

AGENDA MEMORANDUM

*Information Technology
Department*

City Council Regular Meeting Date: February 7, 2023

To: City Council
From: Bert Smith, IT Director
Date: January 20, 2023

SUBJECT: Internet Access for Building and Planning Departments at Library Way

BACKGROUND: Internet connectivity is needed at all facilities where City Staff work. The City facility at Library Way does not have any internet connectivity. We contacted CrownCastle and Lumen for pricing to provide connectivity. CrownCastle provided the best cost for a three-year service agreement, can implement the services the quickest, their Sanibel infrastructure survived Hurricane Ian and the pricing is off a GSA Contract.

The annual cost for 1 GB service is \$14,940.

FUNDING SOURCE: Building Fund

RECOMMENDED ACTION: City Staff recommends authorizing the City Manager to proceed with internet service for Library through a three-year agreement with CrownCastle.

Sanibel is and shall remain a barrier island sanctuary
