrecipient's receipt of funds or the commitment by the County to evaluate the Subrecipient's application for the receipt of funds (collectively, the "Subrecipient Award") under the Community Development Block Grant – Disaster Recovery Program (the "CDBG-DR Program") administered by the County, the Subrecipient hereby assigns to the County all of the Subrecipient's future rights to reimbursement and all payments received from any grant, subsidized loan, lawsuit, or insurance policies of any type or coverage, or under any reimbursement or relief program related to or administered by the Federal Emergency Management Agency ("FEMA”) or the Small Business Administration ("SBA") (singularly, a "Disaster Program" and collectively, the "Disaster Programs"), that was the basis of the calculation of the Subrecipient Award paid or to be paid to the Subrecipient under the CDBG-DR Program and that are determined at the sole discretion of the County to be a duplication of benefit ("DOB”), as provided in this Agreement.

The proceeds or payments referred to in the preceding paragraph, whether they are from insurance, FEMA, or the SBA, or any other source, and whether or not such amounts are a DOB, shall be referred to herein as "Proceeds," and any Proceeds that are a DOB shall be referred to herein as "DOB Proceeds."

The Subrecipient agrees to notify the County within five (5) business days of any additional or new payments, loans, grants, or awards by HUD, FEMA, SBA, the State of Florida, or any other entity not specifically disclosed in this Agreement. Further, the Subrecipient understands and acknowledges the County’s right and responsibility to enforce this requirement by recapturing all or a portion of the CDBG-DR Subrecipient Award if the Proceeds received are determined to be DOB Proceeds within this CDBG-DR Program activity. The Subrecipient will be required to pay back the received CDBG-DR Subrecipient Award, which was found to be DOB Proceeds, within 30 days of receipt of the identified duplicative payment. The amount of DOB determined to be paid to the County shall not exceed the Subrecipient Award amount received by the Subrecipient from the CDBG-DR Program.

The Subrecipient agrees to assist and cooperate with the County to pursue any of the claims the Subrecipient has against insurers for reimbursement of DOB Proceeds under any such policies. The Subrecipient's assistance and cooperation shall include, but not be limited to, allowing suit to be brought under the Subrecipient's name(s) and providing any additional documentation with respect to such consent, giving depositions, providing documents, producing records and other evidence, testifying at trial, and any other form of assistance and cooperation reasonably requested by the County. The Subrecipient further agrees to assist and cooperate in the attainment and collection of any DOB Proceeds that the Subrecipient would be entitled to under any applicable Disaster Program.
If requested by the County, the Subrecipient agrees to execute such further and additional documents and instruments as may be requested to further and better assign to the County, to

the extent of the Subrecipient Award paid to the Subrecipient under the CDBG-DR Program, the policies, any amounts received under the CDBG-DR Program that are DOB Proceeds, and/or any right thereunder, and to take, or cause to be taken, all actions and to do, or cause to be done, all things requested by the County to consummate and make effective for the purposes of this Agreement.

The Subrecipient explicitly allows the County to request of any company with which the Subrecipient held insurance policies, FEMA, SBA, or any other entity from which the Subrecipient has applied for or is receiving Proceeds, any non-public or confidential information determined to be reasonably necessary by the County to monitor and enforce its interest in the rights assigned to it under this Agreement and give the Subrecipient's consent to such company(ies) to release all information to the County.

If the Subrecipient (or any lender to which DOB Proceeds are payable to such lender, to the extent permitted by superior loan documents) hereafter receives any DOB Proceeds, the Subrecipient agrees to promptly pay such amounts to the County, if Subrecipient received a Subrecipient Award under the CDBG-DR Program in an amount greater than the amount the Subrecipient would have received if such DOB Proceeds had been considered in the calculation of the Subrecipient's award.

In the event that the Subrecipient receives or is scheduled to receive any subsequent Proceeds, the Subrecipient shall notify the County in the manner above of such subsequent Proceeds. The County will determine the amount, if any, of the subsequent Proceeds that are DOB Proceeds ("Subsequent DOB Proceeds"). Subsequent Proceeds in excess of the determined Subsequent DOB Proceeds shall not be requested from the Subrecipient to provide to the County. Subsequent DOB Proceeds shall be remitted to the County as follows:

