Subject: RE: Update to City Council on Pending Special Event Permits (FISH 10k)

Good Morning,

City Manager Zimomra the 10K Race Committee has met this morning. Due to concerns of COVID and safety issues for all involved with the race it has been decided that FISH will turn this into a virtual event. There will not be any in-person activities.

We appreciate everything the City has done in working with us and hoping next year we will all be past the pandemic.

Best regards,
Maggi

Subject: Update to City Council on Pending Special Event Permits (FISH 10k)

Maggie Feiner,

In following up with your recent conversation with the Mayor, we will be updating City Council on the status of upcoming Special Events at their next meeting, **9 am, Monday, September 13th**. One of the pending Special Events is the FISH 10k. The City Council agenda will be posted tomorrow. Based upon the current COVID surge, please advise as to what COVID protocols & modifications you are planning to incorporate into your event.

Thank you for your continued work to protect serve our community's residents especially during the Pandemic. You & your organization are greatly appreciated.

Judie Zimomra
City Manager of Sanibel
