Hi Scott,

Yes we are definitely agreeable to a 2-year extension. Would you like for me to update the agreement or will you update on your end?

Thank you!

Nicole

Nicole:

Contract allows for one 2-year extension that takes contract through December 31, 2024. Is Thompson acceptable for 2 year extension? Thompson is able to request CPI increase after year 1 of extension. Feel free to call if you would like to discuss. My plan was to have City attorney draft extension agreement through December 2024. Thanks.

Subject: Thompson Contract Amendment_ Renewal
Importance: High

Hi Scott,

As discussed, I have attached an amendment to renew our contract through December 2023. We have also included a requested modification to our bill rates based on CPI increase which is detailed within the amendment. As discussed, Thompson is currently working under our contract with FDEM for all work performed in the City associated with Hurricane Ian. Therefore, this contract amendment would cover any future activations. I have attached a PDF version as well as a word version of the agreement in case the City would like to make any changes.

We greatly value our relationship with the City and feel honored to extend our contract to support any future planning or response needs. Please let me know if we can provide any additional information or if you have any questions.

Thank you!

Nicole