1. If the Subrecipient has received full payment of the Subrecipient Award, any Subsequent DOB Proceeds shall be remitted to the County.
2. If the Subrecipient has received no payment of the Subrecipient Award, any determined Subsequent DOB Proceeds shall be used by the County to reduce payments and the agreed-upon amount of the Subrecipient Award to the Subrecipient, and all Subsequent DOB Proceeds shall be retained by the Subrecipient for use on the CDBG-DR Program activity.
3. If the Subrecipient has received a portion of the Subrecipient Award, any Subsequent DOB Proceeds shall be used, retained, and/or disbursed in the following order: **(A)** Subsequent DOB Proceeds shall first be used to reduce the remaining payments or agreed-upon amount of the Subrecipient Award, and Subsequent DOB Proceeds in such amount shall be retained by the Subrecipient for use on the CDBG-DR Program activity; and **(B)** any remaining Subsequent DOB Proceeds shall be remitted to the County.
4. If the County makes the determination that the Subrecipient does not qualify to participate in the CDBG-DR Program or the Subrecipient determines not to participate in the CDBG-DR Program, the Subsequent DOB Proceeds shall be returned to the Subrecipient, less any portion of the Subrecipient Award amount paid to the Subrecipient and which needs to be remitted to the County, and this Agreement shall terminate.

Once the County has recovered an amount equal to the Subrecipient Award paid to the Subrecipient, the County will reassign to the Subrecipient any right assigned to the County pursuant to this Agreement.

The Subrecipient represents that all statements and representations made by the Subrecipient regarding Proceeds received by the Subrecipient shall be true and correct as of the date of the signing of this Agreement.

Warning: *Any person who intentionally or knowingly makes a false claim or statement to HUD may be subject to civil or criminal penalties under 18 U.S.C. 287, 1001 and 31 C.S.C. 3729.*

The person executing this Agreement on behalf of the Subrecipient hereby represents that he/she has received, read, and understands this notice of penalties for making a false claim or statement regarding Proceeds received by the Subrecipient.

In any proceeding to enforce this Agreement, the County shall be entitled to recover all costs of enforcement, including actual attorney's fees.

AGENDA MEMORANDUM ***City Manager***

City Council Regular Meeting Date: August 18, 2026

To: City Council

From: Dana A. Souza, City Manager

Date: July 29, 2026

SUBJECT: Approval of Sole Source Consulting Services Agreement with Poole McKinley for Government Affairs Representation (Lobbying).

BACKGROUND:

The City Council is asked to approve a Consulting Services Agreement between the City and Poole McKinley for government affairs representation (lobbying). The current agreement expires on October 15, 2026.

Poole McKinley has provided lobbying and government affairs services to the City for several years and has developed a strong understanding of Sanibel's legislative priorities, funding needs, and relationships with State officials and agencies. That experience has helped provide continuity and consistency in representing the City before the Florida Legislature and executive agencies.

The Sanibel Code of Ordinances allows the City to procure services without competitive sealed bids or proposals when a provider is the sole practical source within a reasonable period of time, or when continued use of that provider is needed for consistency with services previously purchased. Section 2-332(b) requires certification by the City Manager and determination by the City Council.

Staff recommend that the City Council determine that Poole McKinley is the sole practical source for these lobbying services. The firm's knowledge of the City's legislative history, current funding and policy priorities, and established working relationships would be difficult to replicate without a transition period and a loss of continuity. Continuing with Poole McKinley also provides consistency with the government affairs services the City has relied on in recent years.

Continuity is especially valuable because the City's legislative and appropriations work carries across legislative sessions and fiscal years. A change in firms would require transferring significant historical, strategic, and relationship-based knowledge while the City continues to pursue State funding and policy priorities. For these reasons, I certify that Poole McKinley is the sole practical source of these services within a reasonable period of time and that continued use

of the firm is appropriate for consistency with previously purchased services under Section 2-332(b).

Based on this certification, competitive sealed bids or proposals are not required if the City Council determines that the sole-source exception in Section 2-332(b) is satisfied.

The Consulting Services Agreement, if approved by the City Council, will be for a term of 3 years. October 16, 2026, through October 15, 2029, at a cost of $55,000 per year, and the effective date will be October 16, 2026.

The current agreement was also for a term of 3 years, October 15, 2023, through October 15, 2026, at a cost of $50,000 per year. The 2023 agreement with Poole McKinley is included in the agenda packet for this item.

FUNDING SOURCE: Funding is budgeted for this service in the proposed FY27 budget.

RECOMMENDED ACTION: Consider a motion to approve the Consulting Services Agreement with Poole McKinley for government affairs representation (lobbying), for a term of 3-years, as a sole-source procurement pursuant to Section 2-332(b) of the Sanibel Code of Ordinances, based on the City Manager's certification and the City Council's determination that the sole-source exception is satisfied.
