**Subject:** Update to City Council on Pending Special Event Permits (Veterans Day Ceremony)

As the ceremony will be outside, we will comply with whatever city guidance/mandates are in place for outside events (specifically masks). When the city places the attendee chairs, there should be extra space between them as opposed to right next to each other as in the past.

Please advise if this is acceptable or if more restrictions or details are needed.

Fred Bondurant

IN REPLY TO:

Alex MacKenzie,

We will be updating City Council on the status of pending Special Events at their next meeting, **9 am, Monday, September 13<sup>th</sup>**. One of the pending Special Events is MOAA's proposed Veterans Day Ceremony. The City Council agenda will be posted tomorrow. Based upon the current COVID surge, please advise as to what COVID protocols you are planning to incorporate into your event.

Thank you for your continued work to serve honor & serve our community's veterans. You & your organization are greatly appreciated.

Judie Zimomra  
City Manager of Sanibel
